PREFACE

THE CONTINUOUS REVISION PROGRAM

Florida long followed the practice of publishing the entire body of general law in force after each regular biennial legislative session. With the advent of annual sessions following the adoption of the Florida Constitution as revised in 1968, this practice was necessarily altered. Thereafter, the *Florida Statutes* has been published biennially following each odd-year regular session, and a Supplement is published following each even-year regular session. The Supplement contains the full text of each section amended or added during that session, together with the catchlines of sections repealed or transferred or otherwise affected. Despite this change in practice, the principal advantage of the Florida system remains: It provides an up-to-date, authoritative statement of the general law for use by practitioners, judges, legislators, and other interested persons. The following paragraphs identify and explain the principal attributes and consequences of the Florida program that should be of interest to all who use the *Florida Statutes*.

Biennial adoption of the Florida Statutes.—A vitally important part of the continuous statutory revision program is the enactment of the biennial adoption act during each odd-year regular session. This act amends ss. 11.2421, 11.2422, 11.2424, and 11.2425. It prospectively adopts as an official document the edition of the *Florida Statutes* to be published following that session. Perhaps more important, it adopts as the official statute law of the state those portions of that edition that are carried forward from the preceding regular edition.

As a result of the biennial adoption act, together with the standing provision of s. 11.242(5)(c) directing that the laws of a general and permanent nature enacted during the current session be meshed into the standing law and published as part of the *Florida Statutes*, each regular edition of the *Florida Statutes* contains matter having different evidential consequences: The portions carried forward from the preceding regular edition are the official law of the state and therefore constitute the best evidence of what the law is. The portions resulting from sessions occurring subsequent to the preceding odd-year regular session (i.e., the preceding even-year session, the current odd-year session, and any special sessions) are made prima facie evidence of the law in all courts of the state. Of course, during the period a provision is characterized as prima facie evidence, the enrolled act stands as the best evidence of the law as to the matter dealt with and would prevail in event of conflict.

Some consequences.—The Florida continuous statutory revision system has some significant consequences. For one, the task of the statutory researcher is greatly simplified in that he need examine only the current edition of the *Florida Statutes*, including the Supplement, if any, and the session law volumes for the period since publication of the preceding regular edition. Any law of a "general and permanent nature" enacted prior to that time which does not appear in the current edition stands repealed, both by the logic of the system and by the operation of s. 11.2422. See *National Bank of Jacksonville v. Williams*, 38 Fla. 305, 20 So. 931 (1896).

Another beneficial result of the Florida system is that the biennial adoption of the *Florida Statutes* is viewed as curing title defects that existed in the act as originally passed. See *State v. Lee*, 22 So.2d 804 (Fla. 1945). Thus, general legislation remains susceptible to attack on this ground only during the period between its original enactment and its subsequent adoption as the official law of the state two years or three years later, depending upon whether the original enactment occurred in an odd or even year.

Construction of acts enacted during the same session.—It occasionally happens that the Legislature enacts two or more bills that relate to the same provision of the *Florida Statutes*. In such cases, the editors must find the legislative intent from the best evidence available. When the provisions of two amendatory acts are not mutually inconsistent, the language is meshed and full effect is given to both acts. On the other hand, when the provisions of two amendatory statutes are in irreconcilable conflict, the editors apply the usual canons of statutory construction in determining which version to publish, inserting a note calling attention to the conflict and setting forth the alternative text pending resolution of the conflict by further legislative action. See also s. 1.04, F.S.

When an act purports to amend a section of the *Florida Statutes* which an earlier act has repealed, the course to be followed depends on whether the substance of the amendatory act makes sense standing alone. If it does not, it is omitted along with the repealed provision; if it does make sense standing alone, the amended or added portion of the amendatory act is published as a new enactment. Of course, if an act repeals a provision which an earlier act purported to amend, the amended provision is deleted.

ADDITIONAL FEATURES OF THE FLORIDA STATUTES

Arrangement of chapters and titles.—The object of any arrangement of compiled statutes is to facilitate the finding of the law. There are two methods of arrangement in general use in the United States: The "logical," or "topical," grouping of related subjects, as used in many digests; and the "alphabetical" arrangement, as used in legal encyclopedias. Florida has followed the majority of states in adopting the former of these arrangements.

The Numerical Title and Chapter Index printed in the front part of Volumes 1, 2, and 3 provides a quick reference to the chapters grouped under the logical title system. It lists groups of related subjects in a general subject field and lists in numerical order all chapters assigned. Some chapters have been divided into parts based on logical organization or related subject matter.

Numbering system.—The sections of the *Florida Statutes* are identified by decimal numbers. Having first been arranged by subject matter, the chapters of the *Florida Statutes* are each assigned a whole number which appears to the left of the decimal point in each number that identifies a section. The section within the chapter is then identified by the whole decimal number, including the digits appearing to the right of the decimal point. Thus, s. 16.01 would identify a section in chapter 16 of the *Statutes*.

The principal advantage of the decimal numbering system is its infinite flexibility. A new section can always be inserted between any two existing sections. For example, a new section to be inserted between ss. 16.12 and 16.13 could be assigned any number from 16.121 through 16.129 without using more than three digits to the right of the decimal point. This is because, in the decimal numbering system, 16.12 is the same as 16.120 and 16.13 is the same as 16.130. If the zeros are added, it can easily be seen that 16.125, for example, comes in between 16.120 and 16.130.

As a corollary to this discussion of the decimal numbering system, it should be emphasized that the number of a section has no significance other than to indicate its location. In other words, a section that is identified by a number containing four digits to the right of the decimal point is of no less dignity or importance than a section having a number with only two or three digits to the right of the decimal point.

The hierarchical arrangement of textual subdivisions is indicated by various designations. Thus, chapters are indicated by whole arabic numbers; sections, by numbers containing a decimal point; subsections, by whole arabic numbers enclosed by parentheses; paragraphs, by lowercase letters enclosed by parentheses; subparagraphs, by whole arabic numbers followed by a period; and sub-subparagraphs, by lowercase letters followed by a period. Subdivisions beyond the sub-subparagraph are not ordinarily used.

Finding the law.—There are two general methods for finding those sections of the *Florida Statutes* that deal with a particular subject matter. The choice of which to use on any particular occasion should be determined by the preference of the searcher and the degree of his familiarity with the *Statutes* and the indexing systems contained therein. One who has considerable familiarity with the body of law being searched may save some time by simply using the chapter outline which appears at the beginning of the appropriate chapter. The proper chapter can usually be located by use of either the Numerical Title and Chapter Index or the Alphabetical Index to Chapter Titles located at the front of Volumes 1, 2, and 3. One who is less familiar with the subject matter, or who is conducting a more wide-ranging search, will probably prefer to use the general index which is located in Volume 4.

History notes.—Every section is followed by a history note containing citations to the section and chapter number of the act that created the section and of each subsequent amendatory act. For an explanation of citations to early compilations, see the following segment of this Preface.

Cross-references.—Cross-references appear in the *Florida Statutes* in two forms. Whenever it might be helpful to the users of the *Statutes*, the editors insert notes immediately following the history notes containing references to related or qualifying sections.

Cross-references, both specific and general, also appear as incorporated into the text of the *Statutes* by legislative enactment, and a word of caution concerning such specific references is in order. Florida follows the rule of construction that is applied in most other jurisdictions, that a specific reference to a statute in effect incorporates the language of that statute as it existed at the time the reference was enacted, unaffected by any subsequent amendment or repeal of the incorporated statute. *Williams v. State*, 125 So. 358 (Fla. 1930); *Overstreet v. Blum*, 227 So.2d 197 (Fla. 1969).

It is true that this rule often disappoints any popular expectation that such references are to the current text of the incorporated statute which may therefore be immediately consulted, but this is apparently unavoidable. Consequently, when users of the *Florida Statutes* encounter an internal reference to a specific statute that appears to be of critical importance to the meaning of the incorporating section, they will be well-advised to find and read the language actually incorporated.

On the other hand, the rule concerning a general reference to the body of law relating to a specified subject matter, without reference to a specific statute, is different in that a general reference is understood as including any subsequent amendment or repeal of the referenced body of law. *Williams v. State*, *ibid.*; *State ex rel. Springer v. Smith*, 189 So.2d 846 (Fla. 1966).

Table of section changes.—A table of changes to sections of the *Florida Statutes* is located at the front of Volumes 1, 2, and 3, printed on yellow paper. This table shows: (1) the sections, by number, that have been changed in any way and (2) whether the change consisted of an amendment, a repeal, a transfer, or an addition. It is a convenient device for pinpointing changes to a given segment of the general law.

Tracing table.—A table tracing all general laws enacted since 1919 into the *Florida Statutes* is located in Volume 4. The word "omitted" indicates that the act or section of an act was not of a "general and permanent nature." For the text of an omitted provision, consult the appropriate volume of the *Laws of Florida*.

Immediately following the tracing table for general laws enacted by the legislative process is a special table tracing various provisions of the Constitution of 1885, as amended, into the *Florida Statutes*. This conversion of constitutional provisions into statutory law occurred pursuant to the provisions of s. 10, Article XII of the Constitution as revised in 1968.

Table of repealed and transferred sections.—Immediately preceding the General Index in Volume 4 is a table showing repealed and transferred sections. Whenever a section is repealed or transferred to a new location in the *Statutes*, the former section number becomes inactive and will not be used again. Such numbers are then listed in this table, along with the chapter number of the session law which effected the repeal or transfer or the year in which the section number was changed in the course of revision. The entry for a transferred section also includes the new location of the section. For the text of the repealed or transferred section or the content of its history note, consult the edition of the *Statutes* prior to the repeal or transfer. The table is of primary utility to the researcher who is interested in the movement of the law as well as its current content.

Miscellaneous materials.—Section 11.242(4) authorizes the inclusion in the published edition of the *Florida Statutes*, in addition to the general laws as adopted and enacted, the Florida Constitution, and complete indexes, "such other matters, notes, data, and other material as may be deemed necessary or admissible by the joint committee for reference, convenience or interpretation." The various items published under this authority are located in Volume 4 and are identified in the table of contents at the front of each volume.

FORMER REVISIONS AND COMPILATIONS

The laws of general application of the territory of Florida and of the State of Florida have either been compiled unofficially or revised under authority of law and adopted as official statutes in the following publications: *Duval's Compilation of Territorial Laws, 1840* (compilation); *Thompson's Digest, 1847* (compilation); *Bush's Digest, 1872* (compilation); *McClellan's Digest, 1881* (compilation); *Revised Statutes (R.S.) 1892* (revision enacted as a law); *General Statutes (G.S.) 1906* (revision enacted as a law); *Revised General Statutes (R.G.S.) 1920* (revision enacted as a law); *Compiled General Laws (C.G.L.) 1927* (compilation unofficial); revision of 1940 and the beginning of the continuous revision system; adoption of the official 1940 revision in 1941 (F.S. 1941); the *Florida Statutes* of 1949 (F.S. 1949) (consolidation of 1941 statutes and supplements printed during the war years in 1943, 1945, 1947); and *Florida Statutes* of 1951, 1953, 1955, 1957, 1959, 1961, 1963, 1965, 1967, 1969, 1971, 1973, 1975, and 1977.

THE STATUTORY REVISION DIVISION

By chapter 22012, Laws of Florida, 1943, the Legislature created a permanent statutory revision and legislative drafting and reference department under the supervision and control of the Attorney General. The principal functions of this department were to publish the general laws of the state and to maintain a bill drafting department and legislative reference library. In 1949 the Legislature established the Legislative Council and Legislative Reference Bureau as an arm of the Legislature and completely separate from the Attorney General. By chapter 67-472, Laws of Florida, the Legislature removed the Statutory Revision Department from the office of the Attorney General and established it as a part of the Legislative Reference Bureau under the supervision of the Legislative Council. By chapter 69-52, Laws of Florida, the Legislative Reference Bureau was renamed the Legislative Service Bureau, and the Statutory Revision Department became the Statutory Revision Service within the bureau and its work was made subject to the supervision of the Joint Legislative Management Committee, which replaced the Legislative Council. In 1971, by order of the Joint Legislative Management Committee, the statutory revision and indexing functions were consolidated in a new division of the Joint Legislative Management Committee, the Division of Statutory Revision and Indexing. The division was renamed the Division of Statutory Revision in 1978.

The powers, duties, and functions of the Statutory Revision Division are set out in s. 11.242. In general, they are: (1) to conduct a systematic and continuing study of the statutes and laws of the state to reduce their number and bulk; remove inconsistencies, redundancies, and unnecessary repetitions; and otherwise improve their clarity and facilitate their correct and proper interpretation; (2) to publish the *Florida Statutes*; and (3) to index various publications of the Joint Legislative Management Committee.

Section 11.242(5) defines the limits of the editorial license that is available to the Statutory Revision Division in preparing the *Florida Statutes*. Pursuant to this section, the division has broad authority over the arrangement and grammatical structure of the *Statutes*. Although the statute provides that the product of the division's work shall constitute only prima facie evidence of the law until it has subsequently been formally adopted, the Statutory Revision Division nonetheless traditionally exercises its editorial prerogatives with self-restraint. It believes its mandate to be to produce the *Statutes* in usable and literate form, but strictly within the framework of the legislative intent.

The reviser's office is a clearinghouse where lawyers, judges, legislators, and administrators may help to improve the statutory law of the state. Persons calling attention to errors, omissions, conflicts, and other defects in the law can be a material help in administering Florida's continuous revision program.

- 10.06 House of Representatives; apportionment, districts.
- 10.07 Inclusion of unlisted territory in contiguous districts.
- 10.08 Severability.

10.001 Legislative representation.—Beginning with the general election held in the second year following each decennial census, the representation of the people of Florida in the Florida Legislature shall be as set forth earlier in such year by the Legislature by joint resolution or by the Supreme Court by order, as the case may be. A joint resolution of apportionment or an order of the Supreme Court adopted or entered pursuant to s. 16 of Art. III of the State Constitution shall be included in the Florida Statutes in the same manner as a statute.

History.—s. 4, ch. 67-479; s. 1, ch. 72-242; s. 1, SJR 1305, 1972 Regular Session.

10.003 Definitions.—In accordance with s. 8(a) of Art. X, State Constitution, the decennial census of 1970 is recognized as the official census of the state for the purposes of this chapter.

(1) The designation "CCD" shall mean "census county division."

(2) The designation "ED" shall mean "enumeration district."

(3) The word "tract" shall mean "census tract."

(4) The designation "BG" shall mean "block group."

(5)(a) The terms "census county division," "enumeration district," "census tract," and "block group" shall have the same meaning and describe the same geographical boundaries as provided in the Bureau of the Census Reports of the United States Decennial Census of 1970 for the State of Florida.

(b) Block groups are subdivisions of census tracts as defined on census metropolitan maps which differentiate block groups by the first digit of the block numbers assigned to city blocks within each tract.

The populations within the above described geographical census units are the population figures

contained in the corrected official 1970 decennial census master enumeration district list.

History.—s. 6, SJR 1305, 1972 Regular Session.
cf.—s. 11.031 Official census.

10.005 Legislative intent.—

(1) In the adoption of the House of Representatives districts contained in this chapter and in its deliberations preceding such adoption and culminating therein, this Legislature is following in good faith the following rational state policy of:

(a) Recognizing the continuous and dynamic population growth in this state by establishing a House of Representatives of 120 members, and in doing so guaranteeing better access between the inhabitants of this state and their representatives.

(b) Providing multimember districts for densely populated counties to guarantee effective representation and operation of government at the state level.

(c) Providing single-member districts for the rural counties, which achieves the state policy of guaranteeing effective representation and operation of government at the state level.

(d) Establishing the following formula to achieve the above objectives: Multimember districts in densely populated counties of the state are based on the county's representational ratio; however, no multimember district exceeds six representatives. Single-member districts are based on the same policy and are provided in the counties not covered above.

However, the Legislature's overriding consideration to this policy is its good faith effort to achieve mathematical preciseness.

(2) The Legislature, in addition to the above policy, has apportioned the Florida Senate in accordance with the Constitutions of the State of Florida and the United States.

(3) The size, style and quality of the paper to be used shall be prescribed by the Department of State and furnished by it, in sufficient quantities, to the Secretary of the Senate and the Clerk of the House. Additionally, any general law which grants an exemption or changes the manner by which property is assessed or changes the authorization to levy local taxes must provide a means to finance such exemptions or changes. Such general law shall provide a means to finance the ongoing cost for those municipalities and counties which are providing the activity, service, or facility on the effective date of such law. Except that, where the Legislature determines that a general law serves both state and local objectives, a means to partially finance such activity,

service, or facility may be provided by the Legislature. The means of financing such activity, service, or facility may be through remission of additional funds of the state to said municipality or county, through specific authority granted the municipality or county to levy a special tax therefor, or through other sources provided by such law. If financing is provided by means other than the levy of a special tax, the method of financing shall bear a reasonable relationship to the actual costs of performing the activity or providing the service or facility, and shall not reduce, supplant, or adversely affect other state or federal revenues shared with or granted to municipalities or counties. No subsequent legislation shall be deemed to supersede or modify any provision of this act, whether by implication or otherwise, except to the extent that such legislation shall do so expressly; reasons for legislative deviation from this section shall be stated with particularity in the preamble of the act.

The immunity herein granted shall extend to any member not an attorney who is engaged in any proceeding before any court or any state, county, or municipal agency or board in a representative capacity for any individual or group or as a witness in any proceeding. (2) If a vacancy occurs in the joint committee, the same shall be filled as provided for original appointments.

(3)(a) The joint committee shall meet at times and places necessary to perform the functions assigned to it by law, and shall adopt rules and regulations for its own organization and operation and for the organization and operation of such management divisions as may be deemed advisable from time to time by the joint committee in order to carry out the functions assigned by law to the joint committee. It shall have general administrative responsibility for the operation of such divisions.

(b) There shall be an executive director of the Joint Legislative Management Committee who shall be appointed by majority vote of the joint committee.

(c) The executive director shall coordinate the activities of all of the divisions of the joint committee. He shall have authority to hire and remove personnel of the joint committee and its divisions, except that division directors may be hired and removed by the executive director only with the concurrence of the joint committee.

(d) The executive director and the division directors of the joint committee shall be chosen without reference to political affiliation, solely on the basis of fitness to perform the duties assigned them.

(4) The joint committee shall prepare and adopt rules and procedures governing the following matters:

(a) The purchase or acquisition by the Legislature of all supplies, capital outlay items, and other commodities required for the proper functioning of the Legislature. Such rules and procedures shall govern all legislative purchases as contemplated herein and shall be in accord with, but not limited to, the following requirements:

1. A purchase in excess of \$2,500 shall be made only upon competitive bids received.

2. If the director of any division of the Legislature determines that an emergency exists in regard to the purchase of any commodities, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interests of the state, then the provisions herein for competitive bidding shall not apply and the director shall file with the joint committee a statement under oath certifying the conditions and circumstances of the emergency. Upon receiving a statement the joint committee may authorize the purchase.

3. There is excepted from bid requirements purchasing agreements, contracts, maximum price regulations executed or approved by the joint committee, and noncompetitive items available from one source only. In connection with the purchase of noncompetitive items only available from one source, a

4. Whenever two or more competitive bids are received, one or more of which relates to commodities manufactured within this state, and whenever all things stated in such received bids are equal with respect to price, quality, and service, the commodities manufactured within this state shall be given preference. A similar preference shall be given to commodities manufactured within this state whenever purchases are made without competitive bids, and when practical the joint committee may establish reasonable preferential policies for other commodities giving preference to resident suppliers of this state. Any foreign manufacturing company with a factory in the state and with over 200 employees working in the state shall have preference over any other foreign company where both price and quality are the same, regardless of where the product is manufactured.

5. Any procedures adopted by the joint committee with reference to public printing must comply with the provisions of chapter 283. However, if any division director determines, from the nature of the type printing to be done, that it would be detrimental to the interests of the state to requisition certain printing through the joint committee due to delay incident to giving opportunity for competitive bidding, unusual problems presented, or to any type of emergency, the division director may file with the joint committee a statement under oath certifying his reasons therefor. Upon receipt of the statement, the joint committee may, in writing, authorize the purchase contemplated by the division subject to the provisions of chapter 283.

The cost of such services, whether in the form of actuarial studies or of special projects, shall be considered a proper expense of the Legislature to be paid by the joint committee. However, by agreement between the committee and the administering agency, all or pro rata portions of the cost may be contributed from the funds charged with the costs of administering the respective retirement systems.

(6) The joint committee shall contract with a cer-

(b) "Political subdivision" means a separate agency or unit of local government created or established by law and includes, but is not limited to, the following and the officers thereof: authority, board, branch, bureau, city, commission, consolidated government, county, department, district, institution, metropolitan government, municipality, office, officer, public corporation, town, or village.

(c) "Postaudit" means an audit made at some point after the completion of a transaction or a group of transactions.

(2) The Auditor General shall make postaudits and performance audits of public records and perform related duties as prescribed by law or concurrent resolution of the Legislature. He shall perform his duties independently but under the general policies established by the Legislative Auditing Committee.

(3)(a)1. The Auditor General shall annually make postaudits and performance audits of the accounts and records of all state agencies, as defined in this section, and make postaudits of the accounts and records of all district school boards and district boards of trustees of community colleges, as defined in this section.

2. The Auditor General may at any time make postaudits and performance audits of the accounts and records of all governmental entities created pursuant to law. The postaudits and performance audits referred to in this subparagraph shall be made whenever determined by the Auditor General, whenever directed by the Legislative Auditing Committee, or whenever otherwise required by law or concurrent resolution.

3. Each local governmental entity created pursu-

ant to law, for which entity a postaudit was not performed pursuant to subparagraph 1. or subparagraph 2., except a municipality with an annual budget of less than \$100,000, shall require that an annual postaudit of its accounts and records be completed, within 6 months after the end of its respective fiscal year, by an independent certified public accountant retained by it and paid from its public funds.

4. Any postaudit required to be performed under subparagraph 3. shall be submitted to the Auditor General no later than 7 months after the end of the fiscal year of the governmental entity. If the Auditor General does not receive the postaudit within such period, he shall notify the Legislative Auditing Committee that such governmental entity has not complied with this subparagraph. Following notification of failure to submit the required audits, the Legislative Auditing Committee may:

a. In the case of a city or county, notify the Department of Revenue and the Department of Banking and Finance that the local unit of government has failed to comply. Upon notification, the department shall withhold any funds payable to such governmental entity until the required postaudit is received by the Auditor General.

b. In the case of a special district, notify the Department of Community Affairs that the special district has failed to provide the required audits. Upon notification, the department shall proceed pursuant to ss. 189.008 and 189.009.

5. The Auditor General, in consultation with the Board of Accountancy, shall review all audits completed for local units of government by an independent certified public accountant.

(b) The committee may authorize and direct the Auditor General to postaudit the affairs of any municipality or independent agency or authority of any municipality within the state, and the committee shall direct him to make such postaudit whenever petitioned to do so by at least 20 percent of the electors of any municipality. The supervisor of elections of the county in which the municipality is located shall certify whether or not the petition contains the signatures of at least 20 percent of the electors of the municipality. The expenses of such postaudit shall be paid by said municipality and, in the event the municipality fails to pay the cost of the audit, the Department of Revenue shall, upon certification of the Auditor General, withhold from that portion of the municipal financial assistance trust fund for municipalities which is derived from the cigarette tax imposed under chapter 210, and which is distributable to said municipality, a sum sufficient to pay the cost of the audit, and shall deposit said sum in the General Revenue Fund of the state.

(c) The Auditor General shall exercise any power and duty which by any law, general or otherwise, is now vested in the state auditor or the legislative auditor. The Auditor General shall make an annual postaudit of accounts and records of any other public body or political subdivision when required by law or concurrent resolution to do so.

(d) The Auditor General shall at least every 2 years make a performance audit of the local government financial reporting system required by this subsection; ss. 23.0115, 165.091, and 189.001-189.009;

and part VII of chapter 112 and part III of chapter 218. The performance audit shall analyze each component of the reporting system separately and analyze the reporting system as a whole. The purpose of such audits is to determine the efficiency and effectiveness of the reporting system in monitoring and evaluating the financial conditions of local governments and to make recommendations to the local governments, the Governor, and the Legislature as to how the reporting system can be improved and how program costs can be reduced.

(4) Each such audit, when practicable, shall be made and completed within not more than 12 months following the end of each fiscal year of the state agency or political subdivision, if an annual audit, or at such lesser time which may be provided by law or concurrent resolution or directed by the Legislative Auditing Committee. When the Auditor General is required by law to make a postaudit of the whole or a portion of a fiscal year of a political subdivision and his current workload of audits of state agencies and political subdivisions is so great that it is not practicable within the required time to perform such postaudit and also to postaudit that political subdivision as to any other period not previously postaudited by him, then in his discretion he may temporarily or indefinitely postpone his postaudit of such other period or any portion thereof unless otherwise directed by the committee.

(5) The Legislative Auditing Committee may at any time, without regard to whether the Legislature is then in session or out of session, take under investigation any matter within the scope of an audit either completed or then being conducted by the Auditor General, and in connection with such investigation may exercise the powers of subpoena by law vested in a standing committee of the Legislature.

(6)(a) The Auditor General may, when in his judgment it is necessary, designate and direct any auditor employed by him to audit any accounts or records within the power of the Auditor General to audit. The auditor shall report his findings for review by the Auditor General, who shall prepare the audit report.

(b) The audit report when final shall be a public record. The audit work papers and notes shall not be a public record; provided, however, those work papers necessary to support the computations in the final audit report may be made available by a majority vote of the Legislative Auditing Committee after a public hearing showing proper cause. The audit work papers and notes shall be retained by the Auditor General until no longer useful in his proper functions after which time they may be destroyed.

(c) The audit report shall make special mention of:

1. Any violation of the laws within the scope of the audit; and

2. Any illegal or improper expenditure, any improper accounting procedures, all failures to properly record financial transactions, and all other inaccuracies, irregularities, shortages, and defalcations.

(d) At the conclusion of the audit, the Auditor General or his designated representative shall discuss the audit with the official whose office is subject to audit and submit to him a list of his adverse find-

ings which may be included in the audit report. If the official is not available for receipt of the list of adverse audit findings, clearly designated as such, then delivery thereof is presumed to be made when it is delivered to his office. The official shall submit to the Auditor General or his designated representative, within 20 days after the receipt of said list of findings, his written statement of explanation or rebuttal concerning all of the findings, including therein corrective action to be taken to preclude a recurrence of all adverse findings.

(7) A copy of the audit report shall be submitted to each member of the Legislative Auditing Committee, to the Governor, to the Comptroller, and to the officer or person in charge of the state agency or political subdivision audited. One copy shall be filed as a permanent public record in the office of the Auditor General. In the case of county reports, one copy of the report of each county office, school or other district audited shall be submitted to the board of county commissioners of the county in which the audit was made and shall be filed in the office of the Clerk of the Circuit Court of that county as a public record; provided, that when an audit is made of the records of the district school board, a copy of the audit report shall also be filed with the district school board, and thereupon such report shall become a part of the public records of such board. Copies of such reports may also be furnished such other persons as in the opinion of the Auditor General may be directly interested in the audit or who may have some duty to perform in connection therewith.

(8) If the Auditor General discovers any errors, unusual practices, or any other discrepancies in connection with his audit or postaudit of a state agency or state officer, the Auditor General shall, as soon as practicable, notify in writing the President of the Senate and the Speaker of the House of Representatives, respectively, who, in turn, shall promptly thereafter forward a copy thereof to the chairmen of the respective legislative committees, which in the judgment of the President of the Senate and the Speaker of the House of Representatives, respectively, are substantially concerned with the functions of the involved state agency or state officer. Thereafter, and in no event later than the 10th day of the next succeeding legislative session, the person in charge of the involved state agency, or the involved state officer, as the case may be, shall explain in writing to the chairmen of the said respective legislative committees and to the Legislative Auditing Committee the reasons or justifications for such errors, unusual practices, or discrepancies and the corrective measures, if any, taken by the agency.

If the Comptroller shall fail to perform the duties required herein he shall be liable to the state for any loss that may be sustained by the state, by reason of such failure, such sum to be recovered by suit against such Comptroller.

17.20 To charge state attorneys with claims in their hands.—The Department of Banking and Finance shall charge the several state attorneys of this state with all claims which it may place in their hands for collection of money for and on behalf of the state, or which it may otherwise require them to collect. Said charges shall be evidence of indebtedness on the part of any state attorney against whom any charge is made for the full amount of such claim to the state, until the same shall be collected and paid into the treasury, or the legal remedies of the state exhausted, or until said state attorney shall make it fully appear to the department that the failure to collect the same did not originate from any neglect of his, and the department shall have made proper entry of satisfaction of such charge against such state attorney.

17.26 Cancellation of state warrants not presented within 1 year; 3-year limitation on payment of warrants not presented for payment.—

(1) If any state warrant issued by the Comptroller and countersigned by the governor, against any fund in the state treasury, is not presented for payment within 1 year after the last day of the month in which it was originally issued, the Comptroller may cancel the same and credit the amount of such warrant to the fund upon which it is drawn. If the warrant so canceled was issued against a fund which is no longer operative, then the amount of such warrant shall be credited to the general revenue fund. The state treasurer shall not honor any state warrant after same has been canceled.

(2) When the payee or person entitled to any warrant so canceled by the Comptroller requests payment thereof, the Comptroller may, within 3 years from the last day of the month in which it was originally issued, upon investigation, issue a new warrant therefor, to be paid out of the proper fund in the state treasury, provided the payee or other person shall execute the statement under oath as required by s. 17.13 or surrender the canceled warrant. There is appropriated a sufficient amount for the payment of any new warrant issued within such 3-year period to replace a canceled warrant charged against an expired appropriation or charged against a fund which is no longer operative.

(3) In the event a warrant has not been presented for payment within 3 years from the last day of the month in which it was originally issued, the obligation shall thereafter be unenforceable, and no action shall be commenced for recovery of any funds represented by such obligation, and no additional warrant shall be issued by the Comptroller or honored for payment by the treasurer. This provision shall apply to all warrants, including those issued and outstanding on July 1, 1973.

(4) As to all warrants issued and outstanding prior to July 1, 1973, and which are unenforceable because of the limitations provided in this section, the person entitled to or claiming the right to payment on such warrant shall present the same for payment, or a claim for payment thereon, to the Comptroller within 90 days from July 1, 1973; otherwise, such claims shall be barred. If a warrant has been issued and has been outstanding for a period of less than 3 years on July 1, 1973, and the same has not yet become unenforceable, the person entitled to or claiming the right to payment thereon shall have a period of 90 days from July 1, 1973, or 3 years from the date of original issue of the warrant, whichever is greater, to present the same for payment or to present a claim to the Comptroller; otherwise, such claim shall be barred.

(5) If a valid obligation of the state is due, owing, and unpaid and the same becomes unenforceable for any reason because of the provisions and limitations

contained in this section, the person entitled to payment on such obligation shall be entitled to present a claim for relief to the legislature, provided such claim shall be made within the time limitations presently provided by law.

(6) If a warrant has become unenforceable or canceled under this section, and if the amount has been transferred to any special cancellation or restoration account, the Comptroller shall return the funds to the fund of original issue within one year.

(7) Nothing herein shall be construed to extend any existing statute of limitations which would be applicable to any state obligation which is outstanding and unpaid on July 1, 1973.

(1) The Department of Banking and Finance may destroy general correspondence files and also any other records which the department may deem no longer necessary to preserve in accordance with retention schedules and destruction notices established under rules of the Division of Archives, History, and Records Management of the Department of State. Such schedules and notices relating to financial records of the department shall be subject to the approval of the Auditor General.

(2) The Department of Banking and Finance

may photograph, microphotograph, or reproduce on film such documents and records as it may select, in such manner that each page will be exposed in exact conformity with the original.

(3) The Department of Banking and Finance may destroy any of said documents after they have been photographed and filed in accordance with the provisions of subsection (1).

(4) Photographs or microphotographs in the form of film or prints of any records made in compliance with the provisions of this section shall have the same force and effect as the originals thereof would have, and shall be treated as originals for the purpose of their admissibility in evidence. Duly certified or authenticated reproductions of such photographs or microphotographs shall be admitted in evidence equally with the original photographs or microphotographs.

The board may invest such money in savings accounts of savings and loan associations which are under state supervision and in savings accounts of federal savings and loan associations organized and located in this state under federal law and federal supervision. However, the collateral security required for such investments shall be in accordance with the provisions of s. 665.321(1). It is the duty of the State Treasurer to keep the board advised as to the amounts of such money available at all times, and it is the duty of the board, consistent with the cash requirements of the state, to keep such money fully invested or deposited in interest-bearing time deposits or savings accounts as provided herein in order that the state may realize maximum earnings and benefits to the economy.

(2) Money of the state or any money in the State Treasury which the board estimates will be available for investment only for short periods of time of not more than 90 days may be invested in direct United States Treasury obligations in varying maturities, and such investments may be in book-entry form. Such deposits shall only be made in banks designated by the State Board of Administration. No money may be maintained in such clearing accounts for a period longer than approved by the Treasurer or 40 days, whichever is shorter, prior to its being transmitted to the Treasurer, distributed to a statutorily authorized account outside of the State Treasury, refunded, or transmitted to the Department of Revenue. All banks so designated shall pledge sufficient collateral to be security for such funds, said securities to be the same type as those prescribed by law as eligible for the purpose of securing the deposits made by the Treasurer. Such collateral securities shall be deposited with, or pledged to, the Treasurer in the same manner as set out in s. 18.11.

(2) Revolving funds authorized by the Executive Office of the Governor for all state agencies, boards, bureaus, commissions, institutions, and departments may be deposited by such agencies, boards, bureaus, commissions, institutions, and departments in banks designated by the Governor, Comptroller, and Treasurer for such revolving fund deposits, and the banks in which such deposits are made shall pledge collateral security in an amount equal to or in excess of the total amount of such revolving funds, said collateral securities to be of the type and pledged in the manner as provided for the pledge of collateral security in subsection (1).

(3) Each department shall furnish a statement to the Treasurer, on or before the 20th of the month following the end of each calendar quarter, listing each clearing account and revolving fund within that department's jurisdiction. 20.02 Declaration of policy.—

(1) The State Constitution contemplates the separation of powers within state government among the legislative, executive, and judicial branches of the government. The legislative branch has the broad purpose of determining policies and programs and reviewing program performance. The executive branch has the purpose of executing the programs and policies adopted by the Legislature and of making policy recommendations to the Legislature. The judicial branch has the purpose of determining the constitutional propriety of the policies and programs and of adjudicating any conflicts arising from the interpretation or application of the laws.

(2) Within constitutional limitations, the agencies which comprise the executive branch should be consolidated into a reasonable number of departments consistent with executive capacity to administer effectively at all levels. The agencies in the executive branch should be integrated into one of the departments of the executive branch to achieve maximum efficiency and effectiveness as intended by s. 6, Art. IV of the State Constitution.

imum efficiency and effectiveness as intended by s. 6, Art. IV of the State Constitution.

(3) Structural reorganization should be a continuing process through careful executive and legislative appraisal of the placement of proposed new programs and the coordination of existing programs in response to public needs.

(4) The responsibility within the executive branch of government for the implementation of programs and policies should be clearly fixed and ascertainable.

(5) Departments should be organized along functional or program lines.

(6) The management and coordination of state services should be improved and overlapping activities eliminated.

(7) When this reorganization of state government abolishes positions, the individuals affected, when otherwise qualified, should be given priority consideration for any new positions created by reorganization or for other vacant positions in state government.

Notwithstanding the provisions of ss. 216.292 and 216.351, whenever deemed necessary by reason of significantly changed conditions, the regional director may, subject to approval of the secretary, transfer funds between the various programs in the region. The total of such transfers may not exceed 10 percent of the approved operating budget of a region during any fiscal year.

(14) INFORMATION SYSTEMS.—

(a) The secretary shall implement a priority program aimed at the design, testing, and integration of automated information systems necessary for effective and efficient management of the department. These systems shall contain, as a minimum, management data, offender data, and program data deemed essential for the ongoing administration of programs, as well as for the purpose of management decisions. It is the intent of the Legislature that these systems be developed with the idea of provid-

ing maximum administrative support to program operations. It is also essential that these systems comply with federal program requirements and insure confidentiality of client information.

(b) For the purpose of funding this effort, the department shall include in its annual budget request a comprehensive summary of costs involved, as well as manpower saved, in the establishment of these automated systems. This budget request shall also include a complete inventory of current staff, equipment, and facility resources available for completion of the desired systems. The department shall review all forms for duplicative content and, to the maximum extent possible, reduce, consolidate, and eliminate such duplication to provide for a uniform and concise information collection system.

(15) PROGRAM EVALUATION.—A comprehensive program evaluation system shall be established which shall encompass all major programs of the department. The department shall establish measurable program objectives and performance criteria for each program it operates. The system of evaluation to be established shall require all programs to develop quantifiable goals and to estimate the cost of attaining the goals in advance. Studies of the relative cost and effectiveness of departmental and alternative programs shall be conducted. The department shall develop a program evaluation schedule and shall evaluate at least 20 percent of its programs annually. The department shall submit these evaluation schedules and reports to the appropriate substantive committees of both houses of the Legislature for review. Where possible, the departmental management information system shall provide the basic information for program evaluation studies for the department and the Parole and Probation Commission.

(16) PROGRESS REPORTS.—After July 1, 1976, the department shall make an annual report to the Governor and the Legislature reflecting its activities and making recommendations for improvement of the services to be performed by the department. Such report shall be on the basis of a fiscal year. Notwithstanding the provisions of other statutes, such report shall be the only annual report required by law to be submitted by the department. However, the department shall continue to make such other reports as are provided for in this act or specifically requested by the Governor or any officer, member, or committee of the Legislature.

(17) PLACEMENT OF OFFENDERS.—The department shall classify its programs according to the character and range of services available for its clients. The department shall place each offender in the program or facility most appropriate to the offender's needs, subject to budgetary limitations and the availability of space.

(18) DISCHARGE FROM COMMITMENT.—When the law grants to an agent, officer, or administrator of the Department of Corrections the authority to make a discharge from commitment, such authority shall be vested in the Secretary of Corrections or in any agent who, in his discretion, the secretary may authorize.

(19) All commitments shall state the statutory authority therefor. The Secretary of Corrections

shall have the authority to prescribe the form to be used for commitments. Nothing in this act shall be construed to abridge the authority and responsibility of the Parole and Probation Commission with respect to the granting and revocation of parole. The Department of Corrections shall notify the Parole and Probation Commission of all violations of parole conditions and provide reports connected thereto as may be requested by the commission. The commission shall have the authority to issue orders dealing with supervision of specific parolees, and such orders shall be binding on all parties.

(20) The Department of Corrections shall perform statistical analysis, research, and program evaluation for the Parole and Probation Commission. There shall be only one offender-based information and records system maintained by the Department of Corrections for the joint use of the Department of Corrections and the Parole and Probation Commission. The Department of Corrections shall develop, in consultation with the Parole and Probation Commission, such offender-based information system designed to serve the needs of both agencies. The department shall notify the commission of all violations of parole and the circumstances thereof.

History.—s. 1, ch. 59-447.

22.02 Declaration of policy.—Because of the existing possibility of attack upon the United States of unprecedented size and destructiveness, and in order, in the event of such an attack, to assure continuity of government through legally constituted leadership, authority and responsibility in offices of the government of the state and its political subdivisions; to provide for the effective operation of governments during an emergency; and to facilitate the early resumption of functions temporarily suspended, it is found and declared to be necessary to provide for additional officers who can exercise the powers and discharge the duties of governor; to provide for emergency interim succession to governmental offices of its political subdivisions, in the event the incumbents thereof are unavailable to perform the duties and functions of such offices.

- 23.133 Responsibility for early childhood development programs.
- 23.134 Early childhood development personnel training program.
- 23.135 Educational broadcasting for early childhood development.

- 23.137 Transfer of funds to early childhood development office.

23.13 Short title.—This part shall be known and may be cited as the "Early Childhood and Family Development Act of 1972."

History.—s. 1, ch. 72-285.

23.131 Legislative finding.—The legislature finds and declares that the early childhood years are crucial to the mental, physical, and emotional development of children, and that the experiences of the early childhood years are highly significant with respect to later development, including educational and vocational success. The legislature further recognizes the primary role and responsibility of the family for the development of children and the importance of strengthening the family members' abilities to foster the development of young children. It shall be the policy of the state to cooperate with private groups and governmental agencies to encourage and assist families in the provision of an environment for young children suitable to their full development.

History.—s. 2, ch. 72-285.

23.132 Definitions.—As used in this part:

- (1) "Early childhood" means that period of life in which a child's intellectual, social, emotional, physical, and mental qualities are in the formative stage and in which the foundation for his future development is made. Within this definition, principal emphasis shall be given to the years between 3 and 8.
- (2) "Office" means the office of early childhood development.
- (3) "Commissioner" means the state commissioner of education.
- (4) "School board" means the governing body of each school district.
- (5) "Councils" means advisory councils for early childhood development authorized by this part.
- (6) "District" means school district.
- (7) "Client" means anyone who will directly benefit from or receive early childhood services authorized under this part.

History.—s. 3, ch. 72-285.

23.133 Responsibility for early childhood development programs.—

(1) **LEGISLATIVE INTENT.**—The legislature finds that there are numerous state and federal programs for young children. This myriad of programs cuts across several state and local agencies, which results in overlapping programs, duplication of effort, confusion, and reduced benefits to children. These uncoordinated programs fail to give adequate attention to the role of other family members in the development of young children. Under this system the needs of young children are not given the atten-

tion or priority they require and deserve. Therefore, the legislature finds that responsibility for the promotion, planning, coordination, and administration of early childhood programs should be placed in an office of early childhood development.

(2) **CREATION OF AN OFFICE OF EARLY CHILDHOOD DEVELOPMENT.**—An office of early childhood development shall be established within the office of the Governor. The Governor shall appoint a director of the office of early childhood development. The duties of the office shall be:

(a) To formulate a long-range, comprehensive plan for early childhood and family development;

(b) To establish priorities for implementation of the comprehensive plan;

(c) To take responsibility for the administration of all programs so as to take maximum advantage of all federal funds;

(d) To promote, develop, establish, coordinate, and conduct, through the office or any approved agency, public or private, unified programs relating to early childhood development;

(e) To submit all applications to federal or state agencies for funds, services, or commodities relating to early childhood development;

(f) To evaluate all programs receiving federal or state funds, services, or commodities as to their effectiveness in terms of the results achieved;

(g) To conduct, sponsor, or promote research in the field of early childhood development, with emphasis on the early diagnosis, treatment, or prevention of later disabilities;

(h) To promulgate rules and regulations for implementation of the authority and responsibilities within this section.

(3) **ADVISORY COUNCILS.**—Advisory councils for early childhood development programs shall be established, and their memberships designated, by the office in accordance with the requirements of federal law or administrative regulations or state law or administrative regulations, as the case may be. Members of advisory councils shall be entitled to receive per diem and expenses for travel while carrying out official business of the council. Such expenses shall be paid in accordance with the provisions of s. 112.061.

History.—s. 4, ch. 72-285.

23.134 Early childhood development personnel training program.—

(1) Pursuant to such policies and regulations as the Department of Education may adopt, any school board, college, community college, vocational-technical school, or group whose program of early childhood development has been approved by the office may submit a proposal to the Department of Education for a program for the training of personnel in early childhood development. Such proposal shall contain:

(a) An itemized estimate of cost;

(b) The estimated membership and type of participants;

(c) A description of the course of training or study and the methods and materials to be used;

(d) Program goal or goals and a method of assessment of program success;

(e) A method of financial support, including sources of funding;

(f) A definition of the sponsor's role and duties, supported by resolution or other document indicating intent to support such a program of training; and

(g) Such other items as the Department of Education may prescribe.

(2) After review of such proposals by the office, the Department of Education may make grants under such procedures as it may prescribe in support of such proposals.

(3) Upon request of any body competent to make proposals under subsection (1), the Department of Education may provide such technical advice as is necessary to enable the body to develop a suitable proposal.

(4) In cooperation with the office, the Department of Education shall develop or obtain training materials, curriculum, and teaching formats for training persons in early childhood development. Such courses will be designed for:

(a) Professionals in childhood development to train them in early childhood education;

(b) Para-professionals, including members of the community who volunteer to work with early childhood development, who are to work with programs in early childhood development but are not full time, or lack professional training and skills or lack experience with early childhood education; and

(c) Members of a family with young children.

(5) The Department of Education shall make such materials available to persons wishing to conduct training programs under this part.

(6) The courses and materials referred to in subsections (1), (2), and (4) shall take a comprehensive view of child development, including educational, social, health, nutritional, psychological and community involvement training.

(7) The policies and regulations adopted by the Department of Education pursuant to this section shall be coordinated with the office.

History.—s. 70, ch. 72-221; s. 5, ch. 72-285.

23.135 Educational broadcasting for early childhood development.—

(1) It shall be the responsibility of the Department of Education to encourage public broadcasting programming in the areas of early childhood development. Such programming shall be directed to include both the child and his family members. Materials in these areas may be produced or acquired by lease or purchase.

(2) It shall be the responsibility of the Department of Education to encourage commercial television broadcasting to offer such programming in areas of the state where public television broadcasting is not available.

(3) The Department of Education shall encourage public and private television broadcasting to offer such programs at a time which will attract the largest audience of those for whom the program has been developed.

(4) The Department of Education shall coordinate such programs with the office.

History.—s. 6, ch. 72-285.

23.136 Reports appraising early childhood development programs.—The office, as a part of the early childhood program established in s. 23.133, shall make an annual report to the President of the Senate, the Speaker of the House, and the chairmen of the senate and house committees so designated by the President of the Senate and the Speaker of the House. The report shall contain an appraisal of all programs in early childhood development as to their effectiveness, efficiency, and utilization of resources. The office shall make recommendations as it deems appropriate, including recommendations for improved coordination. When another state agency is required to report on a program of early childhood development, the report of such agency shall be included in the report of the office.

History.—s. 8, ch. 72-285.

23.137 Transfer of funds to early childhood development office.—The Executive Office of the Governor is authorized to transfer such appropriations and related positions as are necessary to effectuate the purposes of this part to the office of early childhood development from any department under the direct supervision of the Governor. Upon approval of the administration commission, the Executive Office of the Governor may transfer such appropriations and related positions as are necessary to effectuate the purposes of this part to the office of early childhood development from any other department.

PART VI

SOUTHERN GROWTH POLICIES AGREEMENT

23.140 Southern Growth Policies Agreement.

23.140 Southern Growth Policies Agreement.—The Southern Growth Policies Agreement is hereby enacted into law and entered into by this state with all other states legally joining therein in the form substantially as follows:

SOUTHERN GROWTH POLICIES AGREEMENT

ARTICLE I FINDINGS AND PURPOSES.—

(a) The party states find that the South has a sense of community based on common social, cultural and economic needs and fostered by a regional tradition. There are vast potentialities for mutual improvement of each state in the region by cooperative planning for the development, conservation and efficient utilization of human and natural resources in a geographic area large enough to afford a high degree of flexibility in identifying and taking maximum advantage of opportunities for healthy and beneficial growth. The independence of each state and the special needs of subregions are recognized and are to be safeguarded. Accordingly, the cooperation resulting from this Agreement is intended to assist the states in meeting their own problems by enhancing their abilities to recognize and analyze regional opportunities and take account of regional

influences in planning and implementing their public policies.

(b) The purposes of this Agreement are to provide:

1. Improved facilities and procedures for study, analysis and planning of governmental policies, programs and activities of regional significance.

2. Assistance in the prevention of interstate conflicts and the promotion of regional cooperation.

3. Mechanisms for the coordination of state and local interests on a regional basis.

4. An agency to assist the states in accomplishing the foregoing.

ARTICLE II

THE BOARD.—

(a) There is hereby created the Southern Growth Policies Board, hereinafter called "the Board."

(b) The Board shall consist of five members from each party state, as follows:

1. The Governor.

2. Two members of the State Legislature, one appointed by the presiding officer of each house of the Legislature or in such other manner as the Legislature may provide.

3. Two residents of the state who shall be appointed by the Governor to serve at his pleasure.

(c) In making appointments pursuant to paragraph (b)3., a Governor shall, to the greatest extent practicable, select persons who, along with the other members serving pursuant to paragraph (b), will make the state's representation on the Board broadly representative of the several socio-economic elements within his state.

(d)1. A Governor may be represented by an alternate with power to act in his place and stead, if notice of the designation of such alternate is given to the Board in such manner as its Bylaws may provide.

2. A legislative member of the Board may be represented by an alternate with power to act in his place and stead, unless the laws of his state prohibit such representation and if notice of the designation of such alternate is given to the Board in such manner as its Bylaws may provide. An alternate for a legislative member of the Board shall be selected by the member from among the members of the legislative house in which he serves.

3. A member of the Board serving pursuant to paragraph (b)3. of this Article may be represented by another resident of his state who may participate in his place and stead, except that he shall not vote; provided that notice of the identity and designation of the representative selected by the member is given to the Board in such manner as its Bylaws may provide.

ARTICLE III

POWERS.—

(a) The Board shall prepare and keep current a Statement of Regional Objectives, including recommended approaches to regional problems. The Statement may also identify projects deemed by the Board to be of regional significance. The Statement shall be available in its initial form two years from the effective date of this Agreement and shall be amended or revised no less frequently than once every six years.

The Statement shall be in such detail as the Board may prescribe. Amendments, revisions, supplements, or evaluations may be transmitted at any time. An annual Commentary on the Statement shall be submitted at a regular time to be determined by the Board.

(b) In addition to powers conferred on the Board elsewhere in this Agreement, the Board shall have the power to make or commission studies, investigations and recommendations with respect to:

1. The planning and programming of projects of interstate or regional significance.
2. Planning and scheduling of governmental services and programs which would be of assistance to the orderly growth and prosperity of the region, and to the well-being of its population.
3. Effective utilization of such federal assistance as may be available on a regional basis or as may have an interstate or regional impact.
4. Measures for influencing population distribution, land use, development of new communities and redevelopment of existing ones.
5. Transportation patterns and systems of interstate and regional significance.
6. Improved utilization of human and natural resources for the advancement of the region as a whole.
7. Any other matters of a planning, data collection or informational character that the Board may determine to be of value to the party states.

ARTICLE IV AVOIDANCE OF DUPLICATION.—

(a) To avoid duplication of effort and in the interest of economy, the Board shall make use of existing studies, surveys, plans and data and other materials in the possession of the governmental agencies of the party states and their respective subdivisions or in the possession of other interstate agencies. Each such agency, within available appropriations and if not expressly prevented or limited by law, is hereby authorized to make such materials available to the Board and to otherwise assist it in the performance of its functions. At the request of the Board, each such agency is further authorized to provide information regarding plans and programs affecting the region, or any subarea thereof, so that the Board may have available to it current information with respect thereto.

(b) The Board shall use qualified public and private agencies to make investigations and conduct research, but if it is unable to secure the undertaking of such investigations or original research by a qualified public or private agency, it shall have the power to make its own investigations and conduct its own research. The Board may make contracts with any public or private agencies or private persons or entities for the undertaking of such investigations or original research within its purview.

(c) In general, the policy of paragraph (b) of this Article shall apply to the activities of the Board relating to its Statement of Regional Objectives, but nothing herein shall be construed to require the Board to rely on the services of other persons or agencies in developing the Statement of Regional

Objectives or any amendment, supplement or revision thereof.

ARTICLE V ADVISORY COMMITTEES.—

The Board shall establish a Local Governments Advisory Committee. In addition, the Board may establish advisory committees representative of subregions of the South, civic and community interests, industry, agriculture, labor or other categories or any combinations thereof. Unless the laws of a party state contain a contrary requirement, any public official of the party state or a subdivision thereof may serve on an advisory committee established pursuant hereto and such service may be considered as a duty of his regular office or employment.

ARTICLE VI INTERNAL MANAGEMENT OF THE BOARD.—

(a) The members of the Board shall be entitled to one vote each. No action of the Board shall be binding unless taken at a meeting at which a majority of the total number of votes on the Board are cast in favor thereof. Action of the Board shall be only at a meeting at which a majority of the members or their alternates are present. The Board shall meet at least once a year. In its Bylaws, and subject to such directions and limitations as may be contained therein, the Board may delegate the exercise of any of its powers relating to internal administration and management to an Executive Committee or the Executive Director. In no event shall any such delegation include final approval of:

1. A budget or appropriation request.
2. The Statement of Regional Objectives or any amendment, supplement or revision thereof.
3. Official comments on or recommendations with respect to projects of interstate or regional significance.
4. The annual report.

(b) To assist in the expeditious conduct of its business when the full Board is not meeting, the Board shall elect an Executive Committee of not to exceed 23 members including at least one member from each party state. The Executive Committee, subject to the provisions of this Agreement and consistent with the policies of the Board, shall be constituted and function as provided in the Bylaws of the Board. One-half of the membership of the Executive Committee shall consist of Governors, and the remainder shall consist of other members of the Board, except that at any time when there is an odd number of members on the Executive Committee, the number of Governors shall be one less than half of the total membership. The members of the Executive Committee shall serve for terms of 2 years, except that members elected to the first Executive Committee shall be elected as follows: one less than half of the membership for 2 years and the remainder for 1 year. The Chairman, Chairman-Elect, Vice Chairman and Treasurer of the Board shall be members of the Executive Committee and anything in this paragraph to the contrary notwithstanding shall serve during their continuance in these offices. Vacancies in the Executive Committee shall not affect

its authority to act, but the Board at its next regularly ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term.

(c) The Board shall have a seal.

(d) The Board shall elect, from among its members, a Chairman, a Chairman-Elect, a Vice Chairman and a Treasurer. Elections shall be annual. The Chairman-Elect shall succeed to the office of Chairman for the year following his service as Chairman-Elect. For purposes of the election and service of officers of the Board, the year shall be deemed to commence at the conclusion of the annual meeting of the Board and terminate at the conclusion of the next annual meeting thereof. The Board shall provide for the appointment of an Executive Director. Such Executive Director shall serve at the pleasure of the Board, and together with the Treasurer and such other personnel as the Board may deem appropriate shall be bonded in such amounts as the Board shall determine. The Executive Director shall be Secretary.

(e) The Executive Director, subject to the policy set forth in this Agreement and any applicable directions given by the Board, may make contracts on behalf of the Board.

(f) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the Executive Director, subject to the approval of the Board, shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the Board, and shall fix the duties and compensation of such personnel. The Board in its Bylaws shall provide for the personnel policies and programs of the Board.

(g) The Board may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.

(h) The Board may accept for any of its purposes and functions under this Agreement any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any state, the United States, or any other governmental agency or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the Board pursuant to this paragraph or services borrowed pursuant to paragraph (g) of this Article shall be reported in the annual report of the Board. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

(i) The Board may establish and maintain such facilities as may be necessary for the transacting of its business. The Board may acquire, hold, and convey real and personal property and any interest therein.

(j) The Board shall adopt Bylaws for the conduct of its business and shall have the power to amend and rescind these Bylaws. The Board shall publish its Bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with

the appropriate agency or officer in each of the party states.

(k) The Board annually shall make to the Governor and Legislature of each party state a report covering the activities of the Board for the preceding year. The Board at any time may make such additional reports and transmit such studies as it may deem desirable.

(l) The Board may do any other or additional things appropriate to implement powers conferred upon it by this Agreement.

ARTICLE VII

FINANCE.—

(a) The Board shall advise the Governor or designated officer or officers of each party state of its budget of estimated expenditures for such period as may be required by the laws of that party state. Each of the Board's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states.

(b) The total amount of appropriation requests under any budget shall be apportioned among the party states. Such apportionment shall be in accordance with the following formula:

1. One-third in equal shares,
2. One-third in the proportion that the population of a party state bears to the population of all party states, and
3. One-third in the proportion that the per capita income in a party state bears to the per capita income in all party states.

In implementing this formula, the Board shall employ the most recent authoritative sources of information and shall specify the sources used.

(c) The Board shall not pledge the credit of any party state. The Board may meet any of its obligations in whole or in part with funds available to it pursuant to Article VI (h) of this Agreement, provided that the Board takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the Board makes use of funds available to it pursuant to Article VI (h), or borrows pursuant to this paragraph, the Board shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same. The Board may borrow against anticipated revenues for terms not to exceed two years, but in any such event the credit pledged shall be that of the Board and not of a party state.

(d) The Board shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Board shall be subject to the audit and accounting procedures established by its Bylaws. However, all receipts and disbursements of funds handled by the Board shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the Board.

(e) The accounts of the Board shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the Board.

(f) Nothing contained herein shall be construed

to prevent Board compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the Board.

ARTICLE VIII
COOPERATION WITH THE FEDERAL GOVERNMENT AND OTHER GOVERNMENTAL ENTITIES.—

Each party state is hereby authorized to participate in cooperative or joint planning undertakings with the Federal Government, and any appropriate agency or agencies thereof, or with any interstate agency or agencies. Such participation shall be at the instance of the Governor or in such manner as state law may provide or authorize. The Board may facilitate the work of state representatives in any joint interstate or cooperative federal-state undertaking authorized by this Article, and each such state shall keep the Board advised of its activities in respect of such undertakings, to the extent that they have interstate or regional significance.

ARTICLE IX
SUBREGIONAL ACTIVITIES.—

The Board may undertake studies or investigations centering on the problems of one or more selected subareas within the region: provided that in its judgment, such studies or investigations will have value as demonstrations for similar or other areas within the region. If a study or investigation that would be of primary benefit to a given state, unit of local government, or intrastate or interstate area is proposed, and if the Board finds that it is not justified in undertaking the work for its regional value as a demonstration, the Board may undertake the study or investigation as a special project. In any such event, it shall be a condition precedent that satisfactory financing and personnel arrangements be concluded to assure that the party or parties benefited bear all costs which the Board determines that it would be inequitable for it to assume. Prior to undertaking any study or investigation pursuant to this Article as a special project, the Board shall make reasonable efforts to secure the undertaking of the work by another responsible public or private entity in accordance with the policy set forth in Article IV (b).

ARTICLE X
COMPREHENSIVE LAND USE PLANNING.—

If any two or more contiguous party states desire to prepare a single or consolidated comprehensive land use plan, or a land use plan for any interstate area lying partly within each such state, the Governors of the states involved may designate the Board as their joint agency for the purpose. The Board shall accept such designation and carry out such responsibility; provided that the states involved make arrangements satisfactory to the Board to reimburse it or otherwise provide the resources with which the land use plan is to be prepared. Nothing contained in this Article shall be construed to deny the availability for use in the preparation of any such plan of data and information already in the possession of the Board or to require payment on account of the use

thereof in addition to payments otherwise required to be made pursuant to other provisions of this Agreement.

ARTICLE XI
COMPACTS AND AGENCIES UNAFFECTED.—

Nothing in this Agreement shall be construed to:

1. Affect the powers or jurisdiction of any agency of a party state or any subdivision thereof.

2. Affect the rights or obligations of any governmental units, agencies or officials, or of any private persons or entities conferred or imposed by any interstate or interstate-federal compacts to which any one or more states participating herein are parties.

3. Impinge on the jurisdiction of any existing interstate-federal mechanism for regional planning or development.

ARTICLE XII
ELIGIBLE PARTIES; ENTRY INTO AND WITHDRAWAL.—

(a) This Agreement shall have as eligible parties the states of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia, West Virginia, the Commonwealth of Puerto Rico, and the Territory of the Virgin Islands, hereinafter referred to as party states.

(b) Any eligible state may enter into this Agreement and it shall become binding thereon when it has adopted the same; provided that in order to enter into initial effect, adoption by at least five states shall be required.

(c) Adoption of the Agreement may be either by enactment thereof or by adherence thereto by the Governor; provided that in the absence of enactment, adherence by the Governor shall be sufficient to make his state a party only until December 31, 1973. During any period when a state is participating in this Agreement through gubernatorial action, the Governor may provide to the Board an equitable share of the financial support of the Board from any source available to him. Nothing in this paragraph shall be construed to require a Governor to take action contrary to the constitution or laws of his state.

(d) Except for a withdrawal effective on December 31, 1973, in accordance with paragraph (c) of this Article, any party state may withdraw from this Agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the Governor of the withdrawing state has given notice in writing of the withdrawal to the Governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

ARTICLE XIII
CONSTRUCTION AND SEVERABILITY.—

This Agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Agreement shall be severable and if any phrase, clause, sentence or provision of this Agreement is declared to be contrary to the constitution of any

state or of the United States, or the application thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Agreement and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Agreement shall be held contrary to the constitution of any state participating therein, the Agreement shall remain in full force and effect as to the state affected as to all severable matters.

23.167 Unlawful employment practices; remedies; construction.—

(1) It is an unlawful employment practice for an employer:

(a) To discharge or to fail or refuse to hire any individual, or otherwise to discriminate against any individual with respect to compensation, terms, conditions, or privileges of employment, because of such individual's race, color, religion, sex, national origin, age, handicap, or marital status.

(b) To limit, segregate, or classify employees or applicants for employment in any way which would deprive or tend to deprive any individual of employment opportunities, or adversely affect any individual's status as an employee, because of such individual's race, color, religion, sex, national origin, age, handicap, or marital status.

(2) It is an unlawful employment practice for an employment agency to fail or refuse to refer for employment, or otherwise to discriminate against, any individual because of race, color, religion, sex, national origin, age, handicap, or marital status or to classify or refer for employment any individual on the basis of race, color, religion, sex, national origin, age, handicap, or marital status.

(3) It is an unlawful employment practice for a labor organization:

(a) To exclude or to expel from its membership, or otherwise to discriminate against, any individual because of race, color, religion, sex, national origin, age, handicap, or marital status.

(b) To limit, segregate, or classify its membership or applicants for membership, or to classify or fail or refuse to refer for employment any individual, in any way which would deprive or tend to deprive any individual of employment opportunities, or adversely affect any individual's status as an employee or as an applicant for employment, because of such individual's race, color, religion, sex, national origin, age, handicap, or marital status.

(c) To cause or attempt to cause an employer to discriminate against an individual in violation of this section.

(4) It is an unlawful employment practice for any employer, labor organization, or joint labor-management committee controlling apprenticeship or other training or retraining, including on-the-job training programs, to discriminate against any individual because of race, color, religion, sex, national origin, age, handicap, or marital status in admission to, or employment in, any program established to provide apprenticeship or other training.

(5) Whenever, in order to engage in a profession, occupation, or trade, it is required that a person receive a license, certification, or other credential, become a member or an associate of any club, association, or other organization, or pass any examination, it is an unlawful employment practice for any person to discriminate against any other person seeking such license, certification, or other credential, seeking to become a member or associate of such club, association, or other organization, or seeking to take or pass such examination, because of such other person's race, color, religion, sex, national origin, age, handicap, or marital status.

(6) It is an unlawful employment practice for an employer, labor organization, employment agency, or joint labor-management committee to print, or cause to be printed or published, any notice or advertisement relating to employment, membership, classification, referral for employment, or apprenticeship or other training, indicating any preference, limitation, specification, or discrimination, based on race, color, religion, sex, national origin, age, absence of handicap, or marital status.

(7) It is an unlawful employment practice for an employer, an employment agency, a joint labor-management committee, or a labor organization to discriminate against any person because that person has opposed any practice which is an unlawful employment practice under this section, or because that person has made a charge, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this section.

(8) Notwithstanding any other provision of this section, it is not an unlawful employment practice under this part for an employer, employment agency, labor organization, or joint labor-management committee to:

(a) Take or fail to take any action on the basis of religion, sex, national origin, age, handicap, or mari-

tal status in those certain instances in which religion, sex, national origin, age, absence of a particular handicap, or marital status is a bona fide occupational qualification reasonably necessary for the performance of the particular employment to which such action or inaction is related.

(b) Observe the terms of a bona fide seniority system, a bona fide employee benefit plan such as a retirement, pension, or insurance plan, or a system which measures earnings by quantity or quality of production, which is not designed, intended, or used to evade the purposes of this part. However, no such employee benefit plan or system which measures earnings shall excuse the failure to hire, and no such seniority system, employee benefit plan, or system which measures earnings shall excuse the involuntary retirement of, any individual on the basis of any factor not related to the ability of such individual to perform the particular employment for which such individual has applied or in which such individual is engaged; except that, with respect to employees who are not protected by s. 112.044, it is not unlawful under this part to involuntarily retire an employee, on the basis of age, pursuant to the terms of such a bona fide employee benefit plan, to the extent that such involuntary retirement is otherwise permitted by the federal Age Discrimination in Employment Act of 1967, as amended by the Age Discrimination in Employment Act Amendments of 1978 (Pub. L. No. 95-256). In the application of the preceding sentence, the definitions established by s. 23.162 shall be substituted in the place of conflicting definitions established by s. 11 of the federal Age Discrimination in Employment Act of 1967, as amended.

(c) Take or fail to take any action on the basis of age, pursuant to law or regulation governing any employment or training program designed to benefit persons of a particular age group.

(9) Each employer, employment agency, and labor organization shall post and keep posted in conspicuous places upon its premises a notice provided by the commission setting forth such information as the commission deems appropriate to effectuate the purposes of this part.

(10) Any person aggrieved by a violation of this section may file a complaint with the commission within 180 days of the alleged violation, naming the employer, employment agency, labor organization, or joint labor-management committee, or, in the case of an alleged violation of subsection (5), the person, responsible for the violation and describing the violation. The commission, a commissioner, or the Attorney General may in like manner file such a complaint.

(11)(a) In the event that any other agency of the state or of any other unit of government of the state has jurisdiction of the subject matter of any complaint filed with the commission and has legal authority to investigate or act upon the complaint, the commission may refer such complaint to such agency. Referral of such a complaint by the commission shall not constitute agency action within the meaning of s. 120.52(2). In the event of any referral under this subsection, the commission shall accord substantial weight to final findings and orders of any such agency.

(b) If any such agency has legal authority to investigate such a complaint and to provide relief substantially identical to that available under this section, the commission may provide by rule, in accordance with criteria established by rule, that all such complaints shall be deferred to such agency. In the event that such agency, within 20 days of deferral of such a complaint, gives notice to the commission that the agency accepts jurisdiction of the complaint, the commission shall cease to have jurisdiction of the complaint.

(12) In the event that the commission fails to conciliate or take final action on any complaint under this section within 180 days of filing, an aggrieved person may bring a civil action against the named employer, employment agency, labor organization, or joint labor-management committee, or, in the case of an alleged violation of subsection (5), the person, in any court of competent jurisdiction. The commencement of such action shall divest the commission of jurisdiction of such complaint, except that the commission may intervene as a matter of right.

(13) In the event that the commission, in the case of a complaint under subsection (10), or the court, in the case of a civil action under subsection (12), finds

that an unlawful employment practice has occurred, it shall issue an order prohibiting the practice and providing affirmative relief from the effects of the practice, including reasonable attorney's fees. Upon such notice as the commission or the court, as appropriate, may require, such order, or any subsequent order upon the same complaint or action, may provide relief for all individuals aggrieved by any such unlawful employment practice. No liability for back pay shall accrue from a date more than 2 years prior to the filing of a complaint with the commission.

(14) All complaints filed with the commission under this part, and all records and documents in the custody of the commission, which relate to and identify a particular complainant, employer, employment agency, labor organization, or joint labor-management committee shall be confidential and shall not be disclosed by the commission, except to the parties or in the course of a hearing or proceeding under this part. The restriction of this subsection shall not apply to any record or document which is part of the record of any hearing or court proceeding.

Any accused person claiming insolvency shall file with the court an affidavit, the form for which shall be promulgated by the Department of Legal Affairs, and such affidavit shall supply and be consistent with the information required in subsection (2). The public defender shall be allowed process of the court to summon witnesses to testify before the court concerning the financial ability of any accused person to employ counsel for his own defense.

(2)(a) In proceedings for the determination of insolvency, there shall be a presumption of solvency, and the defendant shall have the burden of rebutting the presumption by competent proof.

(b) The following facts shall be prima facie evidence of solvency:

1. The defendant has been released on bail in the amount of \$1500 or more.

2. The defendant has no dependents and his gross income exceeds \$75 per week; the income limit shall be increased by \$10 per week for each of the first two dependents of the defendant and by \$5 per week for each dependent beyond the first two.

(c) The court shall also consider the following additional circumstances in determining insolvency:

1. The probable expense and burden of defending the case;

2. The ownership of, or equity in, any intangible

or tangible personal property or real property or the expectancy of an interest in any such property by the defendant; and

3. The amount of debts owed by defendant or debts that might be incurred by the defendant because of illness or other misfortunes within his family.

(d) When the public defender, or a special assistant public defender appointed pursuant to s. 27.53(2), is appointed to represent a minor in any proceeding in circuit court or in a criminal proceeding in any other court, the parents of the minor child shall be liable for the costs of such representation in an amount not to exceed \$750. Liability for the costs of such representation may be imposed in the form of a lien against the parents, which lien shall be enforceable by contempt proceedings. The court shall determine the amount of the obligation, and in determining the amount of the obligation the court shall follow the procedure outlined by this section.

(3) If the trial court shall determine and adjudge, within 1 year after the determination of insolvency, that any accused was erroneously or improperly determined to be insolvent the state attorney may, in the name of the state, proceed against such accused for the reasonable value of the services rendered to the accused and including all costs paid by the state or county in his behalf. Any amount recovered shall be deposited in the General Revenue Fund to the account from which the expenses of the office of public defender are paid.

(2) In addition, any member of the bar in good standing may be appointed by the court to, or may register his or her availability to the public defender of each judicial circuit for acceptance of, special assignments without salary to represent insolvent defendants. Such persons shall be listed and referred to as special assistant public defenders and be paid a fee and costs and expenses. Such fee and costs and expenses shall be fixed by the trial judge and shall be paid in the same manner and amount as counsel fees are paid in capital cases or as otherwise provided by law. In addition, defense counsel may be assigned and paid pursuant to any existing or future local act or general act of local application.

(3) If at any time during the representation of two or more indigents the public defender shall determine that the interests of those accused are so adverse or hostile that they cannot all be counseled by the public defender or his staff without conflict of interest, or that none can be counseled by the public defender or his staff because of conflict of interest, it shall be his duty to move the court to appoint one or more members of The Florida Bar who are in no way affiliated with the public defender in his capacity as such, or in his private practice, to represent those

accused. However, the trial court shall appoint such other counsel upon its own motion when the facts developed upon the face of the record and files in the cause disclose such conflict, and said attorney may, in the discretion of the court, be paid a fee and costs and expenses as is provided in subsection (2).

(4) The appropriations for the offices of public defender shall be determined by a funding formula based on population and such other factors as may be deemed appropriate in a manner to be determined by this subsection and any subsequent appropriations act.

27.5301 Salaries of public defenders and assistant public defenders.—

(1)(a) The salaries of public defenders shall be fixed in paragraph (b) and any subsequent appropriation act based on population categories of the various judicial circuits.

(b) The annual salaries of the public defenders shall be as follows:

1. In those circuits having a population of 100,000 or less\$25,000
2. In those circuits having a population of more than 100,000 but less than 200,000 27,000
3. In those circuits having a population of more than 200,000 29,000.

(2) The salary for each assistant public defender shall be set by the public defender of the same judicial circuit in an amount not to exceed 90 percent of that public defender's salary and shall be paid from funds appropriated for that purpose. Assistant public defenders who serve in less than a full-time capacity shall be compensated for services performed in an amount to be in proportion to the salary allowed for full-time services.

History.—ss. 3, 7, ch. 72-327. cf.—s. 11.031 Official census.

(2) No county or municipality shall appropriate or contribute funds to the operation of the offices of the various public defenders.

(3) The public defenders shall be provided by the counties within their judicial circuits with such office space, utilities, telephone services, and custodial services as may be necessary for the proper and efficient functioning of these offices. The office space and utilities to be provided by the counties shall not be less than the standards for space allotment promulgated by the Department of General Services. The counties shall not provide less of these services than were provided in fiscal year 1972-1973.

(4) It is hereby prohibited for any public defender

to receive from any county or municipality any supplemental salary.

27.55 Compensation of public defender and expenditures for office in newly created circuit.—

(1) In the event new judicial circuits are created, the Executive Office of the Governor is authorized to release the necessary moneys for the payment of the salary of the public defender in such newly created circuit in an amount not to exceed the annual salary paid to the public defender in the judicial circuit of which the new circuit was formerly a part.

(2) In the event new judicial circuits are created, the Executive Office of the Governor is authorized to release necessary moneys to operate the public defender's office in the newly created judicial circuit in accordance with the formula provided in the General Appropriations Act of 1967.

History.—s. 2, ch. 63-410; s. 1, ch. 67-333; s. 4, ch. 67-539; ss. 2, 3, ch. 67-371; ss. 31, 35, ch. 69-106; s. 84, ch. 79-190.

27.56 Assistance; lien for payment of attorney's fees or costs.—

(1)(a) The court having jurisdiction over any defendant who has been determined to be guilty of a criminal act by a court or jury or through a plea of guilty or nolo contendere and has received the assistance of the public defender's office or the services of a private attorney appointed pursuant to the Florida Statutes or the Florida Rules of Criminal Procedure shall assess against the defendant attorney's fees and costs. Such costs may include the cost of depositions, investigative costs, witness fees, the cost of psychiatric examinations, or other reasonable costs specially incurred by the county for the defense of the defendant in criminal prosecutions within the county. Costs shall not include expenses inherent in providing a constitutionally guaranteed jury trial or expenditures in connection with the maintenance and operation of government agencies that must be made by the public irrespective of specific violations of law.

(b) Upon entering a judgment of conviction, the trial court may order the defendant to pay the costs assessed by the court in full, or within a time certain as set by the court, after the judgment of conviction becomes final.

(c) After assessment of the attorney's fees and costs, the court may order the defendant to pay the attorney's fees in full or in installments, at the time or times specified. The court may order payment of the assessed attorney's fees as a condition of probation, of suspension of sentence, or of withholding the imposition of sentence.

(2)(a) When payment of attorney's fees or costs has been ordered by the court, there is hereby created in the name of the county in which such assistance was rendered a lien, enforceable as hereinafter provided, upon all the property, both real and personal, of any person who:

1. Has received any assistance from any public defender of the state or from any appointed private legal counsel; or
2. Is a parent of a minor child who is being, or has

been, represented by any public defender of the state or by any special assistant public defender.

Such lien shall constitute a claim against the defendant-recipient or parent and his estate, enforceable according to law, in an amount to be determined by the court in which such assistance was rendered.

(b) Immediately after the issuance of an order for the payment of attorney's fees or costs, a judgment showing the name and residence of the defendant-recipient or parent of said minor child shall be filed for record in the office of the clerk of the circuit court in the county where the defendant-recipient or parent of said minor child resides and in each county in which such defendant-recipient or parent of said minor child then owns or later acquires any property. Said judgments shall be enforced on behalf of the county by the board of county commissions of the county in which assistance was rendered.

(3) In lieu of the procedure above described, the court is authorized to require that the defendant-recipient of the services of the public defender or appointed private legal counsel, or the parent of a minor child who has received such services, execute a lien upon his real or personal property, presently owned or after-acquired, as security for the debt created hereby. Such lien shall be recorded in the public records of the county at no charge by the clerk of the circuit court and shall be enforceable in the same manner as mortgages.

(4) The board of county commissioners of the county wherein the defendant-recipient was tried or received the services of a public defender or special assistant public defender is authorized to enforce, satisfy, compromise, settle, subordinate, release, or otherwise dispose of any debt or lien hereby imposed. A defendant-recipient who has been ordered to pay attorney's fees or costs and who is not in willful default in the payment thereof may, at any time, petition the court which entered the order for remission of the payment of attorney's fees or costs or of any unpaid portion thereof. If it appears to the satisfaction of the court that payment of the amount due will impose manifest hardship on the defendant-recipient or his immediate family, the court may remit all or part of the amount due in attorney's fees or costs, or modify the method of payment.

(5) The board of county commissioners of the county claiming such lien is authorized to contract with a collection agency for collection of such debts or liens, provided the fee for such collection shall be on a contingent basis not to exceed 50 percent of the recovery. However, no fee shall be paid to any collection agency by reason of foreclosure proceedings against real property or from the proceeds from the sale or other disposition of real property.

(6) No lien thus created shall be foreclosed upon the homestead of such defendant-recipient or such parent of a minor child, nor shall any defendant-recipient or parent of a minor child who is ordered to pay attorney's fees or costs be denied any of the protections afforded any other civil judgment debtor.

(7) The court having jurisdiction of the defendant-recipient may, at such stage of the proceedings as the court may deem appropriate, determine the

value of the services of the public defender or appointed private legal counsel, and costs, at which time the defendant-recipient, after adequate notice thereof, shall have opportunity to be heard and offer objection to the determination, and to be represented by counsel, with due opportunity to exercise and be accorded the procedures and rights provided in the laws and court rules pertaining to civil cases at law.

History.—s. 3, ch. 63-410; s. 7, ch. 67-539; s. 1, ch. 72-41; s. 1, ch. 77-264; s. 2, ch. 77-378; s. 10, ch. 79-400.

27.561 Effect of nonpayment.—

(1) Whenever a defendant-recipient shall be ordered to pay attorney's fees or costs, default in the payment thereof shall be cause for finding the defendant-recipient in contempt of court, and the court may issue a show cause citation or a warrant of arrest for the defendant-recipient's appearance.

(2) Unless the defendant-recipient shows that his fault was not attributable to an intentional refusal to obey the order of the court or to a failure on his part to make a good faith effort to make the payment, the court may find that his default constitutes contempt and order him committed until the attorney's fees or costs, or a specified part thereof, are paid or take any other action appropriate under the circumstances, including revocation of probation.

(3) If it appears to the satisfaction of the court that the default in the payment of the attorney's fees or costs is not contempt, the court may enter an order allowing the defendant-recipient additional time for, or reducing the amount of, payment or revoking the assessed attorney's fees or costs, or the unpaid portion thereof, in whole or in part.

History.—s. 2, ch. 77-264.

27.562 Disposition of funds.—All funds collected pursuant to s. 27.56 shall be remitted to the board of county commissioners of the county wherein the defendant-recipient was tried. Such funds shall be placed in the fine and forfeiture fund of that county to be used to defray the expenses incurred by the county in defense of criminal prosecutions. All judgments entered pursuant to the provisions of this act shall be in the name of the county in which the judgment was rendered.

History.—s. 3, ch. 77-264; s. 11, ch. 79-400.

27.57 Reports.—The public defender shall file with the Judicial Administrative Commission quarterly reports of the activities of his office.

History.—s. 6, ch. 63-409; s. 5, ch. 67-539.

27.58 Existing laws.—This act shall not repeal but shall be supplementary to any local law or ordinance heretofore providing for a public defender or assigned defense counsel in any county or counties of the state, and the public defender in such county or counties may continue to operate under such prior act or ordinance to the extent determined by the board of county commissioners thereof; provided, however, that the public defender of each judicial circuit of the state shall be the chief administrator of all public defender services within the circuit

whether such services are rendered by the state or county public defenders.

History.—s. 7, ch. 63-409.

27.59 Access to prisoners.—The public defenders and assistant public defenders shall be empowered to inquire of all persons who are incarcerated

for 48 hours or longer in lieu of bond and to tender them advice and counsel at any time following the expiration of such period, provided that the provisions of this section shall not apply to persons who have engaged private counsel.

History.—s. 6, ch. 67-539.

(1) The sheriffs of the respective counties of the state be and they are hereby authorized and empowered to furnish adequate guard service to vital war industries if requested to so do by such industries; provided, such industries reimburse said sheriffs the actual cost of such guard service; that the furnishing of guard service by said sheriffs to vital war industries is and shall be an official act of the various sheriffs and said guards shall be deemed to be in the employ of the various sheriffs as an instrumentality of the state.

(2) Such guards shall be regular or special deputy sheriffs, residents of the state, citizens of the United States, and bonded, with no prior criminal record, and shall be always under the control of the respective sheriffs who employ said guards. All orders to said guards shall emanate from the respective sheriffs; provided, however, that industry shall have the right to supervise said guards and make recommendations in connection with the guarding of its property to said sheriffs.

(3) The term "industry," as used in this section, shall be construed to include any person, firm or corporation engaged, directly or indirectly, in the manufacture or furnishing of any materials, equipment, commodities or services which contribute to the prosecution of the war effort.

(4) The said guards employed by the various sheriffs hereunder shall be acceptable to the particular industry involved at all times and shall receive such pay as is agreeable to the sheriff, industry, and the guard to be employed.

(5) All guards heretofore employed by sheriffs and used in connection with the guarding of industry, shall be deemed to have been employed according to the terms and conditions of this section and the employment by the various sheriffs in this connection is hereby ratified, confirmed and held to be employment in their official capacities as an instrumentality of the state.

which present a clear and present or probable threat of violence, danger or disorder, or at any time a disorderly situation exists which in his opinion warrants such action.

(2) The power of the sheriff in exercising the authority conferred herein shall be full, complete and plenary.

(3) Any public recreation facility closed pursuant to the provisions of this section shall be reopened by the sheriff when the conditions upon which such closing was predicated have abated.

If no property is specifically described, then he shall levy upon any property in the possession of the defendant which is described in instructions for levy upon the request of the plaintiff or the plaintiff's attorney listing such property or upon any property assessed against the defendant on the current tax rolls of the county or registered in his name under any law of the United States or of the state.

(2) No sheriff shall be liable in damages to anyone whomsoever for making a wrongful levy whenever the same has been made as required under subsection (1).

(3) If the sheriff, in attempting to execute any writ describing specific property, shall find it in the possession of anyone, other than the defendant, who is claiming the ownership or the right to the possession thereof, the sheriff, in his discretion, may require the plaintiff suing out the writ to furnish a bond, payable to such sheriff, in a sum not exceeding the reasonable value of the described property, as fixed by such sheriff, with sureties satisfactory to him conditioned to hold him harmless against liability for any loss or damage that might be sustained by anyone whomsoever by reason of his levying upon such described property, and indemnifying him for any expense (including reasonable attorney's fees) incurred by reason of any such claim.

(4) If the sheriff, in attempting to execute any writ not describing specific property, shall be requested to levy upon any property other than that described in subsection (1), he may require the plaintiff suing out the writ to furnish a bond upon the terms and conditions prescribed in subsection (3).

(5) Whenever a party suing out any writ shall demand that the sheriff levy upon specific property and anyone, other than the defendant, shall claim the ownership or right of possession thereof, the sheriff, at his option, may file a petition in the court out of which the writ issued and procure a rule to issue to the plaintiff and to the party so claiming the property or the right to possession thereof, to show cause why the levy should or should not be made; provided, that if the issue shall involve the titles or boundaries of real estate, the petition shall be filed in the circuit court. The judge of such court, after due notice to all parties in interest, shall determine whether or not such property is subject to levy under the writ. Any party aggrieved by such ruling, includ-

ing the sheriff, may appeal therefrom, as from a final decree in a chancery cause, and may have a supersedeas upon such terms and conditions as the judge shall fix. In the event the property is ultimately held to be subject to the writ, the plaintiff's writ shall have priority over any writs levied subsequent to the date upon which the plaintiff's writ was delivered to the sheriff.

(6) No sheriff shall be liable for making any levy pursuant to the specific order of a court of competent jurisdiction.

On return of such appraisal, if the claimant shall, with one or more sureties, to be approved by the judge, execute a bond to the governor and his successors in office, for the payment of a sum equal to the sum at which the timber was appraised, the judge shall order the timber delivered to the claimant, and the bond shall be lodged with the proper officer of the court. At the next term

of the circuit court the evidence shall be heard, and if judgment shall pass in favor of the claimant, the court shall order said bond canceled, but if judgment shall pass against the claimant as to the whole or any part of such timber, and the claimant shall not at once pay into the court the amount of the appraised value of such timber, with the costs, judgment shall be granted upon the bond, on motion, in open court, without further delay.

(2) For purposes of uniformity and in aid of the recognition of their official identity by the public, a badge in the shape of a five-pointed star with a replica of the great seal of Florida with the map of Florida superimposed thereon inscribed in the center is designated as the official badge to be worn by the sheriffs and deputy sheriffs of all counties of the state.

(3) It shall be unlawful for any person other than the sheriffs of Florida and their deputies, to color or cause to be colored any motor vehicle or motorcycle the same or similar color combination prescribed herein; provided, however, that any municipal police department or other law enforcement agency or any private person or concern using the same or similar color combination as of the date of this act shall be permitted to continue to use such colors until such time as new colors are adopted by such agencies, or private person or concern.

30.49 Budgets.—

(1) At the time fixed by law for preparation of the county budget, each sheriff shall certify to the board of county commissioners a proposed budget of expenditures for the carrying out of the powers, duties, and operations of his office for the ensuing fiscal year of the county. The fiscal year of the sheriff shall henceforth commence on October 1 and end on September 30 of each year.

(2) The sheriff shall submit with the proposed budget his sworn certificate, stating that the proposed expenditures are reasonable and necessary for the proper and efficient operation of the office for the ensuing year. Each proposed budget shall show the estimated amounts of all proposed expenditures for operating and equipping the sheriff's office and jail other than construction, repair, or capital improvement of county buildings during the said fiscal year. The expenditures shall be itemized as follows:

- (a) Salary of the sheriff.
- (b) Salaries of deputies and assistants.
- (c) Expenses, other than salaries.
- (d) Equipment.
- (e) Investigations.
- (f) Reserve for contingencies.

(3) The sheriff shall furnish to the board of county commissioners or the budget commission, if there is a budget commission in the county, all relevant and pertinent information concerning expenditures made in previous years and to the proposed expenditures which said board or commission shall deem necessary except that the board or commission may not require confidential information concerning details of investigations.

(4) The board of county commissioners or the budget commission, as the case may be, may require the sheriff to correct mathematical, mechanical, factual and clerical errors and errors as to form in the proposed budget. No later than August 1 of each year, the said board or commission, as the case may be, may amend, modify, increase, or reduce any or all items of expenditure in the proposed budget and, as amended, modified, increased, or reduced, shall approve said budget, giving written notice of their action to the sheriff, specifying in such notice the specific items so amended, modified, increased, or reduced. The budget shall include the salaries and expenses of the sheriff's office, cost of operation of the county jail, purchase, maintenance and opera-

tion of equipment, including patrol cars, radio systems, transporting prisoners, court duties, and all other salaries, expenses, equipment, and investigation expenditures of the entire sheriff's office for the previous year. The sheriff, within 30 days after receiving written notice of such action by the board or commission, either in person or in his office, may file an appeal to the Administration Commission. Such appeal shall be by petition to the Administration Commission, which petition shall set forth the budget proposed by the sheriff in the form and manner prescribed by the Executive Office of the Governor and approved by the Administration Commission and the budget as approved by the board of county commissioners or the budget commission, as the case may be, and shall contain the reasons or grounds for the appeal. Such petition shall be filed with the Executive Office of the Governor, and a copy of said petition shall be served upon the board or commission from whose decision appeal is taken by delivering the same to the chairman or president thereof or to the clerk of the circuit court. The board of county commissioners or the budget commission, as the case may be, shall have 5 days from delivery of a copy of any such petition to file with the Executive Office of the Governor a reply thereto and shall deliver a copy of such reply to the sheriff.

(5) Upon receipt of the petition, the Executive Office of the Governor shall provide for a budget hearing at which the matters presented in the petition and the reply shall be considered. A report of the findings and recommendations of the Executive Office of the Governor thereon shall be promptly submitted to the Administration Commission, which, within 30 days, shall either approve the action of the board or commission as to each separate item, or approve the budget as proposed by the sheriff as to each separate item, or amend or modify said budget as to each separate item within the limits of the proposed board of expenditures and the expenditures as approved by the board of county commissioners or the budget commission, as the case may be. The budget as approved, amended, or modified by the Administration Commission shall be final.

(6) The board of county commissioners and the budget commission, if there is a budget commission within the county, shall include in the county budget the items of proposed expenditures as set forth in the budget required by this section to be submitted, after the said budget has been reviewed and approved as provided herein; and the said board or commission, as the case may be, shall include the reserve for contingencies provided herein for each budget of the sheriff in the reserve for contingencies in the budget of the appropriate county fund.

(7) The reserve for contingencies in the budget of a sheriff shall be governed by the same provisions governing the amount and use of the reserve for contingencies appropriated in the county budget, except that the reserve for contingency in the budget of the sheriff shall be appropriated upon written request of the sheriff.

(8) The items placed in the budget of the board of county commissioners pursuant to this law shall be subject to the same provisions of law as the county annual budget; provided, that no amendments may

be made to the appropriations for the sheriff's office except as requested by the sheriff.

(9) The proposed expenditures in the budget shall be submitted to the board of county commissioners or budget commission, if there is a budget commission within the county, by July 1 each year, and the said budget shall be included by the said board or commission, as the case may be, in the budget of either the general fund or the fine and forfeiture fund, or in part of each.

(10) If in the judgment of the sheriff an emergency should arise by reason of which the sheriff would be unable to perform his duties without the expenditure of larger amounts than those provided in the budget, he may apply to the board of county commissioners for the appropriation of additional amounts. If the board of county commissioners approves the sheriff's request, no further action is required on either party. If the board of county commissioners disapproves a portion or all of the sheriff's request, the sheriff may apply to the Administration Commission for the appropriation of additional amounts. The sheriff shall at the same time deliver a copy of the application to the Administration Commission, the board of county commissioners, and the budget commission, if there is a budget commission within the county. The Administration Commission may require a budget hearing on the application, after due notice to the sheriff and to the boards, and may grant or deny an increase or increases in the appropriations for the sheriff's offices. If any increase is granted, the board of county commissioners, and the budget commission, if there is a budget commission in the county, shall amend accordingly the budget of the appropriate county fund or funds. Such budget shall be brought into balance, if possible, by application of excess receipts in the said county fund or funds. If such excess receipts are not available in sufficient amount, the county fund budget or budgets shall be brought into balance by adding an item of "Vouchers unpaid" in the appropriate amount to the receipts side of the budget, and provision for paying such vouchers shall be made in the budget of the county fund for the next fiscal year.

(11) The Administration Commission shall file, before February 1 of each year, an annual report as to the appeals made pursuant to this section and its rulings thereon. The report shall be submitted to the presiding officers and the chairmen of the appropriations committees of both houses of the legislature.

Provided further that any part of the amount budgeted for equipment shall be paid at any time during the year upon the request of the sheriff.

(2) The sheriff shall deposit the county warrant

or warrants in his official bank account as provided in s. 30.51 (3) and draw his own checks thereon in payment of the salaries of himself and his deputies, clerks and employees and the expenses of his office. All salaries paid shall be supported by payrolls, and all expenses paid shall be supported by approved bills; provided, that the sheriff may draw a check to himself for the expense of an investigation, and may note on the voucher only the information that he may consider proper to divulge.

(3) The sheriff may set up a revolving fund for payment in cash of small items. The revolving fund shall be reimbursed from time to time by payment of the vouchers representing the cash payments.

(4) The sheriff shall keep necessary budget accounts and records, and shall charge all paid bills and payrolls to the proper budget accounts. The reserve for contingencies, or any part thereof, may be transferred to any of the budget appropriations, in the discretion of the sheriff. With the approval of the board of county commissioners, or of the budget commission if there is a budget commission in the county, the budget may be amended as provided for county budgets in s. 129.06(2).

(5) All expenses incurred in the fiscal year for which the budget is made shall be vouchered and charged to the budget for that year, and to carry out this purpose the books may be held open for 30 days after the end of the year.

(6) All unexpended balances at the end of each fiscal year shall be refunded to the board of county commissioners, and deposited to the county fund or funds from which payment was originally made.

History.—s. 4, ch. 57-368.

30.51 Fees and commissions.—

(1) No bills shall be rendered to the county for any services, nor shall any fees, commissions, or other remuneration for official services as sheriff be paid by the board of county commissioners of any county to the sheriff of the county except as provided by this section. All fees, commissions and other remuneration provided by law for services other than criminal shall be charged by the said sheriff to other authorities and parties doing business with their offices, and shall be paid over to the county as provided in this section.

(2) The fees authorized, or a deposit sufficient to cover them, shall be collected in advance from the party who requests the service; provided, that services may be performed for any governmental agency or unit without advance payment, and the officer shall bill and collect the fees earned from such agency after the service is performed or when the amount due is determined.

(3) Deposits for fees shall be placed in a depository trust account. The officer who receives the deposit shall keep an account with the depositor, and shall withdraw monthly from the deposits the fees earned and shall remit them to the county fund or funds as provided by this section.

(4) Fees or commissions commingled when received with other official collections may be deposited with such other collections in the trust account or accounts and distributed to the county fund or funds at the time that the other collections, with which they were received, are distributed.

(5) All fees, commissions, or other funds collected by the sheriff for services rendered or performed by his office shall be remitted monthly to the county, in the manner prescribed by the auditor general.

(2) In consideration for the premiums for such insurance, it shall be the part of any insurance contract providing such coverage that the insured shall not be entitled to the benefit defense of government immunity in any suit resulting against the sheriff, his deputies or employees, or in any suit brought against the insurers to enforce collection under such contract.

Any and all attempted judicial acts by any judge so disqualified in a cause, whether done inadvertently or otherwise, shall be utterly null and void and of no effect. No judge shall be disqualified from sitting in the trial of any suit in which any county or municipal corporation is a party by reason that such judge is a resident or taxpayer within such county or municipal corporation.

History.—s. 2, ch. 16053, 1933; CGL 1936 Supp. 4155(1); s. 1, ch. 59-43.

38.02 Suggestion of disqualification; grounds; proceedings on suggestion and effect.

—In any cause in any of the courts of this state any party to said cause, or any person or corporation interested in the subject matter of such litigation, may at any time before final judgment, if the case be one at law, and at any time before final decree, if the case be one in chancery, show by a suggestion filed in the cause that the judge before whom the cause is pending, or some person related to said judge by consanguinity or affinity within the third degree, is a party thereto, or is interested in the result thereof, or that said judge is related to an attorney or counselor of record in said cause by consanguinity or affinity within the third degree, or that said judge is a material witness for or against one of the parties to

said cause, but such an order shall not be subject to collateral attack. Such suggestions shall be filed in the cause within 30 days after the party filing the suggestion, or his attorney, or attorneys, of record, or either of them, learned of such disqualification, otherwise the ground, or grounds, of disqualification shall be taken and considered as waived. If the truth of any suggestion appear from the record in said cause, the said judge shall forthwith enter an order reciting the filing of the suggestion, the grounds of his disqualification, and declaring himself to be disqualified in said cause. If the truth of any such suggestion does not appear from the record in said cause, the judge may by order entered therein require the filing in the cause of affidavits touching the truth or falsity of such suggestion. If the judge finds that the suggestion is true, he shall forthwith enter an order reciting the ground of his disqualification and declaring himself disqualified in the cause; if he finds that the suggestion is false, he shall forthwith enter his order so reciting and declaring himself to be qualified in the cause. Any such order declaring a judge to be disqualified shall not be subject to collateral attack nor shall it be subject to review. Any such order declaring a judge qualified shall not be subject to collateral attack but shall be subject to review by the court having appellate jurisdiction of the cause in connection with which the order was entered.

History.—s. 3, ch. 16053, 1933; CGL 1936 Supp. 4155(2); s. 1, ch. 26890, 1951; s. 6, ch. 63-559.

38.03 Waiver of grounds of disqualification by parties.—The parties to any cause, or their attorneys of record, may, by written stipulation filed in the cause, waive any of the grounds of disqualification named in s. 38.02 and such waiver shall be valid and binding as to orders previously entered as well as to future acts of the judge therein; provided, however, that nothing herein shall prevent a judge from disqualifying himself of his own motion under s. 38.05.

History.—s. 4, ch. 16053, 1933; CGL 1936 Supp. 4155(3).

38.04 Sworn statement by judge holding himself qualified.—Whenever any judge shall enter an order under s. 38.02 declaring himself qualified to act in said cause, he shall contemporaneously therewith file therein a sworn statement that to the best of his knowledge and belief the ground or grounds of the disqualification named in the suggestion do not exist.

History.—s. 5, ch. 16053, 1933; CGL 1936 Supp. 4155(4).

38.05 Disqualification of judge on own motion.—Any judge may of his own motion disqualify himself where, to his own knowledge, any of the grounds for a suggestion of disqualification, as named in s. 38.02, exist. The failure of a judge to so disqualify himself under this section shall not be assignable as error or subject to review.

History.—s. 6, ch. 16053, 1933; CGL 1936 Supp. 4155(5); s. 6, ch. 63-559.

38.06 Effect of acts where judge fails to disqualify himself.—In any cause where the grounds for a suggestion of disqualification, as set forth in s. 38.02, appear of record in the cause, but no suggestion of disqualification is filed therein, the orders, judgments and decrees entered therein by the judge shall be valid. Where, on a suggestion of disqualification the judge enters an order declaring himself qualified, the orders, judgments and decrees entered therein by the said judge shall not be void and shall not be subject to collateral attack.

History.—s. 7, ch. 16053, 1933; CGL 1936 Supp. 4155(6).

38.07 Effect of orders, etc., entered prior to disqualification; petition for reconsideration.—Where orders have been entered in any cause by a judge prior to the entry of any order of disqualification under s. 38.02 or s. 38.05, and party to the cause may, within 30 days after the filing in the cause of the order of the Chief Justice of the Supreme Court, as provided for in s. 38.09, petition the judge so designated by said chief justice for a reconsideration of the orders entered by the disqualified judge prior to the date of the entry of the order of disqualification. Such a petition shall set forth with particularity the matters of law or fact to be relied upon as grounds for the modification or vacation of the said orders. Such a petition shall be granted as a matter of right. Upon the granting of the petition, notice of the time and place of the hearing thereon, together with a copy of the petition, shall be mailed by the attorney, or attorneys, of record for the petitioners to the other attorney, or attorneys of record, or to the party or parties if they have no attorneys of record. This notice shall be mailed at least 8 days prior to the date fixed by the judge for the said hearing. The judge before whom the cause is then pending may, after hearing had, affirm, approve, confirm, reenter, modify or vacate said orders.

History.—s. 8, ch. 16053, 1933; CGL 1936 Supp. 4155(7); s. 10, ch. 63-572.

38.08 Effect of orders where petition for reconsideration not filed.—If no petition for reconsideration is filed, as provided for in s. 38.07, all orders entered by the disqualified judge prior to the entry of the order of disqualification shall be as binding and valid as if said orders had been duly entered by a qualified judge authorized to act in the cause. The fact that an order was entered by a judge who is subsequently disqualified under s. 38.02 or s. 38.05, shall not be assignable as error subject to review by the appropriate appellate court unless a petition for reconsideration as provided for in s. 38.07, was filed by the party urging the matter as error, and the judge before whom the cause was then pending refused to vacate or modify said order.

History.—s. 9, ch. 16053, 1933; CGL 1936 Supp. 4155(8); s. 6, ch. 63-559.

38.09 Designation of judge to hear cause when order of disqualification entered.—Every judge of this state shall upon the entry of an order of disqualification advise the Chief Justice of the Supreme Court of the entry of said order who shall enter an order of assignment as provided by the Florida Appellate Rules. In the event any judge shall be disqualified as herein provided, upon application for any temporary writ of injunction or habeas corpus,

he shall immediately enter an order of disqualification, whereupon said cause may be presented to any other judge of a court of the same jurisdiction as the court in which said cause is pending, and it shall be the duty of any such judge to hear and determine such matters until such substitute judge is so designated.

History.—s. 10, ch. 16053, 1933; CGL 1936 Supp. 4155(9); s. 11, ch. 63-572; s. 20, ch. 73-333.

38.10 Disqualification of judge for prejudice; application; affidavits; etc.—Whenever a party to any action or proceeding, shall make and file an affidavit that he fears that he will not receive a fair trial in the court where the suit is pending on account of the prejudice of the judge of said court against the applicant, or in favor of the adverse party, such judge shall proceed no further therein, but another judge shall be designated in the manner prescribed by the laws of this state for the substitution of judges for the trial of causes where the presiding judge is disqualified. Every such affidavit shall state the facts and the reasons for the belief that any such bias or prejudice exists, and such affidavit shall be filed not less than 10 days before the beginning of the term of court, or good cause shown for the failure to so file same within such time. Any such affidavit so filed shall be accompanied by a certificate of counsel of record that such affidavit and application are made in good faith, and the facts stated as a basis for making the said affidavit shall be supported in substance by affidavit of at least two reputable citizens of the county not of kin to defendant or counsel for the defendant; provided, however, that when any party to any action shall have suggested the disqualification of a trial judge and an order shall have been made admitting the disqualification of such judge and another judge shall have been assigned and transferred to act in lieu of the judge so held to be disqualified the judge so assigned and transferred shall not be disqualified on account of alleged prejudice against the party making the suggestion in the first instance, or in favor of the adverse party, unless such judge shall admit and hold that it is then a fact that he, the said judge, does not stand fair and impartial between the parties, and if such judge shall hold, rule, and adjudge that he does stand fair and impartial as between the parties and their respective interests he shall cause such ruling to be entered on the minutes of the court and shall proceed to preside as judge in the pending cause. The ruling of such judge may be assigned as error, and be reviewed as are other rulings of the trial court.

38.12 Resignation, death, or removal of judges; disposition of pending matters and papers.—Upon the resignation, death, or impeachment of any judge, all matters pending before him shall be heard and determined by his successor, and parties making any motion before such judge shall suffer no detriment by reason of his resignation, death, or impeachment. All judges, upon resignation or impeachment, shall file all papers pending before them with the clerk of the court in which the cause is pending; and the executor or administrator of any judge who dies pending any matter before him shall

file all papers found among the papers of his intestate or testator with the said clerk.

GENERAL PROVISIONS

39.001 Short title, purposes, and intent.

39.01 Definitions.

39.001 Short title, purposes, and intent.—

(1) This chapter shall be known and may be cited as the "Florida Juvenile Justice Act."

(2) The purposes of this chapter are:

(a) To protect society more effectively by substituting for retributive punishment, whenever possible, methods of offender rehabilitation and rehabilitative restitution, recognizing that the application of sanctions which are consistent with the seriousness of the offense is appropriate in all cases.

(b) To assure to all children brought to the attention of the courts, either as a result of their misconduct or because of neglect or mistreatment by those responsible for their care, the care, guidance, and control, preferably in each child's own home, which will best serve the moral, emotional, mental, and physical welfare of the child and the best interests of the state.

(c) To preserve and strengthen the child's family ties whenever possible, removing him from the custody of his parents only when his welfare or the safety and protection of the public cannot be adequately safeguarded without such removal; and, when the child is removed from his own family, to secure for him custody, care, and discipline as nearly as possible equivalent to that which should have been given by his parents; and to assure, in all cases in which a child must be permanently removed from the custody of his parents, that the child be placed in an approved family home and be made a member of the family by adoption.

(d) To provide procedures by which the provisions of the law are executed and enforced as will assure the parties fair hearings at which their rights as citizens are recognized and protected.

(e) To assure that the prosecution and disposition of a child charged and found to have committed a violation of Florida law be exercised with appropriate discretion and in keeping with the seriousness of the offense and that all findings made under this chapter be based upon facts presented at a hearing that meets the constitutional standard of fundamen-

tal fairness.

(3) It is the intent of the Legislature that this chapter be liberally interpreted and construed in conformity with its declared purposes.

History.—s. 1, ch. 26880, 1951; s. 1, ch. 73-231; s. 1, ch. 78-414.
Note.—Former s. 39.20.

39.01 Definitions.—When used in this chapter:

(1) "Abandoned" means a situation in which a parent who, while being able, makes no provision for the child's support and makes no effort to communicate with the child for a period of 6 months or longer. If a parent's efforts to support and communicate with the child during such a 6-month period are, in the opinion of the court, only marginal efforts that do not evince a settled purpose to assume all parental duties, the court may declare the child to be abandoned.

(2) "Abuse" means any willful act that results in any physical, mental, or sexual injury that causes or is likely to cause the child's physical, mental, or emotional health to be significantly impaired.

(3) "Adjudicatory hearing" means a hearing provided for under s. 39.09(1), in delinquency cases, or s. 39.408(1), in dependency cases.

(11) "Court," unless otherwise expressly stated, means the circuit court.

(12) "Crisis home" means a homelike facility authorized by the department and approved by the court for the temporary placement and care of a child who does not require detention or shelter care but who is not able to remain in his own home. A crisis home need not be a licensed facility.

(13) "Department" means the Department of Health and Rehabilitative Services.

(14) "Detention care" means the temporary care of a child in a detention home or nonsecure detention program, including home detention and attention homes as authorized by chapter 959, pending court disposition or execution of a court order.

(15) "Detention hearing" means a hearing provided for under s. 39.032, in delinquency cases, or s. 39.402, in dependency cases.

(16) "Detention home" means a facility used pending court disposition or execution of court order for the temporary care of a child alleged or found to have committed a violation of law. A detention home may provide secure or nonsecure custody. A facility used for the commitment of adjudicated delinquents shall not be considered a detention home.

(17) "Disposition hearing" means a hearing provided for under s. 39.09(3), in delinquency cases, or s. 39.408(2), in dependency cases.

(18) "Intake" means the acceptance of a law enforcement report or complaint and the screening thereof to determine whether action by the court is warranted, the disposition of the report or complaint without court or public agency action when appropriate, the referral of the child to another public or private agency when appropriate, and the recommendation by the intake officer of court action when appropriate.

(19) "Intake officer" means the authorized agent of the department performing the intake function for a child alleged to be delinquent or dependent.

following offenses shall not be considered juvenile traffic offenses but shall be considered delinquent acts for the purposes of this chapter:

(e) Driving without a valid operator's license or while the license is suspended or revoked.

(22) "Legal custody" means a legal status created by court order or letter of guardianship which vests in a custodian of the person or guardian, whether an agency or an individual, the right to have physical custody of the child and the right and duty to protect, train, and discipline him and to provide him with food, shelter, education, and ordinary medical, dental, psychiatric, and psychological care.

(23) "Licensed child-caring agency" means a person, society, association, or agency licensed by the department to care for, receive, and board children.

(24) "Licensed child-placing agency" means a person, society, association, or institution licensed by the department to care for, receive, or board children and to place children in a licensed child-caring institution or a foster or adoptive home.

(25) "Likely to injure oneself" means that, as evidenced by violent or other actively self-destructive behavior, it is more likely than not that within a 24-hour period the child will attempt to commit suicide or inflict serious bodily harm on himself.

(26) "Likely to injure others" means that it is more likely than not that within a 24-hour period the child will inflict serious and unjustified bodily harm on another person.

(27) "Neglect" occurs when a parent or other legal custodian, though financially able, deprives a child of, or allows a child to be deprived of, necessary food, clothing, shelter, or medical treatment or permits a child to live in an environment when such deprivation or environment causes the child's physical, mental, or emotional health to be significantly impaired or to be in danger of being significantly impaired. A parent or guardian legitimately practicing his religious beliefs in accordance with a recognized church or religious organization who thereby does not provide specific medical treatment for a child shall not, for that reason alone, be considered a negligent parent or guardian; however, such an exception shall not preclude a court from ordering, when the health of the child requires it, the provision of medical services by a physician as defined herein or treatment by a duly accredited practitioner who relies solely on spiritual means for healing in accordance with the tenets and practices of a well-recognized church or religious organization.

(28) "Nonsecure shelter" means a place for the temporary care of a child alleged to be, or found to

be, dependent pending court disposition, which may be before or after adjudication, or execution of a court order.

(30) "Protective supervision" means a legal status created by court order in dependency cases which permits the child to remain in his own home or other placement under the supervision of an agent of the department, subject to being returned to the court during the period of supervision.

(31) "Secure shelter" means a physically restricting facility which provides 24-hour continual supervision for the temporary care of a child who is a runaway likely to injure himself or others or in need of care and treatment and who lacks sufficient capacity to determine what course of action is in his own best interest.

(32) "Shelter" includes both nonsecure and secure shelter.

(33) "Taken into custody" means the status of a child immediately when temporary physical control over the child is attained by a person authorized by law, pending the child's release, detention, placement, or other disposition as authorized by law.

(34) "Violation of law" means a violation of any law of the United States or of the state or of an ordinance which would be an infraction, a misdemeanor, or a felony if the violation were committed by an adult.

(35) "Waiver hearing" means a hearing provided for under s. 39.09(2).

39.02 Jurisdiction.—

(1) The circuit court shall have exclusive original jurisdiction of proceedings in which a child is alleged to have committed a delinquent act or violation of law. The circuit court shall have jurisdiction in cases involving offenses described in s. 39.01(21)(a)-(e) and may have jurisdiction in those cases where the child has been found guilty of two or more previous juvenile traffic offenses within 6 months only if the court having jurisdiction over traffic offenses waives jurisdiction and certifies the case to the circuit court. In such case, a petition of delinquency, which may include or consist of the uniform traffic complaint, shall be filed in the circuit court, and the case shall be heard de novo as a delinquency proceeding.

(2) During the prosecution of any violation of law, except for a juvenile traffic offense, against any person who has been presumed to be an adult, if it is shown that the person was a child at the time the offense was committed, then the court shall forthwith transfer the case, together with the physical custody of the child and all physical evidence, papers, documents, and testimony, original and duplicate, connected therewith, to the appropriate court for proceeding under this chapter. The circuit court is exclusively authorized to assume jurisdiction over any delinquent child arrested and charged with violating a federal law or a law of the District of Columbia, who is found or living or domiciled in a county in which the circuit court is established, when the child is surrendered to the circuit court as provided in 18 U.S.C. s. 5001.

(3)(a) Petitions filed under this chapter shall be filed in the county where the delinquent act or violation of law occurred, but the circuit court for that county may, prior to or after adjudication, transfer the case to the circuit court of the circuit in which the child resides or will reside at the time of detention or placement. If the child has been detained, he shall be transferred to the appropriate detention home, crisis home, or other placement directed by the receiving court.

(b) The jurisdiction to be exercised by the court when a child is taken into custody before the filing of a petition under s. 39.06(7) shall be exercised by the circuit court for the county in which the child is taken into custody. This court shall have personal jurisdiction of the child. Upon the filing of a petition in the appropriate circuit court, the court which is exercising such initial jurisdiction of the person of the child shall, if the child has been detained or placed in a crisis home, forthwith cause the child to be transferred to the detention home or other placement as ordered by the court having subject matter jurisdiction of the case.

(4) Notwithstanding the provisions of s. 743.07, when the jurisdiction of any child who is alleged to have committed a delinquent act is obtained, the court shall retain jurisdiction, unless relinquished

by its order, until the child reaches 19 years of age, with the same power over the child that the court had prior to the child becoming an adult. This subsection shall not be construed to prevent the exercise of jurisdiction by any other court having jurisdiction of the child if the child, after becoming an adult, commits a violation of law.

(5)(a) If the court finds, after a waiver hearing, that a child who was 14 years of age or older at the time the alleged violation was committed and who is alleged to have committed a violation of Florida law should be charged and tried as an adult, then the court may enter an order transferring the case and certifying the case for trial as if the child were an adult. The child shall thereafter be subject to prosecution, trial, and sentencing as if the child were an adult but subject to the provisions of s. 39.111(6).

(b) The court shall transfer and certify the case for trial as if the child were an adult if the child is alleged to have committed a violation of law and, prior to the commencement of an adjudicatory hearing, the child, joined by a parent or, in the absence of a parent, by his guardian or guardian ad litem, demands in writing to be tried as an adult.

(c) A child of any age charged with a violation of Florida law punishable by death or by life imprisonment shall be subject to the jurisdiction of the court as set forth in s. 39.06(7) unless and until an indictment on such charge is returned by the grand jury. When an indictment is returned, the petition for delinquency, if any, shall be dismissed and the child shall be tried and handled in every respect as if he were an adult. No adjudicatory hearing shall be held within 21 days from the date that the child is taken into custody and charged with having committed a capital or life felony unless the state attorney advises the court in writing that he does not intend to present the case to the grand jury or that he has presented the case to the grand jury and that the grand jury has returned a no true bill. If the court receives such a notice from the state attorney, or if the grand jury fails to act within the 21-day period, the court may proceed as otherwise authorized under this chapter.

(d) Once a child has been transferred for criminal prosecution pursuant to a waiver hearing, indictment, or information and has been found to have committed the offense for which he is transferred or a lesser-included offense, the child shall thereafter be handled in every respect as if he were an adult for any subsequent violation of Florida law.

(6) When a child has been transferred for criminal prosecution as an adult and the child has been found to have committed a violation of Florida law, the disposition of the case shall be made pursuant to s. 39.111(6).

(7) Nothing in this chapter shall be deemed to take away from the court any jurisdiction or duties conferred upon the court by general law.

39.03 Taking a child into custody; detention.—

(1) A child may be taken into custody:

(a) Pursuant to an order of the circuit court is-

sued pursuant to the provisions of this chapter, based upon sworn testimony, either before or after a petition is filed.

(b) For a delinquent act or violation of law, pursuant to Florida law pertaining to arrest.

(c) By an authorized agent of the department when he has reasonable grounds to believe a child in a community control program has violated in a material way a condition or term of the program imposed by the court or otherwise required by law. Any child taken into custody for a violation of the terms or conditions of the community control program shall not be detained longer than 48 hours without an order by the court directing such detention.

(2) Unless otherwise ordered by the court, if the child is not detained or placed in a crisis home pursuant to s. 39.032(2), the person taking the child into custody shall release the child to a parent, a responsible adult relative, a responsible agent of an approved crisis home, or an adult approved by the court upon agreement of the person to whom the child is released to produce the child in court at such time as the court may direct. When a child is released to an adult who is not a parent or responsible adult relative of the child, the adult may be selected by the department from a list of persons previously approved by the court as authorized agents of the department to receive children for temporary placement. Unless otherwise accomplished pursuant to subsection (4), the person taking the child into custody and detaining the child shall, within 3 days, make a written report to the appropriate intake officer, stating the facts by reason of which the child was taken into custody. The report shall:

(a) Identify the child, his parents, and the person to whom he was released.

(b) Contain sufficient information to establish the jurisdiction of the court and to make a prima facie showing that the child has committed a violation of law or delinquent act.

(3) If the person taking the child into custody determines, pursuant to s. 39.032(2), that the child should be detained or placed in a crisis home, that person shall make a reasonable effort to immediately notify the parents or legal custodians of the child and shall, without unreasonable delay, deliver the child to the appropriate intake officer or, if the court has so ordered, to a detention home or crisis home. Upon delivery of the child to such place, the person taking the child into custody shall make a report in writing to the appropriate intake officer. The report shall:

(a) Identify the child and, if known, his parents and legal custodians.

(b) Show that the child was legally taken into custody pursuant to subsection (1).

(4)(a) A copy of a sworn complaint by a law enforcement agency shall be filed by the law enforcement agency making the complaint with the clerk of the circuit court for the county in which the child was taken into custody or in which the complaint is made within 24 hours after the child is taken into custody if the child is detained, and within 1 week after the child is taken into custody and released or after the complaint is made, excluding Saturdays, Sundays, and legal holidays. Such complaint shall be

a case for the purpose of this section.

(b) Upon the filing of a copy of a sworn complaint by a law enforcement agency with the clerk of the circuit court, the clerk shall forthwith assign a uniform case number to the complaint, forward a copy to the state attorney, and forward a copy to the intake office of the department which serves the county in which the case arose.

(c) Each letter of recommendation, written notice, report, or other paper pertaining to the case shall bear the uniform case number of the case, and a copy shall be filed with the clerk of the circuit court by the issuing agency. The issuing agency shall furnish copies to the intake officer and state attorney.

(d) Upon the filing of a petition based on the allegations of a previously filed complaint, the agency filing the petition shall include the appropriate uniform case number on said petition.

(5) Nothing in this section shall prohibit the proper use of police diversion programs.

39.031 Fingerprinting and photographing.—

(1) Any law enforcement agency may fingerprint and photograph a child taken into custody upon probable cause that such child has committed a violation of law. The fingerprint records and photographs so taken shall be retained by the law enforcement agency in a separate file maintained only for that purpose. These records including all copies thereof shall be marked "Juvenile Confidential." These records shall not be available for public disclosure and inspection under s. 119.07, but such records shall be available to other law enforcement agencies, state attorneys, the courts, the child, the parents or legal custodians of the child, their attorneys, or any other person authorized by the court to have access to such records. These records may, in the discretion of the court, be opened to inspection by anyone upon a showing of good cause. The fingerprint and photograph records shall be produced in the court whenever directed by the court. Any photograph taken pursuant to this section may be shown by a law enforcement officer to any victim or witness of a crime for the purpose of identifying the person who committed such crime.

(2) If the child is not referred to the court, or if the child is found not to have committed an offense or delinquent act, the court may, after notice to the law enforcement agency involved, order the originals and copies of the fingerprints and photographs destroyed. Unless otherwise ordered by the court, if the child is found to have committed an offense which would be a felony if it had been committed by an adult, then the law enforcement agency having custody of the fingerprint and photograph records shall retain the originals and immediately thereafter forward adequate duplicate copies to the court along with the written offense report relating to the matter for which the child was taken into custody. Except as otherwise provided by this subsection, the court, after the disposition hearing on the case, shall forward duplicate copies of the fingerprints and photographs, together with the child's name, ad-

dress, date of birth, age, and sex, to the following agencies:

(a) The Department of Law Enforcement.

(b) The sheriff of the county in which the child was taken into custody, in order to maintain a central child identification file in that county.

(c) The law enforcement agency of each municipality having a population in excess of 50,000 persons and located in the county of arrest, if so requested specifically or by a general request by that agency.

(3) All law enforcement agencies and the Department of Law Enforcement shall use these fingerprint and photograph records only for identification purposes. If an identification is made, the Department of Law Enforcement shall advise the forwarding law enforcement agency of this fact and of the name and last known address of the child. Fingerprint and photograph records received pursuant to this section by the Department of Law Enforcement shall be retained, used, stored, disseminated, and purged in the same manner as other criminal history information.

(4) Nothing contained in this section shall prohibit the fingerprinting or photographing of child traffic violators. All records of juvenile traffic violations shall be kept in the full name of the violator and shall be open to inspection and publication in the same manner as adult traffic violations. Nothing contained in this section shall apply to photographing of children by the department.

History.—s. 6, ch. 78-414; s. 7, ch. 79-8; s. 11, ch. 79-164.

39.032 Detention.—

(1) The intake officer shall review the facts in the law enforcement report or complaint and make such further inquiry as necessary to determine the need for detention or shelter care of the child. Unless detention care or a crisis home is required under subsection (2), the child shall be released by the intake officer in accordance with s. 39.03(2). If the child cannot be released, the intake officer shall authorize detention care for any child alleged to have committed a violation of law, except as provided in paragraph (2)(b). If the child is alleged to be both dependent and to have committed a violation of law, the intake officer may authorize either detention care or shelter care. Under no circumstances shall the intake officer authorize the detention of any child in a jail or other facility intended or used for the detention of adults. When a child is charged with a felony pursuant to s. 39.04(2)(e)4. or 5., the court may order detention of such child in a jail or other facility intended or used for the detention of adults; however, no child shall be placed in the same cell with any adult or other child alleged to have committed, or who has been adjudged to have committed, a crime.

(2) Unless ordered by the court, a child taken into custody shall not be placed or retained in detention care prior to the court's disposition unless detention or a crisis home is required:

(a) To protect the person or property of others or of the child;

(b) Because the child has no parent, guardian, responsible adult relative, or other adult approved by the court able to provide supervision and care for him. If a child is to be detained pursuant to this

paragraph alone, a crisis home only may be used;

(c) To secure his presence at the next hearing;

(d) Because the child has been twice previously adjudicated to have committed a delinquent act and has been charged with a third subsequent delinquent act which would constitute a felony if the child were an adult; or

(e) To hold for another jurisdiction a delinquent child escapee or an absconder from probation, a community control program, or parole supervision or a child who is wanted by another jurisdiction for an offense which, if committed by an adult, would be a violation of law.

A child who is charged with a violation of law and is detained under this subsection shall be given a detention hearing within 48 hours of his being taken into custody, excluding Sundays and legal holidays, to determine the need for continued detention. The circuit court, or the county court if previously designated by order of the chief judge of the circuit court, shall hold the detention hearing. The criteria for placement in detention care or a crisis home given above shall govern the decision of all persons responsible for determining whether detention care or a crisis home is warranted prior to the court's disposition.

(3) Except in emergency situations, a child shall not be placed or transported in any police car or other similar vehicle which at the same time contains an adult under arrest unless the adult is alleged or believed to be involved in the same offense or transaction as the child.

(4)(a) The court shall order the delivery of a child to a jail or other facility intended or used for the detention of adults:

1. When the child has been transferred for criminal prosecution as an adult pursuant to this chapter, or

2. When the court determines, upon the recommendation of the superintendent of the detention home, that the child would be beyond the control of the detention home staff.

The receiving facility shall contain a separate section for juvenile offenders and have an adequate staff to supervise and monitor the child's activities at all times.

(b) The chief judge, or, where a specialized juvenile division exists, the presiding or supervising judge of that division, shall, at monthly intervals, inform the board of county commissioners or other governing body of the county, in writing, of the number of, and the reasons for, deliveries of children to jail in that county, identifying children only by initials and court case numbers.

(5)(a) No child shall be held in detention or shelter care longer than 48 hours, excluding Sundays or legal holidays, unless an order is entered by the court after a detention hearing finding that detention care or a crisis home is required based on the criteria in subsection (2). The order shall state the reasons for such findings of the court. The order shall be reviewable by appeal pursuant to s. 39.14 and the Florida Appellate Rules.

(b) Unless otherwise specifically ordered by the

court having jurisdiction of the case, during the period of time from the taking of the child into custody to the date of the detention hearing held pursuant to paragraph (a), the decision as to the detention, continued detention, or release from detention of the child shall be made by the intake officer in accordance with subsection (2) and any administrative order of court, after consultation with the state attorney.

(c) No child shall be held in detention care or a crisis home under a special detention order for more than 21 days unless an adjudicatory hearing for the case has been commenced by the court.

(d) No child shall be held in detention care or a crisis home for more than 15 days following the entry of an order of adjudication unless an order of disposition pursuant to s. 39.11 has been entered by the court or unless a continuance, which shall not exceed 15 days, has been granted for good cause. After notifying the court, the detention home superintendent shall release any child held beyond 15 days without a grant of continuance.

(e) The time limitations in paragraphs (c) and (d) shall not include:

1. Periods of delay resulting from a continuance granted at the request or with the consent of the child and his counsel.

2. Periods of delay resulting from a continuance granted at the request of the state attorney if the continuance is granted:

a. Because of an unavailability of evidence material to his case, if the state attorney has exercised due diligence to obtain such evidence and there are substantial grounds to believe that such evidence will be available within 30 days; or

b. To allow the state attorney additional time to prepare his case and additional time is justified because of the exceptional circumstances of the case.

History.—s. 6, ch. 78-414.

39.04 Intake.—

(1) Intake shall be performed by the department. A report or complaint alleging that a child has committed a delinquent act shall be made to the intake office operating in the county in which the child is found or in which the delinquent act occurred. Any person or agency having knowledge of the facts may make a complaint. If not required otherwise by s. 39.03(4), the complainant shall furnish the intake office facts sufficient to establish the jurisdiction of the court and to support a finding by the court that the child has committed a delinquent act.

(2) The intake officer shall make a preliminary determination as to whether the report or complaint is complete, consulting with the state attorney or assistant state attorney as may be necessary. In any case where the intake officer or the state attorney finds that the report or complaint is incomplete, the intake officer or state attorney shall return the report or complaint, without delay, to the person or agency originating the report or complaint or having knowledge of the facts, or to the appropriate law enforcement agency having investigative jurisdiction of the offense, and request, and the agency shall promptly thereafter furnish, additional information in order to complete the report or complaint.

(a) If the intake officer determines that the re-

port or complaint is complete, he may in the case of a child who is alleged to have committed a delinquent act, recommend that the state attorney file a petition of delinquency or an information or seek an indictment by the grand jury.

(b) If the intake officer determines that the report or complaint is complete, but that in his judgment the interest of the child and the public will be best served by providing the child care, a diversionary or mediation program, or other treatment voluntarily accepted by the child and his parents or legal custodians, the intake officer with the approval of the state attorney may refer the child for such care, diversionary or mediation program, or other treatment.

(c) If the intake officer determines that the report or complaint is complete and in his judgment the interest of the child and the public will be best served, he may recommend that a delinquency petition not be filed. If such a recommendation is made, the intake officer shall advise in writing the complainant, the victim, if any, and the law enforcement agency having investigative jurisdiction of the offense of the recommendation and the reasons therefor; and that person or agency may submit, within 10 days from the receipt of such notice, the complaint to the state attorney for special review. The state attorney, upon receiving a request for special review, shall consider the facts presented by the complainant or agency and by the intake officer who made the recommendation that no petition or information be filed before such attorney makes a final decision as to whether a petition or information should or should not be filed.

(d) In all cases in which the child is alleged to have committed a delinquent act and is not detained, the intake officer shall submit a written report to the state attorney, including the original report or complaint or a copy thereof, within 20 days from the date the child is taken into custody or the report or complaint is made to the intake office, whichever date shall last occur. In cases where the child is in detention, the intake office report shall be submitted within 48 hours of the detention. The intake office report shall recommend that a petition or information be filed or that no petition or information be filed, and it shall set forth reasons for such recommendation.

(e) The state attorney shall in all such cases, after receiving and considering the recommendation of the intake officer, have the right to take action, regardless of the action or lack of action of the intake officer, and shall determine the action which is in the best interest of the public. The state attorney may:

1. File a petition for dependency;
2. File a petition for delinquency;
3. File a petition for delinquency with a motion to transfer and certify the child pursuant to s. 39.02(5) and s. 39.09(2) for prosecution as an adult;
4. With respect to any child who at the time of commission of the alleged offense was 16 or 17 years of age, file an information when in his judgment and discretion the public interest requires that adult sanctions be considered or imposed. Upon motion of the child, the case shall be transferred for adjudicatory proceedings as a child pursuant to s. 39.09(1) if

it is shown by the child that he had not previously been found to have committed two delinquent acts, one of which involved an offense classified under Florida law as a felony;

5. Refer the case to a grand jury;

6. Refer the child to a diversionary, pretrial intervention, or mediation program or to some other treatment or care program if such program commitment is voluntarily accepted by the child or his parents or legal guardians; or

7. Dismiss the case.

(f) In cases in which a delinquency complaint is filed by a law enforcement agency and the state attorney determines not to file a petition, the state attorney shall advise the clerk of the circuit court in writing that no petition will be filed on the complaint.

History.—s. 1, ch. 26880, 1951; s. 3, ch. 71-130; s. 10, ch. 73-231; s. 18, ch. 75-48; s. 1, ch. 77-174; s. 7, ch. 78-414.

39.05 Petition.—

(1) All proceedings seeking a finding that a child has committed a delinquent act shall be initiated by the state by the filing of a petition for delinquency by the state attorney.

(2) The petition shall be in writing and shall be signed by the state attorney under oath. The petition may be signed and proceedings initiated by the state attorney or by an assistant state attorney.

(3) The state attorney shall represent the state in all proceedings in which a petition alleges delinquency.

(4) When a petition has been filed and the child or his counsel has advised the state attorney that the truth of the allegations is admitted and that no contest is to be made of the allegations in the petition, the state attorney may request that the case be set for an adjudicatory hearing. At this hearing, should there be a change in the plea by the child, the court shall continue the hearing to permit the state attorney to prepare and present the case for the state.

(5) The form of the petition and its contents shall be determined by rules of procedure adopted by the Supreme Court.

(6) On motions by or in behalf of a child, a petition alleging delinquency shall be dismissed with prejudice if it was not filed within 45 days from the date the complaint was referred to the intake office. However, the court may grant an extension of time not to exceed an additional 15 days upon such motion by the state attorney when, in the opinion of the court, such additional time is justified because of exceptional circumstances.

(7)(a) If a petition has been filed alleging a child to be delinquent, the adjudicatory hearing on the petition shall be commenced within 90 days of the earliest of the following dates:

1. The date the child was taken into custody.
2. The date the petition was filed.

(b) If the adjudicatory hearing is not begun within 90 days or an extension thereof as hereinafter provided, the petition shall be dismissed with prejudice.

(c) The court may extend the period of time prescribed in paragraph (a) on motion of any party, after hearing, on a finding of good cause or that the interest of the child will be served by such extension. The

order extending such period shall recite the reasons for such extension. The general congestion of the court's docket, lack of diligent preparation, failure to obtain available witnesses, or other avoidable or foreseeable delays shall not constitute good cause for such extension.

History.—s. 1, ch. 26880, 1951; s. 4, ch. 71-130; s. 11, ch. 73-231; s. 19, ch. 75-48; s. 6, ch. 77-147; s. 8, ch. 78-414.

39.06 Process and service.—

(1) Personal appearance of any person in a hearing before the court shall obviate the necessity of serving process on that person.

(2) Upon the filing of a petition containing allegations of facts which, if true, would constitute the child therein named as having committed a delinquent act, and upon the request of the petitioner, the clerk or deputy clerk shall issue a summons.

(3) The summons shall require the person on whom it is served to appear for a hearing at a time and place specified. Except in cases of medical emergency, the time shall not be less than 24 hours after service of the summons. If the child is not detained by an order of the court, the summons shall require the custodian to produce the child at the said time and place. A copy of the petition shall be attached to the summons.

(4) The summons shall be directed to, and shall be served upon, the following persons:

(a) The child, in the same manner as if he were an adult, when the petition alleges delinquency;

(b) The parents; and

(c) The legal custodians, actual custodians, and guardians ad litem, if there be any other than the parents.

(5) If the petition alleges that the child has committed a violation of law and the judge deems it advisable to do so, the judge may, by endorsement upon the summons and after the entry of an order in which valid reasons are specified, order the child to be taken into custody immediately, and in such case the person serving the summons shall forthwith take the child into custody.

(6) It shall not be necessary to the validity of a proceeding covered by this chapter that the parents or legal custodians be present if their identity or residence is unknown after a diligent search and inquiry have been made, if they are residents of a state other than Florida, or if they evade service or ignore a summons, but in this event the person who made the search and inquiry shall file in the case a certificate of those facts, and the court shall appoint a guardian ad litem for the child.

(7) The jurisdiction of the court shall attach to the child and the case when the summons is served upon the child, a parent, or legal or actual custodian of the child or when the child is taken into custody with or without service of summons and before or after filing of a petition, whichever first occurs, and thereafter the court may control the child and case in accordance with this chapter.

(8) Upon the application of the child or the state attorney, the clerk or deputy clerk shall issue, and the court on its own motion may issue, subpoenas requiring attendance and testimony of witnesses and production of records, documents, or other tangible objects at any hearing.

(9) All process and orders issued by the court shall be served or executed as other process and orders of the circuit court, and, in addition, may be served or executed by authorized agents of the department at the department's discretion.

(10) Subpoenas may be served within the state by any person over 18 years of age who is not a party to the proceeding.

(11) No fee shall be paid for service of any process or other papers by an agent of the department. If any process, orders, or any other papers are served or executed by any sheriff, the sheriff's fees shall be paid by the county.

39.07 No answer required.—No answer to the petition for delinquency need be filed by any child, parent, or legal custodian, but any matters which might be set forth in an answer or other pleading may be pleaded orally before the court. An answer admitting the allegations of the petition may be filed by the child joined by a parent or the child's counsel. The answer must acknowledge that the child has been advised of his right to counsel, of his right to remain silent, and of the possible dispositions available to the court. It shall provide for a waiver of the adjudicatory hearing, a statement of consent to an order of adjudication, and an authorization for the court to proceed with a dispositional hearing. Upon the filing of such an order, a dispositional hearing shall be set at the earliest practicable time that will allow for the completion of a predisposition study.

History.—s. 1, ch. 26880, 1951; s. 13, ch. 73-231; s. 10, ch. 78-414.

39.071 Right to counsel.—A child shall be entitled to representation by legal counsel at all stages of any proceedings under this part. If the child and his parents or other legal custodians are insolvent and are unable to employ counsel for the child, or if the parents of an insolvent child are solvent but refuse to employ counsel, the court shall appoint counsel for him pursuant to s. 27.52. Costs of representation shall be assessed as provided by s. 27.52 and s. 27.56. If a child appears without counsel, the court shall advise him of his rights with respect to representation of court-appointed counsel.

History.—s. 11, ch. 78-414.

39.08 Medical, psychiatric, and psychological examination and treatment.—

(1) After a petition for delinquency has been filed, the court may order the child named in the petition to be examined by a physician willing to do so. The court may also order the child to be evaluated by a psychiatrist, a psychologist, or the department's developmental disabilities diagnostic and evaluation team. If it is necessary to place a child in a residential facility for such evaluation, then the criteria and procedures established in s. 394.463(2) or chapter 393 shall be used, whichever is applicable.

(2) After a child has been adjudicated to be delinquent, or before such adjudication with the consent of any parent or legal custodian of the child, the court may order the child to be treated by a physician willing to do so. The court may also order the

child to receive mental health or retardation services from a psychiatrist, psychologist, or other appropriate service provider. If it is necessary to place the child in a residential facility for such services, then the procedures and criteria established in s. 394.467 or chapter 393 shall be used, whichever is applicable.

(3) For the purpose of either examination or treatment, the court may order the child to be detained in a suitable place. When any child is detained pending a hearing, the person in charge of the detention facility or his designated representative may authorize a triage examination as a preliminary screening device to determine if the child is in need of medical care or isolation or provide or cause to be provided such medical or surgical services as may be deemed necessary by a physician.

(4) Whenever a child who is found to be delinquent is placed by order of the court within the care and custody or under the supervision of a youth services counselor for the state in which such child resides and it appears to the court that there is no parent, guardian, or person standing in loco parentis who is capable of authorizing or willing to authorize medical, surgical, dental, or other remedial care or treatment for the child, the court may, after due notice to the parent, guardian, or person standing in loco parentis, if any, order that a representative of the department may authorize such medical, surgical, dental, or other remedial care for the child by licensed practitioners as may from time to time appear necessary.

(5) A physician shall be immediately notified by the person taking the juvenile into custody or the person having custody if there are indications of physical injury or illness, or the child shall be taken to the nearest available hospital for emergency care. A child may be provided mental health or retardation services, in emergency situations, pursuant to the procedures and criteria contained in s. 394.463(1) or chapter 393, whichever is applicable. After a hearing, the court may order the custodial parent or parents, guardian, or other custodian, if found able to do so, to reimburse the county or state for the expense involved in such emergency medical or surgical treatment or care.

(6) Nothing in this section shall be deemed to eliminate the right of the parents or the child to consent to examination or treatment for the child, except that consent of a parent shall not be required if the physician determines there is an injury or illness requiring immediate treatment and the child consents to such treatment or an ex parte court order is obtained authorizing said treatment.

(7) Nothing in this section shall be construed to authorize the permanent sterilization of the child unless such sterilization is the result of or incidental to medically necessary treatment to protect or preserve the life of the child.

(8) Except as provided in this section, nothing in this section shall be deemed to alter the provisions of s. 458.21 or to preclude a court from ordering services or treatment to be provided to the child by a duly accredited practitioner who relies solely on spiritual means for healing in accordance with the tenets and practices of a church or religious organi-

zation when his health requires it and when requested by the child.

History.—s. 1, ch. 26880, 1951; s. 14, ch. 73-231; s. 21, ch. 75-48; s. 12, ch. 78-414.

39.09 Hearings.—

(1) ADJUDICATORY HEARING.—

(a) The adjudicatory hearing shall be held as soon as practicable after the petition for delinquency is filed and in accordance with the Florida Rules of Juvenile Procedure, but reasonable delay for the purpose of investigation, discovery, or procuring counsel or witnesses shall be granted. If the child is being detained, the time limitations provided for in s. 39.032(5)(c) and (d) shall apply. The right to a speedy trial shall be governed by the provisions of s. 39.05(7), but such right may be voluntarily waived by the child in accordance with the Florida Rules of Juvenile Procedure.

(b) Adjudicatory hearings shall be conducted by the court without a jury applying in delinquency cases the rules of evidence in use in this state in criminal cases; adjourning the hearings from time to time as necessary; and conducting a fundamentally fair hearing in language understandable, to the fullest extent practicable, to the child before the court.

1. In a hearing on a petition in which it is alleged that the child has committed a delinquent act, the evidence must establish such findings beyond a reasonable doubt.

2. The child is entitled to the opportunity to introduce evidence and otherwise be heard in his own behalf and to cross-examine witnesses.

3. A child charged with a delinquent act need not be a witness against or otherwise incriminate himself. Evidence illegally seized or obtained shall not be received to establish the allegations made against him.

(c) All hearings, except as hereinafter provided, shall be open to the public, and no person shall be excluded therefrom except on special order of the court. The court, in its discretion, may close any hearing to the public when the public interest and the welfare of the child is best served by so doing. Hearings involving more than one child may be held simultaneously when the several children involved were involved in the same transactions.

(2) WAIVER HEARING.—

(a) Within 7 days, excluding Saturdays, Sundays, or legal holidays, of the date a delinquency petition has been filed and before an adjudicatory hearing, and after considering the recommendation of the intake officer, the state attorney may file a motion requesting the court to transfer the child for criminal prosecution if the child was 14 or more years of age at the alleged time of commission of the violation of law for which he is charged. If the child has been previously adjudicated delinquent for a violent crime against a person, to wit: Murder, sexual battery, armed or strong-armed robbery, aggravated battery, or aggravated assault, and is currently charged with a second or subsequent such offense, the state attorney shall file a motion requesting the court to transfer the child for criminal prosecution or shall file an information pursuant to s. 39.04(2)(e)4., if applicable.

(b) Following the filing of the motion of the state

attorney, summonses shall be issued and served in conformity with the provision of s. 39.06. A copy of the motion and a copy of the delinquency petition, if not already served, shall be attached to each summons.

(c) The court shall conduct a hearing on all such motions for the purpose of determining whether a child should be transferred. In making its determination the court shall consider:

1. The seriousness of the alleged offense to the community and whether the protection of the community is best served by transferring the child for adult sanctions.

2. Whether the alleged offense was committed in an aggressive, violent, premeditated, or willful manner.

3. Whether the alleged offense was against persons or against property, greater weight being given to offenses against persons, especially if personal injury resulted.

4. The prosecutive merit of the complaint.

5. The desirability of trial and disposition of the entire offense in one court when the child's associates in the alleged crime are adults or children who are to be tried as adults who will be or have been charged with a crime.

6. The sophistication and maturity of the child, as determined by consideration of his home, environmental situation, emotional attitude, and pattern of living.

7. The record and previous history of the child, including:

a. Previous contacts with the department, other law enforcement agencies, and courts;

b. Prior periods of probation or community control;

c. Prior adjudications that the child committed a delinquent act or violation of law, greater weight being given if the child had previously been found by a court to have committed a delinquent act involving an offense classified as a felony or had twice previously been found to have committed a delinquent act involving an offense classified as a misdemeanor; and

d. Prior commitments to institutions.

8. The prospects for adequate protection of the public and the likelihood of reasonable rehabilitation of the child, if he is found to have committed the alleged offenses, by the use of procedures, services, and facilities currently available to the court.

(d) Prior to a hearing, on the motion by the state attorney, a study and report to the court, in writing, relevant to the factors in paragraph (c) shall be made by an authorized agent of the department. The child or his parents, guardians, or counsel and the state attorney shall have the right to examine these reports and to question the parties responsible for them at the hearing.

(e) Any decision to transfer for criminal prosecution shall be in writing and shall include consideration of, and findings of fact with respect to, each of the foregoing criteria. The court shall render an order including a specific finding of fact and the reasons for a decision to impose adult sanctions. The order shall be reviewable on appeal pursuant to s. 39.14 and the Florida Appellate Rules.

(3) DISPOSITION HEARING FOR DELINQUENCY CASES.—When a child has been found to have committed a delinquent act, the following procedures shall be applicable to the disposition of the case:

(a) At the disposition hearing the court shall consider a predisposition report, prepared and presented by the department, regarding the suitability of the child for disposition other than by adjudication and commitment to the department. The report shall be submitted to the court prior to the disposition hearing.

(b) The court shall consider the child's entire predispositional report and review the records of earlier judicial proceedings prior to making a final disposition of the case. The court may, by order, require additional evaluations and studies to be performed by the department, by the county school system, or by any other social, psychological, or psychiatric agencies of the state.

(c) Before the court determines and announces the disposition to be imposed, it shall:

1. State clearly, and in nonlegal terms, the purpose of the hearing and the right of certain of those present to comment at the appropriate time on the issues before the court;

2. Discuss with the child his compliance with any home release plan or other similar plan that had been imposed since the date of the offense;

3. Discuss with the child his feeling about the offense he has committed, the harm caused to the victim or others, and what penalty he should be required to pay for such transgression; and

4. Give all parties present at the hearing an opportunity to comment on the issue of disposition and any proposed rehabilitative plan. These parties shall include, if present: The parents or guardians of the child, the child's counsel, the state attorney or assistant state attorney, representatives of the department, the victim or his representative, if any, representatives of the school system, and the law enforcement officers involved in the case.

(d) The first determination to be made by the court shall be a determination of the suitability or nonsuitability for adjudication and commitment of the child to the department. This determination shall be made based upon the following criteria:

1. The seriousness of the offense to the community.

2. Whether the protection of the community requires adjudication and commitment to the department.

3. Whether the offense was committed in an aggressive, violent, premeditated, or willful manner.

4. Whether the offense was against persons or against property, greater weight being given to offenses against persons, especially if personal injury resulted.

5. The sophistication and maturity of the child, as determined by consideration of his home, environmental situation, emotional attitude, and pattern of living.

6. The child record and previous criminal history of the child, including without limitations:

a. Previous contacts with the department, the

Department of Corrections, other law enforcement agencies, and courts,

b. Prior periods of probation or community control,

c. Prior adjudications of delinquency, and

d. Prior commitments to institutions.

7. The prospects for adequate protection of the public and the likelihood of reasonable rehabilitation of the child if he is committed to a community services program or facility.

(e) If the court determines that the child should be adjudicated as having committed a delinquent act and that he should be committed to the department, such determination shall be in writing or on the record of the hearing. The determination shall include a specific finding on reasons for the decision to adjudicate and to commit the child to the department.

(f) If the court determines not to adjudicate and commit to the department, then the court shall determine what community-based penal sanctions it will impose in a community control program for the child. Community-based penal sanctions may include, but are not limited to, rehabilitative restitution, curfew, revocation or suspension of the child's driver's license, community service, the deprivation from the child of nonessential activities or privileges, or other appropriate restraints of the child's liberty.

(g) After appropriate sanctions for the offense are determined, the court shall develop, approve, and order a plan of community control which will contain rules, requirements, conditions, and programs that are designed to encourage noncriminal and functional behavior and that will promote the rehabilitation of the child and the protection of the community.

(h) The court may receive and consider any other relevant and material evidence, including other written or oral reports or statements, in its effort to determine the appropriate disposition to be made with regard to the child. The court may rely upon such evidence to the extent of its probative value, even though such evidence may not be technically competent in an adjudicatory hearing.

(i) The court shall notify the victim of the offense, if such person is known and within the jurisdiction of the court, of the hearing and shall notify and summon or subpoena, if necessary, the parents or legal custodians of the child to attend the disposition hearing if they reside in the state.

(j) The predisposition report shall be made available to the child's legal counsel and the state attorney upon completion of the report and at a reasonable time prior to the disposition hearing.

(k) It is the intent of the Legislature that the criteria set forth in paragraph (d) are intended as general guidelines to be followed at the discretion of the court. These criteria shall not be mandatory requirements of procedure. It is not the intent of the Legislature to provide for the appeal of the disposition made pursuant to this subsection.

(4) Except as provided in paragraph (1)(c), nothing

in this section shall prohibit the publication of proceedings in a hearing.

39.10 Adjudication.—

(1) If the court finds that the child named in a petition has not committed a delinquent act, it shall enter an order so finding and dismissing the case.

(2) If the court finds that the child named in the petition has committed a delinquent act, it may, in its discretion, enter an order briefly stating the facts upon which its finding is based but withholding adjudication of a delinquent act and placing the child in a community control program under the supervision of the department. The court may, as a condition of the program, impose a curfew, require restitution or public service, or revoke or suspend the child's driver's license. If the court later finds that the child has not complied with the rules, restrictions, or conditions of the community-based program, the court may, after a hearing to establish the lack of compliance, but without further evidence of the state of delinquency, enter an adjudication and shall thereafter have full authority under this chapter to deal with the child as adjudicated.

(3) If the court finds that the child named in a petition has committed a delinquent act, but shall elect not to proceed under subsection (2), it shall incorporate that finding in an order of adjudication entered in the case, briefly stating the facts upon which the finding is made, and the court shall thereafter have full authority under this chapter to deal with the child as adjudicated.

(4) Except for use in a subsequent proceeding under this chapter, an adjudication by a court that a child has committed a delinquent act shall not be deemed a conviction, nor shall the child be deemed to have been found guilty or to be a criminal by reason of that adjudication, nor shall that adjudication operate to impose upon the child any of the civil disabilities ordinarily imposed by or resulting from conviction or disqualify or prejudice the child in any civil service application or appointment.

History.—s. 1, ch. 26880, 1951; s. 16, ch. 73-231; s. 23, ch. 75-48; s. 8, ch. 77-147; s. 14, ch. 78-414.

39.11 Powers of disposition.—

(1) When any child shall be adjudicated by the court to have committed a delinquent act, the court having jurisdiction of the child shall have the power, by order in which is stated the facts upon which a determination of a sanction and rehabilitative program was made at the disposition hearing, to:

(a) Place a child in a community control program under the supervision of an authorized agent of the department, either in the child's own home or, the prospective custodian being willing, in the home of a relative of the child or in some other suitable place under such reasonable conditions as the court may direct. A community control program is as defined in s. 39.01(10) and shall include a penalty such as restitution, curfew, revocation or suspension of the child's driver's license, or other noninstitutional punishment appropriate to the offense and a rehabilitative program.

1. Community control programs for children

shall be supervised by the department or by any other person or agency specifically authorized by the court. These programs shall include, but shall not be limited to, structured or restricted activities designed to encourage acceptable and functional social behavior, restitution in money or in kind, or public service.

2. There shall be established in each judicial circuit a community control program advisory council which shall periodically advise the court of the diversion programs and dispositional alternatives for children available within that circuit. The presiding judge of the circuit may appoint seven members to constitute the council. The council shall include as ex officio members the state attorney, superintendents of schools within the circuit, and an intake officer of the department or their designees.

Should the conditions of the program be violated, the agent supervising his community control program or the state attorney may bring the child before the court on a petition alleging a violation of the program. If the child denies that he has violated the conditions of his program, the court shall give him an opportunity to be fully heard in person or through counsel, or both. Upon his admission or after such hearing, the court shall enter an order revoking, modifying, or continuing the program. In all cases after a revocation, the court shall enter a new disposition order and shall have full power at that time to make any disposition it might have made at the original disposition hearing. Notwithstanding the provisions of s. 743.07, the term of any order placing a child in a community control program shall be until his 19th birthday unless he is sooner released upon the recommendation of the department or by the court on the motion of an interested party or on its own motion.

(b) Commit the child to a licensed child-caring agency willing to receive the child, but the court shall not commit the child to a jail or to a facility used primarily as a detention home or shelter.

(c) Commit the child to the department. Said commitment shall be for the purpose of exercising active control, including, but not limited to, custody, care, training, treatment, and furlough into the community. Notwithstanding the provisions of s. 743.07, the term of said commitment shall be until said child is discharged by the department or until he reaches the age of 19.

(d) Order the natural or adoptive parents of such child, the natural father of a child born out of wedlock who has acknowledged his paternity in writing before the court or whose paternity has been proven in court, or the guardian of such child's estate, if possessed of assets which under law may be disbursed for the care, support, and maintenance of the child, to pay the person or institution having custody of the child reasonable sums of money at such intervals as the court may consider adequate and proper for the care, support, maintenance, training, and education of the child. The court, in making such order, shall consider the circumstances and ability of the parents to pay and the value of assets of the guardianship estate of the child, and when the order affects the guardianship estate, a certified copy of

the order shall be delivered to the judge having jurisdiction of the guardianship estate.

(e) Revoke or suspend the child's driver's license.

(f) In the case of a traffic offense:

1. Reprimand the child or counsel the child with his parents or guardian;

2. Upon notifying the Department of Highway Safety and Motor Vehicles of such action, suspend the child's privilege to drive or restrict the child's privilege to drive under stated conditions and limitations for a period not to exceed that authorized for an adult for the same offense;

3. Require the child to attend and successfully complete a driver improvement school conducted by a public agency; or

4. Order the child to remit to the fine and forfeiture fund of the county in which the offense was committed an amount of money not to exceed the maximum amount applicable to an adult for the same offense. Fines and forfeitures remitted under this subparagraph shall be subject to the provisions of s. 316.660.

(g) Require the child to render a public service in a public service program.

(h) Order, as part of the community sanction and rehabilitative program to be implemented by the department counselor, the child to make restitution for the damage or loss caused by his offense in a reasonable amount or manner to be determined by the court. The court may require the clerk of the circuit court to be the receiving and dispensing agent.

(i) Order the child to participate in a community work project, either as an alternative to monetary restitution or as part of the rehabilitative or community control program.

(2) Any order made pursuant to subsection (1) may thereafter be modified or set aside by the court.

(3) Any commitment of a delinquent child to the department shall be for an indeterminate period of time, but the time shall not exceed the maximum term of imprisonment which an adult may serve for the same offense. Any child so committed may be discharged from institutional confinement or a program upon the direction of the department. Notwithstanding the provisions of s. 743.07, no child shall be held under a commitment from a court pursuant to this section after becoming 19 years of age. The department shall give the court which committed the child to the department reasonable notice, in writing, prior to discharging the child from a commitment to the department. The court which committed the child may thereafter resume personal jurisdiction of the child and make such orders for the after-care supervision of the child as will be in the best interest of the child and for the protection of society.

(4) In carrying out the provisions of this chapter, the court may order the natural parents or legal guardian of a child who is found to have committed a delinquent act to participate in family counseling and other professional counseling activities deemed necessary for the rehabilitation of the child.

(5) The court may at any time enter an order ending its jurisdiction over any child.

(6) Whenever a child is required by the court to participate in any work program under the provisions of this chapter, or volunteers to work in a speci-

fied state, county, municipal, or community service organization supervised work program for the purpose of making restitution, such child shall be considered an employee of said state, county, municipal, or community service organization for the purposes of chapter 440. However, in determining the child's average weekly wage unless otherwise determined by a specific funding program, all remuneration received from the employer shall be considered a gratuity, and the child shall not be entitled to any benefits otherwise payable under s. 440.15, regardless of whether the child may be receiving wages and remuneration from other employment with another employer and regardless of his future wage-earning capacity.

(7) The court upon motion of the child, or upon its own motion, may within 60 days after imposition of a disposition of commitment suspend the further execution of the disposition and place the child on probation in a community control program upon such terms as the court may require. The department shall forward to the court all relevant material on the child's progress while in custody not later than 3 working days prior to the hearing on the motion.

(8) The nonconsent of the child to commitment or treatment in a drug control program shall in no way preclude the court from ordering such commitment or treatment.

39.111 Community control or commitment of children prosecuted as adults.—

(1) A child who is found to have committed a criminal offense may, as an alternative to other dispositions, be committed to the department for treatment in a youth program outside the correctional system as defined in s. 944.02, be placed in a community control program, or be classified as a youthful offender.

(2) Upon a plea of guilty or a finding of guilt, the court may refer the case to the department for investigation and recommendation as to the suitability of its programs for the child.

(3) In order to utilize this section, the court shall stay and withhold adjudication of guilt and instead shall adjudge the defendant to have committed a delinquent act. Such adjudication shall not be deemed a conviction, nor shall it operate to impose any of the civil disabilities ordinarily resulting from a conviction.

(4) The court shall have the power by order to:

(a) Place the child in a community control program under the supervision of the department for an indeterminate period of time until the child is 19 or until sooner discharged by order of the court.

(b) Commit the child to the department for treatment in a youth program for an indeterminate period of time until the child is 19 or until sooner discharged by the department.

(5)(a) If a child proves not to be suitable for treatment or the program is not suitable for the child under the provisions of paragraph (4)(a), the court shall have the power to commit the child to the de-

partment as described in paragraph (4)(b).

(b) If a child proves not to be suitable for treatment or the program is not suitable for the child under the provisions of paragraph (4)(b), the court shall have the power to revoke the previous adjudication, impose an adjudication of guilt, classifying the child as a youthful offender when appropriate, and impose any sentence which it may lawfully impose, giving credit for all time in the department.

(6) When a child has been transferred for criminal prosecution and the child has been found to have committed a violation of Florida law, the following procedure shall govern the disposition of the case:

(a) At the disposition hearing the court shall receive and consider a predisposition report by the department regarding the suitability of the child for disposition as a child.

(b) After considering the predisposition report, the court, in order to determine suitability, shall give all parties present at the hearing an opportunity to comment on the issue of sentence and any proposed rehabilitative plan. These parties shall include, if present: The parents or guardians of the child, the child's counsel, the state attorney or assistant state attorney, representatives of the department, the victim or his representative, if any, representatives of the school system, and the law enforcement officers involved in the case.

(c) Suitability or unsuitability for adult sanctions shall be determined by the court before any other determination of disposition. The suitability determination shall be made by reference to the following criteria:

1. The seriousness of the offense to the community and whether the protection of the community requires adult disposition.

2. Whether the offense was committed in an aggressive, violent, premeditated, or willful manner.

3. Whether the offense was against persons or against property, greater weight being given to offenses against persons, especially if personal injury resulted.

4. The sophistication and maturity of the child, as determined by consideration of his home, environmental situation, emotional attitude, and pattern of living.

5. The record and previous history of the child, including:

a. Previous contacts with the department, the Department of Corrections, other law enforcement agencies, and courts,

b. Prior periods of probation or community control,

c. Prior adjudications that the child committed a violation of law, and

d. Prior commitments to institutions.

6. The prospects for adequate protection of the public and the likelihood of reasonable rehabilitation of the child if he is assigned to juvenile services and facilities.

(d) Any decision to impose adult sanctions shall be in writing, and it shall be in conformity with each of the above criteria. The court shall render a specific finding of fact and the reasons for the decision to impose adult sanctions. Such order shall be reviewable on appeal by the child pursuant to s. 39.14.

(e) If the court determines not to impose adult sanctions, then the court must next determine what juvenile sanctions it will impose. If the court determines not to adjudicate and commit to the department, the court shall then determine what community-based penal sanctions it will impose in a community control program. Community-based penal sanctions may include, but are not limited to, rehabilitative restitution, curfew, revocation or suspension of the child's driver's license, community or public service, the deprivation from the child of nonessential activities or privileges, or other appropriate restraints on the child's liberty.

(f) After appropriate sanctions for the offense are determined, the court shall develop, approve, and order a plan of community control which will contain rules, requirements, conditions, and programs that are designed to encourage noncriminal and functional behavior and that will promote the rehabilitation of the child and the protection of the community.

(g) The court may receive and consider any other relevant and material evidence, including other written or oral reports, in its effort to determine the action to be taken with regard to the child, and may rely upon such evidence to the extent of its probative value, even though not competent in an adjudicatory hearing.

(h) The court shall notify the victim of the offense of the hearing and shall notify, or subpoena if necessary, the parents or legal custodians of the child to attend the disposition hearing if they reside in the state.

(i) The predisposition report shall be made available to the child's counsel and the state attorney by the department upon completion of the report and prior to the disposition hearing.

(j) It is the intent of the Legislature that the foregoing criteria and guidelines shall be deemed mandatory and that a determination of disposition pursuant to this subsection is subject to the right of the child to appellate review pursuant to s. 39.14.

39.112 Escapes from a juvenile facility.—An escape from any training school or secure detention facility maintained for the treatment, rehabilitation, or detention of children who are alleged or found to have committed delinquent acts or violations of law constitutes escape within the intent and meaning of s. 944.40 and is a felony in the third degree.

History.—s. 17, ch. 78-414.

39.12 Oaths; records; confidential information.—

(1) Authorized agents of the department shall each have power to administer oaths and affirmations.

(2) The court shall make and keep records of all cases brought before it pursuant to this chapter. The court shall preserve the records pertaining to a child charged with committing a delinquent act until he reaches 19 years of age or until 5 years after the last entry was made, whichever date is last reached, and

may then destroy them, except that records made of traffic offenses in which there is no allegation of delinquency may be destroyed as soon as this can be reasonably accomplished. The court shall make official records, consisting of all petitions and orders filed in a case arising pursuant to this chapter and any other pleadings, certificates, proofs of publication, summonses, warrants, and writs which may be filed therein.

(3) The clerk shall keep all official records required by this statute separate from other records of the circuit court, except those records pertaining to any and all motor vehicle violations, including those listed in s. 39.01(21), which shall be forwarded to the Department of Highway Safety and Motor Vehicles. All official records required by this act shall not be open to inspection by the public. All records shall be inspected only upon order of the court by persons deemed by the court to have a proper interest therein, except that a child and the parents or legal custodians of the child and their attorneys, law enforcement agencies, the department and its designees, and the Department of Corrections shall always have the right to inspect and copy any official record pertaining to the child. The court may permit authorized representatives of recognized organizations compiling statistics for proper purposes to inspect and make abstracts from official records under whatever conditions upon their use and disposition the court may deem proper and may punish by contempt proceedings any violation of those conditions.

(4) All information obtained pursuant to this chapter in the discharge of official duty by any judge, any employee of the court, any authorized agent of the department, the Department of Corrections, or any law enforcement agent shall be confidential and shall not be disclosed to anyone other than the authorized personnel of the court, the department and its designees, the Department of Corrections, law enforcement, and others entitled under this chapter to receive that information, except upon order of the court.

(5) All orders of the court entered pursuant to this chapter shall be in writing and signed by the judge, except that the clerk or deputy clerk may sign a summons or notice to appear.

(6) No court record of proceedings under this chapter shall be admissible in evidence in any other civil or criminal proceeding, except that:

(a) Orders transferring a child for trial as an adult shall be admissible in evidence in the court in which he is tried, but shall create no presumption as to the guilt of the child, nor shall the same be read to, or commented upon in the presence of, the jury in any trial.

(b) Orders binding an adult over for trial on a criminal charge, made by the judge as a committing magistrate, shall be admissible in evidence in the court to which the adult is bound over.

(c) Records of proceedings under this chapter forming a part of the record on appeal shall be used in the appellate court in the manner hereinafter provided.

(d) Records necessary therefor shall be admissible in evidence in any case in which a person is being tried upon a charge of having committed perjury.

(7) The provisions of this chapter shall not be construed to prohibit the publication of the name and address of a child who is alleged to have committed a violation of law.

39.14 Appeal.—

(1) Any child, and any parent or legal custodian of any child, affected by an order of the court may appeal to the appropriate district court of appeal within the time and in the manner prescribed by the Florida Appellate Rules.

(2) The Department of Legal Affairs shall represent the state upon appeal. The Department of Legal Affairs shall be notified of the appeal by the clerk when the notice of appeal is filed in the circuit court.

(3) The taking of an appeal shall not operate as a supersedeas in any case unless pursuant to an order of the court.

(4) The case on appeal shall be docketed, and any papers filed in the appellate court shall be entitled, with the initials but not the name of the child and the court case number, and the papers shall remain sealed in the office of the clerk of the appellate court when not in use by the appellate court and shall not be open to public inspection. The decision of the appellate court shall be likewise entitled and shall refer to the child only by initials and court case number.

(5) The original order of the appellate court, with all papers filed in the case on appeal, shall remain in the office of the clerk of the said court, sealed and not open to inspection except by order of the appellate court. 39.19 Court and witness fees.—In all proceedings under this chapter no court fees shall be charged against, and no witness fees shall be allowed to, any party to a petition or any parent or legal custodian or child named in a summons. Other witnesses shall be paid the witness fees fixed by law.

History.—s. 1, ch. 26880, 1951; s. 22, ch. 73-231.

39.33 Purpose.—The purpose of this act is to provide a system by which children who commit certain minor offenses may be dealt with in a speedy and informal manner at the community or neighborhood level, in an attempt to reduce the ever-increasing instances of juvenile crime and permit the judicial system to deal effectively with cases which are more serious in nature.

History.—s. 1, ch. 77-435.

39.331 Community arbitration program.—

(1) Any county may establish a community arbitration program designed to complement the juvenile intake process provided in this chapter. The program shall provide one or more community juvenile arbitrators or community juvenile arbitration panels to hear cases informally involving alleged commissions of certain offenses by children.

(2) Cases which may be heard by a community juvenile arbitrator or arbitration panel shall be limited to those involving misdemeanors and violations of local ordinances which have been agreed upon, in writing, as being subject to community arbitration by the state attorney, senior circuit court judge assigned to juvenile cases in the circuit, and the Department of Health and Rehabilitative Services.

History.—s. 1, ch. 77-435.

39.332 Community juvenile arbitrators.—

(1) Each community juvenile arbitrator or member of a community arbitration panel shall be selected by the chief judge of the circuit, the senior circuit court judge assigned to juvenile cases in the circuit, and the state attorney.

(2) A community juvenile arbitrator or member of a community arbitration panel may be a person specially trained or experienced in juvenile causes and the problems of persons likely to appear before him, but shall be:

(a) Either a graduate of an accredited law school or of an accredited school with a degree in behavioral social work or trained in conflict resolution techniques; and

(b) A person of the temperament necessary to deal properly with the cases and persons likely to appear before him.

History.—s. 1, ch. 77-435.

39.333 Procedure for initiating cases for arbitration.—

(1) Any law enforcement officer or other person authorized under the program may issue a complaint, along with a recommendation for arbitration against any child whom such officer or person has reason to believe has committed any offense that is eligible for arbitration. The complaint shall specify the offense and the reasons why the law enforcement officer or authorized person feels that the offense should be handled by arbitration. A copy of the complaint shall be forwarded to the appropriate intake officer and the parent or legal guardian of the child. In addition to the complaint, the child's parent or legal guardian shall be informed of the objectives of the arbitration process, the conditions and procedures under which it will be conducted, and the fact that it is not obligatory. The intake officer shall contact the child's parent or legal guardian within 3 days after the date on which the complaint was forwarded. At this time, the child's parent or legal guardian shall inform the intake officer of the decision to approve or reject the handling of the complaint through arbitration.

(2) If the child's parent or legal guardian rejects the handling of the complaint through arbitration, the intake officer shall consult with the state attorney or assistant state attorney for the possible filing of formal juvenile proceedings.

(3) If the child's parent or legal guardian accepts the handling of the complaint through arbitration, the intake officer shall provide copies of the complaint to the arbitrator or panel within 24 hours.

(4) The arbitrator or panel shall, upon receipt of the complaint, set a time and date for a hearing within 7 days and shall inform the child's parent or legal guardian, the complaining witness, and any victims of the time, date, and place of the hearing.

History.—s. 1, ch. 77-435.

39.334 Arbitration hearings.—

(1) The law enforcement officer or authorized person who issued the complaint need not appear at the scheduled hearing. However, prior to the hearing, he shall file with the community arbitrator or the community arbitration panel a comprehensive report setting forth the facts and circumstances surrounding the allegation.

(2) Records and reports submitted by interested agencies and parties, including, but not limited to, complaining witnesses and victims, may be received in evidence before the community arbitrator or the community arbitration panel without the necessity of formal proof.

(3) The testimony of the complaining witness and any alleged victim may be received when available, and these individuals may be present during the entire course of the proceedings.

(4) Any statement or admission made by the child appearing before the community arbitrator or the community arbitration panel relating to the offense for which he was cited is privileged and may not be used as evidence against him either in a subsequent juvenile proceeding or in any subsequent civil or criminal action.

(5) If a child fails to appear on the original hearing date, the matter shall be referred back to the intake officer who shall consult with the state attorney or an assistant state attorney regarding possible filing of formal juvenile proceedings.

History.—s. 1, ch. 77-435.

39.335 Disposition of cases.—

(1) Subsequent to any hearing held as provided in s. 39.334, the community arbitrator or community arbitration panel may:

- (a) Dismiss the case.
- (b) Dismiss the case with a warning to the child.
- (c) Refer the child for placement in a community-based program.
- (d) Refer the child to community counseling.
- (e) Refer the child to a safety and education program related to juvenile offenders.
- (f) Refer the child to a work program related to juvenile offenders.
- (g) Refer the child to a nonprofit organization for volunteer work in the community.
- (h) Order restitution in case of property damage.
- (i) Continue the case for further investigation.
- (j) Impose any other restrictions or sanctions that are designed to encourage noncriminal behavior and are agreed upon by the participants of the arbitration proceedings.

(2) Any person or agency to whom a child is referred pursuant to this section shall periodically report the progress of the child to the referring arbitra-

tor or panel in the manner prescribed by such arbitrator or panel.

(3) If a child consents to an informal adjustment and, with his parent or legal guardian and the community arbitrator or community arbitration panel, agrees to comply with any disposition suggested or ordered by the arbitrator or panel and subsequently fails to abide by the terms of such agreement, the arbitrator or panel may, after a careful review of the circumstances, forward the case back to the intake officer who shall consult with the state attorney or the assistant state attorney regarding the possible filing of formal juvenile proceedings.

History.—s. 1, ch. 77-435.

39.336 Review.—Any interested agency or party, including, but not limited to, the complaining witness and victim, who is dissatisfied with the disposition provided by the community arbitrator or the community arbitration panel may request a review of the disposition to the appropriate intake officer within 15 days of the community arbitration hearing. Upon receipt of the request for review, the intake officer shall consult with the state attorney or assistant state attorney who shall consider the request for review and may file formal juvenile proceedings or take such other action as may be warranted.

History.—s. 1, ch. 77-435.

39.337 Funding.—Funding for the provisions of this act shall be provided through federal grant or through any appropriations as authorized by the county participating in the community arbitration program.

(2) The circuit court shall have exclusive original

jurisdiction of proceedings in which a child is alleged to be dependent. When the jurisdiction of any child who has been found to be dependent is obtained, the court shall retain jurisdiction, unless relinquished by its order, until the child reaches 18 years of age.

History.—s. 20, ch. 78-414.

39.401 Taking a child alleged to be dependent into custody.—

- (1) A child may be taken into custody:
 - (a) Pursuant to an order of the circuit court issued pursuant to the provisions of this part, based upon sworn testimony, either before or after a petition is filed.
 - (b) By a law enforcement officer, or an authorized agent of the department, if the officer or agent has reasonable grounds to believe that the child has been abandoned, abused, or neglected, is suffering from illness or injury, or is in immediate danger from his surroundings and that his removal is necessary to protect the child.
 - (c) By a law enforcement officer when the officer has reasonable grounds to believe that the child has run away from his parents, guardian, or other legal custodian.
 - (d) By an authorized agent of the department when he has reasonable grounds to believe the custodian of a child under protective supervision has violated in a material way a condition of the placement imposed by the court.
 - (e) By a law enforcement officer, when he has reasonable grounds to believe that the child is absent from school without authorization, for the purpose of delivering the child without unreasonable delay to the school system.
- (2) If the person taking the child into custody is not an intake officer, he shall:
 - (a) Release the child to a parent, guardian, legal custodian, responsible adult approved by the court when limited to temporary emergency situations, responsible adult relative, responsible adult approved by the department, or court-approved runaway shelter if the person taking the child into custody has reasonable grounds to believe the child has run away from a parent, guardian, or legal custodian; following such release, the person taking the child into custody shall make a full written report to the intake office of the department within 3 days; or
 - (b) Deliver the child to an intake officer of the department, stating the facts by reason of which the child was taken into custody and sufficient information to establish probable cause that the child is dependent, and make a full written report to the intake office of the department within 3 days.
- (3) If the child is taken into custody by, or is delivered to, an intake officer, the intake officer shall review the facts and make such further inquiry as necessary to determine whether the child should remain in custody or be released. Unless shelter is required as provided in s. 39.402(1), the intake officer shall:
 - (a) Release the child to his parent, guardian, or legal custodian, a responsible adult relative, a responsible adult approved by the department, or a court-approved runaway shelter; or
 - (b) Authorize placement of a caretaker/home-maker in the home of a child alleged to be dependent

until the parent or legal custodian assumes care of the child.

History.—s. 20, ch. 78-414.

39.402 Placement in a shelter.—

- (1) Unless ordered by the court pursuant to the provisions of this chapter, a child taken into custody shall not be placed in a shelter prior to a court hearing unless such placement is required:
 - (a) To protect the child; or
 - (b) Because he has no parent, legal custodian, or responsible adult relative to provide supervision and care for him.
- (2) If the intake officer determines that placement in a shelter is necessary according to the provisions of subsection (1), the intake officer shall authorize placement of the child in a shelter and shall immediately notify the parents or legal custodians that the child was taken into custody.
- (3) If the child is alleged to be both dependent and delinquent, the intake officer may authorize either detention or placement in a shelter.
- (4) Any child who is a runaway and who is likely to injure himself or others or who is in need of care and treatment and lacks sufficient capacity to determine what course of action is in his own best interest may be placed in a secure shelter or in a detention home for a period of time not to exceed 24 hours. If neither a secure shelter nor a detention home is available to receive the child, the child may be placed in a jail for a period of time not to exceed 24 hours. However, no child in a detention home or jail shall be placed in a cell with any child or adult alleged to have committed, or who has been adjudged to have committed, a crime.
- (5) The circuit court, or the county court, if previously designated by the chief judge of the circuit court for such purpose, shall hold the detention hearing. When the county judge is not an attorney, the chief judge may designate a member of the bar to hold the detention hearing. The reasons for placement in a shelter provided in subsection (1) shall govern the decision of all persons responsible for determining whether placement in a shelter is warranted prior to the court's disposition.
- (6)(a) No child shall be held in a shelter longer than 24 hours, excluding Sundays or legal holidays, unless an order so directing is made by the court after a detention hearing finding that placement in a shelter is necessary based on the criteria in subsection (1), that placement in a shelter is in the best interest of the child, and that there is probable cause that the child is dependent.
 - (b) In the interval until the detention hearing is held pursuant to paragraph (a), the decision as to placement in a shelter or release of the child from a shelter shall lie with the intake officer in accordance with subsection (2).
- (7) No child shall be held in a shelter under an order so directing for more than 14 days unless an order of adjudication for the case has been entered by the court.
- (8) No child shall be held in a shelter for more than 30 days following the entry of an order of adjudication unless an order of disposition pursuant to s. 39.41 has been entered by the court.

(9) The time limitations in subsections (6) and (7) shall not include:

(a) Periods of delay resulting from a continuance granted at the request or with the consent of the child's counsel or, if the child is of sufficient capacity to express reasonable consent, at the request or with the consent of the child's attorney and the child.

(b) Periods of delay resulting from a continuance granted at the request of the state attorney, or the attorney designated by the state attorney, if the continuance is granted:

1. Because of an unavailability of evidence material to his case when the state attorney, or the attorney designated by the state attorney, has exercised due diligence to obtain such evidence and there are substantial grounds to believe that such evidence will be available within 30 days; or

2. To allow the state attorney, or the attorney designated by the state attorney, additional time to prepare his case and additional time is justified because of the exceptional circumstances of the case.

History.—s. 20, ch. 78-414.

39.403 Intake.—

(1) Intake shall be performed by the department. A report or complaint alleging that a child is dependent shall be made to the intake office operating in the county in which the child is found or in which the case arose. Any person or agency having knowledge of the facts may make a report or complaint. The complainant shall furnish the intake office facts sufficient to establish the jurisdiction of the court and to support a finding by the court that the child is dependent.

(2) The intake officer shall make a preliminary determination as to whether the report or complaint is complete, consulting with the state attorney or assistant state attorney when necessary. In any case in which the intake officer or the state attorney finds that the report or complaint is incomplete, the intake officer or state attorney shall return the report or complaint without delay to the person or agency originating the report or complaint or having knowledge of the facts or to the appropriate law enforcement agency having investigative jurisdiction and request additional information in order to complete the report or complaint; however, the confidentiality of any report filed in accordance with s. 827.07 shall not be violated.

(a) If the intake officer determines that the report or complaint is complete, he may, after determining that such action would be in the best interests of the child, file a petition for dependency.

(b) If the intake officer determines that the report or complaint is complete, but that in his judgment the interest of the child and the public will be best served by providing the child care or other treatment voluntarily accepted by the child and his parents or legal custodians, the intake officer may refer the child for such care or other treatment.

(c) If the intake officer refuses to file a petition for dependency, the complainant shall be advised of his right to file a petition pursuant to this part.

History.—s. 20, ch. 78-414.

39.404 Petition for dependency.—

(1) All proceedings seeking an adjudication that a child is dependent shall be initiated by the filing of a petition by the state attorney, an authorized agent of the department, or any other person who has knowledge of the facts alleged or is informed of them and believes that they are true.

(2) The petition shall be in writing and shall be signed by the petitioner under oath stating his good faith in filing the petition. When the petition is filed by the state attorney, it may be signed by the state attorney or by an assistant state attorney.

(3) The state attorney or the attorney designated by the state attorney shall represent the state in any proceeding in which the petition alleges dependency whenever a party denies the allegations of the petition and contests the adjudication.

(4) When a petition for dependency has been filed and the parents or custodians of the child have advised the intake office that the truth of the allegations is acknowledged and that no contest is to be made of the adjudication, the intake officer may set the case before the court for an adjudicatory hearing. Neither the state attorney nor an assistant state attorney shall be required to be present at the adjudicatory hearing. Should there be a change in the plea at this hearing, the court shall continue the hearing to permit the state attorney to prepare and present the case for the state.

(5) The form of the petition and its contents shall be determined by rules of procedure adopted by the Supreme Court.

History.—s. 20, ch. 78-414.

39.405 Process and service.—

(1) Personal appearance of any person in a hearing before the court shall obviate the necessity of serving process on that person.

(2) Upon the filing of a petition containing allegations of facts which, if true, would constitute the child therein named as a dependent child, and upon the request of the petitioner, the clerk or deputy clerk shall issue a summons.

(3) The summons shall require the person on whom it is served to appear for a hearing at a time and place specified. Except in cases of medical emergency, the time shall not be less than 24 hours after service of the summons. The summons may require the custodian to bring the child to court if the court determines that the child's presence is necessary. A copy of the petition shall be attached to the summons.

(4) The summons shall be directed to, and shall be served upon, the following persons:

(a) The parents; and

(b) The legal custodians, actual custodians, and guardians ad litem, if there be any other than the parents.

(5) If it appears from the petition that the child named therein is suffering from illness or injury or that he is in immediate danger from his surroundings and that his removal is necessary, the judge shall issue an order stating the reasons why the child is being taken into custody. Upon the issuance of the summons, the person serving the summons shall forthwith take the child into custody.

(6) It shall not be necessary to the validity of a

proceeding covered by this part that the parents or legal custodians be present if their identity or residence is unknown after a diligent search and inquiry have been made, if they are residents of a state other than Florida, or if they evade service or ignore a summons, but in this event the person who made the search and inquiry shall file in the case a certificate of those facts, and the court may appoint a guardian ad litem for the child. This subsection shall not apply to a proceeding permanently to commit a child to a licensed child-placing agency or to the department for adoption placement nor to a proceeding under the Uniform Child Custody Jurisdiction Act.

(7) The jurisdiction of the court shall attach to the child and the case when the summons is served upon the child, a parent, or legal or actual custodian of the child or when the child is taken into custody with or without service of summons and before or after filing of a petition for dependency, whichever first occurs, and thereafter the court may control the child and case in accordance with this chapter.

(8) Upon the application of a party, the state attorney, or the petitioner, the clerk or deputy clerk shall issue, and the court on its own motion may issue, subpoenas requiring attendance and testimony of witnesses and production of records, documents, or other tangible objects at any hearing.

(9) All process and orders issued by the court shall be served or executed as other process and orders of the circuit court and, in addition, may be served or executed by authorized agents of the department.

(10) Subpoenas may be served within the state by any person over 18 years of age who is not a party to the proceeding.

(11) No fee shall be paid for service of any process or other papers by an agent of the department. If any process, orders, or any other papers are served or executed by any sheriff, the sheriff's fees shall be paid by the county.

History.—s. 20, ch. 78-414.

39.406 No answer required.—No answer to the petition or any other pleading need be filed by any child, parent, or legal custodian, but any matters which might be set forth in an answer or other pleading may be pleaded orally before the court or filed in writing as any such person may choose. Notwithstanding the filing of an answer or any pleading, the child or parent shall, prior to an adjudicatory hearing, be advised by the court of his right to counsel and shall be given an opportunity to deny the allegations in the petition for dependency or to enter a plea to allegations in the petition before the court.

History.—s. 20, ch. 78-414.

39.407 Medical, psychiatric, and psychological examination and treatment.—After a petition for dependency has been filed, the judge may order the child named in the petition to be examined by a physician. The judge may also order such child to be evaluated by a psychiatrist, a psychologist, or the department's developmental disability diagnostic and evaluation team. If it is necessary to place a child in a residential facility for such evaluation, then the criteria and procedure established in s. 394.463(2) or chapter 393 shall be used, whichever is

applicable. After a child has been adjudicated to be a dependent child, or before such adjudication with the consent of any parent or legal custodian of the child, the judge may order the child to be treated by a physician. The judge may also order such child to receive mental health or retardation services from a psychiatrist, psychologist, or other appropriate service provider. If it is necessary to place the child in a residential facility for such services, then the procedures and criteria established in s. 394.467 or chapter 393 shall be used, whichever is applicable. For the purpose of either examination or treatment, the judge may order the child to be placed for treatment. When any child is placed in a shelter pending a hearing, the person in charge of the shelter or his designated representative may provide or cause to be provided such medical or surgical services as may be deemed necessary by a physician. A physician shall be immediately called if there are indications of physical injury or illness, or the child shall be taken to the nearest available hospital for emergency care. A child may be provided mental health or retardation services, in emergency situations, pursuant to the procedures and criteria contained in s. 394.463(1) or chapter 393, whichever is applicable. After a hearing, the court may order the parents, guardian, or custodian, if found able to do so, to reimburse the county for the expense involved in such emergency medical or surgical treatment. Nothing in this section shall be deemed to eliminate the right of the parents or the child to consent to examination or treatment for the child, except that consent of a parent shall not be required if the physician determines there is a serious injury or illness requiring immediate treatment and the child consents to such treatment or an ex parte court order is obtained authorizing said treatment. Nothing in this section shall be construed to authorize the permanent sterilization of the child unless such sterilization is the result of or incidental to medically necessary treatment to protect or preserve the life of the child. Except as provided in this section, nothing in this section shall be deemed to alter the provisions of s. 458.21 to eliminate the right of the juvenile or his parents, guardian, or legal custodian to consent to diagnostic examination and medical or surgical treatment or care; nor shall it preclude a court from ordering services or treatment to be provided to the juvenile by a duly accredited practitioner who relies solely on spiritual means for healing in accordance with the tenets and practices of a church or religious organization when his health requires it and when requested by the juvenile.

History.—s. 20, ch. 78-414.

39.408 Hearings for dependency cases.—

(1) ADJUDICATORY HEARING.—

(a) The adjudicatory hearing shall be held as soon as practicable after the petition for dependency is filed and in accordance with the Florida Rules of Juvenile Procedure, but reasonable delay for the purpose of investigation, discovery, or procuring counsel or witnesses shall, whenever practicable, be granted.

(b) Adjudicatory hearings shall be conducted by the judge without a jury, applying the rules of evidence in use in civil cases and adjourning the hear-

ings from time to time as necessary. In a hearing on a petition in which it is alleged that the child is dependent, a preponderance of evidence will be required to establish the state of dependency.

(c) All hearings, except as hereinafter provided, shall be open to the public, and no person shall be excluded therefrom except on special order of the judge, who, in his discretion, may close any hearing to the public when the public interest or the welfare of the child, in his opinion, is best served by so doing. All hearings involving unwed mothers, custody, sexual abuse, or permanent placement of children shall remain confidential and closed to the public. Hearings involving more than one child may be held simultaneously when the several children involved are related to each other or were involved in the same case. The child and the parents or legal custodians of the child may be examined separately and apart from each other.

(2) **DISPOSITION HEARING.**—The court finds that the facts alleged in the petition for dependency are proven in the adjudicatory hearing. At the disposition hearing, the court shall receive and consider a predisposition study, which shall be in writing and be presented by an authorized agent of the department. The predisposition study shall cover for any dependent child all factors specified in s. 61.13(3). A copy of this report will be furnished to the person having custody of the child at the time such person is notified of the disposition hearing. If placement of the child with anyone other than the child's parent or custodian is being considered, the study shall include the designation of a specific length of time as to when custody by the parent or custodian will be reconsidered. This study shall not be made prior to the adjudication of dependency unless the parents or custodians of the child consent thereto. Any other relevant and material evidence, including other written or oral reports, may be received by the court in its effort to determine the action to be taken with regard to the child and may be relied upon to the extent of its probative value, even though not competent in an adjudicatory hearing.

(3) Except as provided in paragraph (1)(c), nothing in this section shall prohibit the publication of proceedings in a hearing.

History.—s. 20, ch. 78-414.

39.409 Orders of adjudication.—

(1) If the court finds that the child named in a petition is not dependent, it shall enter an order so finding and dismissing the case.

(2) If the court finds that the child named in the petition is dependent, but finds that no action other than supervision in his own home is required, it may enter an order briefly stating the facts upon which its finding is based, but withholding an order of adjudication and placing the child's home under the supervision of the department. If the court later finds that the custodians of the child have not complied with the conditions of supervision imposed, the court may, after a hearing to establish the noncompliance, enter an order of adjudication and shall thereafter have full authority under this chapter to provide for the child as adjudicated.

(3) If the court finds that the child named in a

petition is dependent, but shall elect not to proceed under subsection (2), it shall incorporate that finding in an order of adjudication entered in the case, briefly stating the facts upon which the finding is made, and the court shall thereafter have full authority under this chapter to provide for the child as adjudicated.

(4) An order of adjudication by a court that a child is dependent shall not be deemed a conviction, nor shall the child be deemed to have been found guilty or to be a criminal by reason of that adjudication, nor shall that adjudication operate to impose upon the child any of the civil disabilities ordinarily imposed by or resulting from conviction or disqualify or prejudice the child in any civil service application or appointment.

History.—s. 20, ch. 78-414.

39.41 Powers of disposition.—

(1) When any child is adjudicated by a court to be dependent, the court having jurisdiction of the child shall have the power, by order, to:

(a) Place a child under the protective supervision of an authorized agent of a department, either in the child's own home or, the prospective custodian being willing, in the home of a relative of the child or in some other suitable place under such reasonable conditions as the court may direct. A child who has been placed in his own home under the protective supervision of an authorized agent of the department, in the home of a relative, or in some other place may be brought before the court by the agent of the department supervising the placement or by any other interested person on a petition alleging a need for a change in the placement. If the parents or other custodians deny the need for a change, the court shall hear all parties in person or by counsel, or both. Upon the admission of a need for change or after such hearing, the court shall enter an order changing the placement, modifying the condition of it, or continuing it as ordered.

(b) Commit the child to a licensed child-caring agency willing to receive the child.

(c) Commit the child to the temporary legal custody of the department. Such commitment shall invest in the department all rights and responsibilities of a legal custodian. The department shall not return any child to the physical care and custody of the person from whom he was removed, except for short visitation periods, without the approval of the court. The term of said commitment shall continue until terminated by the court or until the child reaches the age of 18.

(d)1. Permanently commit the child to the department or a licensed child-placing agency willing to receive the child for subsequent adoption:

a.(I) If the court finds that the parent has abandoned, abused, or neglected the child;

(II) If the persons served with notice under subsection (3) fail to respond to the notice as provided in paragraph (3)(d); or

(III) If the parent or parents have voluntarily executed a written surrender of the child before two witnesses and a notary public or other officer authorized to take acknowledgments; and

b. If the court finds that it is manifestly to the best interest of the child to do so.

2. The department shall prescribe a written surrender form which shall be written in layman's terms in the principal language of the surrendering party and which shall clearly and unambiguously advise the surrendering party of the consequences of the surrender.

(e) Order the natural or adoptive parents of such child or the natural father of a child born out of wedlock who has acknowledged his paternity in writing before the court, or the guardian of such child's estate, if possessed of assets which under law may be disbursed for the care, support, and maintenance of such child, to pay the person or institution having custody of such child reasonable sums of money at such intervals as the court may consider adequate and proper for the care, support, maintenance, training, and education of such child. The court, in making such order, shall consider the circumstances and ability of such parents, or the natural father of a child born out of wedlock, to pay and the value of assets of the guardianship estate of such child, and when such order affects the guardianship estate, a certified copy of such order shall be delivered to the judge having jurisdiction of such guardianship estate. The court may from time to time, after considering the financial resources of the persons financially responsible for the child's care, order them, or any of them, to pay a reasonable amount for attorney's fees and the cost of the party maintaining any proceeding under this paragraph or for the care, support, and maintenance of such child, including enforcement and modification proceedings. The court may order the amount to be paid directly to the attorney, who may enforce the order in his name.

(2) An agency granted legal custody shall have the right to determine where and with whom the child shall live, but an individual granted legal custody shall exercise all rights and duties personally unless otherwise ordered by the court.

(3) Before the court may permanently commit a child who is dependent to a licensed child-placing agency or the department for subsequent adoption, in addition to the other requirements set forth in this part, the following requirements shall be met:

(a) Notice and a copy of the petition shall be personally served upon the following persons, or forwarded to their addresses by registered mail, specifically notifying them that a petition has been filed:

1. The mother of the child.

2. The father of the child, if:

a. The child was conceived or born while the father was married to the mother;

b. The child is his by adoption;

c. The child has been established by a court proceeding to be his child;

d. He has acknowledged in writing, signed in the presence of a competent witness, that he is the father of the child and has filed such acknowledgment with the Office of Vital Statistics of the Department of Health and Rehabilitative Services; or

e. He has provided the child with support in a repetitive, customary manner.

3. The legal custodians or guardian of the child.

4. If the natural parents who would be entitled to notice are dead or unknown, a living relative of such child, unless upon diligent search and inquiry no

such relative can be found.

(b) In the event a person required to be served with notice in the manner prescribed in paragraph (a) cannot be served, notice of hearings shall be given as prescribed by the rules of civil procedure, and service of process shall be made as specified by law for civil actions.

(c) Notice as prescribed by this section may be waived in the discretion of the judge, with regard to any person to whom notice must be given pursuant to subsection ¹(2), if said person executes, before two witnesses and a notary public or other officer authorized to take acknowledgments, a written surrender of the child to a licensed child-placing agency or the department.

(d) If the person served with notice under this section fails to respond within the time prescribed by the rules of civil procedure, the failure to respond shall constitute consent to permanent commitment on the part of the person given notice.

(4) A licensed child-placing agency or the department to which a child is permanently committed for subsequent adoption in accordance with this chapter may place the child in a family home for prospective subsequent adoption and may thereafter become a party to any proceeding for the legal adoption of the child and appear in any court where the adoption proceeding is pending and consent to the adoption, and that consent alone shall in all cases be sufficient. A permanent order of commitment, whether pursuant to consent or after notice served as herein prescribed, shall permanently deprive the parents and legal guardian of any right to the child. In any subsequent adoption proceedings, the parents and legal guardian shall not be entitled to any notice thereof, nor shall they be entitled to knowledge at any time after the permanent order of commitment is entered of the whereabouts of the child or of the identity or location of any person having the custody of or having adopted the child, and in any habeas corpus or other proceeding involving the child brought by any parent or legal guardian of the child, no agent of the licensed child-placing agency or department shall be compelled to divulge that information, but may be compelled to produce the child before a court of competent jurisdiction if the child is still subject to the guardianship of the licensed child-placing agency or department. The entry of the permanent order of commitment shall not entitle the licensed child-placing agency or department to guardianship of the estate or property of the child, but the licensed child-placing agency or department shall be the guardian of the person of the child, and the court shall no longer exercise jurisdiction over the child after entry of such order.

(5) In carrying out the provisions of this chapter, the court may order the natural parents or legal guardian of a child who is found to be dependent to participate in family counseling and other professional counseling activities deemed necessary for the rehabilitation of the child.

(6) The court may at any time enter an order ending its jurisdiction over any child.

History.—s. 20, ch. 78-414; s. 14, ch. 79-164.

Note.—As a result of a Conference Committee amendment to C.S. for C.S. for S.B. 119, subsection (2) was renumbered as subsection (3). Reference to

subsection (2) will be corrected in a subsequent reviser's bill.

39.411 Oaths, records, and confidential information.—

(1) The judge, clerks or deputy clerks, or authorized agents of the department shall each have the power to administer oaths and affirmations.

(2) The court shall make and keep records of all cases brought before it pursuant to this chapter and shall preserve the records pertaining to a dependent child until 10 years after the last entry was made, or until the child is 18 years of age, whichever date is first reached, and may then destroy them, except that records of cases where orders were entered permanently depriving a parent of the custody of a juvenile shall be preserved permanently. The court shall make official records, consisting of all petitions and orders filed in a case arising pursuant to this part and any other pleadings, certificates, proofs of publication, summonses, warrants, and other writs which may be filed therein.

(3) The clerk shall keep all court records required by this part separate from other records of the circuit court. All court records required by this part shall not be open to inspection by the public. All records shall be inspected only upon order of the court by persons deemed by the court to have a proper interest therein, except that, subject to the provisions of s. 63.162, a child and the parents or legal custodians of the child and their attorneys, law enforcement agencies, and the department and its designees shall always have the right to inspect and copy any official record pertaining to the child. The court may permit authorized representatives of recognized organizations compiling statistics for proper purposes to inspect and make abstracts from official records, under whatever conditions upon their use and disposition the court may deem proper, and may punish by contempt proceedings any violation of those conditions.

(4) All information obtained pursuant to this part in the discharge of official duty by any judge, employee of the court, authorized agent of the department, or law enforcement agent shall be confidential and shall not be disclosed to anyone other than the authorized personnel of the court, the department and its designees, law enforcement agents, and others entitled under this chapter to receive that information, except upon order of the court.

(5) All orders of the court entered pursuant to this chapter shall be in writing and signed by the judge, except that the clerk or deputy clerk may sign a summons or notice to appear.

(6) No court record of proceedings under this chapter shall be admissible in evidence in any other civil or criminal proceeding, except that:

(a) Orders permanently terminating the rights of a parent and committing the child to a licensed child-placing agency or the department for adoption shall be admissible in evidence in subsequent adoption proceedings relating to the child.

(b) Records of proceedings under this part forming a part of the record on appeal shall be used in the appellate court in the manner hereinafter provided.

(c) Records necessary therefor shall be admissi-

ble in evidence in any case in which a person is being tried upon a charge of having committed perjury.

History.—s. 20, ch. 78-414; s. 15, ch. 79-164.

39.412 Contempt.—The court may punish for contempt any person interfering with the administration of or violating any provision of this part or order of the court relative thereto.

History.—s. 20, ch. 78-414.

39.413 Appeal.—

(1) Any child, and any parent or legal custodian of any child, affected by an order of the court may appeal to the appropriate district court of appeal within the time and in the manner prescribed by the Florida Appellate Rules.

(2) The Department of Legal Affairs or an attorney designated by the Department of Legal Affairs shall represent the state and the court upon appeal and shall be notified of the appeal by the clerk when the notice of appeal is filed in the circuit court.

(3) The taking of an appeal shall not operate as a supersedeas in any case unless pursuant to an order of the court, except that a permanent order of commitment to a licensed child-placing agency or the department for subsequent adoption shall be suspended while the appeal is pending, but the child shall continue in custody under the order until the appeal is decided.

(4) The case on appeal shall be docketed, and any papers filed in the appellate court shall be entitled, with the initials but not the name of the child and the court case number, and the papers shall remain sealed in the office of the clerk of the appellate court when not in use by the appellate court and shall not be open to public inspection. The decision of the appellate court shall be likewise entitled and shall refer to the child only by initials and court case number.

(5) The original order of the appellate court, with all papers filed in the case on appeal, shall remain in the office of the clerk of the said court, sealed and not open to inspection except by order of the appellate court. The clerk of the appellate court shall return to the circuit court all papers transmitted to the appellate court from the circuit court, together with a certified copy of the order of the appellate court.

History.—s. 20, ch. 78-414.

39.414 Court and witness fees.—In all proceedings under this chapter, no court fees shall be charged against, and no witness fees shall be allowed to, any party to a petition or any parent or legal custodian or child named in a summons. Other witnesses shall be paid the witness fees fixed by law.

(b) That the cooperation of this state with other states is necessary to provide for the welfare and protection of juveniles and of the people of this state.

(2) It shall therefore be the policy of this state, in adopting the Interstate Compact on Juveniles, to cooperate fully with other states:

(a) In returning juveniles to such other states whenever their return is sought; and

(b) In accepting the return of juveniles whenever a juvenile residing in this state is found or apprehended in another state and in taking all measures to initiate proceedings for the return of such juveniles.

History.—s. 1, ch. 57-298; s. 26, ch. 78-414.

Note.—Former s. 39.25.

39.511 Execution of compact.—The governor is hereby authorized and directed to execute a compact on behalf of this state with any other state or states legally joining therein in the form substantially as follows:

INTERSTATE COMPACT ON JUVENILES

ARTICLE I

FINDINGS AND PURPOSES.—Juveniles who are not under proper supervision and control, or who have absconded, escaped or run away, are likely to endanger their own health, morals and welfare, and the health, morals and welfare of others. The cooperation of the states party to this compact is therefore necessary to provide for the welfare and protection of juveniles and of the public with respect to (1) cooperative supervision of delinquent juveniles on probation or parole; (2) the return, from one state to another, of delinquent juveniles who have escaped or absconded; (3) the return, from one state to another, of nondelinquent juveniles who have run away from home; and (4) additional measures for the protection of juveniles and of the public, which any two or more of the party states may find desirable to undertake cooperatively. In carrying out the provisions of this compact the party states shall be guided by the non-criminal, reformatory and protective policies which guide their laws concerning delinquent, neglected or dependent juveniles generally. It shall be the policy of the states party to this compact to cooperate and observe their respective responsibilities for the prompt return and acceptance of juveniles and delinquent juveniles who become subject to the provisions of this compact. The provisions of this compact shall be reasonably and liberally construed to accomplish the foregoing purposes.

ARTICLE II

EXISTING RIGHTS AND REMEDIES.—All remedies and procedures provided by this compact shall be in addition to and not in substitution for other rights, remedies and procedures, and shall not be in derogation of parental rights and responsibilities.

ARTICLE III

DEFINITIONS.—For the purposes of this compact, "delinquent juveniles" means any juvenile who has been adjudged delinquent and who, at the time the provisions of this compact are invoked, is still subject to the jurisdiction of the court that has made such adjudication or to the jurisdiction or supervision of an agency or institution pursuant to an order of such court; "probation or parole" means any kind of conditional release of juveniles authorized under the laws of the states party hereto; "court" means any court having jurisdiction over delinquent, neglected or dependent children; "state" means any state, territory or possessions of the United States, the District of Columbia, and the Commonwealth of Puerto Rico; and "residence" or any variant thereof means a place at which a home or regular place of abode is maintained.

ARTICLE IV

RETURN OF RUNAWAYS.—

(1) The parent, guardian, person or agency entitled to legal custody of a juvenile who has not been adjudged delinquent but who has run away without the consent of such parent, guardian, person or agency may petition the appropriate court in the demanding state for the issuance of a requisition for his return. The petition shall state the name and age of the juvenile, the name of the petitioner and the basis of entitlement to the juvenile's custody, the circumstances of his running away, his location if known at the time application is made, and such other facts as may tend to show that the juvenile who has run away is endangering his own welfare or the welfare of others and is not an emancipated minor. The petition shall be verified by affidavit, shall be executed in duplicate, and shall be accompanied by two certified copies of the document or documents on which the petitioner's entitlement to the juvenile's custody is based, such as birth certificates, letters of guardianship, or custody decrees. Such further affidavits and other documents as may be deemed proper may be submitted with such petition. The judge of the court to which this application is made may hold a hearing thereon to determine whether for the purposes of this compact the petitioner is entitled to the legal custody of the juvenile, whether or not it appears that the juvenile has in fact run away without consent, whether or not he is an emancipated minor, and whether or not it is in the best interest of the juvenile to compel his return to the state. If the judge determines, either with or without a hearing, that the juvenile should be returned, he shall present to the appropriate court or to the executive authority of the state where the juvenile is alleged to be located a written requisition for the return of such juvenile. Such requisition shall set forth the name and age of the juvenile, the determination of the court that the juvenile has run away

without the consent of a parent, guardian, person or agency entitled to his legal custody, and that it is in the best interest and for the protection of such juvenile that he is returned. In the event that a proceeding for the adjudication of the juvenile as a delinquent, neglected or dependent juvenile is pending in the court at the time when such juvenile runs away, the court may issue a requisition for the return of such juvenile upon its own motion, regardless of the consent of the parent, guardian, person or agency entitled to legal custody, reciting therein the nature and circumstances of the pending proceeding. The requisition shall in every case be executed in duplicate and shall be signed by the judge. One copy of the requisition shall be filed with the compact administrator of the demanding state, there to remain on file subject to the provisions of law governing records of such court. Upon the receipt of a requisition demanding the return of a juvenile who has run away, the court or the executive authority to whom the requisition is addressed shall issue an order to any peace officer or other appropriate person directing him to take into custody and detain such juvenile. Such detention order must substantially recite the facts necessary to the validity of its issuance hereunder. No juvenile detained upon such order shall be delivered over to the officer whom the court demanding him shall have appointed to receive him, unless he shall first be taken forthwith before a judge of a court in the state, who shall inform him of the demand made for his return, and who may appoint counsel or guardian ad litem for him. If the judge of such court shall find that the requisition is in order, he shall deliver such juvenile over to the officer whom the court demanding him shall have appointed to receive him. The judge, however, may fix a reasonable time to be allowed for the purpose of testing the legality of the proceeding.

Upon reasonable information that a person is a juvenile who has run away from another state party to this compact without the consent of a parent, guardian, person or agency entitled to his legal custody, such juvenile may be taken into custody without a requisition and brought forthwith before a judge of the appropriate court who may appoint counsel or guardian ad litem for such juvenile and who shall determine after a hearing whether sufficient cause exists to hold the person, subject to the order of the court, for his own protection and welfare, for such a time not exceeding 90 days as will enable his return to another state party to this compact pursuant to a requisition for his return from a court of that state. If, at the time when a state seeks the return of a juvenile who has run away, there is pending in the state wherein he is found any criminal charge, or any proceeding to have him adjudicated a delinquent juvenile for an act committed in such state, or if he is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, he shall not be returned without the consent of such state until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the juvenile

being returned, shall be permitted to transport such juvenile through any and all states party to this compact, without interference. Upon his return to the state from which he ran away, the juvenile shall be subject to such further proceedings as may be appropriate under the laws of that state.

(2) The state to which a juvenile is returned under this article shall be responsible for payment of the transportation costs of such return.

(3) "Juvenile" as used in this article means any person who is a minor under the law of the state of residence of the parent, guardian, person or agency entitled to the legal custody of such minor.

ARTICLE V

RETURN OF ESCAPEES AND ABSCONDERS.—

(1) The appropriate person or authority from whose probation or parole supervision a delinquent juvenile has absconded or from whose institutional custody he has escaped shall present to the appropriate court or to executive authority of the state where the delinquent juvenile is alleged to be located a written requisition for the return of such delinquent juvenile. Such requisition shall state the name and age of the delinquent juvenile, the particulars of his adjudication as a delinquent juvenile, the circumstances of the breach of the terms of his probation or parole or of his escape from an institution or agency vested with his legal custody or supervision, and the location of such delinquent juvenile, if known, at the time requisition is made. The requisition shall be verified by affidavit, shall be executed in duplicate, and shall be accompanied by two certified copies of the judgment, formal adjudication, or order of commitment which subjects such delinquent juvenile to probation or parole or to the legal custody of the institution or agency concerned. Such further affidavits and other documents as may be deemed proper may be submitted with such requisition. One copy of the requisition shall be filed with the compact administrator of the demanding state, there to remain on file subject to the provisions of law governing records of the appropriate court. Upon the receipt of a requisition demanding the return of a delinquent juvenile who has absconded or escaped the court or the executive authority to whom the requisition is addressed shall issue an order to any peace officer or other appropriate person directing him to take into custody and detain such delinquent juvenile. Such detention order must substantially recite the facts necessary to the validity of its issuance hereunder. No delinquent juvenile detained upon such order shall be delivered over to the officer whom the appropriate person or authority demanding him shall have appointed to receive him, unless he shall first be taken forthwith before a judge of an appropriate court in the state, who shall inform him of the demand made for his return and who may appoint counsel or guardian ad litem for him. If the judge of such court shall find that the requisition is in order, he shall deliver such delinquent juvenile over to the officer whom the appropriate person or authority demanding him shall have appointed to receive him. The judge, however, may fix a reasonable time to be allowed for the purpose of testing the legality of the proceeding.

Upon reasonable information that a person is a delinquent juvenile who has absconded while on probation or parole, or escaped from an institution or agency vested with his legal custody or supervision in any state party to this compact, such person may be taken into custody in any other state party to this compact without a requisition. But in such event, he must be taken forthwith before a judge of the appropriate court, who may appoint counsel or guardian ad litem for such person and who shall determine, after a hearing, whether sufficient cause exists to hold the person subject to the order of the court for such a time, not exceeding 90 days, as will enable his detention under a detention order issued on a requisition pursuant to this article. If, at the time when a state seeks the return of a delinquent juvenile who has either absconded while on probation or parole or escaped from an institution or agency vested with his legal custody or supervision, there is pending in the state wherein he is detained any criminal charge or any proceeding to have him adjudicated a delinquent juvenile for an act committed in such state, or if he is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, he shall not be returned without the consent of such state until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the delinquent juvenile being returned, shall be permitted to transport such delinquent juvenile through any and all states party to this compact, without interference. Upon his return to the state from which he escaped or absconded, the delinquent juvenile shall be subject to such further proceedings as may be appropriate under the laws of that state.

(2) The state to which a delinquent juvenile is returned under this article shall be responsible for payment of the transportation costs of such return.

ARTICLE VI

VOLUNTARY RETURN PROCEDURE.—Any delinquent juvenile who has absconded while on probation or parole, or escaped from an institution or agency vested with his legal custody or supervision in any state party to this compact, and any juvenile who has run away from any state party to this compact, who is taken into custody without a requisition in another state party to this compact under the provisions of article IV(1) or of article V(1), may consent to his immediate return to the state from which he absconded, escaped or ran away. Such consent shall be given by the juvenile or delinquent juvenile and his counsel or guardian ad litem if any, by executing or subscribing a writing, in the presence of a judge of the appropriate court, which states that the juvenile or delinquent juvenile and his counsel or guardian ad litem, if any, consent to his return to the demanding state. Before such consent shall be executed or subscribed, however, the judge, in the presence of counsel or guardian ad litem, if any, shall inform the juvenile or delinquent juvenile of his rights under this compact. When the consent has been duly executed, it shall be forwarded to and filed

with the compact administrator of the state in which the court is located and the judge shall direct the officer having the juvenile or delinquent juvenile in custody to deliver him to the duly accredited officer or officers of the state demanding his return, and shall cause to be delivered to such officer or officers a copy of the consent. The court may, however, upon the request of the state to which the juvenile or delinquent juvenile is being returned, order him to return unaccompanied to such state and shall provide him with a copy of such court order; in such event a copy of the consent shall be forwarded to the compact administrator of the state to which said juvenile or delinquent juvenile is ordered to return.

ARTICLE VII

COOPERATIVE SUPERVISION OF PROBATIONERS AND PAROLEES.—

(1) The duly constituted judicial and administrative authorities of a state party to this compact (herein called "sending state") may permit any delinquent juvenile within such state, placed on probation or parole, to reside in any other state party to this compact (herein called "receiving state") while on probation or parole, and the receiving state shall accept such delinquent juvenile, if the parent, guardian or person entitled to the legal custody of such delinquent juvenile is residing or undertakes to reside within the receiving state. Before granting such permission, opportunity shall be given to the receiving state to make such investigations as it deems necessary. The authorities of the sending state shall send to the authorities of the receiving state copies of pertinent court orders, social case studies and all other available information which may be of value to and assist the receiving state in supervising a probationer or parolee under this compact. A receiving state, in its discretion, may agree to accept supervision of a probationer or parolee in cases where the parent, guardian or person entitled to the legal custody of the delinquent juvenile is not a resident of the receiving state, and if so accepted the sending state may transfer supervision accordingly.

(2) Each receiving state will assume the duties of visitation and of supervision over any such delinquent juvenile and in the exercise of those duties will be governed by the same standards of visitation and supervision that prevail for its own delinquent juveniles released on probation or parole.

(3) After consultation between the appropriate authorities of the sending state and of the receiving state as to the desirability and necessity of returning such a delinquent juvenile, the duly accredited officers of a sending state may enter a receiving state and there apprehend and retake any such delinquent juvenile on probation or parole. For that purpose, no formalities will be required, other than establishing the authority of the officer and the identity of the delinquent juvenile to be retaken and returned. The decision of the sending state to retake a delinquent juvenile on probation or parole shall be conclusive upon and not reviewable within the receiving state, but if, at the time the sending state seeks to retake a delinquent juvenile on probation or parole, there is pending against him within the receiving state any criminal charge or any proceeding

to have him adjudicated a delinquent juvenile for any act committed in such state, or if he is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, he shall not be returned, without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment, detention, or supervision for such offense or juvenile delinquency. The duly accredited officers of the sending state shall be permitted to transport delinquent juveniles being so returned through any and all states party to this compact, without interference.

(4) The sending state shall be responsible under this article for paying the costs of transporting any delinquent juvenile to the receiving state or of returning any delinquent juvenile to the sending state.

ARTICLE VIII

RESPONSIBILITY FOR COSTS.—

(1) The provisions of articles IV(2), V(2) and VII(4) of this compact shall not be construed to alter or affect any internal relationship among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

(2) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to articles IV(2), V(2) or VII(4) of this compact.

ARTICLE IX

DETENTION PRACTICES.—To every extent possible, it shall be the policy of states party to this compact that no juvenile or delinquent juvenile shall be placed or detained in any prison, jail or lockup nor be detained or transported in association with criminal, vicious or dissolute persons.

ARTICLE X

SUPPLEMENTARY AGREEMENTS.—The duly constituted administrative authorities of a state party to this compact may enter into supplementary agreements with any other state or states party hereto for the cooperative care, treatment, and rehabilitation of delinquent juveniles whenever they shall find that such agreements will improve the facilities or programs available for such care, treatment and rehabilitation. Such care, treatment and rehabilitation may be provided in an institution located within any state entering into such supplementary agreement. Such supplementary agreements shall (1) provide the rates to be paid for the care, treatment, and custody of such delinquent juveniles, taking into consideration the character of facilities, services and subsistence furnished; (2) provide that the delinquent juvenile shall be given a court hearing prior to his being sent to another state for care, treatment and custody; (3) provide that the state receiving such a delinquent juvenile in one of its institutions shall act solely as agent for the state sending such delinquent juvenile; (4) provide that the sending state shall at all times retain jurisdiction over delinquent juveniles sent to an institution

in another state; (5) provide for reasonable inspection of such institutions by the sending state; (6) provide that the consent of the parent, guardian, person or agency entitled to the legal custody of said delinquent juvenile shall be secured prior to his being sent to another state; and (7) make provision for such other matters and details as shall be necessary to protect the rights and equities of such delinquent juveniles and of the cooperating states.

ARTICLE XI

ACCEPTANCE OF FEDERAL AND OTHER AID.

—Any state party to this compact may accept any and all donations, gifts and grants of money, equipment and services from the federal or any local government, or any agency thereof and from any person, firm or corporation, for any of the purposes and functions of this compact, and may receive and utilize the same subject to the terms, conditions and regulations governing such donations, gifts and grants.

ARTICLE XII

COMPACT ADMINISTRATORS.—The governor of each state party to this compact shall designate an officer who, acting jointly with like officers of other party states, shall promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE XIII

EXECUTION OF COMPACT.—This compact shall become operative immediately upon its execution by any state as between it and any other state or states so executing. When executed it shall have the full force and effect of law within such state, the form of execution to be in accordance with the laws of the executing state.

ARTICLE XIV

RENUNCIATION.—This compact shall continue in force and remain binding upon each executing state until renounced by it. Renunciation of this compact shall be by the same authority which executed it, by sending 6 months' notice in writing of its intention to withdraw from the compact to the other states party hereto. The duties and obligations of a renouncing state under article VII hereof shall continue as to parolees and probationers residing therein at the time of withdrawal until retaken or finally discharged. Supplementary agreements entered into under article X hereof shall be subject to renunciation as provided by such supplementary agreements, and shall not be subject to the 6 months' renunciation notice of the present article.

ARTICLE XV

SEVERABILITY.—The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be

affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

ARTICLE XVI

ADDITIONAL ARTICLE.—This article shall provide additional remedies, and shall be binding only as among and between those party states which specifically execute the same.

For the purposes of this article, "child," as used herein, means any minor within the jurisdictional age limits of any court in the home state.

When any child is brought before a court of a state of which such child is not a resident, and such state is willing to permit such child's return to the home state of such child, such home state, upon being so advised by the state in which such proceeding is pending, shall immediately institute proceedings to determine the residence and jurisdictional facts as to such child in such home state, and upon finding that such child is in fact a resident of said state and subject to the jurisdiction of the court thereof, shall within 5 days authorize the return of such child to the home state, and to the parent or custodial agency legally authorized to accept such custody in such home state, and at the expense of such home state, to be paid from such funds as such home state may procure, designate, or provide, prompt action being of the essence.

ARTICLE XVII

ADDITIONAL ARTICLE.—

(1) This amendment shall provide additional remedies, and shall be binding only as among and between those party states which specifically execute the same.

(2) All provisions and procedures of articles V and VI of the interstate compact on juveniles shall be construed to apply to any juvenile charged with being a delinquent by reason of a violation of any criminal law. Any juvenile, charged with being a delinquent by reason of violating any criminal law, shall be returned to the requesting state upon a requisition to the state where the juvenile may be found. A petition in such case shall be filed in a court of competent jurisdiction in the requesting state where the violation of criminal law is alleged to have been committed. The petition may be filed regardless of whether the juvenile has left the state before or after the filing of the petition. The requisition described in article V of the compact shall be forwarded by the judge of the court in which the petition has been filed.

ARTICLE XVIII

OUT-OF-STATE CONFINEMENT AMENDMENT.—

(1)(a) Whenever the duly constituted judicial or administrative authorities in a sending state shall determine that confinement of a probationer or re-confinement of a parolee is necessary or desirable, said officials may direct that the confinement or re-confinement be in an appropriate institution for de-

linquent juveniles within the territory of the receiving state, such receiving state to act in that regard solely as agent for the sending state.

(b) Escapees and absconders who would otherwise be returned pursuant to Article V of the compact may be confined or reconfined in the receiving state pursuant to this amendment. In any such case the information and allegations required to be made and furnished in a requisition pursuant to such article shall be made and furnished, but in place of the demand pursuant to Article V, the sending state shall request confinement or reconfinement in the receiving state. Whenever applicable, detention orders as provided in Article V may be employed pursuant to this paragraph preliminary to disposition of the escapee or absconder.

(c) The confinement or reconfinement of a parolee, probationer, escapee, or absconder pursuant to this amendment shall require the concurrence of the appropriate judicial or administrative authorities of the receiving state.

(d) As used in this amendment:

1. "Sending state" means sending state as that term is used in Article VII of the compact or the state from which a delinquent juvenile has escaped or absconded within the meaning of Article V of the compact;

2. "Receiving state" means any state, other than the sending state, in which a parolee, probationer, escapee, or absconder may be found, provided that said state is a party to this amendment.

(e) Every state which adopts this amendment shall designate at least one of its institutions for delinquent juveniles as a "compact institution" and shall confine persons therein as provided in paragraph (a) hereof unless the sending and receiving state in question shall make specific contractual arrangements to the contrary. All states party to this amendment shall have access to "compact institutions" at all reasonable hours for the purpose of inspecting the facilities thereof and for the purpose of visiting such of said state's delinquents as may be confined in the institution.

(f) Persons confined in "compact institutions" pursuant to the terms of this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed from said "compact institution" for transfer to an appropriate institution within the sending state, for return to probation or parole, for discharge, or for any purpose permitted by the laws of the sending state.

(g) All persons who may be confined in a "compact institution" pursuant to the provisions of this amendment shall be treated in a reasonable and humane manner. The fact of confinement or reconfinement in a receiving state shall not deprive any person so confined or reconfined of any rights which said person would have had if confined or reconfined in an appropriate institution of the sending state; nor shall any agreement to submit to confinement or reconfinement pursuant to the terms of this amendment be construed as a waiver of any rights which the delinquent would have had if he had been confined or reconfined in any appropriate institution of the sending state, except that the hearing or hearings, if any, to which a parolee, probationer, escapee,

or absconder may be entitled (prior to confinement or reconfinement) by the laws of the sending state may be had before the appropriate judicial or administrative officers of the receiving state. In this event, said judicial and administrative officers shall act as agents of the sending state after consultation with appropriate officers of the sending state.

(h) Any receiving state incurring costs or other expenses under this amendment shall be reimbursed in the amount of such costs or other expenses by the sending state unless the states concerned shall specifically otherwise agree. Any two or more states party to this amendment may enter into supplementary agreements determining a different allocation of costs as among themselves.

(i) This amendment shall take initial effect when entered into by any two or more states party to the compact and shall be effective as to those states which have specifically enacted this amendment. Rules and regulations necessary to effectuate the terms of this amendment may be promulgated by the appropriate officers of those states which have enacted this amendment.

(2) In addition to any institution in which the authorities of this state may otherwise confine or order the confinement of a dependent or delinquent juvenile, such authorities may, pursuant to the out-of-state confinement amendment to the interstate compact on juveniles, confine or order the confinement of a delinquent or dependent juvenile in a compact institution within another party state.

Said compact administrator shall serve subject to the pleasure of the governor. 40.015 Jury districts; counties exceeding 50,000.—

(1) In any county having a population exceeding 50,000 according to the last preceding decennial census and one or more locations in addition to the county seat at which the county or circuit court sits and holds jury trials, the chief judge, with the approval of a majority of the circuit court judges of the circuit, is authorized to create a jury district for each court house location, from which jury lists shall be selected in the manner presently provided by law.

(2) In determining the boundaries of a jury district to serve the court located within the district, the board shall seek to avoid any exclusion of any cognizable group. Each jury district shall include at least 6,000 registered voters.

(1) The chief judge of each circuit, or a circuit judge in each county within the circuit who is designated by the chief judge, shall request the selection of a jury list in each county within the circuit during the first week of January of each year, or as soon thereafter as practicable. The chief judge or his des-

ignee shall direct the clerk of the court to select at random a sufficient number of names, with their addresses, from the list of persons who are qualified to serve as jurors under the provisions of s. 40.01 and to generate a list of not fewer than 250 persons to serve as jurors, which list shall be signed and verified by the clerk of the court as having been selected as aforesaid. A circuit judge in a county to which he has been assigned may request additional jury lists as necessary to prevent the jury list from becoming exhausted. When the annual jury list is prepared pursuant to the request of a chief judge or his designee, the lists prepared the previous year shall be withdrawn from further use. If, notwithstanding this provision, some names are not withdrawn, such error or irregularity shall not invalidate any subsequent proceeding or jury. The fact that any person so selected had been on a former jury list or had served as a juror in any court at any time shall not be grounds for challenge of such person as a juror. If any person so selected shall be ascertained to be disqualified or incompetent to serve as a juror, such disqualification shall not affect the legality of such list or be cause of challenge to the array of any jury chosen from such list, but any person ascertained to be disqualified to serve as a juror shall be subject to challenge for cause, as defined by law. The lists, although they may be defective or irregular in form or other formal requirement, or in the number or qualification of the persons so named, shall be the lists from which the names of persons for jury service are to be drawn as prescribed by law.

(2) The clerk of the court shall be responsible for preserving the security of the jury lists.

(3) The chief judge may designate the court administrator to perform the duties set forth in this section and in ss. 40.221, 40.23, and 40.231 in counties having an approved, computerized jury selection system, the provisions of any special law or general law of local application to the contrary notwithstanding.

Every such list shall be submitted to and approved by the circuit judge or one of said circuit judges, such approval to be evidenced by his signature thereon. Said list so certified and approved, although it may be defective or irregular in form, certification, approval or other formal requirement, or in the number or qualification of the persons so named, shall be the basis for copying the listed names on separate pieces of paper or cards to be deposited and preserved in the box whence the names of persons for jury duty are to be drawn as prescribed by law. It shall not affect the validity of such list or any listed or copied name if there should be any error or irregularity in either, each person so procured or listed as a juror being presumed to be the one intended to be listed as a juror. When the annual jury list or special jury list prepared pursuant to the order of a circuit judge is certified and approved the box containing the names of jurors previously listed shall be emptied and all names removed therefrom before such newly listed names are placed in such jury box. If, notwithstanding this provision, some names or papers or cards containing names remain in the jury box, such error or irregularity shall not invalidate the contents of the box or the procurement of any jurors by drawing names therefrom or any subsequent proceeding or jury.

(2) When a majority of the trial judges authorizes the alternative method of drawing a jury venire as provided in subsection (1), the chief judge of the judicial circuit in which the county is located shall make a certificate to that effect and transmit the same to the Chief Justice of the Supreme Court, together with a description of the equipment, methods, and mode of operation to be used.

(3) The Chief Justice shall cause the certificate and data accompanying it to be presented to the Justices of the Supreme Court. If the court finds that the proposed method will produce venires selected by lot and at random, is in compliance with all constitutional requirements of jury selection, and is otherwise feasible and practicable, an order of approval of same shall be made and filed. Thereafter, the alternative method so approved may be used in the county so authorized.

(4) The chief judge of the judicial circuit in which the county is located shall supervise the use of such alternative method whenever approval of same has been made by order of the Supreme Court.

(3) Any person who is duly summoned to attend as a juror in any court and who fails to attend without any sufficient excuse shall pay a fine not to exceed \$100, which fine shall be imposed by the court to which the juror was summoned, and, in addition, such failure may be considered a contempt of court.

Any juror who attends on any of the days when the presiding judge is absent or, being present, does not hold the session of the court shall be entitled to receive the same compensation as if the court were in session. In such case, the Comptroller shall remit only the amount so apportioned to each county, and, when the amount so apportioned is insufficient to pay in full all the

jurors and witnesses during a quarterly fiscal period, the clerk of the court shall apportion the money received by him pro rata among the jurors and witnesses entitled to pay and shall give to each juror or witness a certificate of the amount of compensation still due, which certificate shall be held by the Comptroller as other demands against the state.

If, upon audit, the payrolls are found correct and reconcile to the statement of account, the Comptroller shall draw his warrant on the State Treasury for the amount due thereon and shall deliver the same to the Treasurer, together with all amounts returned by the clerk of the court, taking up the requisition of the clerk of the court given the Treasurer. If upon audit the Comptroller shall determine a balance due the clerk of the court, the Comptroller shall draw his warrant on the State Treasury for the balance due thereon and shall deliver the same to the clerk of the court.

(2) If any such clerk of the court fails to account for and pay over promptly the balance of all moneys so paid him, the sureties on his official bond shall be held liable and responsible for same; and the Comptroller shall report to the Governor any failure on the part of the clerk of the court to report and faithfully account for any such moneys.

48.193 Acts subjecting persons to jurisdiction of courts of state.—

(1) Any person, whether or not a citizen or resident of this state, who personally or through an agent does any of the acts enumerated in this subsection thereby submits that person and, if he is a natural person, his personal representative to the jurisdiction of the courts of this state for any cause of action arising from the doing of any of the following:

(a) Operates, conducts, engages in, or carries on a business or business venture in this state or has an office or agency in this state.

This paragraph does not change the residency requirement for filing an action for dissolution of marriage.

(f) Causes injury to persons or property within this state arising out of an act or omission outside of this state by the defendant, provided that at the time of the injury either:

1. The defendant was engaged in solicitation or service activities within this state which resulted in such injury; or

(g) Breaches a contract in this state by failing to

perform acts required by the contract to be performed in this state.

(2) Service of process upon any person who is subject to the jurisdiction of the courts of this state as provided in this section may be made by personally serving the process upon the defendant outside this state, as provided in s. 48.194. The service shall have the same effect as if it had been personally served within this state.

(3) Only causes of action arising from acts or omissions enumerated in this section may be asserted against a defendant in an action in which jurisdiction over him is based upon this section, unless the defendant in his pleadings demands affirmative relief on other causes of action, in which event the plaintiff may assert any cause of action against the defendant, regardless of its basis, by amended pleadings pursuant to the rules of civil procedure.

(4) Nothing contained in this section shall limit or affect the right to serve any process in any other manner now or hereinafter provided by law.

History.—s. 1, ch. 73-179.

48.194 Personal service outside state.—Service of process on persons outside of this state shall be made in the same manner as service within this state by any officer authorized to serve process in the state where the person is served. No order of court is required. An affidavit of the officer shall be filed, stating the time, manner, and place of service. The court may consider the affidavit, or any other competent evidence, in determining whether service has been properly made.

History.—s. 1, ch. 73-179.

48.195 Service of foreign process.—

(1) The service of process issued by a foreign court of a state other than Florida may be made by the sheriffs of this state in the same manner as service of process issued by Florida courts. The provisions of this section shall not be interpreted to permit a sheriff to take any action against personal property, real property, or persons.

(2) An officer serving such foreign process shall be deemed as acting in the performance of his duties for the purposes of ss. 843.01, '843.02, 30.01, and 30.02, but shall not be held liable as provided in ss. 30.19 and 839.19 for failure to execute any process delivered to him for service.

(3) The sheriffs shall be entitled to charge fees for the service of foreign, out-of-state process, and the fees shall be the same as fees for the service of comparable process for the Florida courts. When the service of foreign process requires duties to be performed in addition to those required by Florida courts, the sheriff may perform the additional duties and may collect reasonable additional compensation for the additional duties performed.

History.—s. 7, ch. 79-396.

Note.—Reference to s. 843.02 substituted by the editors for "842.03" as an obvious typographical error; there is no s. 842.03.

48.20 Service of process on Sunday.—Service or execution on Sunday of any writ, process, warrant, order or judgment is void and the person serving or executing, or causing it to be served or executed, is liable to the party aggrieved for damages for so

doing as if he had done it without any process, writ, warrant, order or judgment. If affidavit is made by the person requesting service or execution that he has good reason to believe that any person liable to have any such writ, process, warrant, order or judgment served on him intends to escape from this state under protection of Sunday, any officer furnished with an order authorizing service or execution by the judge or magistrate of any incorporated town may serve or execute such writ, process, warrant, order, or judgment on Sunday, and it is as valid as if it had been done on any other day.

Note.—Former s. 47.46.

48.21 Return of execution of process.—All officers to whom process is directed shall note on it the time when it comes to hand, the time when it is executed, the manner of execution, the name of the person on whom it was executed and if such person is served in a representative capacity, the position occupied by him. A failure to state the foregoing facts invalidates the service, but the return is amendable to state the truth at any time on application to the court from which the process issued. On amendment, service is as effective as if the return had originally stated the omitted facts. A failure to state all the facts in the return shall subject the officer so failing to a fine not exceeding \$10, in the court's discretion.

Note.—Former ss. 47.33, 47.44.

48.23 Lis pendens.—

(1)(a) No action in any of the state or federal courts in this state operates as a lis pendens on any real or personal property involved therein or to be affected thereby until a notice of the commencement

of the action is recorded in the office of the clerk of the circuit court of the county where the property is, containing the names of the parties, the time of institution of the action, the name of the court in which it is pending, a description of the property involved or to be affected and a statement of the relief sought as to the property.

(b) The filing for record of such notice of lis pendens shall constitute a bar to the enforcement against the property described in said notice of lis pendens of all liens including but not limited to federal tax liens and levies, unrecorded at the time of filing for record such notice of lis pendens unless the holder of any such unrecorded lien shall intervene in such proceedings within 20 days after the filing and recording of said notice of lis pendens, and if the holder of any such unrecorded lien does not intervene in the proceedings, and if such proceedings are prosecuted to a judicial sale of the property described in said notice of lis pendens, the said property shall be forever discharged from all such unrecorded liens. In the event said notice of lis pendens is discharged by order of the court, the same shall not in any way affect the validity of any unrecorded lien.

(2) No notice of lis pendens is effectual for any purpose beyond 1 year from the commencement of the action unless the relief sought is disclosed by the initial pleading to be founded on a duly recorded instrument, or on a mechanic's lien claimed against the property involved except when the court extends the time on reasonable notice and for good cause. The court may impose such terms for the extension of time as justice requires.

(3) When the initial pleading does not show that the action is founded on a duly recorded instrument, or on a mechanic's lien, the court may control and discharge the notice of lis pendens as the court may grant and dissolve injunctions.

(4) This section applies to all actions now or hereafter pending in any state or federal courts in this state, but the period of time above-mentioned does not include the period of pendency of any action in an appellate court.

When a jury is in attendance at the close of pleading or the time of demand for jury trial, the action may be tried immediately; otherwise, the court shall order a special venire to be summoned immediately. If a special venire be summoned, the party demanding the jury shall deposit sufficient money with the clerk to pay the jury fees which shall be taxed as costs if he prevails.

(2) The sheriffs of the respective counties may, during the month of July of each year, hereafter make and compile lists of any or all unclaimed moneys which came into their hands as provided in subsection (1). Such compilations shall list, in addition to the name of the defendants, the names of such lienholders, claimants, and interested parties who may have valid claims, if known, and shall specify the respective amounts of such unclaimed moneys. Each such list or compilation shall be published one time during the month of July in a newspaper of general circulation in the county served by the sheriff, and said notice shall specify that, unless such moneys are claimed on or before September 1 after such publication, same shall be declared forfeited to such county. Proof of such publication shall be made by the publisher of such newspaper and shall be filed and recorded in the minutes of the county commission of such county.

(3) A person having or claiming any interest in said funds or any portion of them shall file his written claim with the sheriff of the county having custody of such funds within the time specified by said notice and shall make sufficient proof to said sheriff of his ownership and upon so doing shall be entitled to receive any part of the moneys so claimed. Unless claim is filed within such time as aforesaid, all claims in reference thereto are forever barred.

(4) The cost of publishing the notices as required by subsection (2) shall be paid by the county commissioners, and the sheriff shall receive as compensation the regular fee allowed by statute for the collection of fines, fees, and costs adjudged to the state upon the amounts remitted to the fine and forfeiture fund.

(1) When any sheriff holds an unsatisfied execution, the plaintiff in execution may file an affidavit so stating and that the execution is valid and outstanding and thereupon is entitled to these proceedings supplementary to execution.

(2) On such plaintiff's motion the court shall require the defendant in execution to appear before it or a master at a time and place specified by the order in the county of the defendant's residence to be examined concerning his property.

(3) The order shall be served in a reasonable time before the date of the examination in the manner provided for service of summons or may be served on such defendant or his attorney as provided for service of papers in the rules of civil procedure.

(4) Testimony shall be under oath, shall be comprehensive and cover all matters and things pertaining to the business and financial interests of defendant which may tend to show what property he has and its location. Any testimony tending directly or indirectly to aid in satisfying the execution is admissible. A corporation must attend and answer by an officer who may be specified in the order. Examination of witnesses shall be as at trial and any party may call other witnesses.

(5) The judge may order any property of the judgment debtor, not exempt from execution, in the hands of any person or due to the judgment debtor to be applied toward the satisfaction of the judgment debt.

(b) When any gift, transfer, assignment or other conveyance of personal property has been made or contrived by defendant to delay, hinder or defraud creditors, the court shall order the gift, transfer, assignment or other conveyance to be void and direct the sheriff to take the property to satisfy the execution. This does not authorize seizure of property exempted from levy and sale under execution or property which has passed to a bona fide purchaser for

value and without notice. Any person aggrieved by the levy may proceed under ss. 56.16-56.20.

(7) At any time the court may refer the proceeding to a master who may be directed to report findings of law or fact, or both. The master has all the powers thereof, including the power to issue subpoena, and shall be paid the fees provided by law.

(8) A party or a witness examined under these provisions is not excused from answering a question on the ground that his answer will tend to show him guilty of the commission of a fraud, or prove that he has been a party or privy to, or knowing of a conveyance, assignment, transfer, or other disposition of property for any purpose, or that he or another person claims to have title as against the defendant or to hold property derived from or through the defendant, or to be discharged from the payment of a debt which was due to the defendant or to a person in his behalf. An answer cannot be used as evidence

against the person so answering in any criminal proceeding.

(9) The court may enter any orders required to carry out the purpose of this section to subject property or property rights of any defendant to execution.

(10) Any person failing to obey any order issued under this section by a judge or master or to attend in response to a subpoena served on him may be held in contempt.

(11) Costs for proceedings supplementary shall be taxed against the defendant as well as all other incidental costs determined to be reasonable and just by the court including, but not limited to, docketing the execution, sheriff's service fees, and court reporter's fees.

If the Comptroller finds the bills legal and adjudged against and paid by the county, he shall draw his warrant in the amount thereof, or in the amount he finds legal and adjudged against and paid by the county, in favor of the county paying the fees, costs, and expenses, which shall be paid by the State Treasurer from the General Revenue Funds of the state.

CHAPTER 60

INJUNCTIONS

- 60.01 Injunction; against levy of execution issued against another than the plaintiff.
- 60.02 Injunction; against destruction of timber and removal of logs.
- 60.03 Injunction against removal of mortgaged personal property.
- 60.04 Injunction; sureties on bond of fiduciaries may restrain disposition of principal's property.
- 60.05 Abatement of nuisances.
- 60.06 Abatement of nuisances; enforcement.
- 60.07 Assessment of damages after dissolution.

60.01 Injunction; against levy of execution issued against another than the plaintiff.—When real estate is levied on, or an attempt to sell it under any execution or other process issued is made, or an attempt to sell it as the property of another person is made, chancery courts have jurisdiction to enjoin the sale on the application of the owner in possession of the real estate.

History.—s. 1, ch. 3432, 1883; RS 1468; GS 1918; RGS 3180; CGL 4972; s. 15, ch. 67-254.

Note.—Former s. 64.07.

60.02 Injunction; against destruction of timber and removal of logs.—Chancery courts have jurisdiction of actions by any person claiming to own any timbered lands, or the timber, or the right to work for turpentine purposes the timber on any lands in this state, to enjoin trespass on the lands by the cutting of trees thereon, or the removing of logs therefrom, or by boxing or scraping the said trees for the purpose of making turpentine, or by the removal of turpentine therefrom.

History.—s. 2, ch. 3884, 1889; RS 1469, 1470; GS 1919; s. 1, ch. 5682, 1907; RGS 3181; CGL 4973; s. 15, ch. 67-254.

Note.—Former s. 64.08.

60.03 Injunction against removal of mortgaged personal property.—The removal from the state of any personal property mortgaged to secure a debt which has not matured at the time of the removal may be enjoined by any chancery court within whose territorial jurisdiction the property is located.

History.—RS 1472; GS 1920; RGS 3182; CGL 4974; s. 15, ch. 67-254.

Note.—Former s. 64.09.

60.04 Injunction; sureties on bond of fiduciaries may restrain disposition of principal's property.—When actions are commenced on the bond of any executor, administrator, guardian or trustee, or for an accounting, the surety on the bond may apply to the court in which the action is pending, if in chancery, or if the action is at law, then to any chancery court having jurisdiction, for an injunction restraining any principal in the bond from disposing of his property and from encumbering or removing it from the county in which it is located until the final disposition of the action. If it appears on the application that there is danger that the principal may dispose of his property before final judgment so that there will not be sufficient property of

the principal to satisfy any judgment that is rendered against the administrator, executor, guardian or trustee, the court shall issue an injunction on such terms as are proper, enjoining such principal from disposing of his property, or so much thereof as is necessary for the protection of the surety until the final disposition of the action. It is not necessary for the surety to show that any amounts are due by said administrator, executor, guardian or trustee but the judge granting the injunction may vacate it on the executor, administrator, guardian or trustee giving adequate security, to be approved by the court, to the surety conditioned to save him harmless for all loss or damage he sustains as surety.

History.—s. 1, ch. 5406, 1905; RGS 3183; CGL 4975; s. 15, ch. 67-254.

Note.—Former s. 64.10.

cf.—s. 222.09 Injunction to prevent sale of homestead or exempt property.

60.05 Abatement of nuisances.—

(1) When any nuisance as defined in s. 823.05 exists, the Attorney General or State Attorney or any citizen of the county may sue in the name of the state on his relation to enjoin the nuisance, the person or persons maintaining it, and the owner or agent of the building or ground on which the nuisance exists.

(2) The court may allow a temporary injunction without bond on proper proof being made. If it appears by evidence or affidavit that a temporary injunction should issue, the court, pending the determination on final hearing may enjoin:

- (a) The maintaining of a nuisance;
- (b) The operating and maintaining of the place or premises where the nuisance is maintained;
- (c) The owner or agent of the building or ground upon which the nuisance exists;
- (d) The conduct, operation or maintenance of any business or activity operated or maintained in the building or on the premises in connection with or incident to the maintenance of the nuisance.

The injunction shall specify the activities enjoined and shall not preclude the operation of any lawful business not conducive to the maintenance of the nuisance complained of. At least 3 days' notice in writing shall be given defendant of the time and place of application for the temporary injunction.

(3) Evidence of the general reputation of the alleged nuisance and place is admissible to prove the existence of the nuisance. No action filed by a citizen shall be dismissed unless the court is satisfied that it should be dismissed. Otherwise the action shall continue and the State Attorney notified to proceed with it. If the action is brought by a citizen and the court finds that there was no reasonable ground for the action, the costs shall be taxed against the citizen.

(4) On trial if the existence of a nuisance is shown, the court shall issue a permanent injunction and order the costs to be paid by the persons establishing or maintaining the nuisance and shall adjudge that the costs are a lien on all personal property found in the place of the nuisance and on the

failure of the property to bring enough to pay the costs, then on the real estate occupied by the nuisance. No lien shall attach to the real estate of any other than said persons unless 5 days' written notice has been given to the owner or his agent who fails to begin to abate the nuisance within said 5 days.

(5) If the action was brought by the Attorney General, a State Attorney, or any other officer or agency of state government; if the court finds either before or after trial that there was no reasonable ground for the action; and if judgment is rendered for the defendant, the costs and reasonable attorney's fees shall be taxed against the state.

Note.—Former ss. 64.11-64.14.

60.06 Abatement of nuisances; enforcement.

—The court shall make such orders on proper proof as will abate all nuisances mentioned in s. 823.05, and has authority to enforce injunctions by contempt but the jurisdiction hereby granted does not repeal or alter s. 823.01.

History.—s. 5, ch. 7367, 1917; RGS 3227; CGL 5033; s. 15, ch. 67-254.

Note.—Former s. 64.15.

60.07 Assessment of damages after dissolution.—In injunction actions, on dissolution, the court may hear evidence and assess damages to which a defendant may be entitled under any injunction bond, eliminating the necessity for an action on the injunction bond if no party has requested a jury trial on damages.

(b) To promote the amicable settlement of disputes that have arisen between parties to a marriage; and

(c) To mitigate the potential harm to the spouses and their children caused by the process of legal dissolution of marriage.

History.—s. 1, ch. 71-241.

61.011 Dissolution in chancery.—Proceedings under this chapter are in chancery.

History.—s. 1, Oct. 31, 1828; RS 1477; GS 1925; RGS 3188; CGL 4980; s. 2, ch. 29737, 1955; s. 16, ch. 67-254; s. 2, ch. 71-241.

(1) No judgment of dissolution of marriage shall be granted unless one of the following facts appears,

which shall be pleaded generally:

(a) ~~The marriage is irretrievably broken.~~

(b) ~~Mental incompetence of one of the parties.~~

However, no dissolution shall be allowed unless the party alleged to be incompetent shall have been adjudged incompetent according to the provisions of s. 744.31 for a preceding period of at least 3 years. Notice of the proceeding for dissolution shall be served upon one of the nearest blood relatives or guardian of such incompetent person, and such relative or guardian shall be entitled to appear and to be heard upon the issues. If the incompetent party has a general guardian or a guardian of his person other than the party bringing the proceeding, the petition and summons shall be served upon the incompetent party and such guardian and the guardian shall defend and protect the interests of the incompetent party. If the incompetent party has no general guardian or guardian of his person, the court shall appoint a guardian ad litem to defend and protect the interests of the incompetent party. However, in all dissolutions of marriage granted on the basis of incompetency, the court may require the petitioner to pay alimony pursuant to the provisions of s. 61.08.

(2) Based on the evidence at the hearing, which evidence need not be corroborated except to establish that the residence requirements of s. 61.021 are met, the court shall dispose of the petition for dissolution of marriage as follows, when the petition is based on the allegation that the marriage is irretrievably broken:

(a) If there are no minor children of the marriage and if the respondent does not, by answer to the petition for dissolution, deny that the marriage is irretrievably broken, the court shall enter a judgment of dissolution of the marriage if the court finds that the marriage is irretrievably broken.

(b) When there are minor children of the marriage, or when the respondent denies by answer to the petition for dissolution that the marriage is irretrievably broken, the court may:

1. Order either or both parties to consult with a marriage counselor, psychologist, psychiatrist, minister, priest, rabbi, or any other person deemed qualified by the court and acceptable to the party or parties ordered to seek consultation; or

2. Continue the proceedings for a reasonable length of time not to exceed 3 months, to enable the parties themselves to effect a reconciliation; or

3. Take such other action as may be in the best interest of the parties and the minor children of the marriage.

If, at any time, the court finds that the marriage is irretrievably broken, the court shall enter a judgment of dissolution of the marriage. If the court finds that the marriage is not irretrievably broken, it shall deny the petition for dissolution of marriage.

(3) During any period of continuance the court may make appropriate orders for the support and alimony of the parties; the custody, support, maintenance and education of the minor children of the marriage; attorney's fees; and the preservation of the property of the parties.

(4) A judgment of dissolution of marriage shall result in each spouse having the status of being single

and unmarried. No judgment of dissolution of marriage renders the children of such marriage illegitimate.

61.071 Alimony pendente lite.—In every proceeding for dissolution of the marriage, a party may claim alimony and suit money in the petition or by motion, and if the petition is well founded, the court shall allow a reasonable sum therefor. If a party in any proceeding for dissolution of marriage claims alimony or suit money in his answer or by motion, and the answer or motion is well founded, the court shall allow a reasonable sum therefor.

Note.—Former s. 65.07.

61.08 Alimony.—

(1) In a proceeding for dissolution of marriage, the court may grant alimony to either party, which alimony may be rehabilitative or permanent in nature. In any award of alimony, the court may order periodic payments or payments in lump sum or both. The court may consider the adultery of a spouse and the circumstances thereof in determining whether alimony shall be awarded to such spouse and the amount of alimony, if any, to be awarded.

(2) In determining a proper award of alimony or maintenance, the court shall consider all relevant economic factors, including but not limited to:

(a) The standard of living established during the marriage.

(b) The duration of the marriage.

(c) The age and the physical and emotional condition of both parties.

(d) The financial resources of each party.

(e) Where applicable, the time necessary for either party to acquire sufficient education or training to enable him or her to find appropriate employment.

(f) The contribution of each party to the marriage, including, but not limited to, services rendered in homemaking, child care, education and career building of the other party.

The court may consider any other factor necessary to do equity and justice between the parties.

History.—ss. 7, 12, Oct. 31, 1828; RS 1484; GS 1932; RGS 3195; CGL 4987; s. 1, ch. 23894, 1947; s. 1, ch. 63-145; s. 16, ch. 67-254; s. 10, ch. 71-241; s. 1, ch. 78-339.

61.09 Nonsupport.—If a person having the ability to contribute to the maintenance of his or her spouse and support of his or her minor children fails to do so, the spouse who is not receiving support or who has custody of the children may petition the court for alimony and for support for minor children without petitioning for dissolution of marriage, and

the court shall enter such order as it deems just and proper.

61.10 Rights of parties unconnected with dissolution.—Except when relief is afforded by some other pending civil action or proceeding, a spouse residing in this state apart from his spouse and minor children, whether or not such separation is through his fault, may obtain an adjudication of his obligation to maintain his spouse and minor children, if any. The court shall adjudicate his financial obligations to such spouse or children, or both, and fix the custody and visitation rights of the parties and enforce them. Such an action does not preclude either party from maintaining any other proceeding under this chapter for other or additional relief at any time.

61.11 Effect of judgment of alimony.—A judgment of alimony granted under s. 61.08 or s. 61.09 releases the party receiving the alimony from the control of the other party, and the party receiving the alimony may use his alimony and acquire, use, and dispose of other property uncontrolled by the other party. When either party is about to remove himself or his property out of the state, or fraudulently convey or conceal it, the court may award a ne exeat or injunction against him or his property and make such orders as will secure alimony to the party who should receive it.

61.12 Attachment or garnishment of amounts due for alimony or child support.—

(1) So much as the court orders of the money or other things due to any person or public officer, state or county, whether the head of a family residing in this state or not, when the money or other thing is due for the personal labor or service of the person or otherwise, is subject to attachment or garnishment to enforce the orders of the court of this state for alimony, suit money, or child support, or other orders in proceedings for dissolution, alimony, or child support; when the money or other thing sought to be attached or garnished is the salary of a public officer, state or county, the writ of attachment or garnishment shall be served on the public officer whose duty it is to pay the salary, who shall obey the writ as provided by law in other cases. It is the duty of the officer to notify the public officer whose duty it is to audit or issue a warrant for the salary sought to be attached immediately upon service of the writ. A warrant for as much of the salary as is ordered held under said writ shall not issue except pursuant to court order unless the writ is dissolved. No more of the salary shall be retained by virtue of the writ than is provided for in the order.

(2) The provisions of chapter 77 or any other provision of law to the contrary notwithstanding, the court may issue a continuing writ of garnishment to an employer to enforce the order of the court for

periodic payment of alimony or child support or both. The writ may provide that the salary of any person having a duty of support pursuant to said order be garnished on a periodic and continuing basis for so long as the court may determine or until otherwise ordered by the court or a court of competent jurisdiction in a further proceeding.

61.13 Custody and support of children, etc., power of court in making orders.—

(1) In a proceeding for dissolution of marriage, the court may at any time order either or both parents owing a duty of support to a child of the marriage to pay such support as from the circumstances of the parties and the nature of the case is equitable. The court initially entering an order requiring one or both parents to make child support payments shall have continuing jurisdiction after the entry of such initial order to modify the amount of the child support payments, or the terms thereof, when such is found to be necessary by the court for the best interests of the child or children, when the child or any one of the children has reached the age of 18 years, or when such is found to be necessary by the court because there has been a substantial change in the circumstances of the parties. The court initially entering a child support order shall also have continuing jurisdiction after the entry of such order to require the person or persons awarded custody of the child or children to make a report to the court on terms prescribed by the court as to the expenditure or other disposition of said child support payments.

(2)(a) In any proceeding under this chapter, the court shall have jurisdiction to determine custody, notwithstanding that the child or children are not physically present within this state at the time of filing any proceeding under this chapter, if it shall appear to the court that the child or children were removed from this state for the primary purpose of removing the said child or children from the jurisdiction of the court in an attempt to avoid a determination of custody.

(b) The court shall award custody and visitation rights of minor children of the parties as a part of proceeding for dissolution of marriage in accordance with the best interests of the child and in accordance with the Uniform Child Custody Jurisdiction Act. Upon considering all relevant factors, the father of the child shall be given the same consideration as the mother in determining custody. The court may award the grandparents visitation rights of a minor child if it is deemed by the court to be in the child's best interest. Nothing in this section shall be construed to require that grandparents be made parties or given notice of dissolution pleadings or proceedings, nor shall such grandparents have legal standing as "contestants" as defined in s. 61.1306. No court shall order that a child be kept within the state or jurisdiction of the court solely for the purpose of permitting visitation by the grandparents.

(3) For purpose of custody, the best interests of the child shall be determined by the court's consideration and evaluation of all factors affecting the best

welfare and interests of the child, including, but not limited to:

(a) The love, affection, and other emotional ties existing between the parents and the child.

(b) The capacity and disposition of the parents to give the child love, affection, and guidance and to continue the educating of the child.

(c) The capacity and disposition of the parents to provide the child with food, clothing, medical care or other remedial care recognized and permitted under the laws of this state in lieu of medical care, and other material needs.

(d) The length of time the child has lived in a stable, satisfactory environment and the desirability of maintaining continuity.

(e) The permanence, as a family unit, of the existing or proposed custodial home.

(f) The moral fitness of the parents.

(g) The mental and physical health of the parents.

(h) The home, school, and community record of the child.

(i) The reasonable preference of the child, if the court deems the child to be of sufficient intelligence, understanding, and experience to express a preference.

(j) Any other factor considered by the court to be relevant to a particular child custody dispute.

(4) In any proceeding under this chapter, the court, at any stage of the proceeding and after final judgment, may make such orders about what security is to be given for the care, custody, and support of the minor children of the marriage as from the circumstances of the parties and the nature of the case is equitable.

61.1302 Short title.—Sections 61.1302-61.1348 may be known and shall be cited as the "Uniform Child Custody Jurisdiction Act."

History.—s. 1, ch. 77-433.

61.1304 Purposes of act; construction of provisions.—The general purposes of this act are to:

(1) Avoid jurisdictional competition and conflict with courts of other states in matters of child custody which have in the past resulted in the shifting of children from state to state with harmful effects on their well-being.

(2) Promote cooperation with the courts of other states to the end that a custody decree is rendered in the state which can best decide the case in the interest of the child.

(3) Assure that litigation concerning the custody of a child takes place ordinarily in the state with which the child and his family have the closest connection and where significant evidence concerning his care, protection, training, and personal relationships is most readily available, and that courts of this state decline the exercise of jurisdiction when the child and his family have a closer connection with another state.

(4) Discourage continuing controversies over child custody in the interest of greater stability of

home environment and of secure family relationships for the child.

(5) Deter abductions and other unilateral removals of children undertaken to obtain custody awards.

(6) Avoid relitigation of custody decisions of other states in this state insofar as feasible.

(7) Facilitate the enforcement of custody decrees of other states.

(8) Promote and expand the exchange of information and other forms of mutual assistance between the courts of this state and those of other states concerned with the same child.

(9) Make uniform the law with respect to the subject of this act among states enacting it.

History.—s. 2, ch. 77-433; s. 16, ch. 79-400.

61.1306 Definitions.—As used in this act:

(1) "Contestant" means a person, including a parent, who claims a right to custody or visitation rights with respect to a child.

(2) "Custody determination" means a court decision and court orders and instructions providing for the custody of a child, including visitation rights; it does not include a decision relating to child support or any other monetary obligation of any person.

(4) "Decree" or "custody decree" means a custody determination contained in a judicial decree or order made in a custody proceeding, and includes an initial decree and a modification decree.

(5) "Home state" means the state in which the child, immediately preceding the time involved, lived with his parents, a parent, or a person acting as parent for at least 6 consecutive months or, in the case of a child less than 6 months old, the state in which the child lived from birth with any of the persons mentioned. Periods of temporary absence of any of the named persons are counted as part of the 6-month or other period.

(6) "Initial decree" means the first custody decree concerning a particular child.

(7) "Modification decree" means a custody decree which modifies or replaces a prior decree, whether made by the court which rendered the prior decree or by another court.

(8) "Physical custody" means actual possession and control of a child.

History.—s. 3, ch. 77-433; s. 17, ch. 79-400.

61.1308 Jurisdiction.—

(1) A court of this state which is competent to decide child custody matters has jurisdiction to make a child custody determination by initial or modification decree if:

(a) This state:

1. Is the home state of the child at the time of

commencement of the proceeding, or

2. Had been the child's home state within 6 months before commencement of the proceeding and the child is absent from this state because of his removal or retention by a person claiming his custody or for other reasons, and a parent or person acting as parent continues to live in this state;

(b) It is in the best interest of the child that a court of this state assume jurisdiction because:

1. The child and his parents, or the child and at least one contestant, have a significant connection with this state, and

2. There is available in this state substantial evidence concerning the child's present or future care, protection, training, and personal relationships;

(c) The child is physically present in this state and:

1. The child has been abandoned, or

2. It is necessary in an emergency to protect the child because he has been subjected to or threatened with mistreatment or abuse or is otherwise neglected; or

(d)1. It appears that no other state would have jurisdiction under prerequisites substantially in accordance with paragraph (a), paragraph (b), or paragraph (c), or another state has declined to exercise jurisdiction on the ground that this state is the more appropriate forum to determine the custody of the child, and

2. It is in the best interest of the child that a court of this state assume jurisdiction.

(2) Except under paragraph (c) or paragraph (d) of subsection (1), physical presence in this state of the child, or of the child and one of the contestants, is not alone sufficient to confer jurisdiction on a court of this state to make a child custody determination.

(3) Physical presence of the child, while desirable, is not a prerequisite for jurisdiction to determine his custody.

History.—s. 4, ch. 77-433.

61.131 Notice and opportunity to be heard.—

Before a decree is made under this act, reasonable notice and opportunity to be heard shall be given to the contestants, any parent whose parental rights have not been previously terminated, and any person who has physical custody of the child. If any of these persons is outside this state, notice and opportunity to be heard shall be given pursuant to s. 61.1312.

History.—s. 5, ch. 77-433.

61.1312 Notice to persons outside this state; submission to jurisdiction.—

(1) Notice required for the exercise of jurisdiction over a person outside this state shall be given in a manner reasonably calculated to give actual notice, and may be:

(a) By personal delivery outside this state in the manner prescribed for service of process within this state;

(b) In the manner prescribed by the law of the place in which the service is made for service of process in that place in an action in any of its courts of general jurisdiction;

(c) By any form of mail addressed to the person

to be served and requesting a receipt; or

(d) As directed by the court, including publication, if other means of notification are ineffective.

(2) Notice under this section shall be served, mailed, delivered, or last published at least 20 days before any hearing in this state.

(3) Proof of service outside this state may be made by affidavit of the individual who made the service or in the manner prescribed by the law of this state, the order pursuant to which the service is made, or the law of the place in which the service is made. If service is made by mail, proof may be a receipt signed by the addressee or other evidence of delivery to the addressee.

(4) Notice is not required if a person submits to the jurisdiction of the court.

History.—s. 6, ch. 77-433.

61.1314 Simultaneous proceedings in other states.—

(1) A court of this state shall not exercise its jurisdiction under this act if, at the time the petition is filed, a proceeding concerning the custody of the child was pending in a court of another state exercising jurisdiction substantially in conformity with this act, unless the proceeding is stayed by the court of the other state because this state is a more appropriate forum or for other reasons.

(2) Before hearing the petition in a custody proceeding, the court shall examine the pleadings and other information supplied by the parties under s. 61.132 and shall consult the child custody registry established under s. 61.1334 concerning the pendency of proceedings with respect to the child in other states. If the court has reason to believe that proceedings may be pending in another state, it shall direct an inquiry to the state court administrator or other appropriate official of the other state.

(3) If the court is informed during the course of the proceeding that a proceeding concerning the custody of the child was pending in another state before the court assumed jurisdiction, it shall stay the proceeding and communicate with the court in which the other proceeding is pending, to the end that the issue may be litigated in the more appropriate forum and that information be exchanged in accordance with ss. 61.134-61.1346. If a court of this state has made a custody decree before being informed of a pending proceeding in a court of another state, it shall immediately inform that court of the fact. If the court is informed that a proceeding was commenced in another state after it assumed jurisdiction, it shall likewise inform the other court to the end that the issues may be litigated in the more appropriate forum.

History.—s. 7, ch. 77-433.

61.1316 Inconvenient forum.—

(1) A court which has jurisdiction under this act to make an initial or modification decree may decline to exercise its jurisdiction any time before making a decree if it finds that it is an inconvenient forum to make a custody determination under the circumstances of the case and that a court of another state is a more appropriate forum.

(2) A finding of inconvenient forum may be made upon the court's own motion or upon motion of a

party or a guardian ad litem or other representative of the child.

(3) In determining if it is an inconvenient forum, the court shall consider if it is in the interest of the child that another state assume jurisdiction. For this purpose it may take into account the following factors, among others:

(a) If another state is or recently was the child's home state;

(b) If another state has a closer connection with the child and his family or with the child and one or more of the contestants;

(c) If substantial evidence concerning the child's present or future care, protection, training, and personal relationships is more readily available in another state;

(d) If the parties have agreed on another forum which is no less appropriate; and

(e) If the exercise of jurisdiction by a court of this state would contravene any of the purposes stated in s. 61.1304.

(4) Before determining whether to decline or retain jurisdiction, the court may communicate with a court of another state and exchange information pertinent to the assumption of jurisdiction by either court, with a view to assuring that jurisdiction will be exercised by the more appropriate court and that a forum will be available to the parties.

(5) If the court finds that it is an inconvenient forum and that a court of another state is a more appropriate forum, it may dismiss the proceedings, or it may stay the proceedings upon condition that a custody proceeding be promptly commenced in another named state or upon any other conditions which may be just and proper, including the condition that a moving party stipulate his consent and submission to the jurisdiction of the other forum.

(6) The court may decline to exercise its jurisdiction under this act if a custody determination is incidental to an action for dissolution of marriage or another proceeding while retaining jurisdiction over the dissolution of marriage or other proceeding.

(7) If it appears to the court that it is clearly an inappropriate forum, it may require the party who commenced the proceedings to pay, in addition to the costs of the proceedings in this state, necessary travel and other expenses, including attorneys' fees, incurred by other parties or their witnesses. Payment is to be made to the clerk of the court for remittance to the proper party.

(8) Upon dismissal or stay of proceedings under this section, the court shall inform the court found to be the more appropriate forum of this fact or, if the court which would have jurisdiction in the other state is not certainly known, shall transmit the information to the court administrator or other appropriate official for forwarding to the appropriate court.

(9) Any communication received from another state informing this state of a finding of inconvenient forum because a court of this state is the more appropriate forum shall be filed in the custody registry of the appropriate court. Upon assuming jurisdic-

tion, the court of this state shall inform the original court of this fact.

History.—s. 8, ch. 77-433.

61.1318 Jurisdiction declined by reason of conduct.—

(1) If the petitioner for an initial decree has wrongfully taken the child from another state or has engaged in similar reprehensible conduct, the court may decline to exercise jurisdiction if this is just and proper under the circumstances.

(2) Unless required in the interest of the child, the court shall not exercise its jurisdiction to modify a custody decree of another state if the petitioner, without consent of the person entitled to custody, has improperly removed the child from the physical custody of the person entitled to custody or has improperly retained the child after a visit or other temporary relinquishment of physical custody. If the petitioner has violated any other provision of a custody decree of another state, the court may decline to exercise its jurisdiction if this is just and proper under the circumstances.

(3) In appropriate cases, a court dismissing a petition under this section may charge the petitioner with necessary travel and other expenses, including attorneys' fees, incurred by other parties or their witnesses.

History.—s. 9, ch. 77-433.

61.132 Information under oath to be submitted to the court.—

(1) Every party in a custody proceeding, in his first pleading or in an affidavit attached to that pleading, shall give information under oath as to the child's present address, the places where the child has lived within the last 5 years, and the names and present addresses of the persons with whom the child has lived during that period. In this pleading or affidavit every party shall further declare under oath whether:

(a) He has participated as a party or witness or in any other capacity in any other litigation concerning the custody of the same child in this or any other state;

(b) He has information of any custody proceeding concerning the child pending in a court of this or any other state; and

(c) He knows of any person not a party to the proceedings who has physical custody of the child or claims to have custody or visitation rights with respect to the child.

(2) If the declaration as to any of the above items is in the affirmative, the declarant shall give additional information under oath as required by the court. The court may examine the parties under oath as to details of the information furnished and as to other matters pertinent to the court's jurisdiction and the disposition of the case.

(3) Each party has a continuing duty to inform the court of any custody proceeding concerning the child in this or any other state of which he obtained information during this proceeding.

History.—s. 10, ch. 77-433.

61.1322 Additional parties.—If the court learns from information furnished by the parties pursuant to s. 61.132 or from other sources that a person not a party to the custody proceeding has physical custody of the child or claims to have custody or visitation rights with respect to the child, it shall order that person to be joined as a party and to be duly notified of the pendency of the proceeding and of his joinder as a party. If the person joined as a party is outside this state, he shall be served with process or otherwise notified in accordance with s. 61.1312.

History.—s. 11, ch. 77-433.

61.1324 Appearance of parties and the child.—

(1) The court may order any party to the proceeding who is in this state to appear personally before the court. If that party has physical custody of the child, the court may order that he appear personally with the child.

(2) If a party to the proceeding whose presence is desired by the court is outside this state with or without the child, the court may order that the notice given under s. 61.1312 include a statement directing that party to appear personally with or without the child and declaring that failure to appear may result in a decision adverse to that party.

(3) If a party to the proceeding who is outside this state is directed to appear under subsection (2) or desires to appear personally before the court with or without the child, the court may require another party to pay to the clerk of the court travel and other necessary expenses of the party so appearing and of the child if this is just and proper under the circumstances.

History.—s. 12, ch. 77-433.

61.1326 Binding force and res judicata effect of custody decree.—A custody decree rendered by a court of this state which has jurisdiction under s. 61.1308 binds all parties who have been served in this state or notified in accordance with s. 61.1312 or who have submitted to the jurisdiction of the court, and who have been given an opportunity to be heard. As to these parties, the custody decree is conclusive as to all issues of law and fact decided and as to the custody determination made unless and until that determination is modified pursuant to law, including the provisions of this act.

History.—s. 13, ch. 77-433.

61.1328 Recognition of out-of-state custody decrees.—The courts of this state shall recognize and enforce an initial or modification decree of a court of another state which had assumed jurisdiction under statutory provisions substantially in accordance with this act, or which decree was made under factual circumstances meeting the jurisdictional standards of the act, so long as this decree has not been modified in accordance with jurisdictional standards substantially similar to those of this act.

History.—s. 14, ch. 77-433.

61.133 Modification of custody decree of another state.—

(1) If a court of another state has made a custody decree, a court of this state shall not modify that decree unless:

(a) It appears to the court of this state that the court which rendered the decree does not now have jurisdiction under jurisdictional prerequisites substantially in accordance with this act or has declined to assume jurisdiction to modify the decree; and

(b) The court of this state has jurisdiction.

(2) If a court of this state is authorized under subsection (1) and s. 61.1318 to modify a custody decree of another state, it shall give due consideration to the transcript of the record and other documents of all previous proceedings submitted to it in accordance with s. 61.1346.

History.—s. 15, ch. 77-433.

61.1332 Filing and enforcement of custody decree of another state.—

(1) A certified copy of a custody decree of another state may be filed in the office of the clerk of any circuit court of this state. The clerk shall treat the decree in the same manner as a custody decree of a circuit court of this state. A custody decree so filed has the same effect and shall be enforced in like manner.

(2) A person violating a custody decree of another state which makes it necessary to enforce the decree in this state may be required to pay necessary travel and other expenses, including attorneys' fees, incurred by the party entitled to the custody or his witnesses.

History.—s. 16, ch. 77-433.

61.1334 Registry of out-of-state custody decrees and proceedings.—The clerk of each circuit court shall maintain a registry in which he shall enter the following:

(1) Certified copies of custody decrees of other states received for filing.

(2) Communications as to the pendency of custody proceedings in other states.

(3) Communications concerning a finding of inconvenient forum by a court of another state.

(4) Other communications or documents concerning custody proceedings in another state which may affect the jurisdiction of a court of this state or the disposition to be made by it in a custody proceeding.

History.—s. 17, ch. 77-433.

61.1336 Certified copies of custody decree.—The clerk of the circuit court, at the request of the court of another state or at the request of any person who is affected by, or has a legitimate interest in, a custody decree, shall certify and forward a copy of the decree to that court or person.

History.—s. 18, ch. 77-433.

61.1338 Taking testimony in another state.—In addition to other procedural devices available to a party, any party to the proceeding or a guardian ad litem or other representative of the child may adduce testimony of witnesses, including parties and the child, by deposition or otherwise, in another

state. The court on its own motion may direct that the testimony of a person be taken in another state and may prescribe the manner in which, and the terms upon which, the testimony shall be taken.

History.—s. 19, ch. 77-433.

61.134 Hearings and studies in another state; orders to appear.—

(1) A court of this state may request the appropriate court of another state to hold a hearing to adduce evidence, to order a party to produce or give evidence under other procedures of that state, or to have social studies made with respect to the custody of a child involved in proceedings pending in the court of this state; and to forward to the court of this state certified copies of the transcript of the record of the hearing, the evidence otherwise adduced, or any social studies prepared in compliance with the request. The cost of the services may be assessed against the parties or, if necessary, ordered paid by the state.

(2) A court of this state may request the appropriate court of another state to order a party to custody proceedings pending in the court of this state to appear in the proceedings and, if that party has physical custody of the child, to appear with the child. The request may state that travel and other necessary expenses of the party and of the child whose appearances are desired will be assessed against another party or will otherwise be paid.

(2) A person within this state may voluntarily give his testimony or statement in this state for use in a custody proceeding outside this state.

(3) Upon request of the court of another state, a competent court of this state may order a person in this state to appear alone or with the child in a custody proceeding in another state. 61.14 Modification of alimony judgments; agreements, etc.—

(1) When the parties have entered into, or hereafter enter into, an agreement for payments for, or instead of, support, maintenance, or alimony, whether in connection with a proceeding for dissolution or separate maintenance or with any voluntary property settlement, or when a party is required by court order to make any payments, and the circumstances or the financial ability of either party has changed or the child or children who are beneficiaries of an agreement or court order as described herein have reached the age of 18 years since the execution of such agreement or the rendition of the order, either party may apply to the Circuit Court of the circuit in which the parties, or either of them, resided at the date of the execution of the agreement or reside at the date of the application, or in which the agreement was executed or in which the order was rendered, for a judgment decreasing or increasing the amount of support, maintenance, or alimony, and the court has jurisdiction to make orders as equity requires, with due regard to the changed circumstances or the financial ability of the parties or the child or children, decreasing, increasing, or confirming the amount of separate support, maintenance, or alimony provided for in the agreement or order.

(2) When an order is modified pursuant to subsection (1), the party having an obligation to pay shall pay only the amount of support, maintenance, or alimony directed in the new order, and the agreement or earlier order is modified accordingly. No person shall commence, or cause to be commenced, as party or attorney or agent or otherwise, in behalf of either party in any court, an action or proceeding otherwise than as herein provided, nor shall any court have jurisdiction to entertain any action or proceeding otherwise than as herein provided to enforce the recovery of separate support, maintenance, or alimony otherwise than pursuant to the order.

(3) This section is declaratory of existing public policy and of laws of this state which are hereby

confirmed in accordance with the provisions hereof. It is the duty of the Circuit Court to construe liberally the provisions hereof to effect the purposes hereof.

(4) If a party applies for a reduction of alimony or child support and the circumstances justify the reduction, the court may make the reduction of alimony or child support regardless of whether or not the party applying for it has fully paid the accrued obligations to the other party at the time of the application or at the time of the order of modification.

61.16 Attorney's fees, suit money, and costs.

—The court may from time to time, after considering the financial resources of both parties, order a party to pay a reasonable amount for attorney's fees, suit money, and the cost to the other party of maintaining or defending any proceeding under this chapter, including enforcement and modification proceedings. The court may order that the amount be paid directly to the attorney, who may enforce the order in his name.

61.17 Alimony and child support; additional method for enforcing orders and judgments; costs, expenses.—

(1) An order or judgment for the payment of alimony or child support or either entered by any court of this state may be enforced by another chancery court in this state in the following manner:

(a) The person to whom such alimony or child support is payable or for whose benefit it is payable may procure a certified copy of the order or judgment and file it with a complaint for enforcement in the Circuit Court for the county in which the person resides or in the county where the person charged with the payment of the alimony or child support resides or is found.

(b) If the pleadings seek a change in the amount of the alimony or child support money, the court has jurisdiction to adjudicate the application and change the order or judgment. In such event the Clerk of the Circuit Court in which the order is entered changing the original order or judgment shall transmit a certified copy thereof to the court of original jurisdiction, and the new order shall be recorded and filed in the original action and become a part thereof. If the pleadings ask for a modification of the order or judgment, the court may determine that the action should be tried by the court entering the original order or judgment and shall then transfer the action to that court for determination as a part of the original action.

(2) The court in which such an action is brought has jurisdiction to award costs and expenses as are equitable, including the cost of certifying and recording the judgment entered in the action in the court of original jurisdiction and reasonable attorney's fees.

61.18 Alimony and child support; default in undertaking of bond posted to insure payment.—

(1) When there is a breach of the condition of any bond posted to insure the payment of alimony or child support, either temporary or permanent, for a party or minor children of the parties, the court in which the order was issued may order payment to the party entitled thereto of the principal of the bond or the part thereof necessary to cure the existing default without further notice from time to time where the amount is liquidated.

(2) The sureties on the bond, or the sheriff or clerk holding a cash bond, shall be ordered to pay into the registry of court, or to any party the court may direct, the sum necessary to cure the default.

(3) If the principal or sureties or sheriff or clerk fails to pay within the time and as required by the order, the court may enforce the payment by contempt against the principal or sureties on the bond or sheriff or clerk without further notice, or may issue an execution against the principal, sureties, sheriff, or clerk for the amount unpaid under any prior order or orders, but no sureties on the bond are liable for more than the penalty of the bond.

(2) The chief judge shall provide for the collection of a fee for handling support, alimony, or maintenance payments, such fee to be set by administrative order of the chief judge of the circuit. Said fee shall not exceed 3 percent of such support, alimony, or maintenance payments.

(3) The chief judge of the circuit, with the approval of the governing body of the appropriate county, may, by administrative order, authorize the creation of a central governmental enforcement system for the circuit or a county within the circuit for the enforcement of support, alimony, or maintenance payments ordered by the court. The enforcement system shall be administered by an individual to be appointed by the chief judge of the circuit, who shall be a member in good standing of the bar of Florida, and serve under the direction, and at the pleasure, of the Circuit Court as the court's representative on all domestic relations enforcement matters.

(4) The administrator of the enforcement system shall have the duty:

(a) To investigate and enforce all payments ordered by the Circuit Court in domestic relations cases for alimony, support, or maintenance.

(b) When possible, to provide assistance and counseling to any payee or payor in an attempt to enforce payment or to remove or reduce any delinquency or problem by amicable agreement.

(c) To prepare all necessary notices, orders, or other documents, set hearings, present cases, make recommendations, and prepare and disseminate all

correspondence, inquiries, and complaints relating to domestic relations procedures, including delinquent support or alimony and maintenance.

(d) To subpoena witnesses, take testimony, and do all things necessary in the initiating of contempt proceedings.

(5) The enforcement system shall be provided with sufficient office space, legal and other professional, clerical, and stenographic assistance, investigators, and travel allowance, as is deemed necessary by the chief judge of the circuit and as approved by the governing body of the county.

(6) The funding required by the creation of the domestic relations depository and support enforcement system shall be appropriated from county funds and shall be considered as a valid public purpose. Any county appropriations may be supplemented by available federal financial assistance; however, the obligation shall be primarily that of the county.

(2) This act applies to all proceedings commenced after July 1, 1971, for the modification of a judgment or order entered prior to July 1, 1971.

The department or qualified staff of the court shall furnish the court with a written report with its recommendation with a written statement of facts found in its social investigations on which its recommendations are based. The court may consider the information contained in the report in making a decision on the child's custody and the technical rules of evidence do not exclude such report from consideration.

(g) Social information concerning the child and the natural parents is furnished by the natural parent when available and filed with the consent to the adoption when a minor is placed by an intermediary;

(h) A new birth certificate is issued after entry of the adoption judgment;

(i) At the time of the hearing the court is authorized to order temporary substitute care when it determines that the minor is in an unsuitable home; and

(j) The records of all proceedings concerning custody and adoption of children are confidential; except that family medical histories of adoptive children shall be made available as provided in s. 63.162.

(5) The spouse of the person to be adopted, if the failure of the spouse to consent to the adoption is excused by reason of prolonged, unexplained absence, unavailability, incapacity, or circumstances that are found by the court to constitute unreasonable withholding of consent.

History.—s. 7, ch. 73-159.

63.082 Execution of consent.—

(1) Consent shall be executed as follows:

When the petitioner is a stepparent, spouse of the natural parent, or relative, the preliminary study may be required by the court when good cause is shown. The department is authorized to include in the preliminary study an interview with the natural mother. A written recommendation based on the

preliminary study shall be mailed to the intermediary.

(3) If the preliminary report to the intermediary is favorable, the minor may be placed in the home pending entry of the judgment of adoption. Under no circumstances may the minor be placed in the home if the preliminary report is unfavorable and found by the court to be valid.

(4) In the event of an unfavorable preliminary report, the intermediary or petitioner may petition the court for a determination as to the suitability of the home. Pending the court's determination, the child shall remain in the custody of the parent or be placed in the temporary custody of the department. A determination as to suitability under this section shall not act as a presumption of suitability at the final hearing.

(5) Upon a finding by the department that an intermediary has violated the provisions of this section, the department is authorized to obtain an injunction to prohibit said intermediary from placing a minor for adoption in the future.

(2) A petition for adoption shall be filed in the county where the petitioner or petitioners or the child resides or where the agency in which the child has been placed is located.

When the petitioner is a spouse of the natural parent, the hearing may be held immediately after the filing of the petition.

(2) Notice of hearing shall be given as prescribed by the rules of civil procedure, and service of process shall be made as specified by law for civil actions.

(3) Upon a showing by the petitioner that the privacy of the petitioner or child may be endangered, the court may order the names of the petitioner or child, or both, to be deleted from the notice of hearing and from the copy of the petition attached thereto, provided the substantive rights of any person will not thereby be affected.

(4) Notice of the hearing shall be given by the petitioner to:

(b) The intermediary.

(c) Any person whose consent to the adoption is required by this act who has not consented, unless such person's consent is excused by the court.

(d) Any person who is seeking to withdraw consent.

(5) An investigation shall be made by the agency or by the department to ascertain whether the adop-

Unless directed by the court, an investigation and recommendation are not required when the petitioner is a stepparent or when the child is related to one of the adoptive parents within the third degree.

(6) A written report of the investigation shall be filed with the court and with the petitioner by the investigator within 90 days from the date of the filing of the petition.

(7) The report of the investigation shall contain an evaluation of the placement with a recommendation on the granting of the petition for adoption and any other information the court requires regarding the petitioner or the minor. When the placement has been made through the department or an agency, the report may be limited to a recommendation on the desirability of the adoption.

(8) The department or the agency making the required investigation may request other departments or agencies within or without this state to make investigations of designated parts of the inquiry and to make a written report to the department or agency.

(9) After filing the petition to adopt an adult, a notice of the time and place of the hearing shall be given to any person whose consent to the adoption is required but who has not consented. The court may order an appropriate investigation to assist in determining whether the adoption is in the best interest of the persons involved.

(1) Before the time set for the hearing, the petitioner and any intermediary shall each file two copies of an affidavit containing a full accounting of all disbursements and receipts of anything of value, including professional fees, made or agreed to be made by or on behalf of the petitioner and any intermediary in connection with the adoption. The clerk of the court shall forward a copy of the affidavit to the Department of Health and Rehabilitative Services. The report shall show any expenses or receipts incurred in connection with:

History.—s. 13, ch. 73-159; s. 21, ch. 77-147.

63.142 Hearing; judgment of adoption.—

(a) The person is a minor under 12 years of age, or

(b) The presence of either is excused by the court for good cause.

(2) The court may continue the hearing from time to time to permit further observation, investigation, or consideration of any facts or circumstances affecting the granting of the petition.

(3)(a) If the petition is dismissed, the court shall determine the person that is to have custody of the minor.

(b) If the petition is dismissed, the court shall state with specificity the reasons for the dismissal.

History.—s. 14, ch. 73-159; s. 3, ch. 77-140.

63.152 Application for new birth record.—

Within 30 days after entry of a judgment of adoption, the clerk of the court shall prepare a certified statement of the entry for the state registrar of vital statistics on a form provided by the registrar. A new birth record containing the necessary information supplied by the certificate shall be issued by the registrar on application of the adopting parents or the adopted person.

History.—s. 15, ch. 73-159.

63.162 Hearings and records in adoption proceedings; confidential nature.—Notwithstanding any other law concerning public hearings and records:

(1) All hearings held in proceedings under this act shall be held in closed court without admittance of any person other than essential officers of the court, the parties, witnesses, counsel, persons who have not consented to the adoption and are required to consent, and representatives of the agencies who are present to perform their official duties.

(2) All papers and records pertaining to the adoption, including the original birth certificate, whether part of the permanent record of the court or of a file in the Department of Health and Rehabilitative Services or in an agency, are subject to inspection only upon order of the court; however, the petitioner in any proceeding for adoption under this chapter may, at the option of the petitioner, make public the reasons for a denial of the petition for adoption. Such order shall specify which portion of said records are subject to inspection, and may exclude the name and identifying information concerning the natural parent or adoptee. In the case of a non-agency adoption, the department shall be permitted to present to the court a report on the advisability of disclosing or not disclosing information pertaining to the adoption. In the case of an agency adoption, the agency shall be permitted to present to the court a report on the advisability of disclosing or not disclosing information pertaining to the adoption.

(3) The court files, records, and papers in adoption of minors shall be indexed only in the name of

the petitioner, and the name of the minor shall not be noted on any docket, index, or other record outside the court file.

(4) Except as authorized in writing by the adoptive parent or the adopted child, if 18 or more years of age, or upon order of the court for good cause shown in exceptional cases, no person shall disclose from the records the name or identity of either an adoptive parent or adopted child.

(5) If secured prior to or at the time of delivery, information as to the family medical history of the child and the natural parents, when available, shall be furnished to the adopting parents prior to finalization of the adoption, but is otherwise confidential; except that said information shall be furnished to the adopted person at the time he reaches majority, upon his request. The confidentiality of the natural parents shall be protected, and no specific names shall be given in family medical histories.

63.172 Effect of judgment of adoption.—

(1) A judgment of adoption, whether entered by a court of this state, another state, or of any other place, has the following effect:

(a) It relieves the natural parents of the adopted person, except a natural parent who is a petitioner or who is married to a petitioner, of all parental rights and responsibilities.

(b) It terminates all legal relationships between the adopted person and his relatives, including his natural parents, except a natural parent who is a petitioner or who is married to a petitioner, so that the adopted person thereafter is a stranger to his former relatives for all purposes, including inheritance and the interpretation or construction of documents, statutes, and instruments, whether executed before or after entry of the adoption judgment, that do not expressly include the adopted person by name or by some designation not based on a parent and child or blood relationship.

(c) It creates the relationship between the adopted person and the petitioner and all relatives of the petitioner that would have existed if the adopted person were a legitimate blood descendant of the petitioner. This relationship shall be created for all purposes, including inheritance and applicability of statutes, documents, and instruments, whether executed before or after entry of the adoption judgment, that do not expressly exclude an adopted person from their operation or effect.

(2) If a parent of a child dies without the relationship of parent and child having been previously terminated and a spouse of the living parent thereafter adopts the child, the child's right of inheritance from or through the deceased parent is unaffected by the adoption.

History.—s. 17, ch. 73-159; s. 11, ch. 75-226; s. 1, ch. 79-369.

63.182 Appeal and validation of judgment.—

After 1 year from the entry of a judgment of adoption, any irregularity or procedural defect in the proceedings is cured, and the validity of the judgment shall not be subject to direct or collateral attack because of any irregularity or procedural defect. Any defect or irregularity of, or objection to, a consent

that could have been cured had it been made during the proceedings shall not be questioned after the time for taking an appeal has expired.

History.—s. 18, ch. 73-159.

63.192 Recognition of foreign judgment affecting adoption.—A judgment of court terminating the relationship of parent and child or establishing the relationship by adoption issued pursuant to due process of law by a court of any other jurisdiction within or without the United States shall be recognized in this state, and the rights and obligations of the parties on matters within the jurisdiction of this state shall be determined as though the judgment were issued by a court of this state.

History.—s. 19, ch. 73-159.

63.202 Authority to license.—

(1) The Department of Health and Rehabilitative Services is authorized and empowered to license child welfare agencies that it determines to be qualified to place minors for adoption.

(2) No intermediary shall counsel a natural mother to leave the state for the purpose of giving birth to a child outside of the state in order to secure a fee in excess of that permitted under s. 63.097, when it is the intention that the child is to be placed for adoption outside of the state.

History.—s. 12, ch. 75-226; s. 24, ch. 77-147; s. 8, ch. 78-190.

63.212 Penalties.—

(1) It is unlawful for any person:

(a) Except the Department of Health and Rehabilitative Services or an agency, to place or attempt to place without the state a child for adoption unless the child is placed with a relative within the third degree or a stepparent.

(b) To sell or surrender a child to another person for money or anything of value or to receive such minor child for such payment or thing of value; however, nothing herein shall be construed as prohibiting any person who is contemplating adopting a child from paying actual prenatal care and living

expenses of the mother of the child to be adopted, nor from paying actual living and medical expenses of such mother for a reasonable time, not to exceed 30 days, after the birth of the child.

(c) Having the rights and duties of a parent with respect to the care and custody of a minor to assign or transfer such parental rights for the purpose of, incidental to, or otherwise connected with, selling or offering to sell such rights and duties.

(3) It is unlawful for any intermediary to fail to report to the department, at least 30 days prior to placement, the intended placement of a child for purposes of adoption with any person not a stepparent or a relative within the third degree, if the intermediary participates in such intended placement.

(4) It is unlawful for any intermediary to charge any fee, including those costs as set out in paragraph (1)(b), over \$500 other than for actual documented medical costs, court costs, and hospital costs unless such charges are approved by the court prior to payment to the intermediary.

(5) It is unlawful for any intermediary to counsel a natural mother to leave the state for the purpose of giving birth to a child outside of the state in order to secure a fee in excess of that permitted under s. 63.097 when it is the intention that the child be placed for adoption outside of the state.

(6) Whoever violates any provision of this section shall be guilty of a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

History.—s. 1, ch. 3884, 1889; RS 1500; GS 1949; RGS 3212; CGL 5004; s. 20, ch. 67-254.

65.021 Real estate; removing clouds.—Chancery courts have jurisdiction of actions brought by any person or corporation, whether in actual possession or not, claiming legal or equitable title to land against any person or corporation not in actual possession, who has, appears to have or claims an adverse legal or equitable estate, interest, or claim therein to determine such estate, interest, or claim and quiet or remove clouds from the title to the land. It is no bar to relief that the title has not been litigated at law or that there is only one litigant to each side of the controversy or that the adverse claim, estate, or interest is void upon its face, or though not void on its face, requires extrinsic evidence to establish its validity.

History.—s. 1, ch. 4739, 1899; GS 1950; RGS 3213; s. 1, ch. 10223, 1925; CGL 5005; s. 2, ch. 29737, 1955; s. 20, ch. 67-254.

65.031 Real estate; removing clouds; plaintiffs.—An action in chancery for quieting title to, or clearing a cloud from, land may be maintained in the name of the owner or of any prior owner who warranted the title. All lands, the title to which is subject to a common defect, may be embraced in one action irrespective of the number of existing legal or equitable owners.

History.—s. 1, ch. 10221, 1925; CGL 5006; s. 20, ch. 67-254.

Note.—Former s. 66.12.

65.041 Real estate; removing clouds; defendants.—No person not a party to the action is bound

by any judgment rendered adverse to his interest, but any judgment favorable to the person inures to his benefit to the extent of his legal or equitable title.

History.—s. 2, ch. 10221, 1925; CGL 5007; s. 20, ch. 67-254.

History.—s. 1, ch. 10222, 1925; CGL 5008; s. 2, ch. 29737, 1955; s. 20, ch. 67-254.

Note.—Former s. 66.14.

65.061 Quieting title; additional remedy.

(1) **JURISDICTION.**—Chancery courts have jurisdiction of actions by any person or corporation claiming legal or equitable title to any land, or part thereof, or when any two or more persons claim to own the same land, or any part thereof under a common title against all persons or corporations claiming title to or occupying the land adversely to plaintiff, whether defendants claim or hold under a common title or not, and shall determine the title of plaintiff and may enter judgment quieting the title and awarding possession to the party entitled thereto, but if any defendant is in actual possession of any part of the land, a trial by jury may be demanded by any party, whereupon the court shall order an issue in ejectment as to such lands to be made and tried by a jury. Provision for trial by jury does not affect the action on any lands that are not claimed to be in the actual possession of any defendant. The court may enter final judgment without awaiting the determination of the ejectment action.

(2) **GROUND.**—When a person or corporation not the rightful owner of land has any conveyance or other evidence of title thereto, or asserts any claim, or pretends to have any right or title thereto, which may cast a cloud on the title of the real owner, or when any person or corporation is the true and equitable owner of land the record title to which is not in the person or corporation because of the defective execution of any deed or mortgage because of the omission of a seal thereon, the lack of witnesses, or any defect or omission in the wording of the acknowledgment of a party or parties thereto, when the person or corporation claims title thereto by the defective instrument and the defective instrument was apparently made and delivered by the grantor to convey or mortgage the real estate and was recorded in the county where the land lies, or when possession of the land has been held by any person or corporation adverse to the record owner thereof or his heirs and assigns until such adverse possession has ripened into a good title under the statutes of this state, such person or corporation may file complaint in any county in which any part of the land is situated to have the conveyance or other evidence of claim or title canceled and the cloud removed from the title and to have his title quieted, whether such real own-

er is in possession or not or is threatened to be disturbed in his possession or not, and whether defendant is a resident of this state or not, and whether the title has been litigated at law or not, and whether the adverse claim or title or interest is void on its face or not, or if not void on its face that it may require extrinsic evidence to establish its validity. A guardian ad litem shall not be appointed unless it shall affirmatively appear that the interest of minors, persons of unsound mind, or convicts are involved.

(3) **DERAIGNMENT OF TITLE.**—The plaintiff shall deraign his title from the original source or for a period of at least 7 years before filing the complaint unless the court otherwise directs, setting forth the book and page of the records where any instrument affecting the title is recorded, if it is recorded, unless plaintiff claims from a common source with defendant.

(4) **JUDGMENT.**—If it appears that plaintiff has legal title to the land or is the equitable owner thereof based on one or more of the grounds mentioned in subsection (2), or if a default is entered against defendant (in which case no evidence need be taken), the court shall enter judgment removing the alleged cloud from the title to the land and forever quieting the title in plaintiff and those claiming under him since the commencement of the action and adjudging plaintiff to have a good fee simple title to said land or the interest thereby cleared of cloud.

(5) **RECORDING FINAL JUDGMENTS.**—All final judgments may be recorded in the county or counties in which the land is situated and operate to vest title in like manner as though a conveyance were executed by a special master or commissioner.

(6) **OPERATION.**—This section is cumulative to other existing remedies.

History.—ss. 1, 2, 5, 6, 8, 9, ch. 11383, 1925; CGL 5010, 5011, 5014, 5015, 5017, 5018; s. 1, ch. 24293, 1947; s. 2, ch. 29737, 1955; s. 20, ch. 67-254; s. 1, ch. 70-278.

'65.071 Quieting title; deeds without joinder of wife where separated for 30 years.—An action in chancery may be brought to quiet title to land to preclude any wife from claiming dower or any heirs from claiming any interest to land when the following facts exist:

(1) When any husband and wife have not cohabited as husband and wife for 30 years or more and during this time the husband has conveyed land as a single man and the land has come into the hands of purchasers for a valuable consideration without notice that the husband was married at the time he conveyed the land, and the purchasers have relied on the acknowledgment to deeds by the husband that he was a single man, and it afterwards became known that he was a married man at the time he deeded the land and his marriage has never been dissolved and he refuses to voluntarily get a dissolution of marriage to clear the title to preclude his wife from claiming any inchoate dower therein and his heirs from claiming any interest therein and when the wife has never lived in the county where the land is located with the husband as his wife and has never asserted any inchoate right to dower in the land, the inchoate right to dower is divested and is a cloud on the title to the land and the purchaser of the land

has the right to remove the cloud and to prevent the wife or heirs from claiming any dower or other interest from such purchasers and their successors in title.

(2) When these facts are proven, the court shall adjudge that the wife and heirs of the husband are forever barred and perpetually enjoined from claiming any interest in the land arising out of dower or otherwise, and that the wife did not join in the execution of the deeds by which the husband deeded the land as a single man under the facts above-stated is not effective to reserve an inchoate right of dower in the land held by such purchasers.

65.081 Tax titles; quieting title.—

(1) **PARTIES.**—Any grantee under any tax deed issued by the state, or any municipality or other political subdivision thereof, or any purchaser from the state, or any municipality or other political subdivision thereof, of any land the title to which has been acquired by this state or such municipality or political subdivision through any proceeding or foreclosure for the nonpayment of taxes or special assessments, or the successor in title to the grantee or purchaser, may maintain an action in chancery to quiet title to the land included in the tax deed, or so purchased against the holder of the record title to the land, and against any other person or corporation claiming any interest in the land or any lien or encumbrance thereon, before issuance of the tax deed or before the loss of title to the land in the tax proceeding or foreclosure.

(2) **DERAIGNING TITLE.**—Actions may be maintained hereunder whether or not plaintiff is in possession of the land involved but when defendant is in actual possession of the land a jury trial may be had as provided in other actions to quiet title. When the action is based on a tax deed, the complaint need not deraign title beyond the issuance of the tax deed. When the action is based on a conveyance by this state, or any municipality or other political subdivision thereof, of land the title to which it has acquired through a foreclosure or other proceeding for the nonpayment of taxes, the complaint need not deraign title beyond the deed or other instrument or act vesting title in the state or municipality or other political subdivision of the state.

(3) **WHEN TAXES HAVE BEEN PAID.**—No defense to the action or attack upon the tax deed shall be made except the defense that the taxes assessed against the property had been paid by the former owner before issuance of the tax deed.

(4) **WHEN TAX DEED HAS BEEN ISSUED BEFORE CONVEYANCE BY SOVEREIGN.**—No defense shall be made to the action because of assessment of the property or issuance of the tax deed before the United States or the state has parted with title to the property, and no other attack shall be made on it, except the defense that the taxes assessed against the property had been paid by the person, or a claimant under him, to whom the Unit-

ed States patent or conveyance from the state was issued before the issuance of the tax deed.

CHAPTER 66

EJECTMENT

- 66.011 Common law ejectment abolished.
- 66.021 Procedure.
- 66.031 Verdict and judgment.
- 66.041 Betterment, petition.
- 66.051 Betterment, answer.
- 66.061 Betterment, trial and verdict.
- 66.071 Betterment, judgment for plaintiff.
- 66.081 Betterment, judgment for defendant.
- 66.091 Betterment, payment by plaintiff.
- 66.101 Betterment, payment by defendant.

66.011 Common law ejectment abolished.—In ejectment it is not necessary to have any fictitious parties. Plaintiff may bring action directly against the party in possession or claiming adversely.

History.—s. 1, ch. 999, 1859; RS 1511; GS 1966; RGS 3234; CGL 5040; s. 21, ch. 67-254.

Note.—Former s. 70.01.

66.021 Procedure.—

(1) **LANDLORD NOT A DEFENDANT.**—When it appears before trial that a defendant in ejectment is in possession as a tenant and that his landlord is not a party, the landlord shall be made a party before further proceeding unless otherwise ordered by the court.

(2) **DEFENSE MAY BE LIMITED.**—A defendant in an action of ejectment may limit his defense to a part of the property mentioned in the complaint, describing such part with reasonable certainty.

(3) **WRIT OF POSSESSION; EXECUTION TO BE JOINT OR SEVERAL.**—When plaintiff recovers in ejectment, he may have one writ for possession, damages and costs or, if he elects, have separate writs for possession and damages.

(4) **CHAIN OF TITLE.**—Plaintiff with his complaint and defendant with his answer shall serve a statement setting forth chronologically the chain of title on which he will rely at trial. If any part of the chain of title is recorded, the statement shall set forth the names of the grantors and the grantees and the book and page of the record thereof; if an unrecorded instrument is relied on, a copy shall be attached. The court may require the original to be submitted to the opposite party for inspection. If the party relies on a claim or right without color of title, the statement shall specify how and when the claim originated and the facts on which the claim is based. If defendant and plaintiff claim under a common source, the statement need not deraign title before the common source.

(5) **TESTING SUFFICIENCY.**—If either party wants to test the legal sufficiency of any instrument or court proceeding in the chain of title of the opposite party, he shall do so before trial by motion setting up his objections with a copy of the instrument or court proceedings attached. The motion shall be disposed of before trial. If either party determines that he will be unable to maintain his claim by reason of the order, he may so state in the record and

final judgment shall be entered for the opposite party.

History.—s. 21, ch. 67-254.

66.031 Verdict and judgment.—

(1) **VERDICT.**—A verdict for plaintiff shall state the quantity of the estate of plaintiff, and describe the land by metes and bounds, lot number or other certain description.

(2) **JUDGMENT.**—The judgment awarding possession shall state the quantity of the estate and give a description of the land recovered in like manner.

History.—ss. 1, 2, ch. 3244, 1881; RS 1515; GS 1970; RGS 3238; CGL 5046; s. 21, ch. 67-254.

Note.—Former s. 70.05.

66.041 Betterment, petition.—If a judgment of eviction is rendered against defendant, within 60 days thereafter, or if he has appealed, within 20 days after filing the mandate affirming the judgment, he may file in the court in which the judgment was rendered a petition setting forth that:

(1) Defendant had been in possession and that he or those under whom he validly derived had permanently improved the value of the property in controversy before commencement of the action in which judgment was rendered.

(2) Defendant or those under whom he validly derives held the property at the time of such improvement under an apparently good legal or equitable title derived from the English, Spanish or United States Governments or this state; or under a legal or equitable title plain and connected on the records of a public office or public offices; or under purchase at a regular sale made by an executor, administrator, guardian or other person by order of court; and

(3) When defendant made the improvements or purchased the property improved, he believed the title which he held or purchased to the land thus improved to be a good and valid title. The petition shall demand that the value of the improvements be assessed and compensation awarded to him therefor.

History.—RS 1516; GS 1971; RGS 3239; CGL 5047; s. 2, ch. 29737, 1955; s. 21, ch. 67-254.

Note.—Former s. 70.07.

66.061 Betterment, trial and verdict.—If an answer is filed, trial shall be on the issues made. If no answer is filed, trial shall be ex parte, but defendant is required to prove every allegation of the petition. If the jury (or if a jury is waived, the court) finds in favor of defendant, it shall assess:

(1) The value of the land at the time of the assessment, irrespective of the improvements put upon the land by defendant or those under whom he derives, and if any, the injury done to the land by defendant or those under whom he derives.

(2) The value of the permanent improvements at the time of the assessment.

(3) The injury, if any, done to the land by defendant or those under whom he derives.

(4) The value of the use of the land by defendant between the time of the judgment in ejectment and the time of the assessment or if defendant has been evicted from or has surrendered the premises, from the time of the judgment to the time of the surrender or eviction. The findings shall be specified separately on each of these matters.

History.—RS 1518; GS 1973; RGS 3241; CGL 5049; s. 2, ch. 29737, 1955; s. 21, ch. 67-254.

Note.—Former s. 70.08.

66.071 Betterment, judgment for plaintiff.

On rendition of the verdict the clerk shall ascertain whether the balance of the last three assessments (that is, of the value of the improvements, the extent of the injury and the value of the use of land), is in favor of plaintiff or defendant and ascertain the amount of the balance; if the verdict is in favor of plaintiff, judgment shall be rendered against defendant for costs, whether the balance of the assessments is in favor of plaintiff or defendant; but if the balance of the assessments is in favor of plaintiff, he shall have a judgment for costs in addition to the judgment for the balance.

History.—RS 1519; GS 1974; RGS 3242; CGL 5050; s. 21, ch. 67-254.

Note.—Former s. 70.09.

66.081 Betterment, judgment for defendant.

—If the verdict is in favor of defendant and the balance of assessments is also in his favor, a judgment for costs shall be entered against plaintiff, and a further judgment that unless plaintiff pays or secures as hereinafter provided the amount of the balance of assessments against him within 20 days, defendant may pay or secure to plaintiff the value of

the land as assessed.

History.—RS 1520; GS 1975; RGS 3243; CGL 5051; s. 21, ch. 67-254.

Note.—Former s. 70.10.

66.091 Betterment, payment by plaintiff.

The plaintiff may pay the balance in cash or may give defendant a bond with surety to be approved by the clerk, conditioned to pay said balance in two equal annual installments, with interest at 6 percent per annum to defendant. If plaintiff shall pay the sum within 20 days, or if the payment of the bond is received, satisfaction of the judgment shall be entered and all rights conferred on defendant by the judgment terminate.

History.—RS 1521; GS 1976; RGS 3244; CGL 5052; s. 21, ch. 67-254.

Note.—Former s. 70.11.

If plaintiff does not pay or secure the sum within 20 days, within 20 days thereafter defendant may pay to plaintiff the value of the land as assessed or give plaintiff a bond with surety, to be approved by the clerk, conditioned to pay plaintiff the value in two equal annual installments, with 6 percent interest; or if plaintiff fails to pay the bond given by him when it becomes due, for 20 days after the expiration of the time fixed in the bond for payment, defendant shall again have the privilege of paying to plaintiff in cash the value of the land assessed. On the payment of the sum to plaintiff at any of the times hereinbefore mentioned, title to the land shall vest in defendant and plaintiff or those holding under him shall give defendant a deed to the land, tenements, hereditaments and appurtenances, and if defendant has been evicted from or has surrendered the property, it shall be restored to him by order of court on motion.

At the time of delivery to the officer, the surety shall take a receipt for the body and file it with the clerk. If done before the bond is forfeited, the surrender or delivery discharges the surety from his undertaking.

(1) **SELECTION.**—In any action to foreclose the lien of any mortgage or deed of trust given to secure any issue of bonds or other obligations and encumbering real or personal property or both when the owners of the bonds or beneficiaries of the trust exceed ten in number, on motion of a party or on its own initiative, the court may appoint three persons, two of whom shall constitute a quorum for all purposes, as a committee for the protection of the holders of bonds or units or certificates of beneficial interest. The committee is vested with such powers and authority and shall discharge such duties in connection with the litigation and its subject matter as is necessary and proper in the court's discretion to protect the interest of the holders of the bonds and beneficiaries of the trust involved in, or affected by, the litigation. 69.031 Designated financial institutions for assets in hands of guardians, curators, administrators, trustees, receivers, etc.—

(1) When it is expedient in the judgment of any court having jurisdiction of any estate in process of administration by any guardian, curator, executor, administrator, trustee, receiver, or other officer, because the size of the bond required of the officer is burdensome or for other cause, the court may order part or all of the personal assets of the estate placed with a bank, trust company, or savings and loan association (which savings and loan association is a member of the Federal Savings and Loan Insurance Corporation and doing business in this state) designated by the court, consideration being given to any bank, trust company or savings and loan association proposed by the officer. When the assets are placed with the designated financial institution, it shall file a receipt therefor in the name of the estate and give the officer a copy. Such receipt shall acknowledge the assets received by the financial institution. All interest, dividends, principal and other debts collected by the financial institution on account thereof shall be held by the financial institution in safekeeping, subject to the instructions of the officer authorized by order of the court directed to the financial institution.

(2) Accountings shall be made to the officer at reasonably frequent intervals. After the receipt for the original assets has been filed by the financial institution, the court shall waive the bond given or to be given or reduce it so that it shall apply only to the estate remaining in the hands of the officer,

whichever the court deems proper.

(3) When the court has ordered any assets of an estate to be placed with a designated financial institution, any person or corporation having possession or control of any of the assets, or owing interest, dividends, principal or other debts on account thereof, shall pay and deliver such assets, interest, dividends, principal and other debts to the financial institution on its demand whether the officer has duly qualified or not, and the receipt of the financial institution relieves the person or corporation from further responsibility therefor.

(4) Any bank, trust company, or savings and loan association which is designated under this section, may accept or reject the designation in any instance, and shall file its acceptance or rejection with the court making the designation within 15 days after actual knowledge of the designation comes to the attention of the financial institution, and if the financial institution accepts, it shall be allowed a reasonable amount for its services and expenses which the court may allow as a charge against the assets placed with the financial institution.

ceedings. In the case of mortgage or lien foreclosure, the complaint shall set forth with particularity the nature of the lien claimed by the state in such real property.

(3) A judicial sale in a mortgage foreclosure action shall have the same effect respecting the discharge of the property from liens and encumbrances held by the state as is provided about such matters by the law of this state. A sale to satisfy a lien inferior to one of the state shall be made subject to and without disturbing the lien of the state, unless the state consents that the property may be sold free of its liens and the proceeds divided as the parties may be entitled.

REESTABLISHMENT OF DOCUMENTS

- 71.011 Reestablishment of papers, records, etc.
 71.021 Reestablishment of marks and brands.
 71.031 Reestablishment of pleadings and process in pending actions.
 71.041 Reestablishment of land titles destroyed by fire.

71.011 Reestablishment of papers, records, etc.—All papers, written or printed, of any kind whatsoever, and the records and files of any official, court or public office, may be reestablished in the manner hereinafter provided.

(1) **WHO MAY REESTABLISH.**—Any person interested in the paper, file or record to be reestablished may reestablish it.

(2) **VENUE.**—If reestablishment is sought of a record or file, venue is in the county where the record or file existed before its loss or destruction. If it is a private paper, venue is in the county where any person affected thereby lives or if such persons are nonresidents of the state, then in any county in which the person seeking the reestablishment desires.

(3) **REMEDY CONCURRENT.**—Nothing herein shall prevent the reestablishment of lost papers, records and files at common law or in equity in the usual manner.

(4) **EFFECT.**—

(a) Any paper, record or file reestablished has the effect of the original. A private paper has such effect immediately on recording the judgment reestablishing it, but a reestablished record does not have that effect until recorded and a reestablished paper or file of any official, court or public officer does not have that effect until a certified copy is filed with the official or in the court or public office where the original belonged. A certified copy of any reestablished paper, the original of which is required or authorized by law to be recorded, may be recorded.

(b) When any deed forming a link in a chain of title to land in this state has been placed on the proper record without having been acknowledged or proven for record and has thereafter been lost or destroyed, certified copies of the record of the deed as so recorded may be received as evidence to reestablish the deed if the deed has been so recorded for 20 years.

(5) **COMPLAINT.**—A person desiring to establish any paper, record or file, except when otherwise provided, shall file a complaint in chancery setting forth that the paper, record or file has been lost or destroyed and is not in the custody or control of the petitioner, the time and manner of loss or destruction, that a copy attached is a substantial copy of that lost or destroyed, that the persons named in the complaint are the only persons known to plaintiff who are interested for or against such reestablishment.

Note.—Former ss. 71.01-71.06.

71.021 Reestablishment of marks and brands.—The person desiring the reestablishment of the record of any marks or brands shall file a verified complaint in chancery describing the particular mark or brand sought to be reestablished, stating the place where it was recorded, the time of record as near as is known, that the record has been lost or destroyed, and demand reestablishment of the record of the mark or brand. On filing the complaint, the court shall order reestablishment of the mark or brand.

Note.—Former s. 71.09.

71.031 Reestablishment of pleadings and process in pending actions.—Lost or destroyed proceedings and any paper or file affecting them in any actions pending and undetermined in any court may be reestablished by the person desiring reestablishment by filing a copy of the proceedings, paper or file in chancery and giving 10 days' written notice to all parties to the action of the application for reestablishment of the proceedings, paper or file. On the hearing the judge shall ascertain the facts and determine the application.

History.—s. 6, ch. 1735, 1870; RS 1532; GS 1996; RGS 3264; CGL 5072; s. 24, ch. 67-254.

Note.—Former s. 71.13.

71.041 Reestablishment of land titles destroyed by fire.—

(1) **JURISDICTION.**—When the records in any county or any material part thereof have been destroyed by fire so that a connected chain of title cannot be deduced therefrom, the chancery court in the county has jurisdiction to inquire into the condition of any title to or interest in any land in the county and to determine and establish the title against all persons known or unknown.

(2) **PLAINTIFF.**—Any person claiming a freehold estate in any land in the county who, or whose grantors, were in the actual possession of the land at the time of destruction of the records and who is in possession thereof at the time of filing the complaint may file a complaint to establish and confirm his title to an estate in such land. Tenants in common or persons owning as aforesaid an undivided interest in the lands may join in the action.

(3) **COMPLAINT.**—The complaint shall state the description of the lands, the character and extent of the estate claimed by the plaintiff, from whom and when and by what mode he derived his title, the names of all persons owning or claiming any estate or possessory interest in the lands or any part thereof, all persons who are in possession of the lands or any part thereof, all persons to whom any of the lands have been conveyed, and the date or dates that the conveyances were recorded since the time of the destruction of the records and before the filing of the complaint and if no such persons are known to plaintiff, he shall so state.

(4) DETERMINATION OF TITLES, ETC.—The court may determine in whom the title to any land described in the complaint is vested, whether plaintiff or any other party, but the judgment shall not affect any lien to which the land is subject, but shall

leave all liens to be ascertained or established or enforced as is provided by law.

73.012 Procedure.—Actions in eminent domain shall be governed by the rules of civil procedure and the appellate rules unless otherwise provided by this chapter.

History.—s. 1, ch. 65-369.

73.021 Petition; contents.—Those having the right to exercise the power of eminent domain may file a petition therefor in the circuit court of the county wherein the property lies, which petition shall set forth:

(1) The authority under which and the use for which the property is to be acquired, and that the property is necessary for that use;

(2) A description identifying the property sought to be acquired. The petitioners may join in the same action all properties involved in a planned project whether in the same or different ownership, or whether or not the property is sought for the same use;

(3) The estate or interest in the property which the petitioner intends to acquire;

(4) The names, places of residence, legal disabilities, if any, and interests in the property of all owners, lessees, mortgagees, judgment creditors, and lienholders, so far as ascertainable by diligent search, and all unknown persons having an interest in the property when the petitioner has been unable to ascertain the identity of such persons by diligent search and inquiry. If any interest in the property, or lien thereon, belongs to the unsettled estate of a decedent, the executor or administrator shall be made a defendant without joining the devisee or heir; if a trust estate, the trustee shall be made a defendant without joining the cestui que trust. The court may appoint an administrator ad litem to represent the estate of a deceased person whose estate is not being administered, and a guardian ad litem

for all defendants who are infants or are under other legal disabilities; and for defendants whose names or addresses are unknown. A copy of the order of appointment shall be served on the guardian ad litem at least 10 days before trial unless he has entered an appearance;

(5) Whether any mobile home is located on the property sought to be acquired and, if so, whether the removal of that mobile home will be required. If such removal shall be required, the petition shall name the owners of each such mobile home as defendants. This subsection shall not apply to any governmental authority exercising its power of eminent domain when reasonable relocation or removal expenses must be paid to mobile home owners under other provisions of law or agency rule applicable to such exercise of power.

(6) A statement that the petitioner has surveyed and located its line or area of construction, and intends in good faith to construct the project on or over the described property;

(7) A demand for relief that the property be condemned and taken for the uses and purposes set forth in the petition, and that the interest sought be vested in the petitioner.

History.—s. 1, ch. 65-369; s. 2, ch. 77-51.

Note.—Similar provisions in former ss. 73.01, 73.02, 73.03, 73.08, 73.20, 73.21.

73.031 Process; service and publication.—

(1) Upon the filing of the petition, the clerk of the court shall issue a summons to show cause why the property should not be taken, directed "to all whom it may concern," containing the names of all the defendants named in the petition, commanding them and any other persons claiming any interest in the property described to serve written defenses to the petition on a day specified in the summons not less than 28 nor more than 60 days from the date of the summons. A copy of the summons and the petition shall be served upon all resident defendants in the manner provided by law and not less than 20 days before the return day.

(2) If any defendant is alleged to be a nonresident of the state, or if the name or residence of any defendant is alleged to be unknown, or if personal service cannot be had upon any defendant for any other reason, the clerk shall cause a notice to be published once each week for 4 consecutive weeks prior to the return day in some newspaper published in the county; provided, however, that if the petitioner be a municipality and a newspaper is published therein, the notice shall be published in such a newspaper. This notice shall contain the names of the defendants to whom it is directed, a description of the property sought to be appropriated, the nature of the action, and the name of the court in which it is pending. The clerk shall mail a copy of the summons and the petition to each out-of-state defendant at his address as set forth in the petition. The clerk shall file a certificate of mailing which, together with proof of publication, shall constitute effective service as though the

defendant had been personally served with process within this state.

(3) The failure of any party to receive notice by mail shall not invalidate the proceedings of the court or any order made pursuant to this chapter.

History.—s. 1, ch. 65-369.

73.041 Acquiring or perfecting title after appropriation.—In any instance, where the petitioner has not acquired the title to or a necessary interest in any lands which it is using, or if at any time after an attempt to acquire such title or interest, it is found to be defective, the petitioner may proceed under this chapter to acquire or perfect such title or interest; provided, however, that the compensation to be allowed the defendants shall be determined as of the date of appropriation.

History.—s. 1, ch. 65-369.

73.051 Returns; defaults.—Any person interested in or having a lien upon the property, whether named as a defendant or not, may file his written defenses to the petition, as a matter of right, on or before the return date set in the notice or thereafter by leave of court. If a defendant does not file his defenses on or before the return date, defaults may be entered against him, but nothing shall prevent any person who is shown by the record to be interested in the property from appearing before the jury to claim the amount of compensation that he conceives to be due for the property.

History.—s. 1, ch. 65-369; s. 1, ch. 70-285; s. 27, ch. 73-333.

73.061 Pretrial hearing.—

(1) Prior to the date of trial, the court may hold a hearing, in limine, to settle all disputed matters properly before it which must be determined prior to trial. Should it appear that the causes of action joined cannot be conveniently disposed of together, the court may order separate trials; provided, however, that any such actions shall be tried in the county in which the lands are located.

(2) The court in which an action in eminent domain is pending shall have jurisdiction and authority over any and all taxes and assessments encumbering the lands involved in such actions, and may stay or defer the enforcement of such taxes and assessments, including all applications for tax deeds, foreclosures and other enforcement proceedings, until final termination of such eminent domain actions. The said court may make such orders concerning such taxes and assessments as may be equitable and proper; provided, however, that ad valorem taxes levied upon any such lands shall be prorated against the owner to the date of taking.

History.—s. 1, ch. 65-369.

73.071 Jury trial; compensation; severance damages.—

(1) When the action is at issue, and only upon notice and hearing to set the cause for trial, the court shall empanel a jury of 12 persons as soon as practical considering the reasonable necessities of the court and of the parties, and giving preference to the trial of eminent domain cases over other civil actions, and submit the issue of compensation to them for determination, which issue shall be tried in the

same manner as other issues of fact are tried in the circuit courts.

(2) The amount of such compensation shall be determined as of the date of trial, or the date upon which title passes, whichever shall occur first.

(3) The jury shall determine solely the amount of compensation to be paid, which compensation shall include:

(a) The value of the property sought to be appropriated;

(b) Where less than the entire property is sought to be appropriated, any damages to the remainder caused by the taking, including, when the action is by the Division of Road Operations of the Department of Transportation, county, municipality, board, district or other public body for the condemnation of a right-of-way, and the effect of the taking of the property involved may damage or destroy an established business of more than 5 years' standing, owned by the party whose lands are being so taken, located upon adjoining lands owned or held by such party, the probable damages to such business which the denial of the use of the property so taken may reasonably cause; any person claiming the right to recover such special damages shall set forth in his written defenses the nature and extent of such damages; and

(c) Where the appropriation is of property upon which a mobile home, other than a travel trailer as defined in section 320.01, is located, whether or not the owner of the mobile home is an owner or lessee of the property involved, and the effect of the taking of the property involved requires the relocation of such mobile home, the reasonable removal or relocation expenses incurred by such mobile home owner, not to exceed the replacement value of such mobile home. The compensation paid to a mobile home owner under this paragraph shall preclude an award to a mobile home park owner for such expenses of removal or relocation. Any mobile home owner claiming the right to such removal or relocation expenses shall set forth in his written defenses the nature and extent of such expenses. This paragraph shall not apply to any governmental authority exercising its power of eminent domain when reasonable removal or relocation expenses must be paid to mobile home owners under other provisions of law or agency rule applicable to such exercise of power.

(4) When the action is by the Division of Road Operations, county, municipality, board, district or other public body for the condemnation of a road, canal, levee or water control facility right-of-way, the enhancement, if any, in value of the remaining adjoining property of the defendant property owner by reason of the construction or improvement made or contemplated by the petitioner, shall be offset against the damage, if any, resulting to such remaining adjoining property of the defendant property owner by reason of the construction or improvement, but such enhancement in the value shall not be offset against the value of the property appropriated, and if such enhancement in value shall exceed the damage, if any, to the remaining adjoining property there shall be no recovery over against such property owner for such excess.

(5) The jury shall view the subject property upon

demand by any party or by order of the court.

(6) If the jury cannot agree on a verdict the court shall discharge them, empanel a new jury, and proceed with the trial.

History.—s. 1, ch. 65-369; ss. 23, 35, ch. 69-106; s. 1, ch. 70-283; s. 1, ch. 77-51; s. 19, ch. 79-400.
cf.—s. 6, Art. X, State Const. Eminent domain.

73.072 Mobile home parks; compensation for permanent improvements by mobile home owners.—

(1) Where the appropriation under this chapter is of all or a portion of a mobile home park as defined in s. 83.752, the condemning authority shall separately determine the compensation for any permanent improvements made to each site. This compensation shall be awarded to the mobile home owner leasing the site if:

(a) The effect of the taking includes a requirement that the mobile home owner remove or relocate his mobile home from the site;

(b) The mobile home owner currently leasing the site paid for the permanent improvements to the site; and

(c) The value of the permanent improvements on the site exceeds \$1,000 as of the date of taking.

(2) "Permanent improvement" means any addition or improvement to the site upon which a mobile home is located which cannot be detached and removed from the site without destroying its practical utility at another site. If capable of removal to another site, compensation for the expense of removal and relocation shall be as provided by law.

(3) A mobile home owner who is the lessee of the site and is required to remove his mobile home as the result of a taking of all or a part of a mobile home park may petition to intervene as a party defendant in proceedings under this chapter, for purposes of asserting his right to the separate compensation to be determined and awarded under this section. Failure to intervene shall not constitute a waiver of the right of a mobile home owner to institute a separate action to recover from a mobile home park owner the compensation awarded to such park owner for the permanent improvements made by the mobile home owner to the site on which his mobile home is located.

History.—s. 1, ch. 78-315.

73.081 Form of verdict.—The verdict of the jury shall state an accurate description of each parcel of the property sought to be appropriated and the amount to be paid therefor, together with any damage to the remainder caused by the taking and including business damages when allowable by statute. When severance damages, business damages, moving costs, separate compensation for permanent improvements made by a mobile home owner under s. 73.072, or other special damages are sought, the verdict shall state the amount of such damages separately from the amounts of other damages awarded.

History.—s. 1, ch. 65-369; s. 1, ch. 70-284; s. 2, ch. 78-315.

73.091 Costs of the proceedings.—The petitioner shall pay all reasonable costs of the proceed-

ings in the circuit court, including a reasonable attorney's fee to be assessed by that court.

History.—s. 1, ch. 65-369.

73.092 Attorney's fees.—In assessing attorney's fees in eminent domain proceedings, the court shall consider:

(1) Benefits resulting to the client from the services rendered.

(2) The novelty, difficulty, and importance of the questions involved.

(3) The skill employed by the attorney in conducting the cause.

(4) The amount of money involved.

(5) The responsibility incurred and fulfilled by the attorney.

(6) The attorney's time and labor reasonably required adequately to represent the client.

However, under no circumstances shall the attorney's fees be based solely on a percentage of the award.

History.—s. 1, ch. 76-158.

73.101 Form of judgment.—The judgment shall recite the verdict in full and shall state that the estate or interest in the property described in the petition and sought to be appropriated by the petitioner shall vest in the petitioner upon the payment of, or securing by deposit of money, the amount found by the verdict of the jury. Where there are conflicting claims to the amount awarded for any parcel, the court, upon appropriate motion, shall determine the rights of the interested parties with respect to the amount awarded for each parcel and the method of apportionment, together with the disposition of any other matters arising from the taking.

History.—s. 1, ch. 65-369.

73.111 Deposit and possession.—Within 20 days after the rendition of the judgment, the petitioner shall deposit the amount set forth therein into the registry of the court for the use of the defendants, or the proceeding shall be null and void, unless for good cause further time, not exceeding 60 days, is allowed by the court. Upon such deposit and the entry in the proper records in the clerk's office of the judgment and the clerk's certificate that the compensation has been paid into the court, the estate or interest sought shall vest in the petitioner. The court may fix the time within which, and the terms upon which, the defendants shall be required to surrender possession to the petitioner.

History.—s. 1, ch. 65-369; s. 3, ch. 78-315.

73.121 Writs of assistance and possession.—Whenever the judge is satisfied that any person, whether holding under the defendant or not, is preventing or obstructing the petitioner from entering upon or taking possession of the property after the petitioner is entitled to do so, he may grant such writs as he may think necessary, or he may proceed for contempt of court.

History.—s. 1, ch. 65-369.

73.131 Appeals; costs.—

(1) Appeals in eminent domain actions shall be taken in the manner prescribed by law and in accordance with the appellate rules, except that an appeal shall not prevent appropriation of the property by the petitioner where the amount awarded by the judgment has been deposited with the court as aforesaid. If, at any time after entry of the judgment, a defendant shall take out of the court the amount due him, any pending appeal taken by him shall be dismissed by the appellate court upon the filing of a certificate by the clerk of the circuit court stating that the defendant taking the appeal has withdrawn the amount due him.

(2) The petitioner shall pay all reasonable costs of the proceedings in the appellate court, including a reasonable attorney's fee to be assessed by that court, except upon an appeal taken by a defendant in which the judgment of the trial court shall be affirmed.

History.—s. 1, ch. 65-369.

73.141 Payment.—

(1) In the event that no appeal has been taken within the time and in the manner provided by the Florida Appellate Rules, the clerk shall pay each judgment creditor the sum necessary to satisfy the judgment from the funds on deposit, and upon order of the court shall refund to the petitioner all the funds not necessary for the satisfaction of the judgment, costs and attorney fees.

(2) In the event that a timely appeal is taken and the judgment of the trial court is affirmed, the clerk of the court shall pay each judgment creditor as hereinabove provided.

History.—s. 1, ch. 65-369; s. 1, ch. 69-267.

73.151 Railroads and canal companies.—

(1) Whenever land sought to be condemned to the use of a railroad or canal company is in the possession, under any law of this state, of another railroad or canal company which is using the same in the construction or operation of its railroad or canal, the use of no more land than is necessary to furnish to the petitioner a right-of-way 105 feet in width across such railroad or canal shall be condemned for such use.

(2) If it shall be necessary for any railroad company organized under any law of this state to use, for the purpose of its road, any lands over which any other railroad company shall have previously acquired the right-of-way for its road, the right to use such lands may be acquired as in other cases. Such lands shall not be taken in a manner to interfere with the main track of the railroad first established except for crossing, as provided by law.

History.—s. 1, ch. 65-345; s. 1, ch. 65-369.

73.161 Right-of-way for telephone and telegraph over railroad right-of-way.—

(1) If any telegraph or telephone company fails to secure the consent of any railroad or railway compa-

ny for the construction of its lines along and upon the right-of-way of any railroad in this state, the same may be acquired by eminent domain. If the defendant railroad or railway company has a principal office or place of business in this state, and any portion of the right-of-way sought to be condemned extends into the county wherein such principal office or place of business is located, then the eminent domain action shall be had in such county. No map need be filed with the petition, but it shall state about how many poles per mile will be erected on such right-of-way, and about how far from each other, and from the centers of the main track of the railroad, their length and size, the depth they will be planted in the ground, and the amount of land that will be occupied by them. No pole shall be set at a greater distance than 10 feet from the outer edge of the right-of-way. In such action, the petitioner shall give bond for costs in the penalty of \$200, payable to the defendant, with surety to be approved by the clerk.

(2) The judgment shall authorize the petitioner to enter upon the right-of-way of the defendant and construct its lines thereon. Said judgment shall further provide that such lines shall be constructed so as not to interfere with the operation of the trains of said defendant or any telephone or telegraph line already upon such right-of-way; and, furthermore, that if, at any time, the railroad or railway company shall desire, for railway purposes, the immediate use of any land occupied by said petitioner, then the petitioner shall, upon reasonable notice in writing, at its own expense, remove its line to some other place adjacent thereto on such right-of-way so as not to interfere with the track or use of said railway or any telephone or telegraph line already on said right-of-way, and that the said line shall not be erected on any embankment or slope of any cut of such right-of-way, and if at any time the said railroad or railway company shall require for railroad purposes its entire right-of-way at any point occupied by said line, the said petitioner shall, at such point, remove said line entirely off such right-of-way.

(3) The telegraph or telephone company by such action shall acquire only an easement in and to said railroad right-of-way for the purpose of constructing, maintaining, and operating its telegraph or telephone line thereon, and only the interests of such parties as are brought before the court shall be condemned in such action. If the easement or right-of-way claimed extends in or through more counties than one, the whole right and controversy may be heard and determined in any county into or through which such right-of-way extends, except as herein otherwise provided.

History.—s. 1, ch. 65-369.

73.171 Effective date.—This act shall take effect on October 1, 1965, and shall apply to all eminent domain proceedings filed after that date.

History.—s. 1, ch. 65-369.

74.011 Scope.—In any eminent domain action, properly instituted by and in the name of the state, the Division of Road Operations of the Department of Transportation, or any county, school board, municipality, expressway authority, regional water supply authority, flood control district, drainage or subdrainage district, the ship canal authority, any lawfully constituted housing, port or aviation authority, rural electric cooperative, telephone cooperative corporation, or public utility corporation, the petitioner may avail itself of the provisions of this chapter to take possession and title in advance of the entry of final judgment.

History.—s. 4, ch. 65-369; ss. 23, 35, ch. 69-106; s. 1, ch. 69-300; s. 1, ch. 78-422.

74.021 Rights under this chapter; additional.—The right to take possession and title in advance of final judgment in eminent domain actions, as provided by this law, shall be in addition to any right, power or authority conferred by laws of the state under which proceedings may be conducted and shall not be construed as abrogating, limiting or modifying any such right, power or authority.

History.—s. 4, ch. 65-369.

74.031 Declaration of taking; contents.—Those having the right to take possession and title in advance of the entry of final judgment in eminent domain actions, as provided by law, may file, either with the petition or at any time prior to the entry of final judgment, a declaration of taking signed by the petitioner, or its duly authorized agent or attorney, stating that the property sought to be appropriated is thereby taken for the use set forth in the petition. The petitioner shall make a good faith estimate of value, based upon a valid appraisal of each parcel in the proceeding, which shall be made a part of the declaration of taking.

History.—s. 4, ch. 65-369.

74.041 Process; service and publication.—

(1) Upon the filing of the declaration of taking, the clerk of the court shall issue a notice of hearing to the defendants, containing the names of all defendants named in the petition, notifying them that the petitioner will apply to the court for an order of taking on a specified date. A copy of the notice of hearing and the declaration of taking shall be served upon all resident defendants in the manner provided by law for service of original process in eminent do-

main actions, and not less than 20 days prior to the date specified for the hearing on the order of taking.

(2) If any defendant is alleged to be a nonresident of the state, or if the name or address of any defendant is alleged to be unknown, or if personal service cannot be had upon any defendant for any other reason, the clerk of the court shall cause the notice of hearing to be published one time, not less than 20 days prior to the date specified for the hearing on the order of taking, in some newspaper published in the county; provided, however, that if the petitioner be a municipality and a newspaper is published therein, the notice shall be published in such a newspaper. The clerk shall mail a copy of the notice of hearing and the declaration of taking to each out-of-state defendant at the address set forth in the petition. The clerk shall file a certificate of mailing, which, together with proof of publication, shall constitute effective service as to these defendants. The failure of any party to receive notice, by mail, shall not invalidate the proceedings of the court or any order made pursuant to this chapter.

(3) The notice of hearing provided in this section may be combined with the summons to show cause and the published notice provided in s. 73.031, but in no event shall the hearing provided in this section be noticed for a date earlier than 1 day following the date specified in the summons to show cause and the published notice provided in s. 73.031 for the defendants to serve written defenses to the petition in eminent domain proceedings.

History.—s. 4, ch. 65-369; s. 1, ch. 70-286.

74.051 Hearing on order of taking.—

(1) On the date specified in the notice of hearing, all parties may appear and be heard on all matters properly before the court which must be determined prior to the entry of the order of taking, including the jurisdiction of the court, the sufficiency of pleadings, whether the petitioner is properly exercising its delegated authority, and the amount to be deposited for the property sought to be appropriated.

(2) The court shall make such order as it deems proper, securing to all parties the rights to which they may be entitled. The court may make such orders in respect of encumbrances, liens, rents, taxes, assessments, insurance, and other charges, if any, as shall be just and equitable. If the court finds that the petitioner is entitled to possession of the property prior to final judgment, it shall enter an order requiring the petitioner to deposit in the registry of the court such sum of money as will fully secure and fully compensate the persons entitled to compensation as ultimately determined by the final judgment. Said deposit shall not be less than the amount of the petitioner's estimate of value, if the petitioner be the state or any agency thereof, any county, the city or other public body; otherwise, double the amount of petitioner's estimate of value.

(3) The court may fix the time within which and the terms upon which the defendants shall be required to surrender possession to the petitioner. The order of taking shall become effective upon the de-

posit of the required sum in the registry of the court, but if the deposit is not made within 20 days from the entry of the order of taking, the order shall be void and of no further force or effect. The clerk is authorized to invest such deposits so as to earn the highest interest obtainable under the circumstances in state or national financial institutions in Florida insured by the Federal Government. Any interest earned shall be credited to the secondary road fund of the respective county. No sum refunded to the petitioner from the registry of the court pursuant to this chapter shall be charged with commissions or poundage.

History.—s. 4, ch. 65-369; s. 1, ch. 67-34; ss. 1, 3, ch. 67-370; s. 1, ch. 70-365.

74.061 Vesting of title or interest sought.—Immediately upon the making of the deposit, the title or interest specified in the petition shall vest in the petitioner, and the said lands shall be deemed to be condemned and taken for the use of the petitioner, and the right to compensation for the same shall vest in the persons entitled thereto. Compensation shall be determined in accordance with the provisions of chapter 73, except that interest shall be allowed at the same rate as provided in all circuit court judgments from the date of surrender of possession to the date of payment on the amount that the verdict exceeds the estimate of value set forth in the declaration of taking.

History.—s. 4, ch. 65-369; ss. 1, 2, ch. 67-277; s. 28, ch. 73-333; s. 4, ch. 78-315.

74.071 Paying over funds in court.—At any time, prior to the entry of final judgment, and upon motion by the proper defendants, the court may direct that the sum of money set forth in the declaration of taking be paid forthwith to such defendants from the money deposited in the registry of the court. If the compensation awarded for the property by the final judgment shall exceed the amount withdrawn by the defendant, the court shall enter judgment against the petitioner for the deficiency. If the amount withdrawn exceeds the compensation awarded for the property by the final judgment, the court shall enter a judgment against such defendant for the excess, and such judgment shall be a lien against any of his property except his homestead.

History.—s. 4, ch. 65-369.

74.081 Proceedings as evidence.—Neither the declaration of taking, nor the amount of the deposit, shall be admissible in evidence in any action.

History.—s. 4, ch. 65-369.

74.091 Effect of failure to pay final judgment.—Where an order of taking has been entered and deposit made, the failure of the petitioner to pay into the court the compensation ascertained by the jury shall not invalidate said judgment or the title of the petitioner, and such failure shall not authorize any person to molest, interfere with, enter or trespass upon said property; provided, however, persons lawfully entitled to compensation may sue out execution, in the event a timely appeal has not been filed, and such execution may be levied upon the property so condemned and any other property of the petitioner in the same manner as executions are levied in

common law actions.

History.—s. 4, ch. 65-369.

74.101 Rights of housing authority after taking.—In any action in which any housing authority created under the laws of Florida has taken or may take possession of any real property in advance of final judgment therein, and the said petitioner has become irrevocably committed to pay the amount ultimately to be awarded as compensation, then it is lawful to expend moneys duly appropriated for that purpose in demolishing existing structures on said land, and in erecting buildings or public works thereon, or in improving said land or erecting and constructing buildings or works thereon, authorized by law to be constructed by any petitioner.

History.—s. 4, ch. 65-369.

74.111 Drainage districts and housing authorities.—In any action instituted by a drainage or subdrainage district, or housing authority wherein the petitioner seeks to avail itself of the provisions of this chapter:

(1) Action under this chapter shall not be taken unless the chairman or other legally constituted head of the petitioning authority empowered to acquire the land shall be of the opinion that the ultimate award probably will be within the limits of the authority's ability to pay.

(2) It shall be lawful for the petitioner to expend moneys duly appropriated for the purpose of availing itself of the provisions of this chapter in going forward with the project for which the land was taken; provided that, in the opinion of the attorney representing the taking authority, the title has been vested in the authority taking, or all persons having an interest therein have been made parties to such proceeding and will be bound by the final judgment therein.

(3) No money shall be paid nor contracts made for payment for any construction or maintenance proposed by the petitioner under this chapter in excess of the amount specifically appropriated therefor by the Legislature of the state, or procured by and secured to the petitioner under contracts with private persons, firms, or corporations in accordance with the laws authorizing such taking authority to negotiate contracts with private persons, firms, or corporations, or by the issuance of bonds and other debentures pursuant to tax levies duly made, all in accordance with the law in such cases made and provided.

(4) The attorney representing the petitioner is authorized to stipulate or agree in behalf of the taking authority to exclude any property, or any part thereof, or any interest therein, that may have been, or may be taken by or on behalf of the authority taking by the declaration of taking, or otherwise.

History.—s. 4, ch. 65-369.

74.121 Effective date.—This act shall take effect on October 1, 1965, and shall apply to all eminent domain proceedings filed after that date.

(1) The court shall issue an order directed against the state and the several property owners, taxpayers, citizens and others having or claiming any right, title or interest in property to be affected by the issuance of bonds or certificates, or to be affected thereby, requiring all persons, in general terms and without naming them and the state through its State Attorney or attorneys of the circuits where the county, municipality or district lies, to appear at a designated time and place within the circuit where the complaint is filed and show why the complaint should not be granted and the proceedings and bonds or certificates validated. A copy of the complaint and order shall be served on the State Attorney of the circuit in which such proceedings are pending, and when the municipality or district lies in more than one judicial circuit, on the State Attorney of each of the circuits at least 20 days before the time fixed for hearing. The State Attorney shall examine the complaint, and, if it appears or there is reason to believe that it is defective, insufficient, or untrue, or if in the opinion of the State Attorney the issuance of the bonds or certificates in question has not been duly authorized, defense shall be made by said State Attorney. The State Attorney shall have access, for the purposes aforesaid, to all records and proceedings of the county, municipality, state agency, commission or department, or district, and any officer, agent or employee having charge, possession, or control of any of the books, papers, or records of the county, municipality, state agency, commission, department, or district shall exhibit them for examination on demand of the State Attorney, and shall furnish, without cost, duly authenticated copies thereof which pertain to the proceedings for the issuance of the bonds or certificates or which may affect their legality.

By this publication all property owners, taxpayers, citizens, and others having or claiming any right, title or interest in the county, municipality or district, or the taxable property therein, are made parties defendant to the action and the court has jurisdiction of them to the same extent as if named as defendants in the complaint and personally served with process.

(2) In actions to validate the bonds of state agencies, commissions or departments, the order shall be published in the same manner in a newspaper in each of the counties where the proceeds of bonds are to be expended, and in a newspaper published in the county in which the seat of state government is located if the action is brought therein.

75.16 Certain orders and decrees validated.—All orders, decrees and judgments heretofore or hereafter made in actions for the validation of bonds or certificates of indebtedness by any judge disqualified by matters not apparent on the record are valid and binding on all parties unless attacked within 20 days of the entry thereof; and all orders, decrees and judgments heretofore made in such validation actions by judges other than the regular judge or those mentioned or designated in the notices, or at places other than, or dates subsequent to, those mentioned in said notices, when it appears that the regular

History.—RS 1647; GS 2111; RGS 3412; CGL 5265; s. 26, ch. 67-254.

76.07 Attachment in aid of foreclosure.—Any creditor who is commencing or has commenced an action to foreclose a mortgage on personal property may have an attachment against the property, when he has reason to believe and does believe that:

- (1) The property or part of it will be concealed or disposed of so that it will not be forthcoming to answer a judgment on foreclosure.

- (2) The property or part of it will be removed beyond the jurisdiction of the court.

- (3) The property or part of it is of a perishable character and is being used and consumed by the mortgagor or other parties.

- (4) The property or part of it has been disposed of without the consent of the party holding the mortgage, and stating who has the property, if known and if not known, that he does not know who has it.

1921; CGL 5258; s. 26, ch. 67-254.

76.08 Procurement of attachment; generally.

—Upon motion by plaintiff, a writ of attachment may issue when the grounds relied on for the issuance of the writ clearly appear from specific facts shown by a verified complaint or a separate affidavit of the plaintiff, and all applicable requirements of s. 76.09, s. 76.10, or s. 76.11 are met.

History.—RS 1641; GS 2105; RGS 3406; CGL 5259; s. 26, ch. 67-254; s. 2, ch. 78-38.

76.09 Motion when debt due.—When the debt is actually due, the motion shall state the amount of the debt that is actually due, and that movant has reason to believe in the existence of one or more of the special grounds in s. 76.04, stating specifically the grounds.

History.—s. 1, ch. 998, 1859; RS 1642; GS 2106; RGS 3407; CGL 5260; s. 26, ch. 67-254.

76.10 Motion when debt not due.—When the debt is not actually due, the motion shall state the amount of the debt or demand; that it is actually an existing debt; and the existence of one or more of the special grounds in s. 76.05, stating specifically the grounds and plaintiff shall produce before the officer granting the attachment satisfactory proof, by affidavit (other than his own) or otherwise, of the existence of the special ground.

History.—s. 2, Feb. 14, 1835; RS 1643; GS 2107; RGS 3408; CGL 5261; s. 26, ch. 67-254.

76.11 Motion for attachment in aid of foreclosure.—In attachments in aid of foreclosure of mortgages on personal property the motion shall describe the property on which the mortgage exists, and state that a complaint has been filed to foreclose the mortgage, the amount of the debt secured by the mortgage, that it is actually due, and that movant has reason to believe in the existence of one or more of the special grounds enumerated in s. 76.07, stating specifically the grounds.

History.—s. 6, Dec. 11, 1824; RS 1645; GS 2109; RGS 3410; CGL 5263; s. 2, ch. 29737, 1955; s. 26, ch. 67-254.

76.12 Attachment bond.—No attachment shall issue until the person applying for it, his agent or attorney, makes a bond with surety to be approved by the clerk payable to defendant in at least double the debt demanded conditioned to pay all costs and damages which defendant sustains in consequence of plaintiff's improperly suing out the attachment. In foreclosure of a mortgage on personal property if the motion states that the property or part of it has been disposed of without the consent of the party holding the mortgage and that plaintiff does not know who has the property or part of it, the bond shall be made payable to the state for the use and benefit of all parties interested, conditioned to pay all costs and damages which are sustained in consequence of plaintiff's improperly suing out the attachment. Any party aggrieved may sue on the bond but the state is not liable for any costs, damages or expenses that are incurred. Any bond in attachment is not void as against the obligors, nor are they discharged there-

from on account of any informality, although the attachment is dissolved because of the informality.

History.—s. 10, Feb. 15, 1834; RS 1646; GS 2110; RGS 3411; s. 2, ch. 8477, 1921; CGL 5264; s. 26, ch. 67-254.

76.13 Writ; form.—

(1) **GENERALLY.**—The writ of attachment shall command the officer to attach and take into custody so much of the lands, tenements, goods and chattels of the party against whose property the writ is issued as is sufficient to satisfy the debt demanded with costs.

(2) **IN AID OF SUITS TO FORECLOSE.**—In actions to foreclose mortgages the writ shall describe the property, and command the officer to take and hold such property or so much thereof as can be found sufficient to satisfy the debt to be foreclosed.

History.—s. 2, Feb. 15, 1834; RS 1648; GS 2112; RGS 3413; CGL 5266; s. 26, ch. 67-254.

76.14 Writ; effect of levy.—The levy of a writ of attachment does not operate to dispossess the tenant of any lands or tenements, but a levy on real or personal property binds the property attached, except against preexisting liens. Levies on the same property under successive attachments have precedence as liens in the order in which they are made. A levy binds real estate as against subsequent creditors or purchasers only from the time of the record by the Clerk of the Circuit Court of a notice of the levy and a description of the property levied on.

History.—s. 9, Feb. 17, 1833; RS 1651; GS 2115; RGS 3416; CGL 5269; s. 26, ch. 67-254.

76.16 Writ; levy in other counties.—

(1) When plaintiff states in a motion for attachment that defendant has real or personal property in some county other than the one in which the action was instituted, a writ of attachment, original or ancillary, shall be issued and delivered to the sheriff of the county where the property is situate. The officer shall execute the writ and hold the property levied on subject to the order of the court from which the writ issued, which court has the power to order the delivery thereof to the sheriff of the county where the action was commenced or order the officer executing the writ to hold and dispose of it in his county.

(2) When any real property is levied on under this section, the officer levying the writ shall file a written notice of levy with the Clerk of the Circuit Court for the county in which the property is located, which notice shall contain a description of the property levied on. The record shall be notice to all persons of the levy. If the attachment is dissolved or the action is dismissed, or for any reason the property ceases to be bound by the attachment, on due proof thereof the clerk shall note this on the record of the levy.

History.—s. 2, ch. 3721, 1887; RS 1650; GS 2114; RGS 3415; CGL 5268; s. 26, ch. 67-254.

76.17 Writ; levy upon property removed from county pending levy.—When personal property of the defendant is located in any county at the time an action is commenced in which an attachment issues but is removed from the county pending the action, the officer to whom the writ is delivered shall make return of the fact of the removal and plaintiff may

file a motion stating to what county he believes the property has been removed, whereupon an alias writ shall issue and be delivered to the sheriff of each county to which the property or a part thereof has been removed. On receipt of the writ, the sheriff shall take possession of the property and deliver it to the proper officer of the court from which the writ was issued, and make return of the writ. All questions about the title of the property shall be adjudicated in the county in which the action was brought, unless the court changes the venue.

History.—ss. 1, 2, ch. 3245, 1881; RS 1650; GS 2114; RGS 3415; CGL 5268; s. 26, ch. 67-254.

76.18 Return of property upon forthcoming bond.—At any time after execution of the writ, property attached may be restored to defendant or some other person for him on defendant or such other person giving bond with surety to the officer levying the attachment to be approved by the officer payable to plaintiff in an amount which shall exceed by one-fourth the value of the property, as determined by the court, or which shall exceed by one-fourth the amount of the claim, whichever is less, conditioned for the forthcoming of the property restored to abide the final order of the court.

History.—s. 13, Mar. 15, 1843; s. 1, ch. 6865, 1915; RS 1652; GS 2116; RGS 3417; CGL 5270; s. 26, ch. 67-254; s. 3, ch. 78-38.

76.19 Return of property upon bond to pay debt.—Property attached may be restored to defendant (or in case of foreclosure of mortgage, to any person who makes affidavit that he is the owner of the equity of redemption), on his giving a bond with surety to be approved by the officer, conditioned for the payment to plaintiff of the debt and all costs of the action, when they are adjudicated to be payable to plaintiff.

History.—s. 4, Feb. 14, 1835; RS 1653; GS 2117; RGS 3418; CGL 5271; s. 26, ch. 67-254.

76.20 Replevy of property taken by attachment.—If property taken under a writ of attachment is not subject to attachment, it may be replevied by defendant.

History.—s. 4, Feb. 14, 1835; RS 1654; GS 2118; RGS 3419; CGL 5272; s. 26, ch. 67-254.

76.21 Claims of third parties to attached property.—If any attachment is levied on property claimed by any person other than defendant, such person may replevy it or interpose a claim in the manner provided in case of execution.

History.—s. 8, Feb. 15, 1834; s. 1, Mar. 15, 1843; RS 1665; GS 2129; RGS 3430; CGL 5283; s. 26, ch. 67-254.

76.22 Custody of attached property; sale of perishables.—All personal property levied on by attachment, shall remain in custody of the officer who attached it until disposed of according to law unless it is restored to defendant or some person for him, or is claimed by a third person. When the property attached is perishable or liable to great deterioration in value or the costs of keeping it are greatly disproportionate to its value, the court may order the sale of the property after such notice as is expedient,

and the proceeds of the sale shall be paid into court and abide the judgment.

History.—s. 12, Feb. 17, 1833; RS 1655; GS 2119; RGS 3420; CGL 5273; s. 26, ch. 67-254.

76.24 Dissolution of attachment.—

(1) The defendant by motion may obtain the dissolution of a writ of attachment unless the plaintiff proves the grounds upon which the writ was issued and a reasonable probability that the final judgment in the underlying action will be rendered in his favor. The court shall set down such motion for an immediate hearing. This motion shall be in lieu of the provisions of s. 76.18.

(2) On answer by defendant that any allegation in plaintiff's motion is untrue, this issue shall be tried. If the allegation in plaintiff's motion which is denied is not proved to be true, the attachment shall be dissolved.

(3) If the answer denies the debt demanded, the judge may require pleadings thereon on motion of either party to be filed in such time as he fixes.

(4) The issue, if any, raised by the pleadings shall be tried at the same time as the issue, if any, made by the answer on the special cause assigned in plaintiff's motion for the suit. On demand of either party a jury summoned from the body of the county shall be impeaneled to try the issue.

History.—s. 5, Feb. 15, 1834; RS 1656; GS 2120; RGS 3421; CGL 5274; s. 15, ch. 29737, 1955; s. 26, ch. 67-254; s. 4, ch. 78-38.

76.25 Effect of dissolution.—

(1) **ON THE ACTION.**—When an attachment is dissolved, the attachment only shall be dissolved, and plaintiff may prosecute the action to final judgment.

(2) **ON WRITS OF GARNISHMENT.**—When an attachment is dissolved and a writ of garnishment has been issued the garnishment shall not be dissolved in consequence of dissolution of the attachment, but shall remain in full force and abide the termination of the action.

History.—s. 7, Feb. 15, 1834; s. 3, ch. 1100, 1861; RS 1657; GS 2121; RGS 3422; CGL 5275; s. 10, ch. 28301, 1953; s. 26, ch. 67-254.

76.251 When writ returnable.—A writ of attachment is returnable when fully executed or when the officer is convinced that no property can be found. If property is seized under the writ, the writ shall be returned when the property seized finally passes from the lien of the writ and control of the officer levying it. At the time of each action taken under the writ, the officer shall endorse the action thereon.

History.—s. 26, ch. 67-254.

76.31 Judgments.—If a default is entered for plaintiff and defendant has retaken the property on a forthcoming bond, final judgment shall be entered at the same time against defendant and the surety on the bond for the amount of the judgment against defendant if it is less than the value of the property as fixed by the officer, or for the value of the property so fixed if the value is less than the judgment against defendant. If defendant has retaken the property on a bond to pay the debt, the judgment shall also be entered against the surety for the amount of the judgment against defendant. When judgment is en-

tered against defendant after trial, it shall be entered against the surety as above provided except that the value of the property retaken by defendant shall be found by the court or jury, as the case may be, and stated in the finding or verdict.

History.—RS 1664; GS 2128; RGS 3429; CGL 5282; s. 26, ch. 67-254.

76.32 Attachment of vessels.—

(1) **WHEN APPLICABLE.**—In all actions by any person, firm, corporation or association of persons, including the state and any governmental subdivision, agency or department of the state, against any person, firm, association of persons or corporation, whether resident or nonresident, to recover damages for injury to the person or property thereof, resulting from negligence in the navigation, direction or management of any ship or boat of any kind, whether domestic or foreign and however propelled, within the territorial jurisdiction of the state, plaintiff is entitled to an attachment at law against the vessel in the manner hereinafter provided.

(2) **VENUE.**—Venue shall be in the county where defendants or any of them reside or the county where the damage or injury was suffered or the county where the vessel charged with the responsibility for the damage or injury is found.

(3) **MOTION FOR.**—Before any writ of attachment issues, plaintiff shall file in the court from which the writ is desired, a motion, which shall not be verified or negative the attachment debtor's exemptions, and which shall set forth the filing of the action, the circumstances under which the injury or damage complained of was suffered giving rise to plaintiff's cause of action and the amount of plaintiff's demand made in good faith.

(4) **BOND.**—No attachment shall issue until the person applying for it, his agent or attorney, makes a bond with surety to be approved by the clerk of the

court in which the action is commenced payable to defendant in a sum at least double the amount of money in good faith demanded conditioned to pay all costs and damages which defendant may sustain in consequence of plaintiff's improperly suing out the attachment but no bond shall be required when the state, or any governmental subdivision, agency or department is plaintiff.

(5) **FORTHCOMING BOND.**—Any vessel attached under this law may be restored at any time to defendant or to some other person for him, on defendant or the other person giving bond with surety to the officer levying the attachment to be approved by the officer payable to plaintiff in double the value of the vessel levied on, if the value does not exceed the amount of plaintiff's claim, or double the amount of plaintiff's claim, if the value exceeds the amount of plaintiff's claim, the value to be fixed by the officer, conditioned for the forthcoming of the property restored to abide the final judgment of the court but if the action is for unliquidated damages, defendant or the claimant of the offending vessel instead of furnishing a bond may apply to the court for a reduction in the amount of the bond, and the court may fix the amount and conditions of the bond at a sum sufficient to adequately secure payment of the amount of the injury or damage which may have been suffered by plaintiff with costs. The release bond shall be approved by the court. If plaintiff recovers a judgment, it shall be rendered against defendant, or the claimant of the vessel, and his surety on the release bond.

(6) **APPLICATION OF LAW.**—This law applies to those actions for injury, loss or damage which occur without the admiralty and maritime jurisdiction of the courts of the United States.

The officers, agents and employees of any companies or corporations are third persons in regard to the companies or corporations, and as such are subject to garnishment after judgment against the companies or corporations.

History.—s. 1, ch. 7352, 1917; RGS 3432; CGL 5285; s. 27, ch. 67-254.

77.03 Writ; procurement after judgment.—After judgment has been obtained against defendant but before the writ of garnishment is issued, the plaintiff, his agent or attorney, shall file a motion (which shall not be verified or negative defendant's exemptions) stating the amount of the judgment and that movant does not believe that defendant has in his possession visible property on which a levy can be made sufficient to satisfy the judgment. The mo-

tion may be filed and the writ issued either before or after the return of execution.

History.—ss. 1, 14, ch. 43, 1845; RS 1667; s. 1, ch. 4393, 1895; GS 2131; RGS 3433; CGL 5286; s. 27, ch. 67-254.

77.031 Garnishment before judgment; procurement.—

(1) Before judgment has been obtained by plaintiff against defendant, no writ of garnishment shall issue until plaintiff, his agent or attorney, files in the court where the action is pending, a motion (which shall not be verified or negative defendant's exemptions) stating that the debt for which plaintiff sues is just, due and unpaid, that the garnishment is not sued out to injure either defendant or garnishee, and that movant does not believe that defendant will have in his possession after execution is issued, visible property in this state and in the county in which the action is pending on which a levy can be made sufficient to satisfy plaintiff's claim.

(2) Except when plaintiff has had an attachment, no writ of garnishment before judgment shall issue until the person applying for it, his agent or attorney, gives a bond with surety to be approved by the clerk payable to defendant in at least double the debt demanded conditioned to pay all costs and damages which defendant sustains in consequence of plaintiff's improperly suing out the writ of garnishment.

(3) Any bond in garnishment is not void as against the obligors, nor shall they be discharged therefrom on account of any informality in it, although the garnishment is dissolved because of the informality.

History.—s. 11, ch. 43, 1845; RS 1680; s. 1, ch. 4393, 1895; GS 2144; s. 2, ch. 6910, 1915; RGS 3446; CGL 5299; s. 2, ch. 29737, 1955; s. 27, ch. 67-254.

Note.—Former s. 77.18.

77.04 Writ; form.—The writ shall require the garnishee to serve an answer to it on plaintiff within 20 days after service stating whether he is indebted to defendant at the time of the answer, or was indebted at the time of service of the writ, or at any time between such times; and in what sum and what tangible or intangible personal property of defendant he has in his possession or control at the time of his answer, or had at the time of the service of the writ, or at any time between such times; and whether he knows of any other person indebted to defendant, or who may have any of the property of defendant in his possession or control. The writ shall state the amount named in plaintiff's motion.

History.—s. 1, ch. 43, 1845; RS 1668; s. 1, ch. 4393, 1895; GS 2132; RGS 3434; CGL 5287; s. 11, ch. 28301, 1953; s. 27, ch. 67-254.

(1) Service of the writ shall make garnishee liable for all debts due by him to defendant and for any tangible or intangible personal property of defendant in his possession or control at the time of the service of the writ or at any time between the service and the time of his answer.

(2) A bank or other financial institution authorized to accept deposits, upon being served with a writ of garnishment, shall report in its answer and re-

tain, subject to the provisions of s. 77.19 and subject to disposition as provided in this chapter, any deposit, account or tangible or intangible personal property in the possession or control of such garnishee, if the deposit or ownership records of such bank or other financial institution relating to such deposit or property reflect that any defendant named in the writ has or appears to have an ownership interest therein, whether solely or with another or others not named in the writ; but the answer shall state the name or names and address if known to the garnishee of the defendant and any such other or others having or appearing to have an ownership interest therein as shown on said records, and the plaintiff shall, within 5 days of the service of the answer on him, serve by delivery or by mail on the defendant and each such other person notice of the writ and the garnishee's answer and shall file in the proceeding a certificate of such service at the address of the defendant as shown on the records of the bank.

(3) In any case where a garnishee in good faith is in doubt as to whether any indebtedness or property is required by law to be included in the garnishee's answer or retained by it, the garnishee may include and retain the same, subject to the provisions of s. 77.19 and subject to disposition as provided in this chapter, and in such case the garnishee shall not be liable for so doing to the defendant or to any other person claiming the same or any interest therein or claiming to have sustained damage on account thereof.

(4) Service of a writ on a garnishee shall render him liable as provided in this chapter in any fiduciary or representative capacity held by him if the fiduciary or representative capacity is specified in the writ.

History.—s. 1, ch. 43, 1845; RS 1670; GS 2134; RGS 3436; CGL 5289; s. 27, ch. 67-254; s. 1, ch. 71-69; s. 1, ch. 74-98.

77.061 Reply.—When any garnishee answers and plaintiff is not satisfied with the answer, he shall serve a reply within 20 days thereafter denying the allegations of the answer as he desires. On failure of plaintiff to file a reply, the answer shall be taken as true and on proper disposition of the assets, if any are disclosed thereby, the garnishee is entitled to an order discharging him from further liability under the writ.

History.—s. 27, ch. 67-254.

77.07 Writ; dissolution.—

(1) The court to which a garnishment is returnable shall always be open for hearing motions to dissolve the garnishment.

(2) On motion by defendant served within 20 days after service of the writ stating that any allegation in plaintiff's motion for the writ is untrue, this issue shall be tried, and if the allegation in plaintiff's motion which is denied is not proved to be true, the garnishment shall be dissolved.

(3) If the motion denies the debt demanded before judgment, the judge may require pleadings on motion of either party on the debt demanded to be filed in such time as he fixes.

(4) The issue, if any, raised by the pleadings shall

be tried at the same time as the issue, if any, made by defendant's motion to plaintiff's motion.

History.—s. 1, ch. 7353, 1917; RGS 3454; CGL 5307; s. 27, ch. 67-254.

77.081 Default; judgment.—

(1) If the garnishee fails to answer as required, a default shall be entered against him.

(2) On the entry of judgment for plaintiff, a final judgment shall be entered against the garnishee for the amount of plaintiff's claim with interest and costs. No final judgment against a garnishee shall be entered before the entry of, or in excess of, the final judgment against the original defendant with interest and costs. If the claim of the plaintiff is dismissed or judgment is entered against him the default against garnishee shall be vacated and judgment for his costs entered.

History.—s. 11, ch. 43, 1845; RS 1681, 1682; GS 2146, 2147; RGS 3448, 3449; CGL 5301, 5302; s. 27, ch. 67-254.

Note.—Former ss. 77.20, 77.21.

77.082 No reply filed.—If no reply to garnishee's answer is served, garnishee may surrender any goods, chattels or effects of defendant in his hands or possession to the sheriff and may pay any money or debt into registry of court. In such event or if garnishee prevails in the trial of any reply and after proper disposition of any property disclosed by his answer, the court shall discharge him from further liability under the writ.

History.—s. 27, ch. 67-254.

77.083 Judgment.—Judgment against garnishee on his answer or after trial of a reply to his answer shall be entered for the amount of his liability as disclosed by the answer or trial. Instead of scire facias, the court may subpoena garnishee to inquire about his liability to or possession of property of defendant.

History.—s. 27, ch. 67-254.

77.13 Execution on garnishee's refusal to surrender property.—If garnishee will not surrender the personal property belonging to defendant, provided he has the power to do so, and which he has admitted is in his possession, the court may order execution issued against garnishee for the unpaid amount of plaintiff's judgment against defendant. The officer shall sell garnishee's property as under other executions. Garnishee may release his property from the levy and sale by surrendering the property of defendant to the officer levying the execution at the time appointed for the sale of his property so levied on, or at any time before the day of the sale and by paying the costs of the proceedings to sell up to the time of the surrender.

History.—s. 5, ch. 43, 1845; RS 1675; GS 2139; RGS 3441; CGL 5294; s. 27, ch. 67-254.

77.14 Disposition of property surrendered by garnishee.—When any garnishee has any of the personal property of defendant in his possession or control and surrenders it, the sheriff shall receive

the property and sell it under the execution against defendant.

History.—s. 6, ch. 43, 1845; RS 1676; GS 2140; RGS 3442; CGL 5295; s. 27, ch. 67-254.

77.15 Proceedings against third persons named in answer.—If the answer of garnishee shows that there is any of defendant's personal property in the possession or control of any person who has not been garnisheed, on motion of plaintiff a writ of garnishment shall issue against the person having personal property of the defendant and the person shall answer and be liable as other garnishees.

History.—s. 3, ch. 43, 1845; RS 1677; GS 2141; RGS 3443; CGL 5296; s. 2, ch. 29737, 1955; s. 27, ch. 67-254.

77.16 Claims by third persons to garnisheed property.—

(1) If any person other than defendant claims that the debt due by a garnishee is due to him and not to defendant, or that the property in the hands or possession of any garnishee is his property and shall make an affidavit to the effect, the court shall impanel a jury to determine the right of property between the claimant and plaintiff unless a jury is waived.

(2) If the verdict is against the claimant, plaintiff shall recover costs. If the verdict is in favor of the claimant, he shall recover costs against plaintiff.

(3) If the claim is interposed after a levy on property, the officer making the levy shall return the execution with his levy thereon and the affidavit of the claimant to the court from which execution issued, and the proceedings shall be as in other cases of claims made to property taken on execution.

History.—s. 8, ch. 43, 1845; RS 1679; GS 2143; RGS 3445; CGL 5298; s. 27, ch. 67-254.

77.17 Compensation to garnishee.—The garnishee shall be allowed the pay of a witness for his attendance out of the debt owed to defendant or the property in his possession. If there is no debt or property in his possession, the allowance shall be against plaintiff.

History.—s. 7, ch. 43, 1845; RS 1678; GS 2142; RGS 3444; CGL 5297; s. 27, ch. 67-254.

77.19 Amount retained by garnishee.—No garnishee who is indebted to or has in his possession the money of a person whose money or credits may be garnisheed shall retain out of the money more than double the amount which the writ of garnishment specifies as the amount plaintiff expects to recover or more than double the amount of the judgment plaintiff has recovered.

History.—s. 2, ch. 4393, 1895; GS 2145; RGS 3447; CGL 5300; s. 27, ch. 67-254.

77.22 Before judgment; effect of judgment for defendant.—

(1) If the judgment is for defendant in the main action, plaintiff shall pay all costs which have accrued in consequence of suing out a writ of garnishment before judgment and the money or property

brought into the registry of the court or custody of the officer thereby inures to the benefit of and shall be controlled by defendant as completely as though it had been rendered in his favor.

(2) If plaintiff dismisses his action or has a judgment against him on the trial, the judgment against garnishee shall become a nullity and garnishee shall have execution for his costs against plaintiff.

History.—s. 11, ch. 43, 1845; s. 2, ch. 1100, 1861; RS 1683, 1684; GS 2148, 2149; RGS 3450, 3451; CGL 5303, 5304; s. 27, ch. 67-254.

Note.—Former ss. 77.22, 77.23.

77.24 Before judgment; discharge.—At any time before the entry of judgment, a defendant whose property has been garnisheed may secure its release by giving a bond with surety to be approved by the clerk in at least double the amount claimed in the complaint with interest and costs, or if the value of the property garnisheed is less than this amount, then in double the value, conditioned to pay any judgment recovered against him in the action with interest and costs, or so much thereof as shall equal the value. On the approval of the bond the court shall discharge the garnishment and release the property. The order shall become effective on its filing with the bond. If garnishee admits a debt to or possession of property of defendant in excess of a sum sufficient to satisfy plaintiff's claim, on motion of defendant and notice to plaintiff, the court shall release garnishee from responsibility to plaintiff for any debt to or property of defendant except in a sum deemed by the court sufficient to satisfy plaintiff's claim with interest and costs.

History.—RS 1685; GS 2150; s. 1, ch. 5906, 1909; s. 2, ch. 6910, 1915; RGS 3452; CGL 5305; s. 27, ch. 67-254.

77.27 No appeal until fees are paid.—If the writ is dismissed or plaintiff fails to sustain his claim, no appeal from the judgment shall be permitted until the attorney's fee provided in s. 77.28, has been paid into court.

History.—s. 2, ch. 4030, 1891; GS 1357; RGS 2553; CGL 4171; s. 27, ch. 67-254.

77.28 Garnishment; attorney's fees, costs, expenses, etc.; deposit required.—Before issuance of any writ of garnishment, the party applying for it shall deposit \$10 in the registry of the court which shall be paid to garnishee on his demand at any time after the service of the writ for the payment or part payment of his attorney's fee which he expends, or agrees to expend, in obtaining representation in response to the writ. On rendering final judgment the court shall determine garnishee's costs and expenses, including a reasonable attorney's fee, and the amount shall be taxed as costs. Plaintiff may recover in this manner the sum advanced by him and paid into registry of court, and if the amount allowed by the court is greater than the amount of the deposit, judgment for garnishee shall be entered against the party against whom the costs are taxed for the deficiency.

Notice of lis pendens to charge third persons with knowledge of plaintiff's claim on the property may be recorded.

78.02 What may not be taken by replevin.—No replevin shall lie:

- (1) For any property taken by virtue of any warrant for the collection of any tax, assessment or fine pursuant to any statute;
- (2) For defendant in any execution or attachment to recover goods and chattels seized by virtue thereof unless such goods and chattels are exempt from the execution or attachment;
- (3) By the original defendant in replevin for property taken in replevin and delivered to plaintiff while it remains in the possession of the original plaintiff or his agents.
- (4) For any person unless he has a right to reduce the goods taken into his possession.

History.—ss. 2, 3, Mar. 11, 1845; s. 4, ch. 1099, 1861; ch. 1938, 1873; ch. 2040, 1875; RS 1708; GS 2172; RGS 3477; CGL 5330; s. 28, ch. 67-254; s. 1, ch. 73-20.

78.03 Venue and jurisdiction.—The action shall be brought in the court in the county where the property is which has jurisdiction of the value of the property sought to be replevied. When property consists of separate articles, the value of any one of which is within the jurisdiction of a lower court but taken together will exceed that jurisdiction, the plaintiff shall not divide the property to give juris-

diction to the lower court to enable plaintiff to bring separate actions therefor.

History.—s. 14, Mar. 11, 1845; RS 1709; GS 2173; RGS 3478; CGL 5331; s. 28, ch. 67-254; s. 1, ch. 73-20; s. 15, ch. 73-334.

78.045 Writ; court order required.—No clerk of court shall issue a writ of replevin prior to final judgment unless there has been filed with the clerk of court an order authorizing the issuance of such writ of replevin.

History.—s. 1, ch. 73-20.

78.055 Complaint; requirements.—To obtain an order authorizing the issuance of a writ of replevin prior to final judgment, the plaintiff shall first file with the clerk of the court a complaint reciting and showing the following information:

(1) A description of the claimed property that is sufficient to make possible its identification and a statement, to the best knowledge, information, and belief of the plaintiff of the value of such property and its location.

(2) A statement that the plaintiff is the owner of the claimed property or is entitled to possession of it, describing the source of such title or right. If the plaintiff's interest in such property is based on a written instrument, a copy of said instrument must be attached to the complaint.

(3) A statement that the property is wrongfully detained by the defendant, the means by which the defendant came into possession thereof, and the cause of such detention according to the best knowledge, information, and belief of the plaintiff.

(4) A statement that the claimed property has not been taken for a tax, assessment, or fine pursuant to law.

(5) A statement that the property has not been taken under an execution or attachment against the property of the plaintiff or, if so taken, that it is by law exempt from such taking, setting forth a reference to the exemption law relied upon.

History.—s. 1, ch. 73-20; s. 3, ch. 76-19.

78.065 Order to show cause; contents.—

(1) The court without delay shall examine the complaint filed, and if, on the basis of the complaint and further showing of the plaintiff in support of it, the court finds that the defendant has waived in accordance with s. 78.075 his right to be notified and heard, the court shall promptly issue an order authorizing the clerk of the court to issue a writ of replevin.

(2) If, upon examination of the complaint filed and on further showing of the plaintiff in support of it, the court finds that the defendant has not waived in accordance with s. 78.075 his right to be notified and heard, the court shall promptly issue an order directed to the defendant to show cause why the claimed property should not be taken from the possession of the defendant and delivered to plaintiff. Such order shall:

(a) Fix the date and time for hearing on the order. However, the date for the hearing shall not be

set sooner than 5 days nor more than 10 days after the service of the order.

(b) Direct the time within which service of the order and the complaint shall be made upon the defendant.

(c) Fix the manner in which service of the order shall be made on the defendant. The order shall direct that service as provided by law shall be made on the defendant if such service is possible or, in the event the officer serving the order is unable to serve said defendant as provided by law within the time specified in paragraph (b), that the officer shall place the order, together with the summons, on or in the claimed property or on the main entrance of the defendant's residence. The officer's return shall state that the officer was unable to locate the defendant and how the order was served.

(d) State that the nonpersonal service as provided herein shall be effective to afford notice to the defendant of the show-cause order, but for no other purpose.

(e) State that the defendant has the right to file affidavits on his behalf with the court and may appear personally or by way of an attorney and present testimony on his behalf at the time of the hearing, or that he may, upon a finding by the court pursuant to s. 78.067(2) that the plaintiff is entitled to the possession of the claimed property pending final adjudication of the claims of the parties, file with the court a written undertaking executed by a surety approved by the court in an amount equal to the value of the property to stay an order authorizing the delivery of the property to the plaintiff.

(f) State that if the defendant fails to appear he shall be deemed to have waived his right to a hearing and that in such case the court may order the clerk of the court to issue a writ of replevin.

History.—s. 1, ch. 73-20; s. 10, ch. 79-396.

78.067 Order to show cause; hearing.—

(1) If, after serving a show-cause order as provided above, the court finds that the defendant has waived his right to be heard on that order in accordance with s. 78.075, it shall dispense with the hearing on the show-cause order and promptly issue an order authorizing the clerk of the court to issue a writ of replevin.

(2) If the court finds that the defendant has not waived his right to be heard on the order to show cause in accordance with s. 78.075, the court shall at the hearing on the order to show cause consider the affidavits and other showings made by the parties appearing and make a determination of which party, with reasonable probability, is entitled to the possession of the claimed property pending final adjudication of the claims of the parties. This determination shall be based on a finding as to the probable validity of the underlying claim alleged against the defendant. If the court determines that the plaintiff is entitled to take possession of the claimed property, it shall issue an order directing the clerk of the court to issue a writ of replevin. However, the order shall be stayed pending final adjudication of the claims of the parties if the defendant files with the court a written undertaking executed by a surety approved

by the court in an amount equal to the value of the property.

History.—s. 1, ch. 73-20.

78.068 Prejudgment writ of replevin.—

(1) A prejudgment writ of replevin may be issued and the property seized delivered forthwith to the petitioners when the nature of the claim and the amount thereof, if any, and the grounds relied upon for the issuance of the writ clearly appear from specific facts shown by the verified petition or by separate affidavit of the petitioner.

(2) This prejudgment writ of replevin may issue if the court finds, pursuant to subsection (1), that the defendant is engaging in, or is about to engage in, conduct that may place the claimed property in danger of destruction, concealment, waste, removal from the state, removal from the jurisdiction of the court, or transfer to an innocent purchaser during the pendency of the action or that the defendant has failed to make payment as agreed.

(3) The petitioner must post bond in the amount of twice the value of the goods subject to the writ or twice the balance remaining due and owing, whichever is lesser as determined by the court, as security for the payment of damages the defendant may sustain when the writ is obtained wrongfully.

(4) The defendant may obtain release of the property seized under a prejudgment writ of replevin by posting bond within 5 days after serving of the writ in the amount of one and one-fourth the amount due and owing on the agreement for the satisfaction of any judgment which may be rendered against him.

(5) A prejudgment writ of replevin shall issue only upon the signed order of a circuit court judge or a county court judge.

(6) The defendant, by contradictory motion filed with the court within 10 days after service of the writ, may obtain the dissolution of a prejudgment writ of replevin unless the petitioner proves the grounds upon which the writ was issued. The court shall set down such motion for an immediate hearing. This motion shall be in lieu of the provisions of subsection (4).

History.—s. 1, ch. 76-19; s. 1, ch. 77-174.

78.075 Order to show cause; waiver.—The right to be heard provided in ss. 78.065 and 78.067 is waived if the defendant, after receiving a show-cause order, engages in any conduct that clearly shows that he wants to forego his right to be heard on that order. The defendant's failure to appear at the hearing duly scheduled on the order to show cause presumptively constitutes conduct that clearly shows that he wants to forego his right to be so heard. If the defendant, after service of the order to show cause, sends or delivers to the plaintiff or the court issuing the order to show cause a writing prepared by anyone but signed by the defendant after service of the order to show cause, indicating in any language that the defendant does not want to be heard on the show-cause order, the defendant shall be presumed to have waived his right to be heard. For this purpose, a writing containing the following language is sufficient: "I, (name of the defendant), am aware that I have the right and opportunity to be heard on a show-cause order that has been served upon me con-

cerning the right of plaintiff to obtain a writ of replevin authorizing the appropriate officer of the court to take (describe property) from my possession prior to final judgment against me. I hereby state that I do not want to be heard on this matter and that I expressly waive my right to be heard. I understand that the effect of my signing this paper probably will be a court order authorizing the issuance of a writ of replevin directing an officer of the court to take possession of the property described above prior to final judgment against me with respect to the claim under which the property is taken."

History.—s. 1, ch. 73-20.

78.08 Writ; form; return.—The writ shall command the officer to whom it may be directed to replevy the described personal property in possession of defendant.

History.—s. 4, Mar. 11, 1845; RS 1714; GS 2178; RGS 3483; CGL 5336; s. 28, ch. 67-254; s. 1, ch. 73-20.

78.10 Writ; execution on property in buildings, etc.—In executing the writ of replevin, if the property or any part thereof is secreted or concealed in any dwelling house or other building or enclosure, the officer shall publicly demand delivery thereof and if it is not delivered by the defendant or some other person, he shall cause such house, building or enclosure to be broken open and shall make replevin according to the writ; and if necessary, he shall take to his assistance the power of the county.

History.—s. 7, Mar. 11, 1845; RS 1716; GS 2180; RGS 3485; CGL 5338; s. 28, ch. 67-254; s. 1, ch. 73-20.

78.11 Writ; execution on property changing possession, etc.—If the property to be replevied is in the possession of defendant at the time of the issuance of the writ, and passes into the possession of a third person before the execution of the writ, the officer holding the writ shall execute it on the property in the possession of the third person and shall serve the writ on defendant and the third person, and the action with proper amendments, shall proceed against the third person.

History.—RS 1717; GS 2181; RGS 3486; CGL 5339; s. 28, ch. 67-254; s. 1, ch. 73-20.

78.12 Writ; execution on property removed from jurisdiction.—At the time of the service of the writ if the property to be replevied is outside the territorial jurisdiction of the court issuing the writ, the officer to whom the writ is directed shall deliver it to the proper officer in the jurisdiction into which the property has been removed, and the latter officer shall execute the writ, and shall hold the property subject to the orders of the court issuing the writ.

History.—RS 1718; GS 2182; RGS 3487; CGL 5340; s. 28, ch. 67-254; s. 1, ch. 73-20.

78.13 Writ; disposition of property levied on.—The officer executing the writ shall deliver the property to plaintiff after the lapse of 3 days from the time the property was taken unless within the 3 days defendant gives bond with surety to be approved by the officer in the value of the property as

appraised by the officer, conditioned to have the property forthcoming to abide the result of the action, in which event the property shall be redelivered to defendant.

History.—s. 1, ch. 1099; 1861; RS 1719; GS 2183; RGS 3488; CGL 5341; s. 28, ch. 67-254; s. 1, ch. 73-20.

78.18 Judgment for plaintiff when goods not delivered to defendant.—If it appears that the property described in the complaint was wrongfully taken or detained by defendant and the property has been delivered to plaintiff by the officer executing the writ, plaintiff shall have judgment for his damages caused by the taking and detention and costs.

History.—s. 11, Mar. 11, 1845; RS 1724; GS 2188; RGS 3493; CGL 5346; s. 28, ch. 67-254; s. 1, ch. 73-20.

78.19 Judgment for plaintiff when goods retained by or redelivered to defendant.—

(1) If it appears that the property was retained by, or redelivered to, defendant on his forthcoming bond, plaintiff shall take judgment for the property and against defendant and the surety on the forthcoming bond for the value of the property, but when plaintiff's interest in the property is based on a claim of lien or some special interest therein, the judgment shall be only for the amount of the lien or the value of such special interest and costs, and the judgment shall be satisfied by the recovery of the property or the amount adjudged against defendant and his surety.

(2) After rendition of judgment, plaintiff at his option may have a writ of possession for the property and execution for his costs or have execution against defendant and his surety for the amount recovered and costs. If he elects to have a writ of possession for the property and the officer returns that he is unable to find it or any of it, plaintiff may immediately have execution against defendant and his surety for the whole amount recovered against them or for the amount recovered less the value of the property found by the officer. If he has execution for the whole amount, the officer shall release all property taken under the writ of possession.

(3) In any proceeding to ascertain the value of the property so that judgment for the value may be entered, the value of each article shall be found but it is not necessary to ascertain the value of each article of a lot of goods, wares and merchandise when it has been replevied, but it is sufficient to ascertain the total value of the entire lot found.

History.—s. 1, ch. 3133; 1879; RS 1724; s. 1, ch. 5159; 1903; GS 2188; RGS 3493; s. 1, ch. 9320; 1923; CGL 5346; 5348; s. 28, ch. 67-254; s. 1, ch. 73-20.

78.20 Judgment for defendant when goods retained by, or redelivered to, him.—When property has been retained by, or redelivered to, defendant on his forthcoming bond or upon the dissolution of a prejudgment writ and defendant prevails, he shall have judgment against plaintiff for his damages for the taking, if any, of the property, attorney fees, and costs. The remedies provided in this section and s. 78.21 shall not preclude any other remedies available under the laws of this state.

History.—s. 12, Mar. 11, 1845; RS 1725; GS 2189; RGS 3494; CGL 5347; s. 28, ch. 67-254; s. 1, ch. 73-20; s. 2, ch. 76-19.

78.21 Judgment for defendant when goods not retained by or redelivered to him.—When the property has not been retained by, or redelivered to, defendant and he prevails, judgment shall be entered against plaintiff for possession of the property and costs and against him for the value of the property and costs in the same manner as provided in s. 78.19 for judgment in favor of plaintiff. The value of

each article of the goods replevied shall be found as directed in s. 78.19 [F. S. 1973] with the same exception. The remedies provided in s. 78.20 and this section shall not preclude any other remedies available under the laws of this state.

History.—s. 13, Mar. 11, 1845; RS 1725; GS 2189; RGS 3494; s. 1, ch. 9320, 1923; CGL 5347; s. 28, ch. 67-254; s. 1, ch. 73-20.

79.01 Application and writ.—When any person detained in custody, whether charged with a criminal offense or not, applies to the Supreme Court or any justice thereof, or to any district court of appeal or any judge thereof or to any circuit judge for a writ of habeas corpus and shows by affidavit or evidence probable cause to believe that he is detained without lawful authority, the court, justice or judge to whom such application is made shall grant the writ forthwith, against the person in whose custody the applicant is detained and returnable immediately before any of the courts, justices or judges as the writ directs.

History.—s. 1, Sept. 16, 1822; s. 1, ch. 3129, 1879; RS 1771; GS 2248; RGS 3571; CGL 5435; s. 29, ch. 67-254.

79.02 Bond may be required.—When it appears necessary, the court, justice or judge granting the writ shall require bond with surety to be approved by the judge or clerk payable to the Governor executed in such manner and reasonable penalty as the court, justice or judge prescribes; conditioned for the payment of the charges and costs awarded against the prisoner and that he will not escape by the way. The bond shall be filed and may be sued on in the name of the Governor for the benefit of any person interested therein. In the event of inability to give bond for the payment of charges and costs, he may be permitted, in the place thereof, to make deposit in such amount as the court, justice or judge requires.

History.—s. 1, Sept. 16, 1822; s. 1, ch. 3129, 1879; RS 1771; GS 2248; RGS 3571; CGL 5435; s. 29, ch. 67-254.

79.03 Service of writ.—When issued, the writ shall be served by the sheriff of the county in which the petitioner is alleged to be detained on the officer or other person against whom it is issued, or in his absence from the place where the prisoner is confined, on the person having the immediate custody of the prisoner. When the sheriff of the county is the person holding the party detained, a delivery to or receipt of the writ by him is sufficient service.

History.—s. 2, ch. 3129, 1879; RS 1772; GS 2249; RGS 3572; CGL 5436; s. 29, ch. 67-254.

79.04 Return to writ.—

(1) The person on whom the writ is served shall bring the body of the prisoner, or cause it to be brought, before the court, justice or judge before whom the writ is made returnable without delay and

at the same time certify to the cause of the detention.

(2) When the writ is issued, the court shall set an early return date, at which time the formal return of the defendant shall be made. In the absence of a motion to quash or a motion for discharge notwithstanding the return, issue is joined when the return is filed and the action shall be ready for final disposition.

History.—s. 2, Sept. 16, 1822; s. 2, ch. 3129, 1879; RS 1773; GS 2250; RGS 3573; CGL 5437; s. 29, ch. 67-254.

(2) **BY PROCEEDINGS BY THE COURT.**—A justice or judge in vacation may enforce obedience to any writ of habeas corpus and in cases pending before the supreme court, or any of the justices thereof, writs for the enforcement of obedience may be directed to the sheriff or other officer.

79.06 Effect of the return.—

(1) **GENERALLY.**—The return made to the writ may be amended, and is not conclusive as to the facts stated therein, but the court, justice or judge before whom the return is made may examine into the cause of the imprisonment or detention, receive evidence in contradiction of the return, and determine it as the truth of the case requires.

(2) **IN CASES OF CONTEMPT.**—On the return of the writ when the cause of detention appears to be a contempt, plainly and specifically charged in the commitment by some court officer or body having authority to commit for the contempt so charged and for the time stated, the court, justice or judge before whom the writ is returnable shall remand the prisoner forthwith if the time for detention for contempt has not expired.

History.—s. 29, ch. 67-254.

79.08 Hearing and judgment.—The court, justice or judge before whom the prisoner is brought shall inquire without delay into the cause of his imprisonment, and shall either discharge him, admit him to bail or remand him to custody, as the law and the evidence require; and shall either award against the prisoner the charges of his transportation, not exceeding 15 cents per mile and the costs of the proceedings, or shall award the costs in his favor, or shall award no costs or charges against either party, as is right. When in any criminal prosecution a writ of habeas corpus is applied for by any person charged with any criminal offense and the accused has been remanded to custody by the court to which such application is made, a supersedeas of the order made on appeal being taken to an appellate court shall not prevent the state from proceeding with the prosecution of the accused pending the decision by the appellate court in the habeas corpus, but the state may prosecute the accused as if appeal had not been taken in habeas corpus. If the accused is convicted of the charge, the court shall withhold imposition of sentence and final judgment until the appellate court has determined the issues presented in the habeas corpus.

CHAPTER 80

QUO WARRANTO

- 80.01 Quo warranto; refusal of Attorney General to institute.
 80.02 Quo warranto; control of Attorney General over proceedings instituted by him.
 80.031 Procedure.
 80.032 Judgment of ouster.
 80.04 Quo warranto; effect of judgment.

80.01 Quo warranto; refusal of Attorney General to institute.—Any person claiming title to an office which is exercised by another has the right, on refusal by the Attorney General to commence an action in the name of the state upon the claimant's relation, or on the Attorney General's refusal to file a petition setting forth his name as the person rightfully entitled to the office, to file an action in the name of the state against the person exercising the office, setting up his own claim. The court shall determine the right of the claimant to the office, if he so desires. No person shall be adjudged entitled to hold an office except upon full proof of his title to the office in any action of this character.

History.—s. 2, ch. 1874, 1872; RS 1782; GS 2259; RGS 3582; CGL 5447; s. 30, ch. 67-254.

80.02 Quo warranto; control of Attorney General over proceedings instituted by him.—When the Attorney General commences an action setting forth the name of the person rightfully entitled, or when petition is filed upon the relation of a party claiming title, the Attorney General shall not dismiss the action without the consent of the claim-

ant, but the court shall investigate the claim and determine the right, if so desired by the person on whose relation the petition is filed and the claimant may have counsel of his choice to control the action in his behalf.

History.—s. 4, ch. 1874, 1872; RS 1784; GS 2261; RGS 3584; CGL 5449; s. 30, ch. 67-254.

80.031 Procedure.—The rules about pleading and procedure in mandamus apply to actions for quo warranto as near as may be.

History.—s. 30, ch. 67-254.

80.032 Judgment of ouster.—When any petition is well-founded, a judgment of ouster may issue without further amendments to the extent that the petition is well-founded.

History.—s. 30, ch. 67-254.

80.04 Quo warranto; effect of judgment.—When an individual institutes an action without the consent of the Attorney General, the judgment is conclusive as between the parties other than the state. The judgment is not a bar to any quo warranto by the state nor shall a judgment instituted by the Attorney General be a bar to actions by any claimant other than the parties thereto. The party receiving judgment shall be entitled to exercise the office until removed by quo warranto or until his rights thereto shall otherwise cease.

History.—s. 3, ch. 1874, 1872; RS 1783; GS 2260; RGS 3583; CGL 5448; s. 30, ch. 67-254.

Note.—Former s. 80.06.

81.021 Prohibition; supersedeas.—If in its

judgment a prima facie case is made, the court shall issue an order directed to the body presuming to exercise jurisdiction and to plaintiff to show cause why the writ of prohibition should not issue. The order is a supersedeas and shall be served on the body presuming to exercise jurisdiction and the parties at such time as the court directs and those served shall defend within the time set in the writ. In case of failure to make an answer, it may be enforced by contempt.

History.—s. 1, ch. 73-330.

83.01 Unwritten lease tenancy at will; duration.—Any lease of lands and tenements, or either, made shall be deemed and held to be a tenancy at will unless it shall be in writing signed by the lessor. Such tenancy shall be from year to year, or quarter to quarter, or month to month, or week to week, to be determined by the periods at which the rent is payable. If the rent is payable weekly, then the tenancy shall be from week to week; if payable monthly, then from month to month; if payable quarterly,

then from quarter to quarter; if payable yearly, then from year to year.

History.—ss. 1, 2, ch. 5441, 1905; RGS 3567, 3568; CGL 5431, 5432; s. 34, ch. 67-254.

83.02 Certain written leases tenancies at will; duration.—Where any tenancy has been created by an instrument in writing from year to year, or quarter to quarter, or month to month, or week to week, to be determined by the periods at which the rent is payable, and the term of which tenancy is unlimited, the tenancy shall be a tenancy at will. If the rent is payable weekly, then the tenancy shall be from week to week; if payable monthly, then the tenancy shall be from month to month; if payable quarterly, then from quarter to quarter; if payable yearly, then from year to year.

History.—s. 2, ch. 5441, 1905; RGS 3568; CGL 5432; s. 2, ch. 15057, 1931; s. 34, ch. 67-254.

(3) Where the tenancy is from month to month, by giving not less than 15 days' notice prior to the end of any monthly period, and

83.04 Holding over after term, tenancy at sufferance, etc.—When any tenancy created by an instrument in writing, the term of which is limited, has expired and the tenant holds over in the possession of said premises without renewing the lease by some further instrument in writing then such holding over shall be construed to be a tenancy at sufferance. The mere payment or acceptance of rent shall not be construed to be a renewal of the term, but if the holding over be continued with the written consent of the lessor then the tenancy shall become a tenancy at will under the provisions of this law.

History.—s. 4, ch. 5441, 1905; RGS 3570; CGL 5434; s. 3, ch. 15057, 1931; s. 34, ch. 67-254.

83.06 Right to demand double rent upon refusal to deliver possession.—

(1) When any tenant refuses to give up possession of the premises at the end of his lease, the landlord, his agent, attorney or legal representatives, may demand of such tenant double the monthly rent, and may recover the same at the expiration of every month, or in the same proportion for a longer or shorter time by distress, in the manner pointed out hereinafter.

(2) All contracts for rent, verbal or in writing, shall bear interest from the time the rent becomes due, any law, usage or custom to the contrary notwithstanding.

(1) Upon agricultural products raised on the land leased or rented for the current year. This lien shall be superior to all other liens, though of older date.

(2) Upon all other property of the lessee or his sublessee or assigns, usually kept on the premises. This lien shall be superior to any lien acquired subsequent to the bringing of the property on the premises leased.

(3) Upon all other property of the defendant. This lien shall date from the levy of the distress warrant hereinafter provided.

History.—ss. 1, 9, 10, ch. 3131, 1879; RS 1761; GS 2237; RGS 3556; CGL 5420; s. 34, ch. 67-254.

83.09 Exemptions from liens for rent.—No property of any tenant or lessee shall be exempt from distress and sale for rent, except beds, bed-clothes and wearing apparel.

They shall have a lien also upon each and every article advanced, and upon all property purchased with money advanced, or obtained, by barter or exchange for any articles advanced, for the aggregate value or price of all the property or articles so advanced. The liens upon the crop shall be of equal dignity with liens for rent, and upon the articles advanced shall be paramount to all other liens.

History.—s. 2, ch. 3247, 1879; RS 1763; GS 2239; RGS 3558; CGL 5422; s. 34, ch. 67-254.

83.11 Distress for rent; complaint.—Any person to whom any rent or money for advances is due, his agent or attorney, may file an action in the court in the county where the land lies having jurisdiction of the amount claimed. The complaint shall allege the amount or quality and value of the rent due for such land, or the advances, and whether payable in money, cotton, or other agricultural product or thing.

History.—s. 2, ch. 3131, 1879; RS 1764; GS 2240; RGS 3559; CGL 5423; s. 34, ch. 67-254.

83.12 Distress for rent; form of writ.—On filing the complaint, the clerk shall issue a distress writ commanding the sheriff to levy on property liable to be distrained for rent or advances, and to collect the amount claimed, or the value thereof, and to summon defendant to answer the complaint. Before the writ issues, plaintiff, his agent or attorney, shall file a bond with surety to be approved by the clerk payable to defendant in at least double the sum demanded, or if property, in double the value of the property sought to be levied on, conditioned to pay all costs and damages which defendant sustains in consequence of plaintiff's improperly suing out the distress.

History.—s. 2, ch. 3131, 1879; RS 1765; GS 2241; s. 10, ch. 7838, 1919; RGS 3560; CGL 5424; s. 34, ch. 67-254.

83.13 Distress for rent; levy of writ.—The officer shall execute the writ by service on defendant and by levy on property distrainable for rent or advances, if found in his jurisdiction. If the property is not so found but is in another jurisdiction, he shall deliver the writ to the proper officer in the other jurisdiction and the other officer shall execute the writ by levying on said property and delivering it to the officer of the court in which the action is pending to be disposed of according to law unless he is ordered by the court from which the writ emanated to hold the property and dispose of it in his jurisdiction according to law. If defendant cannot be found, the levy on the property suffices as service on him.

History.—s. 3, ch. 3721, 1887; RS 1765; GS 2241; RGS 3560; CGL 5424; s. 34, ch. 67-254.

83.14 Distress for rent; replevy of distrained property.—The property distrained may be restored to the defendant at any time on his giving bond with surety to the officer levying such writ to be approved by such officer payable to plaintiff in double the value of the property levied on, such value to be fixed by said officer and conditioned for the forthcoming of the property restored to abide the final order of the court. 83.45 Unconscionable rental agreement or provision.—

(1) If the court as a matter of law finds a rental agreement or any provision of a rental agreement to have been unconscionable at the time it was made, the court may refuse to enforce the rental agreement, enforce the remainder of the rental agreement without the unconscionable provision, or so limit the application of any unconscionable provision as to avoid any unconscionable result.

(2) When it is claimed or appears to the court that the rental agreement or any provision thereof may be unconscionable, the parties shall be afforded a reasonable opportunity to present evidence as to meaning, relationship of the parties, purpose, and effect to aid the court in making the determination.

If the rent is payable weekly, then the tenancy is from week to week; if payable monthly, tenancy is from month to month; if payable quarterly, tenancy is from quarter to quarter; if payable yearly, tenancy is from year to year.

History.—s. 2, ch. 73-330.

83.47 Prohibited provisions in rental agreements.—

(1) A provision in a rental agreement is void and unenforceable to the extent that it:

(b) Purports to limit or preclude any liability of the landlord to the tenant or of the tenant to the landlord, arising under law.

(2) If such a void and unenforceable provision is included in a rental agreement entered into, extended, or renewed after the effective date of this part and either party suffers actual damages as a result of the inclusion, the aggrieved party may recover those damages sustained after the effective date of this part.

83.48 Attorney's fees.—If a rental agreement contains a provision allowing attorney's fees to the landlord when he is required to take any action to enforce the rental agreement, the court may also allow reasonable attorney's fees to the tenant when he prevails in any action by or against him with respect to the rental agreement.

History.—s. 2, ch. 73-330.

83.49 Deposit money or advance rent; duty of landlord and tenant.—

(1) Whenever money is deposited or advanced by a tenant on a rental agreement as security for performance of the rental agreement or as advance rent, which is held in excess of 3 months by the landlord or his agent, the total amount of such money held by the landlord on behalf of the tenant shall be held in a separate account for the benefit of the tenant by the landlord and shall not be commingled with any other funds of the landlord; or, in the alternative, the landlord shall post a surety bond with the clerk of the circuit court in the county in which the dwelling unit is located in the total amount of the security deposits and advance rent he holds on behalf of the tenants or \$50,000, whichever is less, executed by the landlord as principal and a surety company authorized and licensed to do business in the state as surety. The bond shall be conditioned upon the faithful compliance of the landlord with the provisions of this section and shall run to the governor for the benefit of any tenant injured by the landlord's violation of the provisions of this section.

(2) Whenever the landlord shall require a security deposit or advance rent which is held in excess of 6 months by the landlord or his agent, it shall accumulate interest at the rate of 5 percent per annum, simple interest. However, no interest shall be required to be paid to the tenant when such moneys are held in a separate account for the benefit of the tenants and not commingled with other funds of the landlord. The landlord shall not hypothecate, pledge, or in any other way make use of such moneys until such moneys are actually due the landlord. If such commingled funds are deposited in an interest-bearing account, said account shall be in a Florida banking institution, and the landlord shall immediately notify the tenant of the name and address of the banking institution and the amount of his money so deposited, and the tenant shall receive and collect at least 75 percent of the interest payable on such account in lieu of the payment of 5 percent interest by the landlord. The landlord shall, within 30 days of receipt of advance rent or a security deposit, notify the tenant in writing of the manner in which the landlord is holding the advance rent or security deposit, the rate of interest, if any, which the tenant is to receive, and the time of interest payments to the tenant. Such written notice shall:

(a) Be given in person or by mail to the tenant.

(b) State the name and address of the depository where the advance rent or security deposit is being held, whether the advance rent or security deposit is being held in a separate account for the benefit of the tenant or is commingled with other funds of the landlord, and, if commingled, whether such funds are deposited in an interest-bearing account in a Florida banking institution.

(c) Include a copy of the provisions of subsection (3).

Subsequent to providing such notice, should the landlord change the manner or location in which he is holding the advance rent or security deposit, he shall notify the tenant within 30 days of the change according to the provisions herein set forth. The

landlord shall pay directly to the tenant or credit against the current month's rent, the interest to the tenant, at least once annually. This subsection shall not apply to any landlord who rents fewer than five individual dwelling units. Failure to provide this notice shall not be a defense to the payment of rent when due.

(3)(a) Upon the vacating of the premises for termination of the lease, the landlord shall have 15 days to return said security deposit together with interest or in which to give the tenant written notice by certified mail to the tenant's last known mailing address of his intention to impose a claim thereon. The notice shall contain a statement in substantially the following form:

This is a notice of my intention to impose a claim for damages in the amount of upon your security deposit. It is sent to you as required by s. 83.49(3), Florida Statutes. You are hereby notified that you must object in writing to this deduction from your security deposit within 15 days from the time you receive this notice or I will be authorized to deduct my claim from your security deposit. Your objection must be sent to(landlord's address).....

If the landlord fails to give the required notice within the 15-day period, he forfeits his right to impose a claim upon the security deposit.

(b) Unless the tenant objects to the imposition of the landlord's claim or the amount thereof within 15 days after receipt of the landlord's notice of intention to impose a claim, the landlord may then deduct the amount of his claim and shall remit the balance of the deposit to the tenant within 30 days after the date of the notice of intention to impose a claim for damages.

(c) If either party institutes an action in a court of competent jurisdiction to adjudicate his right to the security deposit, the prevailing party is entitled to receive his court costs plus a reasonable fee for his attorney. The court shall advance the cause on the calendar.

(4) The provisions of this section shall not apply to transient rentals by hotels or motels as defined in chapter 509, nor shall it apply to those instances in which the amount of rent or deposit, or both, is regulated by law or rules or regulations of a public body, including federally administered or regulated housing programs, s. 202, s. 221(d)(3), or s. 236 of the National Housing Act as amended, other than for rent stabilization.

(5) Except when otherwise provided by the terms of a written lease, any tenant who vacates or abandons the premises prior to the expiration of the term specified in the written lease, or any tenant who vacates or abandons premises which are the subject of a tenancy from week to week, month to month, quarter to quarter, or year to year, shall give at least 7 days' notice by certified mail to the landlord prior to vacating or abandoning the premises. Failure to give such notice shall relieve the landlord of the notice requirement of subsection (3)(a).

(6) For the purposes of this part, a renewal of an existing rental agreement shall be considered a new rental agreement, and any security deposit carried

forward shall be considered a new security deposit.

(7) Any person licensed under the provisions of s. 509.241, unless excluded by the provisions of this part, who fails to comply with the provisions of this part shall be subject to a fine or to the suspension or revocation of his license by the Division of Hotels and Restaurants of the Department of Business Regulation in the manner provided in s. 509.261.

Note.—Former s. 83.261.

83.50 Disclosure.—

(1) The landlord, or a person authorized to enter into a rental agreement on his behalf, shall disclose in writing to the tenant, at or before the commencement of the tenancy, the name and address of the landlord or a person authorized to receive notices and demands in his behalf. The person so authorized to receive notices and demands retains authority until the tenant is notified otherwise. All notices of such names and addresses or changes thereto shall be delivered to the tenant's residence or, if specified in writing by the tenant, to any other address.

(c) This subsection shall not apply to a mobile home owned by a tenant.

(d) Nothing contained in this subsection prohibits the landlord from providing in the rental agreement that the tenant is obligated to pay costs or charges for garbage removal, water, fuel, or utilities.

(3) If the duty imposed by subsection (1) is the same or greater than any duty imposed by subsection (2), the landlord's duty is determined by subsection (1).

(4) The landlord is not responsible to the tenant under this section for conditions created or caused by the negligent or wrongful act or omission of the tenant, a member of his family, or other person on the premises with his consent.

History.—s. 2, ch. 73-330.

83.52 Tenant's obligation to maintain dwelling unit.—The tenant at all times during the tenancy shall:

(1) Comply with all obligations imposed upon tenants by applicable provisions of building, housing, and health codes.

(2) Keep that part of the premises which he occupies and uses clean and sanitary.

(3) Remove from his dwelling unit all garbage in a clean and sanitary manner.

(7) Conduct himself, and require other persons on the premises with his consent to conduct themselves, in a manner that does not unreasonably disturb his neighbors or constitute a breach of the peace.

History.—s. 2, ch. 73-330.

83.53 Landlord's access to dwelling unit.—

(1) The tenant shall not unreasonably withhold consent to the landlord to enter the dwelling unit from time to time in order to inspect the premises; make necessary or agreed repairs, decorations, alterations, or improvements; supply agreed services; or exhibit the dwelling unit to prospective or actual purchasers, mortgagees, tenants, workmen, or contractors.

(2) The landlord may enter the dwelling unit at any time for the protection or preservation of the premises. The landlord may enter the dwelling unit when necessary for the purposes set forth in subsection (1) under any of the following circumstances:

(a) With the consent of the tenant;

S. 1973] or material provisions of the rental agreement within 7 days after delivery of written notice by the tenant specifying the noncompliance and indicating the intention of the tenant to terminate the rental agreement by reason thereof, the tenant may terminate the rental agreement. If the failure to comply with s. 83.51(1) [F. S. 1973] or material provisions of the rental agreement is due to causes beyond the control of the landlord and the landlord has made and continues to make every reasonable effort to correct the failure to comply, the rental agreement may be terminated or altered by the parties, as follows:

(a) If the landlord's failure to comply renders the dwelling unit untenable and the tenant vacates, the tenant shall not be liable for rent during the period the dwelling unit remains uninhabitable.

(b) If the landlord's failure to comply does not render the dwelling unit untenable and the tenant remains in occupancy, the rent for the period of noncompliance shall be reduced by an amount in proportion to the loss of rental value caused by the noncompliance.

(2) If the tenant materially fails to comply with s. 83.52 [F. S. 1973] or material provisions of the rental agreement, other than a failure to pay rent, within 7 days after delivery of written notice by the landlord specifying the noncompliance and indicating the intention of the landlord to terminate the rental agreement by reason thereof, the landlord may terminate the rental agreement.

(3) If the tenant fails to pay rent when due and the default continues for 3 days after delivery of written demand by the landlord for payment of the rent or possession of the premises, the landlord may terminate the rental agreement.

(4) The delivery of the written notices required by subsections (1), (2), and (3) shall be by mailing or delivery of a true copy thereof or, if the tenant is absent from his last or usual place of residence, by leaving a copy thereof at the residence.

(5) If the landlord accepts rent with actual knowledge of a noncompliance by the tenant or ac-

cepts performance by the tenant of any other provision of the rental agreement that is at variance with its provisions, or if the tenant pays rent with actual knowledge of a noncompliance by the landlord or accepts performance by the landlord of any other provision of the rental agreement that is at variance with its provisions, the landlord or tenant waives his right to terminate the rental agreement or to bring a civil action for that noncompliance, but not for any subsequent or continuing noncompliance.

(6) If the rental agreement is terminated, the landlord shall comply with s. 83.49(3) [F. S. 1973].

History.—s. 2, ch. 73-330.

83.57 Remedies; termination of tenancy without specific term.—A tenancy without a specific duration, as defined in s. 83.46(2), may be terminated by either party giving written notice in the manner provided in s. 83.56(4) [F. S. 1973], as follows:

(1) When the tenancy is from year to year, by giving not less than 60 days' notice prior to the end of any annual period;

S. 1973]. The landlord may also recover double the amount of rent due on the dwelling unit, or any part thereof, for the period during which the tenant refuses to surrender possession.

History.—s. 2, ch. 73-330.

83.59 Remedies; right of action for possession.—

(1) If the rental agreement is terminated and the tenant does not vacate the premises, the landlord may recover possession of the dwelling unit as provided in this section.

(2) A landlord applying for the removal of a tenant shall file in the county court of the county where the premises are situated a complaint describing the dwelling unit and stating the facts that authorize its recovery. The landlord is entitled to the summary procedure provided in s. 51.011 [F. S. 1971], and the court shall advance the cause on the calendar.

(3) The landlord shall not recover possession of a dwelling unit except:

(a) In an action for possession under subsection (2) or other civil action in which the issue of right of possession is determined;

(b) When the tenant has surrendered possession of the dwelling unit to the landlord; or

(c) When the tenant has abandoned the dwelling unit. In the absence of actual knowledge of abandon-

ment, it shall be presumed that the tenant has abandoned the dwelling unit if he is absent from the premises for a period of time equal to one-half the time for periodic rental payments. However, this presumption shall not apply if the rent is current or the tenant has notified the landlord of an intended absence.

(4) The prevailing party is entitled to have judgment for costs and execution therefor.

History.—s. 2, ch. 73-330; s. 1, ch. 74-146.

83.60 Remedies; defenses to action for rent or possession; procedure.—

(1) In an action by the landlord for possession of a dwelling unit based upon nonpayment of rent or in an action by the landlord under s. 83.55 seeking to recover unpaid rent, the tenant may defend upon the ground of a material noncompliance with s. 83.51(1) [F. S. 1973], or may raise any other defense, whether legal or equitable, that he may have. The defense of a material noncompliance with s. 83.51(1) [F. S. 1973] may only be raised by the tenant if 7 days have elapsed after the delivery of written notice by the tenant to the landlord as prescribed in s. 83.56(4) [F. S. 1973], specifying the noncompliance and indicating the intention of the tenant not to pay rent by reason thereof. A material noncompliance with s. 83.51(1) [F. S. 1973] by the landlord is a complete defense to an action for possession based upon nonpayment of rent, and, upon hearing, the court or the jury, as the case may be, shall determine the amount, if any, by which the rent is to be reduced to reflect the diminution in value of the dwelling unit during the period of noncompliance with s. 83.51(1) [F. S. 1973]. After consideration of all other relevant issues, the court shall enter appropriate judgment.

(2) In an action by the landlord for possession of a dwelling unit based upon nonpayment of rent, if the tenant interposes any defense other than payment, the tenant shall pay into the registry of the court the accrued rent as alleged in the complaint or as determined by the court and the rent which accrues during the pendency of the proceeding, when due. Failure of the tenant to pay the rent into the registry of the court as provided herein constitutes an absolute waiver of the tenant's defenses other than payment, and the landlord is entitled to an immediate default.

History.—s. 2, ch. 73-330.

83.61 Disbursement of funds in registry of court; prompt final hearing.—When the tenant has deposited funds into the registry of the court in accordance with the provisions of s. 83.60(2) and the landlord is in actual danger of loss of the premises or other personal hardship resulting from the loss of rental income from the premises, the landlord may apply to the court for disbursement of all or part of the funds or for prompt final hearing. The court shall advance the cause on the calendar. The court, after preliminary hearing, may award all or any portion of the funds on deposit to the landlord or may proceed immediately to a final resolution of the cause.

History.—s. 2, ch. 73-330; s. 2, ch. 74-146.

83.62 Remedies; removal of tenant; process.

—In an action for possession, after entry of judgment in favor of the landlord, the clerk shall issue a writ to the sheriff describing the premises and commanding him to put the landlord in possession after 24 hours' notice conspicuously posted on the premises. In the case of the removal of the mobile home of any tenant for the reason of holding over after the expiration of the rental agreement, the writ of possession shall not issue earlier than 30 days from the service of the complaint for removal upon the tenant.

History.—s. 2, ch. 73-330.

83.625 Power to award possession and enter money judgment.—In an action by the landlord for possession of a dwelling unit based upon nonpayment of rent, if the court finds the rent is due, owing, and unpaid and by reason thereof the landlord is entitled to possession of the premises, the court, in addition to awarding possession of the premises to the landlord, shall also direct, in an amount which is within its jurisdictional limitations, the entry of a money judgment in favor of the landlord and against the tenant for the amount of money found due, owing, and unpaid by the tenant to the landlord, with costs. However, no money judgment shall be entered unless service of process has been effected by personal service or, where authorized by law, by certified or registered mail, return receipt, or in any other manner prescribed by law or the rules of the court; and said money judgment shall not be entered earlier than the day following the expiration of the time period within which the tenant-defendant would be required to file an answer or otherwise appear, were the proceeding solely an action at law to recover money damages.

History.—s. 1, ch. 75-147.

83.63 Remedies; casualty damage.—If the premises are damaged or destroyed other than by the wrongful or negligent acts of the tenant so that the enjoyment of the premises is substantially impaired, the tenant may terminate the rental agreement and immediately vacate the premises. The tenant may vacate the part of the premises rendered unusable by the casualty, in which case his liability for rent shall be reduced by the fair rental value of that part of the premises damaged or destroyed. If the rental agreement is terminated, the landlord shall comply with s. 83.49(3) [F. S. 1973].

History.—s. 2, ch. 73-330.

83.750 Short title.—This part shall be known and may be cited as the "Florida Mobile Home Landlord and Tenant Act."

History.—s. 1, ch. 76-81.

83.751 Application.—The provisions of this part shall apply to tenancies in which a mobile home is placed upon a rented or leased lot in a mobile home park for residential use. This part shall not be construed to apply to any other tenancy including a tenancy, in which both a mobile home and a mobile home lot are rented or leased by the mobile home resident. Where both the mobile home and lot are rented, the tenancy shall be governed by the provisions of part II, the "Florida Residential Landlord and Tenant Act," ss. 83.40-83.68.

History.—s. 1, ch. 76-81.

83.752 Definitions.—As used in this part, the following words and terms shall have the following meanings unless clearly indicated otherwise:

- (1) "Mobile home owner" means a person who owns a mobile home and rents or leases a lot within a mobile home park for residential use.
- (2) "Mobile home park owner" or "park owner" means the owner or operator of a mobile home park.
- (3) "Mobile home park" or "park" means a use of land in which 10 or more lots or spaces are offered for rent or lease for the placement of mobile homes and in which the primary use of the park is residential.

(4) "Mobile home lot rental agreement" or "rental agreement" means any mutual understanding, lease, or tenancy between a mobile home owner and a mobile home park owner in which the mobile home owner is entitled to place his mobile home on a mobile home lot for the payment of consideration to the mobile home park owner.

History.—s. 1, ch. 76-81.

83.753 Obligation of good faith.—Every rental agreement or duty within this part imposes an obligation of good faith in its performance or enforcement.

History.—s. 1, ch. 76-81.

83.754 Unconscionable lot rental agreements.—

(1) If the court as a matter of law finds a mobile home lot rental agreement, or any provision of the rental agreement, to have been unconscionable at the time it was made, the court may:

- (a) Refuse to enforce the rental agreement.
- (b) Enforce the remainder of the rental agreement without the unconscionable provision.
- (c) So limit the application of any unconscionable provision as to avoid any unconscionable result.

(2) When it is claimed or appears to the court that the rental agreement, or any provision thereof, may be unconscionable, the parties shall be afforded a reasonable opportunity to present evidence as to meaning, relationship of the parties, purpose, and other relevant factors to aid the court in making the determination.

History.—s. 1, ch. 76-81.

83.755 Prohibited or unenforceable provisions in mobile home lot rental agreements.—

(1) A mobile home lot rental agreement may provide a specific duration with regard to the amount of rental payments and other conditions of the tenancy, but the rental agreement shall neither provide for, nor be construed to provide for, the termination of any rental agreement, except as otherwise provided in this part.

(2) Any provision in the rental agreement is void and unenforceable to the extent that it attempts to waive or preclude the rights, remedies, or requirements set forth in this part or those arising under law.

History.—s. 1, ch. 76-81.

83.756 Attorney's fees.—If a mobile home lot rental agreement contains a provision allowing attorney's fees to the mobile home park owner, the court may also allow reasonable attorney's fees to the mobile home owner whenever the mobile home owner prevails in any action by or against him.

History.—s. 1, ch. 76-81.

83.757 Park owner's access to mobile home and mobile home lot.—The mobile home park owner shall have no right of access to a mobile home unless the mobile home owner's prior written consent has been obtained or to prevent imminent danger to the occupant or the mobile home. Such consent may be revoked in writing by the mobile home owner at any time. The park owner shall, however,

have the right of entry onto the lot for purposes of repair and replacement of utilities and protection of the mobile home park at all reasonable times, but not in such manner or at such time as to interfere unreasonably with the mobile home owner's quiet enjoyment of said lot.

History.—s. 1, ch. 76-81.

83.758 Mobile home owner's and mobile home park owner's obligation.—

- (1) The mobile home owner shall at all times:
 - (a) Comply with all reasonable park rules.
 - (b) Comply with all obligations imposed on mobile home owners by applicable provisions of building, housing, and health codes.
 - (c) Keep the mobile home lot which he occupies clean and sanitary.
 - (d) Comply with reasonable park rules and regulations by conducting himself, and requiring other persons on the premises with his consent to conduct themselves, in a manner that does not unreasonably disturb his neighbors or constitute a breach of the peace.
- (2) The mobile home park owner shall at all times:
 - (a) Comply with the requirements of applicable building, housing, and health codes.
 - (b) Maintain buildings and improvements in common areas in a good state of repair and maintenance and maintain the common areas in a good state of appearance, safety, and cleanliness.
 - (c) Provide access to the common areas, including buildings and improvements thereto, at all reasonable times for the benefit of the park residents.
 - (d) Maintain utility connections and systems in reasonably usable condition.

History.—s. 1, ch. 76-81.

83.759 Mobile home parks; eviction, grounds, proceedings.—

(1) A mobile home park owner or operator may not evict a mobile home or a mobile home dweller other than for the following reasons:

- (a) Nonpayment of rent.
- (b) Conviction of a violation of some federal or state law or local ordinance, which violation may be deemed detrimental to the health, safety, or welfare of other dwellers in the mobile home park.
- (c) Violation of any reasonable rule or regulation established by the park owner or operator, provided the mobile home owner received written notice of the grounds upon which he is to be evicted at least 30 days prior to the date he is required to vacate. A copy of all rules and regulations shall be delivered by the park owner or operator to the mobile home owner prior to his signing the lease or entering into a rental agreement. A copy of the rules and regulations shall also be posted in the recreation hall, if any, or some other conspicuous place in the park. A mobile home park rule or regulation shall be presumed to be reasonable if it is similar to rules and regulations customarily established in other mobile home parks located in this state or if the rule or regulation is not immoderate or excessive.

(d) Change in use of land comprising the mobile home park or a portion thereof on which a mobile home to be evicted is located from mobile home lot

rentals to some other use, provided all tenants affected are given at least 6 months' notice, or longer if provided for in a valid lease, of the projected change of use and of their need to secure other accommodations.

(2) Cumulative eviction proceedings may be established in a written lease agreement between the park owner or operator and a mobile home dweller in addition to those established by law.

(3) This section shall not preclude summary eviction proceedings, and if the park operator or owner does not have one of the grounds set forth in subsection (1) available, the mobile home owner may raise the same by affirmative defense.

History.—s. 1, ch. 72-28; s. 1, ch. 73-182; s. 12, ch. 73-330; s. 2, ch. 76-81.
Note.—Former s. 83.69.

83.760 Mobile home lease.—

(1) No tenancy, except one of transient occupancy, of any person owning a mobile home who hereafter rents, leases, or occupies real property in a mobile home park for a valuable consideration shall be enforceable, or be terminated, by the mobile home park owner unless, prior to occupancy, the mobile home owner has been offered a written lease as herein provided. In the event a mobile home owner does not enter into a written lease, or upon the expiration of a written lease, the tenancy may only be terminated in accordance with the provisions of s. 83.759, which section is cumulative to all other sections in this part and deemed to supersede any provisions in conflict therewith.

(2) No such tenancy existing upon January 1, 1975, may thereafter be terminated unless the mobile home owner has been offered a written lease and has, after the expiration of 60 days from the time of delivery to him, refused or failed to execute same. The leases so offered by any mobile home park owner must be bona fide offers to lease for a specified term upon the same terms and conditions as leases offered to all other mobile home owners in the park, excepting only rent variations based upon lot location and size.

(3) Only such park rules or regulations as are reasonable under the circumstances and specifically incorporated by reference in the written leases shall be enforceable. The lease shall contain a provision that part III of chapter 83 governs mobile home park tenancies. The lease shall contain the amount of the rent, any security deposit, installation charges, fees, assessments, and any other financial obligations of the mobile home owner. However, this provision shall not be construed to prevent any mobile home park owner from passing on to the mobile home owner any costs, including increased cost for utilities, which are incurred due to the actions of any state or local government.

(4) No agency of any municipal, local, county or state government shall approve any application for rezoning, or take any other official action, which would result in the removal or relocation of mobile home owners residing in a mobile home park without first investigating as to the adequacy of mobile home parks or other suitable facilities for the relocation of the mobile home owners or when said action is opposed by the mobile home park owner.

(5) This act shall not apply in those instances

where rental space is offered for occupancy by recreational vehicle-type units primarily designed as temporary living quarters for recreational, camping, or travel use and which either have their own motive power or are mounted on or drawn by another vehicle.

(6) No provision of this section shall apply to a mobile home park which contains 10 or less mobile home lots.

History.—s. 1, ch. 74-160; s. 3, ch. 76-81.
Note.—Former s. 83.695.

83.761 Civil remedy; venue; court costs and attorney's fees; injunction.—

(1) Any right or duty declared in this part is enforceable by civil action.

(2) If either the mobile home park owner or the mobile home owner fails to comply with the requirements of the mobile home lot rental agreement or other provisions of this part, the aggrieved party may recover the damages caused by the noncompliance.

(3) A mobile home owner or dweller may bring a civil action against a mobile home park owner or operator violating the provisions of this part in the appropriate court of the county in which the alleged violator resides or has his principal place of business or in the county wherein the alleged violation occurred. Upon adverse adjudication, the defendant shall be liable for damages. The court may in its discretion award such equitable relief as it deems necessary, including the enjoining of the defendant from further violations. The losing party may be liable for court costs and reasonable attorney's fees incurred by the prevailing party.

(4) In addition to other penalties provided herein, the state attorneys and their assistants are authorized to apply to the circuit court within their respective jurisdictions, upon the sworn affidavit of any mobile home owner or dweller alleging a violation by a mobile home park owner or operator of any of the provisions of this part, and such court shall have jurisdiction, upon hearing and for cause shown, to grant a temporary or permanent injunction restraining such mobile home park owner or operator from any further violation, whether or not there exists an adequate remedy at law, and such injunction may issue without bond at the court's discretion. The Department of Legal Affairs shall have concurrent jurisdiction as an enforcing authority if the violation occurs in, or affects, more than one judicial circuit or if the office of the state attorney fails to act upon a violation within a reasonable period of time.

History.—s. 4, ch. 76-81.

83.762 Disclosure.—The mobile home park owner, or a person authorized to enter into a mobile home lot rental agreement on his behalf, shall disclose in writing to the mobile home owner, at or before the commencement of the tenancy, and, on request, to anyone having previously established a tenancy, the name and address of the mobile home park owner or a person authorized to receive notices and demands on his behalf. Any person so authorized to receive notices and demands retains such authority until the mobile home owner is notified otherwise. All notices of such names and addresses or

changes made thereto shall be delivered to the mobile home owner's residence or, if specified in writing by the mobile home owner, to such specified address.

History.—s. 5, ch. 76-81.

83.763 Remedies; defenses to action for rent or possession; procedure.—

(1) In an action by the mobile home park owner for possession of a mobile home lot based upon nonpayment of rent or seeking to recover unpaid rent, the mobile home owner may defend upon the ground of a material noncompliance with any portion of this part or may raise any other defense, whether legal or equitable, which he may have. The defense of material noncompliance may be raised by the mobile home owner only if said mobile home owner has, prior to the due date of rent, notified the park owner in writing of his intention not to pay rent based upon the park owner's noncompliance with portions of this part, specifying in reasonable detail the provisions in default. A material noncompliance with this part by the park owner is a complete defense to an action for possession based upon nonpayment of rent, and, upon hearing, the court or the jury, as the case may be, shall determine the amount, if any, by which the rent is to be reduced to reflect the diminution in value of the lot during the period of noncompliance with any portion of this part. After consideration of all other relevant issues, the court shall enter appropriate judgment.

(2) In an action by the park owner for possession of a mobile home lot based upon nonpayment of rent, if the mobile home owner interposes any defense other than payment, the mobile home owner shall pay into the registry of the court the accrued rent, as alleged in the complaint or as determined by the court, and the rent which accrues during the pendency of the proceeding, when due. Failure of the mobile home owner to pay the rent into the registry of the court as required herein constitutes an absolute waiver of the mobile home owner's defenses other than payment, and the park owner is entitled to an immediate default.

(3) When the mobile home owner has deposited funds into the registry of the court in accordance with the provisions of this section and the park owner is in actual danger of loss of the premises or other personal hardship resulting from the loss of rental income from the premises, the park owner may apply to the court for disbursement of all or part of the funds or for prompt final hearing, whereupon the court shall advance the cause on the calendar. The court, after preliminary hearing, may award all or any portion of the funds on deposit to the park owner or may proceed immediately to a final resolution of the cause.

History.—s. 5, ch. 76-81.

83.764 Purchase of equipment, installation of appliances; fees, charges, assessments; rules and regulations.—

(1) No mobile home park owner or operator shall require a resident of the mobile home park to purchase from said owner or operator underskirting, equipment for tying down mobile homes, or any other equipment required by law, local ordinance, or regulation of the mobile home park. However, the

park operator may determine by rule or regulation the style or quality of such equipment to be purchased by the mobile home owner from the vendor of the mobile home owner's choosing.

(2) No mobile home park owner or operator shall charge any resident who chooses to install an electric or gas appliance in his mobile home an additional fee solely on the basis of such installation or restrict the installation, service, or maintenance of any such appliance or the making of any interior improvement in such mobile home, so long as such an installation or improvement is in compliance with applicable building codes and other provisions of law.

(3)(a) A mobile home park owner or operator shall be required to disclose fully in writing all fees, charges, assessments, and rules and regulations prior to a mobile home dweller's assuming occupancy in the park. No fees, charges, or assessments so disclosed may be increased, or rules and regulations changed, by the park owner or operator without specifying the date of implementation of said fees, charges, assessments, or rules and regulations, which date shall be no less than 30 days after written notice to all mobile home owners.

(b) A mobile home park owner or operator shall not charge any entrance or exit fees except for those fees which are directly incurred by said park owner or operator as a result of the placing of a mobile home upon, or removal of a mobile home from, a park site. Any such fee shall be clearly identified in writing at the time that the rental agreement is signed or otherwise concluded.

(c) It is unlawful for any mobile home park owner or operator or mobile home dealer to make any agreement, written or oral, whereby the fees authorized in this subsection shall be split between any such mobile home park owner or operator and any mobile home dealer. Any person who violates any of the provisions of this subsection is guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(4) Failure on the part of the mobile home park owner or operator to disclose fully all fees, charges, or assessments shall prevent the park owner or operator from collecting said fees, charges, or assessments, and refusal by the dweller to pay any undisclosed charges shall not be used by the park owner or operator as a cause for eviction in any court of law.

(5) No person shall be required by a mobile home park owner or operator, as a condition of residence in the mobile home park, to provide any permanent improvements that become a part of the real property of the mobile home park owner or operator.

(6) Whenever an entrance fee is charged by a mobile home park owner or operator for the entrance of a mobile home or a mobile home owner into the park and such mobile home or mobile home owner leaves before 2 years have passed from the date on which the fee was charged, the fee shall be prorated and a portion returned as follows:

(a) Entrance fees shall be refunded at the rate of one twenty-fourth of said fee for each month short of 2 years that a mobile home owner maintains his mobile home within the park.

(b) Entrance fees shall be refunded within 15 days after the mobile home has been physically moved from the park.

No new entrance fees may be charged for a move within the same park. This subsection shall not apply in instances in which the mobile home owner is evicted on grounds of nonpayment of rent, violation of a federal, state, or local ordinance, or violation of a reasonable park rule or regulation or leaves before the expiration date of his lease agreement. However, the sums due to the park by the mobile home owner may be offset against the balance due on the entrance fee.

(7) No mobile home park owner or operator who purchases electricity or gas (natural, manufactured, or similar gaseous substance) from any public utility or municipally owned utility for the purpose of supplying or reselling the electricity or gas to any other person to whom he leases, lets, rents, subleases, sublets, or subrents the premises upon which the electricity or gas is to be used shall charge, demand, or receive, directly or indirectly, any amount for the resale of such electricity or gas greater than that amount charged by the public utility or municipally owned utility from whom the electricity or gas was purchased.

(8) An invitee of a mobile home park tenant shall have ingress and egress to and from the tenant's site without the tenant or invitee being required to pay a fee or any charge whatsoever. For purposes of this subsection, an invitee shall be defined as a person whose stay, at the request of a mobile home park tenant, does not exceed 15 consecutive days or 30 total days per year, unless such person has the permission of the park management. After October 1, 1976, any mobile home park rule or regulation providing for such fees or charges shall be null and void.

History.—s. 2, ch. 72-28; s. 3, ch. 73-182; s. 12, ch. 73-330; s. 1, ch. 74-12; s. 3, ch. 74-160; s. 6, ch. 76-81; s. 1, ch. 76-278; s. 1, ch. 77-174.

Note.—Former s. 83.70.

83.765 Mobile home parks; restrictions on disposal of mobile homes, proceedings.—

(1) No mobile home park shall make or enforce any rule which shall deny or abridge the right of any resident of such mobile home park or any owner of a mobile home located in such park to sell said mobile home within the park, which shall prohibit the mobile home owner from placing a "for sale" sign on or in his mobile home, the size, placement and character of all signs to be subject to reasonable rules and regulations of the mobile home park, or which shall require the resident or owner to remove the mobile home from the park solely on the basis of the sale thereof. The purchaser of said mobile home, if said purchaser would otherwise qualify with the requirements of entry into the park under the park rules and regulations, may become a tenant of the park, subject to the approval of the park, but such approval may not be unreasonably withheld. The park shall not exact a commission or fee with respect to the price realized by the seller unless the park owner or operator has acted as agent for the mobile home owner in the sale pursuant to a written contract. If for any reason the park refuses permission to any resident or owner to sell to a qualified buyer and

prospective mobile home owner after three bona fide offers, then the next offer may be accepted as a matter of course.

(2) No tenancy entered into by a purchaser in accordance with this section may thereafter be terminated unless the purchaser has been offered a written agreement by the landlord to assume the remainder of the term of any written lease then in effect between the landlord and the seller and has, after the expiration of 60 days from the time of delivery to him, refused or failed, without cause, to execute same.

History.—s. 3, ch. 72-28; s. 2, ch. 73-182; s. 12, ch. 73-330; s. 2, ch. 74-12; s. 7, ch. 76-81; s. 2, ch. 76-278; s. 1, ch. 78-311.

Note.—Former s. 83.71.

83.770 Legislative findings.—The Legislature finds that there exists an emergency in rental accommodations in mobile home parks. The Legislature further finds that this condition, coupled with the inordinate expense of relocating a mobile home, causes tenants in such parks to be placed in an unequal bargaining position with respect to increases in charges imposed by the owners or managers of such parks. The Legislature further finds that this inequality can only be alleviated by the enactment of reasonable legislative restraints which provide both a reasonable return on a park owner's investment and a safeguard to tenants against exorbitant rental or service charges.

History.—s. 1, ch. 77-49; s. 21, ch. 79-400.

83.772 Definitions.—For the purposes of ss. 83.770-83.794:

(1) "Commission" means the State Mobile Home Tenant-Landlord Commission created by s. 83.776.

(2) "Commissioner" or "member" means a member of the commission.

(3) "Mobile home park owner" or "owner" means the owner, lessor, operator, or manager of a mobile home park, within the purview of ss. 83.770-83.794.

(4) "Tenant" means any person entitled to occupy a dwelling unit under a rental agreement.

(5) "Dwelling unit" means a mobile home rented by a tenant within a mobile home park or a mobile home lot within a mobile home park that is rented for occupancy by one or more persons who own the mobile home located on the lot.

(6) "Service charge" includes any fee for services at a mobile home park.

History.—s. 2, ch. 77-49.

83.774 Applicability.—The provisions of ss. 83.770-83.794 shall not apply to any mobile home park which contains fewer than 100 dwelling units, nor shall it apply to any mobile home park established by an employer solely for the use and occupancy of its employees.

History.—s. 3, ch. 77-49.

83.776 State Mobile Home Tenant-Landlord Commission.—

(1) There is created the State Mobile Home Tenant-Landlord Commission within the Department of Business Regulation, the membership of which shall be appointed by the Governor as follows:

(a) Two members shall be mobile home park owners or operators.

(b) Two members shall be mobile home park tenants.

(c) Three members shall be members of the general public from the state at large without any connection or affiliation with any mobile home park.

(2) Commissioners shall serve for terms of 4 years, except that, of those members first appointed by the Governor, the two members who are mobile home park owners or operators shall be appointed for terms of 2 years, the two members who are mobile home park tenants shall be appointed for terms of 3 years, and the three members of the general public shall be appointed for terms of 4 years. A member chosen to fill a vacancy occurring otherwise than by expiration of term shall be appointed for the unexpired term of the member whom he is to succeed. A member of the commission shall be eligible for reappointment.

83.784 Commission required to act; mobile home park owners required to notify tenants of rental or service charge increases.—

(1)(a) Upon petition of 51 percent of the tenants of any dwelling units in a mobile home park who will be subject to a rental or service charge increase or a decrease in services in any calendar year in excess of the net United States Department of Labor Consumer Price Index increases since the last rental increase, the commission shall hold a hearing at the mobile home park or at such other facility selected by the commission, so long as it is reasonably accessible to all parties, at a date to be set by the commission, to determine whether or not the rental or service charge increase or a decrease in services is so great as to be unconscionable or not justified under the facts and circumstances of the particular situation.

(b) Every petition to the commission for a hearing must contain the signatures of at least 51 percent of all of the tenants of any mobile home park and must be accompanied by an affidavit attesting to the fact that the petition contains the required number of signatures. The petition shall be submitted to the commission within 60 days from notification from the mobile home park owner as described in subsection (3).

(b) The provisions of this subsection shall not be cumulative to the provisions of subsection (1). If the increases sought by the park owner, together with

all rental increases experienced by the tenants for the preceding 5 years, exceed the cumulative cost of living increases for the same period, then such proposed increases shall not be exempted from this commission's jurisdiction.

(3) As of November 1 of each year, every mobile home park owner shall notify each tenant of a dwelling unit in the park whose rental agreement or service charge will be subject to negotiation and will be increased in the succeeding year of such fact and the amount of all proposed increases. No rental or service charge increases shall be allowed unless properly noticed in writing as provided in this subsection.

(4) The commission shall examine any rental or service charge increases which took effect on or after January 1, 1977, but prior to July 1, 1977, upon petition of the tenants as required by this section, within 60 days after July 1, 1977.

(c) Increase the rental or service charges to a rate set by the commission; or

(d) Increase the rental or service charges as the mobile home park owner has proposed.

(2) In addition to any other rules which the commission may make, the commission shall make rules to provide:

(a) That any rental or service charge increases which have been collected by a mobile home park owner after the time that the tenants have petitioned the commission and before the time that the commission acts upon the petition, when the commission does not authorize the full increase, shall be either returned to the tenants or credited toward future rental charges.

(b) For procedures with respect to hearings at mobile home parks.

History.—s. 9, ch. 77-49.

83.788 Representation.—The mobile home tenants of any mobile home park within the purview of ss. 83.770-83.794 may form an incorporated association as provided by law. This association may represent such tenants in any hearing before the commission. The association must have at least 60 percent of the total mobile home tenants of such park as registered members. Such association shall have standing to represent its members in any legal proceeding relating to matters of common interest.

History.—s. 10, ch. 77-49.

83.790 Appeal procedure.—If either party is not satisfied with the ruling of the commission as provided by this act, such party shall have the right to appeal said ruling to the Circuit Court of the Judicial Circuit in which the park is located. Such notice of appeal must be filed within 30 days after the notice of the commission's ruling. Any rental or service

charge increases that are approved by the commission shall be paid by the tenants to the park owners during any appeal process. However, if such increases are not upheld on appeal, then all sums paid under such increase provisions shall either be refunded by the park owner or credited to the next ensuing rental or service charges due from said tenants. If any increases are denied by the commission and the owner appeals, then the proposed increases shall be paid to the owners as scheduled; however, the owner shall deposit the same monthly into the registry of the court. These funds shall be disbursed as determined by the circuit court, as provided in s. 83.763(3).

History.—s. 11, ch. 77-49.

83.792 Enforcement.—If no appeal is filed within 30 days of notice of the ruling of the commission and either party fails, refuses, or neglects to conform to said ruling, then the aggrieved party may seek enforcement of the ruling by filing a petition for compliance in the Circuit Court. Such petition must have attached thereto a certified copy of the commission's ruling and must set forth the allegations which constitute noncompliance. A copy of said petition shall be served by personal service on the noncomplying party together with a notice of hearing on the petition advising the noncomplying party that he must show cause as to why the ruling should not be enforced. Such hearing shall be held no less than 20 days or more than 60 days after service on the noncomplying party. Unless good cause is shown, the Circuit Court shall enter its order directing the parties to comply with the commission's ruling. The court shall enforce such ruling and may punish willful noncompliance by imposing fines against the party in willful noncompliance. Such fines shall not exceed \$500 a day for each day the party continues in willful noncompliance.

History.—s. 12, ch. 77-49.

83.794 State preemption of mobile home park rental regulation.—It is declared to be the legislative intent that ss. 83.770-83.794 shall preempt to the state all control of mobile home rents in mobile home parks subject to ss. 83.770-83.794, and all units of local government are prohibited from legislating with respect to the same. The jurisdiction of the commission with respect to rents in mobile home parks subject to ss. 83.770-83.794 shall be exclusive, and all proceedings under this act shall be held according to chapter 120 except for the appeal procedure.

This action shall be filed in the appro-

(6) The mini-self-storage owner may enforce his judgment in any way permissible by law. However, the amount of the judgment outstanding shall be reduced by the amount which is realized from the sale of the property on the leased premises.

(7) If the sale of the property on the leased premises by the mini-self-storage owner results in a sum in excess of the amount owed, plus attorneys' fees, costs of the suit, and costs of the sale, the excess sum shall be delivered to the tenant at his last-known address within 10 days from the date of the sale.

CHAPTER 85

ENFORCEMENT OF STATUTORY LIENS

- 85.011 Enforcement by persons in privity with the owner.
- 85.021 Enforcement by persons not in privity with the owner.
- 85.031 Remedies against personal property only; all lienors.
- 85.041 Joinder.
- 85.051 Time of bringing action.

85.011 Enforcement by persons in privity with the owner.—All liens on real or personal property provided for by part I or part II of chapter 713 are enforceable by persons in privity with the owners, except when otherwise provided, as follows:

(1) **RETENTION OF POSSESSION.**—By retention of possession of the property on which the lien has attached for a period of not exceeding 3 months by the person entitled to the lien, if he was in possession at the time the lien attached.

(2) **BY ACTION IN CHANCERY.**—By an action in chancery, however this is the exclusive remedy for enforcement of liens on the separate statutory property of married women and against estates by the entireties.

(3) **ORDINARY ACTION AT LAW.**—By an ordinary action at law and levy of the execution obtained therein on the property on which the lien is held.

(4) **SPECIAL ACTION AT LAW.**—By an action at law in which the complaint shall state the manner in which the lien arose, the amount for which the lien is held, the description of the property and demand that the property be sold to satisfy the lien. The judgment for plaintiff is a personal judgment against defendant as well as a lien on the property, which it shall describe, and shall direct execution against the property, as well as against the property generally of defendant.

(5) **SUMMARY ACTION.**—

(a) By a person claiming a lien for labor performed, or claiming a landlord's lien under s. 713.691, filing in the court having jurisdiction of the amount of the lien claimed, a complaint describing the property on which a lien is claimed and stating the facts which authorize or create the lien. Such person is entitled to the summary procedure under s. 51.011.

(b) If the issues are found for plaintiff, judgment shall be entered for the amount found to be due him with 15 percent attorney's fee and costs. The judgment is a prior lien on the property described in the petition over all other liens accruing or that may be filed subsequent to the day the lien for such labor performed or unpaid rent accrued, but if such issues are found for defendant, judgment shall be entered dismissing the action.

85.021 Enforcement by persons not in privity with the owner.—A person not in privity with the owner may resort to any of the remedies prescribed by s. 85.011. The judgment may provide for the recovery from the contractor or other person for whom the labor or material was furnished, if he is joined in the action, of the amount due by him, and from the owner of the amount due by him to the contractor or other person as aforesaid, at the time of the service of the notice provided for by s. 713.75 of part II of chapter 713, as well as enforce the lien against the property of such owner for such amount, but only one satisfaction of the judgment shall be had. Although no lien is found to exist and no judgment rendered against the owner, judgment may be rendered against the contractor or other person for whom the labor or materials were furnished for the amount due by him.

(2) **BY SALE WITHOUT JUDICIAL PROCEEDINGS.**—When any person entrusts to any mechanic or laborer, materials with which to construct, alter or repair any article of value, or any article of value to be altered or repaired, and if the article is completed and not taken away, and the reasonable charges not paid, such mechanic or laborer may sell it after 3 months from the time such charges become due at public auction for cash but before the sale the mechanic or laborer shall give public notice of the time and place thereof, by notices posted for 10 days in 3 public places in the county, one of which shall be at the courthouse, and another in some conspicuous part of his shop or place of business. The proceeds of the sale, after payment of charges for construction or repair with the costs of the sale, shall be deposited with the clerk of the circuit court for the county, if the owner is absent, where they shall remain subject to the order of the person legally entitled thereto. The clerk shall be entitled to receive 5 percent on the proceeds for the care and disbursement thereof. Any person claiming a lien under s. 713.65, of part II of chapter 713, may enforce it by sale without judicial proceedings in the manner set forth herein after 1

month after the time the charges for which a lien is claimed become due.

DECLARATORY JUDGMENTS

- 86.011 Jurisdiction of circuit court.
- 86.021 Power to construe, etc.
- 86.031 Before breach.
- 86.041 Actions by executors, administrators, trustees, etc.
- 86.051 Enumeration not exclusive.
- 86.061 Supplemental relief.

- 86.081 Costs.
- 86.091 Parties.
- 86.101 Construction of law.
- 86.111 Adequate remedy does not preclude.

86.011 Jurisdiction of circuit court.—The circuit courts have jurisdiction to declare rights, status and other equitable or legal relations whether or not further relief is or could be claimed. No action or procedure is open to objection on the ground that a declaratory judgment is demanded. The court's declaration may be either affirmative or negative in form and effect and such declaration has the force and effect of a final judgment. The court may render declaratory judgments on the existence, or nonexistence:

- (1) Of any immunity, power, privilege or right; or
- (2) Of any fact upon which the existence or nonexistence of such immunity, power, privilege or right does or may depend, whether such immunity, power, privilege or right now exists or will arise in the future. Any person seeking a declaratory judgment may also demand additional, alternative, coercive, subsequent or supplemental relief in the same action.

cf.—s. 5, Art. V, State Const.

86.021 Power to construe, etc.—Any person claiming to be interested or who may be in doubt about his rights under a deed, will, contract or other article, memorandum, or instrument in writing or whose rights, status, or other equitable or legal relations are affected by a statute, or any regulation made under statutory authority, or by municipal ordinance, contract, deed, will, franchise, or other article, memorandum, or instrument in writing may have determined any question of construction or validity arising under such statute, regulation, municipal ordinance, contract, deed, will, franchise, or other article, memorandum, or instrument in writing, or any part thereof, and obtain a declaration of rights, status or other equitable or legal relations thereunder.

History.—s. 2, ch. 21820, 1943; s. 38, ch. 67-254.

86.031 Before breach.—A contract may be construed either before or after there has been a breach of it.

History.—s. 3, ch. 21820, 1943; s. 38, ch. 67-254.

Note.—Former s. 87.03.

86.041 Actions by executors, administrators, trustees, etc.—Any person interested as or through an executor, administrator, trustee, guardian, or other fiduciary, creditor, devisee, legatee, heir, next of kin, or cestui que trust, in the administration of a trust, or of the estate of a decedent, an infant, lunatic, or insolvent, may have a declaration of rights or equitable or legal relations in respect thereto:

(1) To ascertain any class of creditors, devisees, legatees, heirs, next of kin, or others; or

(2) To direct the executor, administrator, or trustee to refrain from doing any particular act in his fiduciary capacity; or

(3) To determine any question arising in the administration of the estate or trust, including questions of construction of wills and other writings.

History.—s. 4, ch. 21820, 1943; s. 38, ch. 67-254.

Note.—Former s. 87.04.

86.051 Enumeration not exclusive.—The enumeration in ss. 86.021, 86.031 and 86.041 does not limit or restrict the exercise of the general powers conferred in s. 86.011 in any action where declaratory relief is sought. Any declaratory judgment rendered pursuant to this chapter may be rendered by way of anticipation with respect to any act not yet done or any event which has not yet happened, and in such case the judgment shall have the same binding effect with respect to that future act or event, and the rights or liability to arise therefrom, as if that act or event had already been done or had already happened before the judgment was rendered.

History.—s. 5, ch. 21820, 1943; s. 38, ch. 67-254.

Note.—Former s. 87.05.

86.061 Supplemental relief.—Further relief based on a declaratory judgment may be granted when necessary or proper. The application therefor shall be by motion to the court having jurisdiction to grant relief. If the application is sufficient, the court shall require any adverse party whose rights have been adjudicated by the declaratory judgment to show cause on reasonable notice, why further relief should not be granted forthwith.

History.—s. 7, ch. 21820, 1943; s. 38, ch. 67-254.

Note.—Former s. 87.07.

86.071 Jury trials.—When an action under this chapter concerns the determination of an issue of fact, the issue may be tried as issues of fact are tried in other civil actions in the court in which the proceeding is pending. To settle questions of fact necessary to be determined before judgment can be rendered, the court may direct their submission to a jury. When a declaration of right or the granting of further relief based thereon concerns the determination of issues of fact triable by a jury, the issues may be submitted to a jury in the form of interrogatories, with proper instructions by the court, whether a general verdict is required or not. Neither this section nor any other section of this chapter shall be con-

strued as requiring a jury to determine issues of fact in chancery actions.

History.—s. 8, ch. 21820, 1943; s. 38, ch. 67-254.

Note.—Former s. 87.08.

86.081 Costs.—The court may award costs as are equitable.

History.—s. 9, ch. 21820, 1943; s. 38, ch. 67-254.

Note.—Former s. 87.09.

86.091 Parties.—When declaratory relief is sought, all persons may be made parties who have or claim any interest which would be affected by the declaration. No declaration shall prejudice the rights of persons not parties to the proceedings. In any proceeding concerning the validity of a county or municipal charter, ordinance or franchise, such county or municipality shall be made a party and shall be entitled to be heard. If the statute, charter, ordinance, or franchise is alleged to be unconstitutional, the Attorney General or the State Attorney of the judicial circuit in which the action is pending shall be served with a copy of the complaint and be entitled to be heard.

History.—s. 10, ch. 21820, 1943; s. 1, ch. 59-440; s. 38, ch. 67-254.

Note.—Former s. 87.10.

86.101 Construction of law.—This chapter is declared to be substantive and remedial. Its purpose is to settle and to afford relief from insecurity and uncertainty with respect to rights, status and other equitable or legal relations and is to be liberally administered and construed.

History.—s. 11, ch. 21820, 1943; s. 38, ch. 67-254.

Note.—Former s. 87.11.

86.111 Adequate remedy does not preclude.—The existence of another adequate remedy does not preclude a judgment for declaratory relief. The court may order a speedy hearing of an action for a declaratory judgment and may advance it on the calendar. The court has power to give as full and complete equitable relief as it would have had if such proceeding had been instituted as an action in chancery.

PART II CRIMINAL ENFORCEMENT (ss. 88.061, 88.065)

PART III CIVIL ENFORCEMENT (ss. 88.081-88.311)

PART IV REGISTRATION OF FOREIGN SUPPORT ORDERS (ss. 88.321-88.371)

PART I

GENERAL PROVISIONS

- 88.011 Short title.
- 88.012 Legislative intent.
- 88.021 Purpose.
- 88.031 Definitions.
- 88.041 Remedies additional to those now existing.
- 88.051 Extent of duties of support.

88.011 Short title.—This act may be cited as the "Revised Uniform Reciprocal Enforcement of Support Act (1968)."

History.—s. 1, ch. 29901, 1955; s. 1, ch. 79-383.

88.012 Legislative intent.—Common-law and statutory procedures governing the remedies for the establishment and enforcement of orders of support for children by responsible parents under the Uniform Reciprocal Enforcement of Support Act have not proven sufficiently effective or efficient to cope with the increasing incidence of establishing and collecting child-support obligations when the petitioner and respondent reside in different states. The state, therefore, exercising its police and sovereign powers, declares that the common-law and statutory remedies pertaining to family desertion and nonsupport of dependent children shall be augmented by the additional remedies directed to the resources of the responsible parents as mandated by the Florida IV-D program in chapter 409. In order to render resources more immediately available to satisfy child-support orders, it is the legislative intent that the remedies provided herein shall be in addition to, and not in lieu of, existing remedies. It is declared to be the public policy of this state that this act shall be construed and administered to the end that children residing in this or some other state shall be maintained from the resources of responsible parents, whether the responsible parents live in this or some other state, thereby relieving, at least in part, the burden borne by the custodial parent or the general citizenry through public assistance programs.

History.—s. 2, ch. 79-383.
cf.—s. 409.2557.

88.021 Purpose.—The purpose of this act is to improve and extend by reciprocal legislation the enforcement of duties of support.

PART II

CRIMINAL ENFORCEMENT

88.061 Interstate rendition.

88.065 Conditions of interstate rendition.

88.061 Interstate rendition.—The Governor of this state may:

(1) Demand of the governor of another state the surrender of a person found in that state who is charged in this state with failing to provide for the support of any person; or

(2) Surrender on demand by the governor of another state a person found in this state who is charged in that state with failing to provide for the support of any person.

The provisions for extradition of criminals not inconsistent with this act apply to the demand even if the person whose surrender is demanded was not in the demanding state at the time of the commission of the act and has not fled therefrom. The demand, the oath, and any proceedings for extradition pursuant to this section need not state or show that the person whose surrender is demanded has fled from justice

or at the time of the commission of the act was in the demanding state.

History.—s. 6, ch. 29901, 1955; s. 6, ch. 79-383.
cf.—s. 941.02 Fugitive from justice; duty of Governor.

88.065 Conditions of interstate rendition.—

(1) Before making demand upon the governor of another state for the surrender of a person charged in this state with failing to provide for the support of a person, the Governor of this state may require any prosecuting attorney of this state to satisfy him that at least 60 days prior thereto the petitioner initiated proceedings for support under this act or that any proceeding would be of no avail.

(2) If, under a substantially similar act, the governor of another state makes a demand upon the Governor of this state for the surrender of a person charged in that state with failure to provide for the support of a person, the Governor may require any prosecuting attorney to investigate the demand and to report to him whether proceedings for support have been initiated or would be effective. If it appears to the Governor that a proceeding would be effective but has not been initiated, he may delay honoring the demand for a reasonable time to permit the initiation of a proceeding.

(3) If proceedings have been initiated and the person demanded has prevailed therein, the Governor may decline to honor the demand. If the petitioner prevailed and the person demanded is subject to a support order, the Governor may decline to honor the demand if the person demanded is complying with the support order.

History.—s. 7, ch. 79-383.

88.105 Jurisdiction.—Jurisdiction of any proceeding under this act is vested in the circuit court.

(2) The motion may be filed in the appropriate court of any state in which the petitioner resides. The court shall not decline or refuse to accept and forward the motion on the ground that it should be filed with some other court of this or any other state where there is pending another action for divorce, separation, annulment, dissolution, habeas corpus, adoption, or custody between the same parties or where another court has already issued a support order in some other proceeding and has retained jurisdiction for its enforcement.

History.—s. 11, ch. 29901, 1955; s. 12, ch. 79-383.

88.121 Officials to represent petitioner.—If this state is acting as an initiating state, the prosecuting attorney upon the request of the court or of the Department of Health and Rehabilitative Services shall represent the petitioner in any proceeding under this act.

History.—s. 12, ch. 29901, 1955; ss. 19, 35, ch. 69-106; s. 1, ch. 69-268; s. 26, ch. 77-147; s. 13, ch. 79-383.

cf.—s. 1.01 Definition of minor.

s. 743.07 Rights, privileges and obligations of persons 18 years of age or older.

88.141 Duty of initiating court.—If the initiating court finds that the motion sets forth facts from which it may be determined that the respondent owes a duty of support and that a court of the responding state may obtain jurisdiction of the respondent or his property, it shall so certify and cause three copies of the motion and its certificate and one copy of this act to be sent to the responding court or the state information agency. Certification shall be in accordance with the requirements of the initiating state. If the name and address of the responding court are unknown and the responding state has an information agency comparable to that established in the initiating state, it shall cause the copies to be sent to the state information agency or other proper official of the responding state, with a request that the agency or official forward them to the proper court and that the court of the responding state acknowledge their receipt to the initiating court.

History.—s. 14, ch. 29901, 1955; s. 15, ch. 79-383.

88.151 Costs and fees.—An initiating court shall not require payment of either a filing fee or other costs from the petitioner but may request the responding court to collect fees and costs from the respondent. A responding court shall not require payment of a filing fee or other costs from the petitioner, but it may direct that all fees and costs requested by the initiating court and incurred in this state when acting as a responding state, including fees for filing of pleadings, service of process, seizure of property, stenographic or duplication service, or other service supplied to the respondent, be paid in whole or in part by the respondent or by the state or political subdivision thereof. 88.161 Jurisdiction by arrest.—If the court of this state finds that the respondent may flee, it may:

(1) As an initiating court, request in its certificate that the responding court obtain the body of the respondent by appropriate process; or

(2) As a responding court, obtain the body of the respondent by appropriate process. Thereupon, it may release him upon his own recognizance or upon his giving a bond in an amount set by the court to assure his appearance at the hearing.

History.—s. 16, ch. 29901, 1955; s. 17, ch. 79-383.

88.171 State information agency.—

(1) The Department of Health and Rehabilitative Services is hereby designated as the state information agency under this act, and it shall:

(a) Compile a list of the courts and their addresses in this state having jurisdiction under this act and transmit it to the state information agency of every other state which has adopted this or a substantially similar act. Upon the adjournment of each session of the Legislature, the agency shall distribute copies of any amendments to the act and a statement of the effective dates thereof to all other state information agencies.

(b) Maintain a register of lists of courts received from other states and transmit copies thereof promptly to every court in this state having jurisdiction under this act.

(c) Forward to the court in this state which has jurisdiction over the respondent or his property motions, certificates, and copies of the acts it receives from courts or information agencies of other states.

(2) If the state information agency does not know the location of the respondent or his property in the state and no state location service is available, it shall use all means at its disposal to obtain this information, including the examination of official records in the state and other sources, such as telephone directories, real property records, vital statistics records, police records, requests for the name and address from employers who are able or willing to cooperate, records of motor vehicle license offices, requests made to the tax offices, both state and federal, when such offices are able to cooperate, and requests made to the Social Security Administration as permitted by the Social Security Act as amended.

History.—s. 17, ch. 29901, 1955; s. 1, ch. 65-208; ss. 11, 35, ch. 69-106; s. 18, ch. 79-383.

88.181 Duty of the court and officials of this state as responding state.—

(1) After the responding court receives copies of the motion, certificate, and act from the initiating court or state information agency, the clerk of the court shall docket the case and notify the prosecuting attorney of his action.

(2) The prosecuting attorney shall prosecute the case diligently. He shall take all action necessary in accordance with the laws of this state to enable the court to obtain jurisdiction over the respondent or his property and shall request the court to set a time and place for a hearing and give notice thereof to the respondent in accordance with law.

History.—s. 18, ch. 29901, 1955; s. 19, ch. 79-383.

88.191 Further duties of court and officials in the responding state.—

(1) If, because of inaccuracies in the motion or otherwise, the court cannot obtain jurisdiction, the prosecuting attorney shall inform the court of what he has done and request the court to continue the case pending receipt of more accurate information or an amended motion from the initiating court.

(2) If the respondent or his property is not found in the circuit, and the prosecuting attorney discovers that the respondent or his property may be found in another circuit of this state or in another state, he shall so inform the court. Thereupon, the clerk of the

court shall forward the documents received from the court in the initiating state to a court in the other circuit or to a court in the other state or to the information agency or other proper official of the other state with a request that the documents be forwarded to the proper court. All powers and duties provided by this act apply to the recipient of the documents so forwarded. If the clerk of a court of this state forwards documents to another court, he shall forthwith notify the initiating court.

(3) If the prosecuting attorney has no information as to the location of the respondent or his property, he shall so inform the initiating court.

History.—s. 19, ch. 29901, 1955; s. 20, ch. 79-383.

88.193 Hearing and continuance.—If the petitioner is not present at the hearing and the respondent denies owing the duty of support alleged in the motion or offers evidence constituting a defense, the court, upon request of either party, shall continue the hearing to permit evidence relative to the duty to be adduced by either party by deposition or by appearing in person before the court. The court may designate the judge of the initiating court as a person before whom a deposition may be taken.

History.—s. 21, ch. 79-383.

88.211 Order of support.—If the responding court finds a duty of support, it may order the respondent to furnish support or reimbursement therefor and subject the property of the respondent to the order. Support orders made pursuant to this act shall require that payments be made to the clerk of the court of the responding state. The court and prosecuting attorney of any circuit in which the respondent is present or has property have the same powers and duties to enforce the order as have those of the circuit in which it was first issued. If enforcement is impossible or cannot be completed in the circuit in which the order was issued, the prosecuting attorney shall send a certified copy of the order to the prosecuting attorney of any circuit in which it appears that proceedings to enforce the order would be effective. The prosecuting attorney to whom the certified copy of the order is forwarded shall proceed with enforcement and report the results of the proceedings to the court first issuing the order.

History.—s. 21, ch. 29901, 1955; s. 22, ch. 79-383.

88.221 Responding court to transmit copies to initiating court.—The responding court shall cause a copy of each support order to be sent to the initiating court and the state information agency.

History.—s. 22, ch. 29901, 1955; s. 23, ch. 79-383.

88.231 Additional powers of responding court.—In addition to the foregoing powers, a responding court may subject the respondent to any terms and conditions proper to assure compliance with its orders and in particular to:

(1) Require the respondent to furnish a cash deposit or a bond of a character and amount to assure payment of any amount due.

(2) Require the respondent to report personally

and to make payments at specified intervals to the clerk of the court.

(3) Punish under the power of contempt the respondent who violates any order of the court.

History.—s. 23, ch. 29901, 1955; s. 24, ch. 79-383.

88.235 Paternity.—If the respondent asserts as a defense that he is not the father of the child for whom support is sought and it appears to the court that the defense is not frivolous, and if both of the parties are present at the hearing or the proof required in the case indicates that the presence of either or both of the parties is not necessary, the court may adjudicate the paternity issue. Otherwise, the court may adjourn the hearing until the paternity issue has been adjudicated.

History.—s. 25, ch. 79-383.

88.241 Additional duties of responding court.—A responding court has the following duties which may be carried out through the clerk of the court:

(1) To transmit to the initiating court or the IV-D agency any payment made by the respondent pursuant to any order of the court or otherwise; and

(2) To furnish to the initiating court or the IV-D agency upon request a certified statement of all payments made by the respondent.

History.—s. 24, ch. 29901, 1955; s. 26, ch. 79-383.

88.251 Additional duty of initiating court.—An initiating court or the IV-D agency shall receive and disburse forthwith all payments made by the respondent or sent by the responding court. This duty may be carried out through the clerk of the court.

History.—s. 25, ch. 29901, 1955; s. 27, ch. 79-383.

88.255 Proceedings not to be stayed.—A responding court shall not stay the proceeding or refuse a hearing under this act because of any pending or prior action or proceeding for divorce, separation, annulment, dissolution, habeas corpus, adoption, or custody in this or any other state. The court shall hold a hearing and may issue a support order pendente lite. In aid thereof, it may require the respondent to give a bond for the prompt prosecution of the pending proceeding. If the other action or proceeding is concluded before the hearing in the instant proceeding and the judgment therein provides for the support demanded in the motion being heard, the court must conform its support order to the amount allowed in the other action or proceeding. Thereafter, the court shall not stay enforcement of its support order because of the retention of jurisdiction for enforcement purposes by the court in the other action or proceeding.

History.—s. 28, ch. 79-383.

88.261 Evidence of husband and wife.—Laws attaching a privilege against the disclosure of communications between husband and wife are inapplicable to proceedings under this act. Husband and wife are competent witnesses and may be compelled to testify to any relevant matter, including marriage and parentage.

History.—s. 26, ch. 29901, 1955; s. 29, ch. 79-383.

88.271 Rules of evidence.—In any hearing for the civil enforcement of this act, the court is governed by the rules of evidence applicable in a civil court action in the circuit court. If the action is based on a support order issued by another court, a certified copy of the order shall be received as evidence of the duty of support, subject only to any defenses available to a respondent concerning a substantial change in the circumstances of the parties relating to the obligations of support or with respect to paternity pursuant to s. 88.235 or to a defendant in an action or a proceeding to enforce a foreign money judgment. The determination or enforcement of a duty of support owed to one petitioner is unaffected by any interference by another petitioner with rights of custody or visitation granted by a court.

History.—s. 27, ch. 29901, 1955; s. 30, ch. 79-383.

88.281 Application of payments.—A support order made by a court of this state pursuant to this act does not nullify and is not nullified by a support order made by a court of this state pursuant to any other law or by a support order made by a court of any other state pursuant to a substantially similar act or any other law, regardless of priority of issuance, unless otherwise specifically provided by the court. Amounts paid for a particular period pursuant to any support order made by the court of another state shall be credited against the amounts accruing or accrued for the same period under any support order made by the court of this state.

History.—s. 28, ch. 29901, 1955; s. 1, ch. 73-300; s. 31, ch. 79-383.

88.291 Effect of participation in proceedings.—Participation in any proceeding under this act does not confer jurisdiction upon any court over any of the parties thereto in any other proceeding.

History.—s. 29, ch. 29901, 1955; s. 32, ch. 79-383.

88.295 Intrastate application.—Cases entered into the Revised Uniform Reciprocal Enforcement of Support Act (1968) system which must be handled on an intrastate basis shall be transmitted to the appropriate program attorney to be filed and processed in accordance with the procedures specified in ss. 409.2554-409.2597.

History.—s. 33, ch. 79-383.

88.297 Appeals.—If the prosecuting attorney is of the opinion that a support order is erroneous and presents a question of law warranting an appeal in the public interest, he may:

(1) Perfect an appeal to the proper appellate court if the support order was issued by a court of this state; or

(2) If the support order was issued in another state, cause the appeal to be taken in the other state.

In either case, expenses of an appeal of an IV-D case may be paid from funds appropriated for the IV-D program.

History.—s. 34, ch. 79-383.

88.311 Uniformity of interpretation.—This act shall be so construed as to effectuate its general

purpose to make uniform the law of those states which enact it.

History.—s. 32, ch. 29901, 1955; s. 35, ch. 79-383.

- 88.341 Registry of foreign support orders.
- 88.345 Official to represent petitioner.
- 88.351 Registration procedure; notice.
- 88.371 Effect of registration; enforcement procedure.

88.321 Additional remedies.—If the duty of support is based on a foreign support order, the obligee has the additional remedies provided in ss. 88.331-88.371.

History.—s. 1, ch. 59-393.

88.331 Registration.—The obligee may register the foreign support order in a circuit court of this state in the manner, with the effect, and for the purposes herein provided.

History.—s. 1, ch. 59-393.

88.341 Registry of foreign support orders.—The clerk of the circuit court shall maintain a registry of foreign support orders in which he shall record foreign support orders.

History.—s. 1, ch. 59-393.

88.345 Official to represent petitioner.—If this state is acting either as a rendering or a registering state, the prosecuting attorney upon the request of the court or the Department of Health and Rehabilitative Services shall represent the petitioner in proceedings under this part.

History.—s. 36, ch. 79-383.

88.351 Registration procedure; notice.—

(1) A petitioner seeking to register a foreign support order in a circuit court of this state shall transmit to the clerk of the circuit court:

(a) Three certified copies of the order with all modifications thereof;

(b) One copy of the reciprocal enforcement of support act of the state in which the order was made; and

(c) A statement, verified and signed by the petitioner, showing the post office address of the petitioner, the last known place of residence and post office address of the respondent, the amount of support remaining unpaid, a description and the loca-

tion of any property of the respondent available upon execution, and a list of the states in which the order is registered.

Upon receipt of these documents, the clerk of the circuit court, without payment of a filing fee or other cost to the petitioner, shall file them in the Registry of Foreign Support Orders. The filing constitutes registration under this act.

(2) Promptly upon registration, the clerk of the circuit court shall send by certified or registered mail to the respondent at the address given a notice of the registration with a copy of the registered support order and the post office address of the petitioner. He shall also docket the case and notify the prosecuting attorney and the IV-D agency of his action. The prosecuting attorney shall proceed diligently to enforce the order.

History.—s. 1, ch. 59-393; s. 37, ch. 79-383.

88.371 Effect of registration; enforcement procedure.—

(1) Upon registration, the registered foreign support order shall be treated in the same manner as a support order issued by a court of this state. It has the same effect and is subject to the same procedures, defenses, and proceedings for reopening, vacating, or staying as a support order of this state and may be enforced and satisfied in like manner.

(2) The respondent has 25 days after the mailing of notice of the registration in which to petition the court to vacate the registration or for other relief. If he does not so petition, the registered support order is confirmed.

(3) At the hearing to enforce the registered support order, the respondent may present only matters that would be available to him as defenses in an action to enforce a foreign money judgment and matters concerning a substantial change in the circumstances of the parties relating to the obligation of support. If he shows to the court that an appeal from the order is pending or will be taken or that a stay of execution has been granted, the court shall stay enforcement of the order until the appeal is concluded, the time for appeal has expired, or the order is vacated, upon satisfactory proof that the respondent has furnished security for payment of the support ordered as required by the rendering state. If he shows to the court any ground upon which enforcement of a support order of this state may be stayed, the court shall stay enforcement of the order for an appropriate period if the respondent furnishes the same security for payment of the support ordered that is required for a support order of this state.

History.—s. 1, ch. 59-393; s. 38, ch. 79-383.

90.958 Functions of court and jury.

90.101 Short title.—This chapter shall be known and may be cited as the "Florida Evidence Code."

History.—s. 1, ch. 76-237; s. 1, ch. 77-77; s. 22, ch. 78-361; s. 1, ch. 78-379.

90.102 Construction.—This chapter shall replace and supersede existing statutory or common law in conflict with its provisions.

History.—s. 1, ch. 76-237; s. 1, ch. 77-77; s. 22, ch. 78-361; s. 1, ch. 78-379.

90.103 Scope; applicability.

(1) Unless otherwise provided by statute, this code applies to the same proceedings that the general law of evidence applied to before the effective date of this code.

(2) This act shall apply to civil actions accruing after the effective date of this code, to criminal proceedings related to crimes committed after the effective date of this code, and to other proceedings brought after the effective date of this code.

(3) Nothing in this act shall operate to repeal or modify the parole evidence rule.

History.—ss. 1, 5, 7, ch. 76-237; s. 1, ch. 77-77; ss. 1, 22, ch. 78-361; ss. 1, 2, ch. 78-379.

90.104 Rulings on evidence.

(1) A court may predicate error, set aside or reverse a judgment, or grant a new trial on the basis of admitted or excluded evidence when a substantial right of the party is adversely affected and:

(a) When the ruling is one admitting evidence, a timely objection or motion to strike appears on the record, stating the specific ground of objection if the specific ground was not apparent from the context; or

(b) When the ruling is one excluding evidence, the substance of the evidence was made known to the court by offer of proof or was apparent from the context within which the questions were asked.

(2) In cases tried by a jury, a court shall conduct proceedings, to the maximum extent practicable, in such a manner as to prevent inadmissible evidence from being suggested to the jury by any means.

(3) Nothing in this section shall preclude a court from taking notice of fundamental errors affecting substantial rights, even though such errors were not brought to the attention of the trial judge.

History.—s. 1, ch. 76-237; s. 1, ch. 77-77; s. 1, ch. 77-174; s. 22, ch. 78-361; s. 1, ch. 78-379.

90.105 Preliminary questions.

(1) Except as provided in subsection (2), the court shall determine preliminary questions concerning the qualification of a person to be a witness, the existence of a privilege, or the admissibility of evidence.

(2) When the relevancy of evidence depends upon the existence of a preliminary fact, the court shall admit the proffered evidence when there is prima facie evidence sufficient to support a finding of the preliminary fact. If prima facie evidence is not introduced to support a finding of the preliminary fact, the court may admit the proffered evidence subject to the subsequent introduction of prima facie evidence of the preliminary fact.

(3) Hearings on the admissibility of confessions

shall be conducted out of the hearing of the jury. Hearings on other preliminary matters shall be similarly conducted when the interests of justice require or when an accused is a witness, if he so requests.

History.—s. 1, ch. 76-237; s. 1, ch. 77-77; s. 22, ch. 78-361; s. 1, ch. 78-379.

90.106 Summing up and comment by judge.

A judge may not sum up the evidence or comment to the jury upon the weight of the evidence, the credibility of the witnesses, or the guilt of the accused.

History.—s. 1, ch. 76-237; s. 1, ch. 77-77; s. 22, ch. 78-361; s. 1, ch. 78-379.

90.107 Limited admissibility.—When evidence that is admissible as to one party or for one purpose, but inadmissible as to another party or for another purpose, is admitted, the court, upon request, shall restrict such evidence to its proper scope and so inform the jury at the time it is admitted.

History.—s. 1, ch. 76-237; s. 1, ch. 77-77; s. 22, ch. 78-361; s. 1, ch. 78-379.

90.108 Introduction of related writings or recorded statements.—When a writing or recorded statement or part thereof is introduced by a party, an adverse party may require him at that time to introduce any other part or any other writing or recorded statement that in fairness ought to be considered contemporaneously. An adverse party is not bound by evidence introduced under this section.

History.—s. 1, ch. 76-237; s. 1, ch. 77-77; ss. 2, 22, ch. 78-361; ss. 1, 2, ch. 78-379.

(11) Facts that are not subject to dispute because they are generally known within the territorial jurisdiction of the court.

(12) Facts that are not subject to dispute because they are capable of accurate and ready determination by resort to sources whose accuracy cannot be questioned.

(13) Official seals of governmental agencies and departments of the United States and of any state, territory, or jurisdiction of the United States.

History.—s. 1, ch. 76-237; s. 1, ch. 77-77; s. 1, ch. 77-174; ss. 3, 22, ch. 78-361; ss. 1, 2, ch. 78-379.

90.203 Compulsory judicial notice upon request.—A court shall take judicial notice of any matter in s. 90.202 when a party requests it and:

(1) Gives each adverse party timely written notice of the request, proof of which is filed with the court, to enable the adverse party to prepare to meet the request.

(2) Furnishes the court with sufficient information to enable it to take judicial notice of the matter.

History.—s. 1, ch. 76-237; s. 1, ch. 77-77; s. 22, ch. 78-361; s. 1, ch. 78-379.

90.204 Determination of propriety of judicial notice and nature of matter noticed.—

(1) When a court determines upon its own motion that judicial notice of a matter should be taken or when a party requests such notice and shows good cause for not complying with s. 90.203(1), the court shall afford each party reasonable opportunity to present information relevant to the propriety of taking judicial notice and to the nature of the matter noticed.

(2) In determining the propriety of taking judicial notice of a matter or the nature thereof, a court may use any source of pertinent and reliable information, whether or not furnished by a party, without regard to any exclusionary rule except a valid claim of privilege and except for the exclusions provided in s. 90.403.

(3) If a court resorts to any documentary source of information not received in open court, the court shall make the information and its source a part of the record in the action and shall afford each party reasonable opportunity to challenge such information, and to offer additional information, before judicial notice of the matter is taken.

History.—s. 1, ch. 76-237; s. 1, ch. 77-77; s. 22, ch. 78-361; s. 1, ch. 78-379.

90.205 Denial of a request for judicial notice.—Upon request of counsel, when a court denies a request to take judicial notice of any matter, the court shall inform the parties at the earliest practi-

cable time and shall indicate for the record that it has denied the request.

History.—s. 1, ch. 76-237; s. 1, ch. 77-77; s. 22, ch. 78-361; s. 1, ch. 78-379.

90.207 Judicial notice by trial court in subsequent proceedings.—The failure or refusal of a court to take judicial notice of a matter does not preclude a court from taking judicial notice of the matter in subsequent proceedings, in accordance with the procedure specified in ss. 90.201-90.206.

History.—s. 1, ch. 76-237; s. 1, ch. 77-77; s. 22, ch. 78-361; s. 1, ch. 78-379.

90.301 Presumption defined; inferences.—

(1) For the purposes of this chapter, a presumption is an assumption of fact which the law makes from the existence of another fact or group of facts found or otherwise established.

(2) Except for presumptions that are conclusive under the law from which they arise, a presumption is rebuttable.

(3) Nothing in this chapter shall prevent the drawing of an inference that is appropriate.

(4) Sections 90.301-90.304 are applicable only in civil actions or proceedings.

History.—s. 1, ch. 76-237; s. 1, ch. 77-77; ss. 5, 22, ch. 78-361; ss. 1, 2, ch. 78-379.

90.302 Classification of rebuttable presumptions.—Every rebuttable presumption is either:

(1) A presumption affecting the burden of producing evidence and requiring the trier of fact to assume the existence of the presumed fact, unless credible evidence sufficient to sustain a finding of the nonexistence of the presumed fact is introduced, in which event, the existence or nonexistence of the presumed fact shall be determined from the evidence without regard to the presumption; or

(2) A presumption affecting the burden of proof that imposes upon the party against whom it operates the burden of proof concerning the nonexistence of the presumed fact.

History.—s. 1, ch. 76-237; s. 1, ch. 77-77; s. 22, ch. 78-361; s. 1, ch. 78-379.

90.303 Presumption affecting the burden of producing evidence defined.—In a civil action or proceeding, unless otherwise provided by statute, a presumption established primarily to facilitate the determination of the particular action in which the presumption is applied, rather than to implement public policy, is a presumption affecting the burden of producing evidence.

History.—s. 1, ch. 76-237; s. 1, ch. 77-77; s. 22, ch. 78-361; s. 1, ch. 78-379.

90.304 Presumption affecting the burden of proof defined.—In civil actions, all rebuttable presumptions which are not defined in s. 90.303 are presumptions affecting the burden of proof.

History.—s. 1, ch. 76-237; s. 1, ch. 77-77; s. 22, ch. 78-361; s. 1, ch. 78-379.
